1.2 The Scheme shall come into operation on the publication of notice of the Minister's final approval hereof in the *Government Gazette* (which date is hereafter referred to as "the commencement date").

1.3 The authority responsible for carrying out and enforcing the observance of this Scheme is the City of Perth (hereinafter referred to as "the Council").

1.4 The Scheme shall apply to the area of land contained within the broken black border on the Land Use Map and the Scheme Map and such area is hereafter referred to as "the Scheme Area".

1.5 The general objects of the Scheme are:

- (a) to make suitable provision for the better use of the land within the Scheme Area for building purposes;
- (b) to make provision for the subdivision of large lots within the Scheme Area into smaller lots;
- (c) to make suitable provision for a road within the Scheme Area.

1.6 The map entitled "the Land Use Map" shows the existing subdivision of the Scheme Area and the map entitled "the Scheme Map" shows the proposed subdivision of the Scheme Area, the location and dimensions of the new lots proposed to be created and of the road proposed to be constructed.

1.7 The following works shall be carried out within the Scheme Area:—

- (b) the road of which the proposed carriageway is coloured yellow on the Scheme Map shall be surveyed, constructed and drained.

PART II.

2.1 The land within the Scheme Area, or so much thereof as is necessary to give effect to the Scheme, shall be resumed or otherwise be acquired by the Council.

2.2 If the land comprising the new lots shown on the Scheme Map shall have been acquired by the Council such new lots shall, subject as hereafter provided, be offered to the owners of the land in the Scheme Area. - (a) the owner to whom a new lot is offered accepting the same in full satisfaction of any claim that owner may have against the Council for compensation in respect of the resumption of any land from him or otherwise in respect of the making or operation of this Scheme;

- (b) a condition that the owner to whom a new lot is offered shall pay to the Council, as hereafter provided, his share of the Scheme costs.

2.4 Every such offer shall:

- (a) be made in writing;
- (b) specify the new lot which is being offered to the owner to whom the offer is made and the old lot in respect to which the offer is made;
- (c) specify the share of the Scheme costs payable by the owner to whom the offer is made if the offer is accepted;

2.5 Every such offer shall be made and served by registered post and it shall be addressed to the owner to whom it is made at the address for the time being recorded as his address in the Council's rate book or at the last address of that owner known to the Council.

2.6 (a) Any such offer may be accepted by notice in writing to the Council at any time on or prior to the date specified in the offer as the last day on which the offer may be accepted.

(b) If any such offer is not accepted in the manner and within the time specified as the last day on which the offer may be accepted, that offer shall, subject to the provisions of clause 6.1 be deemed to have been rejected.

2.7 Notwithstanding that notice of acceptance of an offer has been given in the manner and within the time specified, such offer shall be deemed to have been rejected unless the amount of all rates taxes and other assessments or impositions, owing by the person accepting such offer, in respect of land within the Scheme Area has been paid or such amount is paid on acceptance of the offer provided that this clause shall not apply to an offer accepted by a person who is a pensioner and in respect of whose land within the Scheme Area the payment of rates and taxes has been postponed.

2.8 If an offer made pursuant to this Scheme is accepted in the manner and within the time specified:—

- (a) It shall be deemed to have been accepted by the owner accepting the same in full settlement and satisfaction of all claims for compensation in respect of the resumption from him of any land pursuant to this Scheme and otherwise in respect of the making and operation of this Scheme;
- (b) the owner accepting the same shall pay to the Council on demand the amount of all rates which would have been assessed on any land resumed from him pursuant to the Scheme but for such resumption;
- (c) the Council shall prepare and deliver to the owner accepting the same a transfer to him of the new lot which is the subject of the offer and such owner shall thereupon properly execute and return the transfer to the Council and shall forthwith pay to the Council his share of the Scheme costs. If any such owner shall fail to so execute and return such transfer or shall fail to make such payment within twenty-eight (28) days of being called upon to do so by written notice served by registered post addressed to him at his address as shown in the Council's rate book or at his last address known to the Council (which notice may be served with the transfer) the Council may rescind the agreement and upon such rescission the owner shall be entitled to claim compensation from the Council in respect only of the resumption from him of any land within the Scheme Area.

2.9 Upon the return to the Council of a properly executed transfer pursuant to clause 2.8 and upon the Council being satisfied that all moneys payable pursuant to this Scheme by the owner to whom such transfer relates the Council shall subject to clause 2.10 cause such transfer to be registered at the Land Titles Office Perth. All registration and other fees including stamp duty payable with respect to any such transfer shall be paid by the owner to whom such transfer is to be made.

