38. Where a lot in a Residential Zone or Residential and Flat Zone or a Deferred Residential Zone has a frontage to more than one street a building may be erected nearer to the street alignment of the less important of the streets but not nearer than twenty-five (25) feet to such street alignment and the Council shall in each case determine which is or are the less important street or streets.

39. Area Adjacent to Street: Except as permitted in the clause immediately preceding no person shall in any of the Zones following, that is to say—
