Notice to Owners and Occupiers of Land.

UNDER the provisions of the above Act, you are hereby required on or before the 15th October, 1968, to plow, cultivate, scarify, burn or otherwise clear a firebreak, not less than 8 feet in width, which must be maintained clear of all inflammable material until the 31st March, 1969.

The property must be divided by firebreaks into areas of not more than 500 acres and these breaks need not follow the perimeter of any particular paddock, but will be acceptable following land contours, in an endeavour to overcome possible water erosion.

So that any owner or occupier, who considers that compliance with this Order may cause erosion, or for any other reason, wishes to vary the position of the firebreaks, must obtain the approval of this Council before making a firebreak in an alternate position.

Permission has been granted by Council this year to owners of crop paddocks, until the 1st November, 1968, to cut hay and provide firebreaks around their perimeter.