2.10 If any land in the Scheme Area resumed by the Council pursuant to this Scheme was at the time of such resumption subject to a registered mortgage, charge or lease or to a caveat to protect the interest of a purchaser, mortgagee, chargee or lessee, the Council shall not transfer a new lot to the former owner of such land unless such transfer is subject to a similar encumbrance or unless all the persons entitled to the benefit of the encumbrance so registered consent to such transfer free of encumbrances.

PART III.—SCHEME COSTS.

3.1 For the purposes of this Scheme the Scheme Costs shall comprise:

- (a) the Council's costs of administering the Scheme including such amount of the Council's overhead costs as the Council considers attributable to the Scheme and its administration;
- (b) the cost of all works carried out pursuant to the Scheme;
- (c) the costs of providing water supply services to the new lots within the Scheme;
- (d) the amount of all compensation paid or payable in respect of land resumed under the Scheme or otherwise in respect to the making or operation of the Scheme;
- (e) the amount of compensation and costs estimated to become payable pursuant to clause 5.2 hereof;
- (f) any amount paid or payable for the acquisition of any land within the Scheme Area where such land has been acquired otherwise than by resumption.

3.2 Such costs shall be apportioned between the owners of land within the Scheme Area who accept a new lot pursuant to this Scheme in such a manner that the amount payable by each such owner shall bear the same proportion to the total Scheme Costs as the area of the new lot which such owner accepts bears to the total area of the new lots in the Scheme.

PART IV.—REJECTED LOTS.

4.1 If an owner to whom an offer of a new lot has been made pursuant to this Scheme does not accept such offer or is deemed not to have accepted such offer the Council may deal with such new lot in the manner hereinafter provided.

4.2 The Council may sell any such lot either by public auction or private contract and if there shall be more than one such lot either as a whole or in separate lots upon such terms and conditions as the Council thinks fit. If the Council effects a sale of any such lot by private contract the price therefore shall not be less than the amount recommended by the Chief Valuer of the Taxation Department of Western Australia as the value thereof unless such lot shall have first been submitted for sale by public auction or tender and the Council has been unable to effect a sale at that amount.

4.3 The proceeds of the sale of any such lot, after deducting therefrom the Council's costs and expenses incurred in effecting the sale, shall be credited to the Scheme and the Scheme costs shall be reduced by such amount.

4.4 The Council may elect not to sell all or any of such lots and if it so elects or if it is unable to sell any such lot it shall ascertain the value thereof from the Chief Valuer of the Taxation Department of Western Australia and the Scheme shall thereupon be credited with the value so

ascertained and the amount thereof shall be deducted from the Scheme costs. Upon any such election being made or if the Council is unable to sell any of such lots those lots shall be the sole property of the Council which may retain, sell or otherwise deal with them as it thinks fit.

PART V.—COMPENSATION.

5.1 Claims for compensation by reason of the making or the operation of this Scheme shall be made within six (6) months of the commencement date or in the event of land being resumed pursuant to this Scheme within six (6) months of the date of the issue of a notice of resumption or within six (6) months of the issue of a notice of rescission pursuant to clause 2.8 hereof whichever is the later.

5.2 If any claim for compensation has not been settled or otherwise disposed of when the Council is ready to transfer new lots pursuant to this Scheme or, if at that time, although no formal claim for compensation has been submitted, the Council anticipates that such a claim or claims will be made the Council may estimate the amount of compensation which may become payable and the costs relating thereto and shall debit the Scheme with the amount so estimated and the amount of the Scheme costs shall be increased accordingly. If there shall prove to be any difference between the amount so estimated and the actual compensation which becomes payable and the costs relating thereto such difference shall be debited or credited to the Scheme as the case may be and the Scheme costs shall be increased or decreased accordingly.

PART VI.—COUNCIL'S POWERS.

6.1 In the conduct and management of this Scheme the Council shall have the following powers in addition to any other powers it may have with respect thereto:—

- (a) to enter and inspect the land within the Scheme Area;
- (b) to enter into agreements or arrangements with the owners of any land within the Scheme Area;
- (c) to extend the time within which any offer of a new lot may be accepted;
- (d) to acquire by purchase or otherwise any land within the Scheme Area;
- (e) to dispose of any new lots to which it becomes entitled, as an owner of land within the Scheme Area at the commencement date, upon such terms and conditions as it may think fit;
- (f) to transfer any land acquired by it pursuant to the Scheme in full or partial satisfaction of any claim for compensation and to enter into agreements relative to the determination and settling of claims for compensation;
- (g) to demolish all or any of the buildings standing or erected in any of the new lots at the commencement date;
- (h) to create drainage easements;
- (i) to make such minor variations to the proposed subdivision as the Council considers necessary.

