LOCAL GOVERNMENT ACT, 1960.

The Municipality of the Shire of Moora.

By-laws—Fencing.

L.G. 209/64.

IN pursuance of the powers conferred upon it by the abovementioned Act and of all other powers enabling it, the Council of the abovementioned Municipality hereby records having resolved on the 20th day of October, 1965, to make and submit for confirmation by the Governor the following by-laws:—

1. Interpretation—

“Council” means the Council of the Municipality;

“Dangerous fence” means any fence or wall certified by the Surveyor to be dangerous by reason of its faulty design, construction, deterioration of constituent materials, damage by termites, changes in ground level, or other causes subsequent to construction;

“dividing fence” means a fence that separates the lands of different owners whether the fence is on the common boundary of adjoining lands or on a line other than the common boundary;

“fence” means any fence or wall and includes a retaining wall;

“Residential Area” means any area which is set apart in a Town Planning Scheme or in Zoning By-laws as a residential site or in the absence of any Town Planning Scheme or Zoning By-laws means land in a street of which the majority of lots are occupied by houses;

“sufficient fence” means a sufficient fence relating to dividing fences on boundaries between lots or other holdings and is more particularly set forth in Schedules No. 1 and 2;

“Surveyor” means the Building Surveyor to the municipality.

2. A person shall not commence to erect, proceed with the erection, rebuild, reconstruct or alter any fence, hood, pergola or ornamental hood to gateways or attached to a fence exceeding three feet six inches in height abutting on or within 10 feet of a street alignment unless and until he has lodged with the Council two copies of the plan and specification of the proposed fence or the proposed alterations or reconstruction and the Council has approved a copy of the plan and specification.

3. A person shall not commence to erect, proceed with the erection, rebuild, reconstruct or alter any fence exceeding six feet in height on any boundary line until he has lodged with the Council a copy of the plan and specification of the fence proposed to be built, rebuilt or reconstructed and the Council has approved of that plan and specification.

4. A person shall not erect a fence on the frontage or side of an allotment at the intersection of two streets which exceeds the height of three feet six inches for a distance of 30 feet from the intersection. The fence on the side street shall be constructed, for a distance from the corner of at least 30 feet along that street, of design and materials similar to those on the fence along the frontage of the allotment. In a gazetted Industrial Zone link mesh fence may be permitted of a greater height than three feet six inches if the Council is satisfied that it does not materially affect the visibility of the intersection and its approaches in respect of the drivers of vehicles in either street.

5. A person shall not erect or affix or allow to remain upon any fence surrounding property owned or occupied by him in a residential area any barbed wire, broken glass, or other wire with spiked or jagged projections, nor shall he erect or affix or allow to remain any such barbed wire, broken glass or other wire with spiked or jagged projections on any fence in a Business or Industrial Zone except barbed wire which is not less than seven feet vertically above the level of the ground immediately thereunder, or which is not less than six feet vertically above the level of the ground immediately thereunder provided that in this latter case the uprights to which the barbed wire is fixed are bent inwards to the extent that the alignment of the barbed wire is within the alignment of the fence proper.

6. A person shall not cover any fence with secondhand galvanised iron or other secondhand material unless he shall have received the written consent of the Council, which consent the Council may, in its discretion, grant or refuse on such terms and conditions as it deems fit, but no galvanised or other flat or corrugated iron shall be used within 25 feet of a street in any Residential Area.

7. A person may construct a fence of brick, concrete, masonry, wrought iron, tubular steel, link mesh or timber sheeted with pickets, palings, boarding or asbestos, new galvanised iron or other material approved by the Council but no galvanised iron may be used within 25 feet of a street. In Rural Areas, in addition to the foregoing materials, a fence may be erected of posts and wire or posts and rails.

8. A person desiring to erect a retaining wall shall submit a plan and specification and, when required by the Surveyor, engineering calculations in respect of retaining walls exceeding four feet in height and these must be approved by the Surveyor before the construction of the wall may be commenced.

9. The owner or occupier of any land on which a fence is located, which is certified by the Surveyor to be dangerous, shall at his own expense when required by the Council to do so, take down, repair or rebuild such fence within the period stipulated, any such requisition being a period not exceeding 35 days and if he fails to take down, repair or rebuild the fence, the Council may enforce its wishes under section 403 and 404 of the Local Government Act, 1960.

10. (i) The owner or occupier of any land on which a fence is located shall keep such fence in good repair. Where in the opinion of the Surveyor any portion of a fence within 25 feet of the street alignment is in need of repair or of painting, the Surveyor may serve on the owner or occupier a notice to repair or to repair and paint or to paint such fence. Any owner or occupier who refuses or neglects within a period of 14 days after the serving of the notice to carry out the repair or painting in accordance with the request, commits an offence under this by-law.

