 (3) A license granted under subregulation (2) of this regulation shall extend only for such period as the licensing authority may consider necessary or expedient, and the licensing authority may from time to time require the vehicle to be inspected and tested before permitting the renewal of the license as a tow truck.

#### SHIRE OF CARNARVON TOWN PLANNING SCHEME No. 2.

THE Shire of Carnarvon under and by virtue of the powers conferred upon it in that behalf by the Town Planning Act 1928 (as amended) hereby makes the following Town Planning Scheme for the purpose of—

- (a) setting aside land for future public use as Reserves;
- (b) controlling land development;
- (c) other matters authorised by the said Act.

#### PART 1.—PRELIMINARY.

1.1 This Town Planning Scheme may be cited as the Shire of Carnarvon Town Planning Scheme No. 2 hereinafter called "The Scheme" and shall come into operation on the publication of notice of the Minister's final approval thereof in the *Government Gazette*.

1.2 The Scheme shall apply to the whole of the land contained in the Scheme Maps appended hereto.

1.3 The Responsible Authority for carrying out the Scheme and enforcing the observance thereof is the Council of the Shire of Carnarvon (hereinafter referred to as the Council).

#### 1.4 Arrangement of Scheme:

The Scheme Text is divided into the following Parts:—

- Part 1.—Preliminary
- Part 2.—Reserved Land.
- Part 3.—Zones.
- Part 4.—Non-Conforming Uses.
- Part 5.—General Provisions.
- Part 6.—Finance and Administration.

The remaining documents of the Scheme are as follows—

- (1) Land Use Map.
- (2) Scheme Map.
- (3) Development Policies Map.

1.5 Interpretation: In this Scheme the terms used will have the respective interpretations set out in Appendix "D" of the Town Planning Regulations 1967, unless otherwise specified by this Scheme. Appendix "D" of the Town Planning Regulations appears in the Scheme as Table 2.

1.6 The Development Policies Map is a map indicating the general principles under which development in the Scheme area will be promoted. It in no way represents a map which enforces zoning and is for the guidance of the Council in administering the Scheme.

#### PART 2.—RESERVED LAND.

2.1 The Scheme area contains five types of Reserves, set out hereunder—

- Recreation.
- Government and Public Purposes.
- Major Highway.
- Aerodrome.
- Local Road.

2.2 (a) Land set aside under this Scheme for the purposes of a Reservation is deemed to be reserved for the purpose indicated on the Scheme Map.

(b) Except as otherwise provided in this Part, a person shall not carry out any development on land reserved under this Scheme, other than the erection of a boundary fence, without first applying for and obtaining the written approval of the Council.

(c) In giving its approval the Council shall have regard to the ultimate purpose intended for the reserve and shall in the case of land reserved for the purposes of a public authority confer with that authority before giving its approval.

(d) No provision of this Part shall prevent the continued use of land for the use of which it was being lawfully used immediately prior to the Scheme having the force of law, or the repair and maintenance, for which the prior consent in writing of the Council has been obtained of buildings or works lawfully existing on the land.

2.3 (a) The Major Highway-Reserves shown under this Scheme may be varied in position or width at the time of detailed road design or subdivisional design, up to a distance of one chain from that shown on the Scheme Map without the necessity of amending the Scheme.

(b) In the case of variations to Major Highway Reserves in excess of one chain, an amendment to the Scheme shall be necessary and the normal provisions of the Town Planning and Development Act 1928 (as amended) relating to amendments to a Scheme shall apply.

2.4 (a) Where a Council refuses approval for the development of land reserved under the Scheme on the ground that the land is reserved for public purposes, or grants approval subject to conditions that are unacceptable to the applicant, the owner of the land may, if the land is injuriously affected thereby, claim compensation for such injurious affection.

(b) Claims for such compensation shall be lodged at the office of the Council not later than six months after the date of the decision of the Council refusing approval or granting it subject to conditions that are unacceptable to the applicant.

(c) In lieu of paying compensation the Council may purchase the land affected by such decision of the Council at a price not exceeding the value of the land at the time of refusal of approval, or of the grant of approval subject to conditions that are unacceptable to the applicant.

#### PART 3.—ZONES.

3.1 The Scheme area is divided into seventeen types of zones as set-out hereunder—

- Hotel.
- Motel.
- Service Station.

3.2 Table No. 1 appended to clause 3.3 of this Part indicates the several uses permitted by this Scheme in the various zones set out hereunder, such uses being determined by cross reference between the list of the "Use Classes" on the lefthand side of the Table, and the list of zones on the top of that Table.

3.3 The symbols used in the cross in Table No. 1 appended to this clause have the following meanings—

“P” — A use that is permitted under the Scheme.

“A” — A use that is not permitted unless approval is granted by the Council.

“IP” — A use that is not permitted unless such use is incidental to the predominant use as decided and approved by the Council.

“X” — A use that is not permitted.

3.4 (a) The Council may advertise its intention to consider preliminary approval for uses marked A in Table 1 at least twice in a newspaper circulating in the district of the Shire of Carnarvon, such advertisement to be published at least seven days apart.

(b) Where the Council has advertised its intention to consider preliminary approval, the Council shall not earlier than fourteen days after publication of the last advertisement referred to in subclause (a) of this clause, consider all writ-

ten objections before granting approval to such uses.

3.5 Where a zone is restricted to one use only it has been excluded from the columns in Table No. 1 and its use may be determined from the Scheme Map.

3.6 General Residential G.R.5 Zone: The Council may withhold approval for the erection and use of buildings for flats within the General Residential G.R.5 Zone until the land, the subject of the application, can be provided with mains sewerage and can be connected thereto.

3.7 Requirements of the State: Requirements of the State means land held by the Crown which shall only be developed in accordance with proposals agreed to by the Crown and the Council except for development which may be provided for in Acts resulting from agreements entered into from time to time by the Government.

3.8 Service Station Zone: Notwithstanding anything contained elsewhere in this Scheme, the Council may approve within land zoned for service station, a cafe or restaurant provided that such use is incidental to the use as service station as decided and approved by the Council.

8. In the event of two or more applications being received for the hire of any hall property at one and the same time and date, the Council may, without considering priority of application, determine to which applicant the hall hiring shall be granted.

This restriction does not apply to bottled liquors which may be brought into the building by patrons subject to by-law 11 above. Kegs of beer are prohibited at all times on the floor areas of the Main and Lesser Halls.