1. This Town Planning Scheme may be cited as Shire of Wanneroo Town Planning Scheme No. 5—Gnangara Road General Industrial Area Scheme (hereinafter called "the Scheme").

Responsible Authority.

2. The authority responsible for enforcing the observance of the Scheme is the Shire of Wanneroo (hereinafter referred to as "the Council").

Maps.

3. The following Maps are attached to this Text and form part of the Scheme:—

Land Use Map.
Scheme Map.

Scheme Area.

4. The Scheme shall apply to the land contained within the inner edge of a broken black line on the Land Use Map. The said land is hereinafter referred to as "the Scheme Area".

General Objects.

5. The general objects of the Scheme are:—

- To facilitate and co-ordinate progressive subdivision of land within the Scheme Area and facilitate its development for industrial purposes.
- To plan within the Scheme Area suitable roads.
- To ensure the proper drainage of the roads and of those parts of the Scheme Area which require drainage or other such works.
- To make provision for the creation of drainage reserves and easements.
- To make provision for land to be used for scheme purposes.
- To assist in having land within the Scheme Area connected to a sewer.
- To assist in the provision of sewerage works and facilities within or outside the scheme area where these are necessary to the proper sewerage of the Scheme Area.

Method of Carrying Out Objects.

6. As and when owners of land within the Scheme Area subdivide their land such subdivision shall be according to a plan which will be capable of forming part of an overall plan of subdivision for the Scheme Area.

7. The Scheme Map forms a basis for subdivision and development of the Scheme Area but the Council may with the consent of the Town Planning Board permit alterations or variations to the Scheme Map where in its opinion circumstances justify such action provided that no such alteration or variation shall be permitted if in the opinion of the Council it would impede the subdivision and development of the Scheme Area as a whole.

Subdivision.

8. An owner of land within the Scheme Area who desires to subdivide his land either alone or in conjunction with other owners shall submit a plan of proposed subdivision to the Town Planning Board as required by the Town Planning and Development Act, 1928 as amended.

9. The Town Planning Board may refuse to permit subdivision and the Council may refuse to permit development in any part of the Scheme Area until Scheme Works can be carried out therein or until other sections have been subdivided and/or developed.

New Roads.

10. Subject to the following clauses all new roads within the Scheme Area shall be constructed and drained at the expense of the owners of the land therein and each owner shall when subdividing or developing his land make the land available for the roads and pay the costs of the construction and drainage of the roads within the land owned by him.

11. In cases where the situation of a new road within the Scheme Area is such that it would be fair and equitable that the owners of land served or capable of being served by the road should each contribute to the cost of the construction or drainage of that road and apportion the value of the land made available and such owners are unable to agree upon the proportion of the costs payable by each of them the amount (if any) payable by each such owner shall be determined by arbitration in the manner hereinafter provided.

12. The Council may compulsorily acquire or otherwise obtain the whole or any portion or portions of the land required for new roads and/or for the widening of existing roads and may construct and drain any new roads within the Scheme Area. If the Council shall do so prior to the subdivision of the lands adjoining such road the costs of the construction and drainage of the said road and all compensation and other costs consequent upon the acquisition of the land shall be paid to the Council by the respective owners of land in accordance with the foregoing provisions as and when they subdivide or develop their land or at the expiration of three months notice from the Council whichever shall first happen.

13. If an owner shall claim compensation for the resumption from him of land to be used as a road there shall be set off against the amount of compensation payable to him the amount by which the value of the remainder of his land has been or will be increased by the construction of the roads within the Scheme Area and by the operation of the Scheme.

14. If an owner shall subdivide his land and if he or his predecessors in title shall have claimed or shall have been paid compensation by reason of the resumption by the Council of the land for a new road within the Scheme Area he shall before the approval of his plan of subdivision release the Council from the payment of compensation or repay to the Council the compensation paid by it to him or his predecessor in title as the case may be.

Closure of Roads.

15. The Council shall take such action as is necessary to secure the closures of those surveyed roads on the Scheme Map that are not shown as roads or are shown as roads to be closed.

Sewerage and Drainage.

16. The Council shall at the appropriate time or times carry out such sewerage and drainage works as are in its opinion necessary for the proper drainage of the Scheme Area and the connection of the land therein to a sewer. The Council may acquire land for that purpose and may set aside land for drainage sumps and compensating basins and other works.

Filling and Levelling of Land.