The Council may enforce the order to repair or paint under the provisions of section 407 to 411 both inclusive of the Local Government Act, 1960.

(ii) The repairing and maintaining of other fences or portions of fences not within 25 feet of a street alignment shall be carried out in accordance with the provisions of the Dividing Fences Act, 1961.

11. A fence constructed to the specifications shown in Schedules One and Two shall be considered a sufficient fence for the purpose of the Dividing Fences Act, 1961.

12. Any person who does anything in contravention of any provisions of this by-law or who fails to carry out a duty or requirement under this by-law commits an offence. Penalty \$100.

Schedule 1.

FENCES IN RESIDENTIAL ZONES.

(a) Dividing fence alongside boundary:—

For a distance of 25 feet from the street alignment the fence shall comprise either—

- (i) a brick or concrete wall of a height of not more than two feet; or
- (ii) link mesh or other approved material extending to a height of not more than three feet six inches above the ground.

Thereafter the fence shall be as follows:—

Front corner posts shall be 5 in. x 5 in. x 6 ft. and rear corner posts shall be 5 in. x 5 in. x 7 ft. and intermediate posts shall be 5 in. x 3 in. x 7 ft. all spaced at not more than nine feet centres.

All posts shall have tops with 1½ in. weather and shall be sunk at least two feet into the ground.

Corner posts shall be strutted two ways with 4 in. x 2 in. soles and 3 in. x 2 in. struts.

Intermediate posts shall be double yankee strutted with 6 in. x 1 in. x 18 in. struts.

Posts shall be checked for two rows of rails.

Rails shall be 3 in. x 2 in. each rail spanning two bays of fencing with joints staggered.

Fence other than of brick or concrete shall be covered for the first 25 feet with link mesh or other approved material and for the next bay by 3 in. x ¾ in. sawn pickets or palings of graduated length rising from three feet six inches to five feet.

Thereafter fence shall be covered with 3 in. x ¾ in. x 5 ft. sawn pickets or palings.

All pickets or palings shall be placed three inches apart and shall be double nailed to each rail.

(b) Dividing fence along rear boundary:—

Corner posts shall be 5 in. x 5 in. x 7 ft. and intermediate posts shall be 5 in. x 3 in. x 7 ft. spaced not more than nine feet centres.

All posts shall be strutted two ways with 4 in. x 2 in. soles and 3 in. x 2 in. struts.

Intermediate posts shall be double yankee strutted with 6 in. x 1 in. x 18 in. struts.

Posts shall be checked for two rows of rails.

Rails shall be 3 in. x 2 in. each rail spanning two bays of fencing with joints staggered.

Fence shall be covered with 3 in. x $\frac{3}{4}$ in. x 5 ft. sawn pickets or palings placed three inches apart, double nailed to each rail.

Schedule 2.

RURAL ZONES.

The Fence shall be erected from—

(i) Sawn, split or round wooden posts set not less than 24 inches in the ground and not less than 48 inches out of the ground and spaced not more than 12 feet apart with strainer posts set three feet six inches in the ground and suitably and securely strutted at all corners, gateways and fence line angles but not exceeding 10 chains apart. Each fence post shall be bored with not less than five half-inch suitably spaced holes, to be threaded with not less than five plain galvanised wires. Wire shall be wrapped around strainer and strained tight.

The following materials shall be used:—

(a) Wire.—Shall be high tensile wire and not less than 12½ gauge.

(b) Posts.—If of paperbark, jam, white gum, jarrah or other indigenous timber be cut not less than six feet long by four inches diameter at small end if round or 5 in. x 2½ in. if split or sawn.

(c) Strainer Posts.—Not less than seven feet six inches long and six inches diameter at small end shall be cut from indigenous timbers.

(d) Barbed Wire.—A barbed wire may be affixed along the top of the fence or on the inside of such fence.

OR

(ii) Concrete posts to Australian Standard N36-1964, with not less than five suitably spaced high tensile wires of not less than 12½ gauge. A barbed wire may be affixed along the top of the fence or on the inside of such fence.

OR

(iii) Steel Posts and wire to such specifications as may be from time to time approved by the Council, provided that such specifications shall provide for a standard of fencing generally compatible with alternatives (i) and (ii).

A fence may be erected with a combination wooden, concrete, or steel posts provided that the general standards are adhered to and that the specifications of such fence are approved in writing by the Council.

Wire netting or "ring lock" fencing may be used in place of or in conjunction with plain wires provided specifications are approved in writing by the Council.
