- (a) On the subdivision of land for single tenement residential purposes of 2.5 acres or more in area 10 per cent of the gross area being subdivided shall be provided for Public Open Space in accordance with the Town Planning Board's requirements.
- (b) Where development or redevelopment proposals provide for higher than single tenement density the following formula shall apply:—

- (1) Based on the recommended figure of nine acres per 1,000 people set out in the 1953 Regional Report, the following Table shall apply:—

9 acres = 1,440 perches.

1440

———— = 1.44 perches per person.

1000

Average family size City of Melville = 3.7 people = 1 Average Dwelling Unit (A.V.D.).

Therefore, 1 A.D.U. = a requirement of 5.33 perches of public recreation and amenity space.

- (3) Where land is to be provided it shall either be in parcels of sufficient size to permit economical development for the purpose for which it is reserved, or be so situated as to permit parcels of land contributed by adjoining subdividers and/or developers being amalgamated with it to form an economic entity.
- (4) Where cash payment is provided in lieu of land, the moneys so obtained shall be used and apportioned in accordance with the requirements of Section 20 of the Town Planning and Development Act 1928 (as amended) shall apply with the proviso that 7/9ths of the land or cash shall be used for active recreational requirements and 2/9ths for passive recreation and/or amenity and cultural purposes.
- (5) For the purpose of the above calculations a single tenement residential site shall be assessed as being equal to 1 A.D.U.
- (6) Sites set aside for duplex development or greater, will be assessed on the number of average dwelling units to be erected on a given site.
- (7) In all cases assessment will be based on *net* figures.
- (8) For example:—

- (i) Subject to the above provisions on assessing the number of A.D.U.'s to be assessed from development or redevelopment, the net figure shall be the difference between the gross figure and the potential number of A.D.U.'s available to the developer.

- (ii) a redevelopment project converting a single tenement home to duplex shall be assessed as one new A.D.U.

- (iii) a flat redevelopment project based on the amalgamation of several single tenement lots would be assessed on the number of flat units (A.D.U.'s) unless the original number of A.D.U.'s either were demolished or which would have been present had an original vacant lot been developed to zone requirements.

4.37 Special Conditions: Notwithstanding any other provisions of this Scheme, the following special requirements shall apply:—

- (a) Lot 20 Fraser Road, Applecross (Majestic Hotel Site): No building redevelopment shall be commenced or undertaken on this site until—

 - (ii) the off street parking area contained within this setback shall be developed and maintained by the owners to the satisfaction and specification of the Council.