17. All filling and levelling of land and other earth works necessary for subdivision shall be carried out by or at the expense of the owner, whose land is being subdivided.

Native Trees.

18. So far as is practicable and consistent with the economic subdivisional development of land, native trees and shrubs are to be retained. The Council may mark specific trees or groups of trees and these are to be retained unless approval is given by Council, in writing for their removal.

Provision of Land for Scheme Purposes.

19. The land in excess of 66 feet in width required for the 99 foot roads, the land required for road widening, and all land coloured green on the Scheme Map shall hereinafter be referred as land for Scheme purposes.

20. The Council may as and when it deems fit acquire the said land for Scheme purposes or any parts thereof whether by purchase or resumption or partly by one method and partly by the other.

21. Each owner of land within the Scheme Area, when subdividing his land and subject to hereinafter provided, shall vest in the Crown, or with approval of the Town Planning Board, transfer to the Council, all land for Scheme purposes within the parcel (s) of land being subdivided by him, or such other areas as the Board may require.

22. If the area of the owners land required for scheme purposes is greater or less than the average provision the Council and the owner shall agree on a land transfer or a cash equivalent or a combination of land and cash so that the owners contribution for scheme purposes bears the same proportion of value of land for scheme purposes as the owners land bears to the whole of the land within the Scheme Area.

23. If the Council and the owner so agree the Council may transfer to the said owner other land in or near the Scheme Area, either owned by the Council or acquired by it for the purpose to compensate him for the land in excess of the average provision required by the Scheme in which case the amount payable by the Council to the owner shall be reduced accordingly.

24. For the purpose clauses 19-23 the values shall be assessed as at a date one day before the final approval of the Town Planning Board to the subdivision or at the date on which the Council shall resume or otherwise acquire land for Scheme purposes whichever shall be first in time.

Scheme Costs.

25. The costs or estimated costs of the following items are hereinafter referred to as "Scheme Costs":—

- (a) The administration of the Scheme.
- (b) All compensation payable and all costs and expenses of determining and settling compensation.
- (c) Such sewerage works as are necessary for the connection of the land in the Scheme Area to a sewer.
- (d) The drainage works necessary for the proper drainage of the Scheme Area.
- (e) The construction and drainage of additional road pavements in excess of 24 feet or an additional carriageway if a dual carriageway on roads exceeding 66 feet in width.

Payment of Scheme Costs.

26. Subject to the provisions of this Scheme, each owner shall prior to the final approval of the Town Planning Board to the subdivision of his land or after having received not less than three calendar months' notice from the Council whichever shall first occur pay to the Council an amount which bears the same proportion of the Scheme costs as the owner's land bears to the whole of the land within the Scheme Area.

27. Following notice of the final approval of this Scheme in the *Government Gazette*, the Council shall as soon as is practicable prepare a Schedule of Scheme Costs and forward to each land-owner by certified post at his address as appearing in the Council's rate book, details regarding the estimated costs of the Scheme, the basis of calculation including estimates used in the projected rate of development and development costs, the period in respect of which these calculations are made, the area of the owners lot or lots, the estimated amount payable by that owner and advise when the amount would become due and payable.

The Council shall also fix a date upon which owners within the Scheme Area or their representatives shall be given if they so desire the opportunity of discussion with Council the question of Scheme costs and payment thereof.

If an owner is unable to reach agreement with Council on the question of his Scheme costs and methods of payments including the time within payments are to be made, that owner may appeal to the Minister for Town Planning or to the Court as provided in Part V of the Town Planning and Development Act 1928, (as amended).

Estimate of Scheme Costs.

28. The Council may from time to time revise the estimate of Scheme costs and shall advise owners accordingly.

Valuations.

29. Where it is necessary to ascertain the value of any land for the purposes of the Scheme the value shall be determined by either the Chief Valuer of the Taxation Department of Western Australia or at the option of the Council by a disinterested and competent valuer appointed by the Council.

30. If an owner objects to the value so determined he may give notice of such objection to the Council within twenty-eight days after having been informed of the said value or the revised value. If the valuer does not agree to change the value

to a figure acceptable to the owner the value shall be determined by arbitration in accordance with the provisions hereinafter contained.

31. If a valuation made by the valuer shall be changed as the result of an objection the valuer may reconsider the values placed on other land and make such revaluations as he considers just and equitable. The owners affected by such revaluations shall forthwith be notified of any change in value.

Land Owned or Acquired by the Council.

32. All or any of the land now owned by or subsequently acquired by the Council within or near the Scheme Area may be used by the Council for any purpose appropriate to the Scheme. If such purpose is one for which land may be acquired by the Council pursuant to the Scheme the Council shall be compensated for the value of the land so used by the Council. If the Council shall subdivide or develop any land owned by it the provisions of this Scheme shall apply to the Council.

