SHIRE OF BELMONT.

Notice of Amended Rate of Interest and Term.

ON the 29th and 30th January, 1970, the Municipality of the Shire of Belmont gave notice of intention in the *West Australian* newspaper and the *Government Gazette* respectively of its intention to borrow \$250,000 for provision of a swimming pool and \$200,000 for provision of a library.

On the 18th day of April, 1970, ratepayers by an overwhelming majority agreed to the raising of funds for both projects.

Due to an increase in interest rates the projects have to be readvertised. Funds amounting to \$100,000 have been obtained for the swimming pool project as per the advertised terms—leaving a balance of \$150,000 to be acquired.

No funds have yet been borrowed for the library project.

Due to the variation in interest rates by the Treasury the balance of these funds has to be obtained repayable over 20 years. This will result in additional loan repayments of approximately \$7,429 per annum (Pool \$3,191—Library \$4,238), however, as the terms of the loan are shorter savings on interest payments amounting to approximately \$115,290. (Pool \$49,270—Library \$66,020) will be made.

Moneys are at present available from the—

Superannuation Board (\$200,000) and the State Government Insurance Office (\$50,000).

Pursuant to section 610 of the Local Government Act, 1960-1970, the Belmont Shire Council hereby gives notice that it proposes to borrow money by the sale of debentures repayable over 20 years at a rate of interest not exceeding seven and one half per cent. per annum, repayable by equal half-yearly instalments of principal and interest at the Office of the Council, 209 Great Eastern Highway, Belmont.

The amounts and the purposes for which the money is required are:

Loan No. 66 (Part 2) \$150,000 (one hundred and fifty thousand dollars). Purpose: Design, construction and equipment of a swimming pool with ancillary facilities on Lot 32, Swan Location 34, Plan 1029.

Loan No. 67—\$200,000 (two hundred thousand dollars). Purpose: Design, construction and equipment of a Central District Library and ancillary facilities on Lot 33, Swan Location 34, Plan 1029.

The statements, plans, specifications and estimates required by section 609 of the Local Government Act are open for inspection at the Office of the Council during usual business hours for thirty-five days after publication of this notice.

Dated the 28th May, 1970.

Notice of Alteration of Interest Rate.

NOTICE is hereby given that the interest rate of the following loan as advertised in *The West Australian* newspaper and the *Government Gazette* as shown hereunder is amended to not exceeding 7.5 per cent. per annum.

Loan No. 86 (part 2) for \$31,000 being part of loan of \$71,000 for the erection of a Hall and Stage, Youth and Community Rooms at the River-ton Reserve advertised on 5th December, 1969, at a rate of interest not exceeding 6.5 per cent. per annum.

The alteration of interest rate to not exceeding 7.5 per cent. per annum is due to the variation of interest rates as determined by the Australian Loan Council subsequent to the publication of the abovementioned Notice of Intention to Borrow.

(d) by substituting for rule 248, the following rule:—

248. (*When a train is to be despatched from the loop, the departure signal will be at Stop. A releasing switch for this signal is provided in a locked box adjacent to the signal by which, provided the section is clear, the loop departure signal may be placed at Proceed.*)

An indicator is provided in the releasing switch box which exhibits a White light when the departure signal can be placed at Proceed. When the White light is not illuminated it indicates—

- (a) *that an opposing train is approaching; or*
- (b) *that a departing train travelling in the same direction is still occupying the first track section in advance of the departure signal; or*
- (c) *that a train approaching from the rear is sufficiently close to the crossing station to place the main line departure signal at Proceed.*

(1) Where the indicator in the releasing switch box is exhibiting a White light, the Fireman must push in the loop departure signal releasing switch (*this action will place the signal at Proceed*), after which the Driver must whistle to draw the Guard's attention but must not start the train until the Guard signals him to do so.

In the event of the indicator in the releasing switch box not exhibiting a White light when the train is ready to depart, the Fireman must immediately communicate with the Train Controller.

(2) If for any reason a train departing from the loop is stopped before the train is clear of the trailable points, the Guard must immediately set the points by hand for the loop and, under no circumstances, is a set back move to be permitted until the Driver is hand signalled by the Guard.

(Because of the provision of Facing Point Lock Spring Switch Machines (trailable points) attached to the loop facing points, trains departing from the loop are permitted to trail through points to main line without setting points for this move. When the last vehicle of the train has trailed through the points, they will automatically reset for the main line.); and

(e) by substituting for the words "Engine Load Table" in lines two and three of sub-rule (8) of rule 531, the words "Working Timetables Book".
