3.2 After the commencement date development within the Scheme Area may only be carried out subject to the provisions of the Scheme and in compliance with the following conditions:—

- (a) Subject to the provisions of Part III of the Act the Scheme Area shall be subdivided into Lots of the approximate size and location shown on the Scheme Map with such variations as may be necessary to enable the proposed development to proceed.

(d) For the purpose of any Town Planning Scheme By-law order or regulation applying to the Scheme Area from time to time but subject to the provisions of clause 3.5 hereof the Scheme Area shall be deemed to be one site in one occupancy.

(e) Notwithstanding the provisions of clause 3.1 (b) if the permissible plot ratio as defined in that clause is reduced at any time within ten (10) years of the commencement date the owner of any lot as defined in clause 3.5 (c) may develop such lot, in accordance with the provisions of this clause, to the extent of the permissible plot ratio, so defined, existing at the commencement date and to the extent shown on the Scheme Map.

3.3 (a) Except as provided for in clause 3.3 (b) any owner may close the entrance to any arcade or any vehicular or pedestrian access way or any open space on its land (other than at the ground level thereof) at any time between the hours of 3 p.m. and 6 a.m. or between the hours of 6 p.m. and 6 a.m. (if vandalism in any such arcade or vehicular or pedestrian access way reaches such proportions as to warrant an earlier closing time) and may close any such entrance on the ground level of its land between the hours of 11 p.m. and 6 a.m. provided that nothing in the Scheme contained shall constitute or be deemed to constitute a dedication or an implied dedication to the public of a right of user of any portion of any land and so that the owner of that land may in order to negative any dedication or implied dedication as aforesaid may from time to time place such obstruction on any portion of that land as it may think fit.

(b) The provisions of clause 3.3 (a) shall not apply to that area of land at ground level which lies between the alignment of the William Street frontage of the proposed tower building shown on the Scheme Map and William Street from a point fifteen (15) feet south of the southern extremity of the William Street vehicular access way shown on the Scheme Map to a point fifteen (15) feet north of the northern extremity of such access way. Such area shall be open to the public at all times except as may from time to time be approved of by the Council.

3.5 (a) At any time after the expiration of forty (40) years from the commencement date nothing herein contained shall prevent or be deemed to prevent or restrict the owner of any lot within the Scheme Area from redeveloping such lot in accordance with the provisions of any other Town Planning Scheme, any Act, By-law, Order or Regulation applying to that lot at the time of such redevelopment provided, subject to subclause (b) of this clause, that such redevelopment will not result in the then permissible plot ratio for the Scheme Area regarded as one site in one occupancy being exceeded.

(b) Notwithstanding the provisions of subclause (a) of this clause if at the time of such redevelopment the permissible plot ratio for the Scheme Area so regarded is less than that permitted at the commencement date, this clause shall not operate to prevent the redevelopment of such lot in accordance with the provisions of such other Town Planning Scheme, any Act, By-law, Order or Regulation.

(c) For the purposes of this clause a lot means any one of the three lots shown on the Scheme Area Map Sheet No. 2 notwithstanding that such lot may have been subdivided prior to or at the time of such redevelopment.
