Increase Value Ratio: From the sum of the values of the new lots shall be deducted the costs or estimated costs of the Scheme in relation to the Subdivisional Area and the figure so ascertained is the net value of the new lots. The increase value ratio is the relation between the sum of the values of the old lots and the net value of the new lots.

14. Owners Interest in Scheme: Each owner from whom an old or portion of an old lot in the Subdivisional Area has been resumed or acquired shall be deemed to be entitled to an interest in this Scheme of a value equal to the value of the land resumed or acquired from him increased in the ratio of the increased value ratio determined in accordance with paragraph 13 hereof. In the event of the Council so doing the difference between the estimated and the actual compensation payable may be received or paid by the Council as the case may be.

17. Allocation and Disposal of New Lots in the Subdivisional Area: The new lots created by the re-survey of the Subdivisional Area shall be dealt with as follows:—

- (a) Each of the owners of the old lots or portions thereof in the Subdivisional Area listed in Column No. 1 of the schedule hereto will be offered the new lot or lots (hereinafter called "replacement Lots") shown opposite such lot or portion thereof in Column No. 2 of the Schedule.
- (b) The Council shall set aside sufficient lots hereinafter called "saleable lots" in order that the costs of the Scheme in respect of the Subdivisional Area may be paid from the sale of them.
- (c) The remaining new lots shall be apportioned among owners of the old lots in the Subdivisional Area as equitably as possible and offered to such owners.
- (d) The said offers will be made either with an offer of payment of money or subject to the owner making a payment of money to the Council in order that the total value of the replacement lots and the said offer of the additional lot or lots (if any) with or subject to a payment is equal to the owners interest in the Scheme as ascertained in accordance with clause 14 hereof. The offer may be made in the alternative giving the owner the right to accept either a lot or lots subject to a payment by him or to accept a lesser number of lots with a payment by the Council to him.

17A. If an owner shall, in the opinion of the Council, suffer any additional damage or inconvenience by reason of the reduction in size of the lot on which a dwelling house is erected, or by reason of the proximity of a road to such dwelling house, the Council shall offer to such owner such sum, if any, as it (acting on the advice of the Chief Valuer of the Taxation Department) considers equitable. The said offer shall be made with the offer mentioned in clause 17 (d) hereof to the intent that the owner may not accept the offer mentioned in clause 17 (d) hereof, either wholly or in part without accepting the offer in this clause mentioned.

18. Nature of Offers: The offers mentioned in clause 17 shall be made in writing to each of the said owners and served by certified post on him at his address as appearing in the Rate Book of the Council and shall specify the new lot or lots the subject of the offer and the old lot in respect of which the offer is made. It shall also specify the owners interest in the Scheme, how the offer is calculated, the valuation placed on the lots and the payment to be made or received as the case may be.

19. The offer shall also be deemed to be subject to the condition that the owner shall be liable to pay to the Council all current rates which would have been payable on the owner's old lot if it had remained in the name of the owner until the transfer to him of the new lot.

20. The offer shall specify a date not being less than twenty-eight days after the posting of the said offer before which the offer may be accepted.

21. The offer may be accepted by notice in writing to the Council at any time before the date specified in the said offer and if not accepted within such time shall subject to the Council's powers under clause 64 hereof be deemed to have been rejected. No acceptance of an offer shall be deemed a valid acceptance unless all rates and taxes owed by the owner in respect of land within the Subdivisional Area have been paid.

22. The offer of the replacement lot may be accepted and the offer of the remaining lots may be rejected.

23. If the offer of the replacement lot be accepted only the replacement lot shall be treated as being in payment on account of the settlement of the owner's interest in the Scheme and be a bar to any claim for compensation the owner may have for the resumption of his old lot or by reason of the operation of this Scheme in respect of the Subdivisional Area.

24. If the offer be wholly accepted it shall be accepted by the owner in full settlement of his interest in the Scheme and in full settlement and satisfaction of all claims for compensation in respect of the resumption from him of the old lot in the Subdivisional Area in respect of which the offer was made and otherwise in respect of the operation of this Scheme.

25. Registration of Transfers: The Council shall cause to be prepared and sent to those owners entitled transfers in respect of each offer of a replacement lot and other lots if any which have been accepted by the owner in accordance with this Scheme. If an owner shall fail to complete the transfer in accordance with the Transfer of Land Act, 1893-1959, and return it to the Council for registration or if the owner shall fail to make payment of any money which may be due by him to the Council within twenty-eight days after having been called upon to do so by notice served by registered post on the owner at his address last known to the Council (which notice may be served with the transfer) the Council may rescind any agreement whereby such owner is entitled to have the land the subject of the transfer transferred to him and thereupon such owner shall have a claim against the Council in money for the amount of his interest in the Scheme and the land the subject of the transfer shall be treated as a rejected lot or rejected lots.

26. Rejected Lots: If an owner does not accept an offer made to him by the Council in accordance with this part of the Scheme or fails to complete a transfer of the said lot in manner aforesaid the Council may deal with the lots so affected as hereinafter appears.

27. Sale of Saleable Lots and Rejected Lots: The Council may sell the saleable lots and the rejected lots either by public auction or private contract as a whole or in separate lots upon such terms and conditions as the Council may think fit. In the event of a sale by private contract the price shall not be less than the price recommended by the Chief Valuer of the Taxation Department of Western Australia unless after submitting the land for sale by public auction or tender that price has not been obtained.

28. Valuation of Saleable Lots and Rejected Lots: The Council may instead of selling all or any of the saleable lots or rejected lots ascertain the value of them or those unsold from the Chief Valuer of the Taxation Department of Western Australia and credit the Scheme with the value so ascertained and in that event the lots shall be the property of the Council and may be retained sold or otherwise dealt with in such manner as the Council thinks fit.

29. Profits of Scheme in Respect of the Subdivisional Area: If the Scheme shall show a profit such profit shall be distributed among each of those owners of land within the Scheme Area, who accept wholly or in part the offers mentioned in clauses 17 to 24, in the proportion which the value of the owners' old lot or portion thereof within the Scheme Area bears to the total value of the old lots within the Scheme Area, whose owners have accepted wholly or in part the offer made to them pursuant to clauses 17 to 24 hereof. The amount of profit referable to rejected offers shall be paid to the Council. For the purpose of this clause the values shall be those finally made pursuant to clauses 10 and 12 hereof.

30. Encumbrances on Title: In the event of any land in the Subdivisional Area being subject to a registered mortgage charge or lease or to a caveat to protect the interest of the purchaser mortgagee chargee or lessee the Council shall not transfer a new lot to the owner unless subject to similar encumbrances or with the consent of all parties entitled to the benefit of the encumbrance.