Finance.

33. The Council shall do all things necessary in order to raise loans or to provide funds from other sources for the purpose of providing the finance necessary for the implementation of the Scheme. If Council shall be unable to arrange the necessary finance it shall be under no liability to the owners of land within the Scheme Area or to any other person by reason of its failure to acquire lands or carry out works.

34. In the event of moneys received by Council pursuant to the provisions of the Scheme being greater than the amount necessary to repay the said loans and interest thereon or other moneys and to carry out the general objects of the Scheme the balance thereof shall be applied by the Council in further improvements and facilities within or near the Scheme Area. Moneys received by Council pursuant to this Scheme shall not form part of its general revenue.

Arbitration.

35. Any matter which by the terms of the Scheme may be determined by arbitration may be referred to the arbitration of a single arbitrator in manner provided by the Arbitration Act, 1895 or any statutory modification thereof for the time being in force and if the parties fail to agree upon any one single arbitrator he may be nominated by the Chief Valuer of the Taxation Department of Western Australia.

- (c) To enter and inspect any land within the Scheme Area.
- (d) To purchase develop and sell land within the Scheme Area.
- (e) If any owner of land within the Scheme Area does not proceed with the subdivision or development of his land in accordance with the terms of the Scheme or by reason of the nature of his land is unable to subdivide or develop it and his failure to do so in the opinion of the Council will unduly delay the subdivision or development of the Scheme Area, the Council may compulsorily acquire or purchase the land of such owner or owners of any part or parts thereof and proceed with the subdivision and development of the said land in accordance with the provisions of the Scheme.
- (f) In the event of the Council exercising its powers under Clause (e) it shall have all the powers of an owner in the subdivision development and disposal of the said land; and if the owner shall not have been paid compensation by reason of the compulsory

purchase of his land the Council before selling the land so subdivided and developed shall offer the new lots to the original owner upon his paying to the Council all costs and expenses consequent upon the compulsory purchase, subdivision or development of the said land and upon his releasing the Council from all claims for compensation in respect of the compulsory purchase (if any). The said offer shall be made in writing and if not accepted within one calendar month of the service thereof the Council may proceed with the sale of the subdivided lots. All moneys received by it from such sale shall be applied firstly in payment of all costs and expenses consequent upon such subdivision and secondly in payment of all compensation in respect of the compulsory purchase of the said land. The balance if any of such moneys may be retained by the Council and the Council shall make good any deficit.

- (g) If the offer mentioned in Clause (f) hereof be not accepted the Council may retain all or any part of the said land but if it does so it shall be responsible to pay such costs of subdivision of the said land and compensation for its compulsory purchase as are then unpaid.
- (h) To compulsory purchase any land within the Scheme Area for Public Open Space or Scheme purposes.
- (i) Council may, excepting land transferred to it for Scheme purposes dispose of any lots to which it becomes entitled whether under clause (e) hereof or otherwise upon such terms and conditions as it may think fit and without limiting the generality of the foregoing the Council may sell the lots singly or in groups and on the conditions that buildings of a specified character with specified parking or other facilities shall within a limited period be constructed thereon or that the land and buildings be used for a specified purpose.
- (j) Extend the time within which payments are to be made to the Council and agree to the securing of such payments.
- (k) Extend the time within which buildings shall be commenced or completed.

37. Twenty-eight (28) days written notice is hereby prescribed as the notice to be given pursuant to Section 10 of the Act. Any expenses incurred by Council under the said section may be recovered from the person in default as a simple contract debt in such Court of Civil Jurisdiction as is competent to deal with the amount of the claim.

Change of Zoning.

38. The Council may from time to time apply for the consent of the Hon. Minister for Town Planning to the zoning or rezoning of the land included within the Scheme Area.

BUSH FIRES ACT, 1954.
Shire of Gnowangerup.
Firebreak Order.

Notice to all Owners and/or Occupiers of Land in the Shire of Gnowangerup.

PURSUANT to the powers contained in section 33 of the above Act, you are hereby required on or before 1st day of November, 1973, to clear of all inflammable material firebreaks as stated hereunder and thereafter to maintain the firebreaks clear of inflammable material up to and including the 15th day of April, 1974:—

- (1) Prepare firebreaks, not less than TEN feet wide, immediately inside all external boundaries of all cleared or part cleared land and immediately inside all external boundaries of all cleared or part cleared land abutting roads bounding or intersecting any holding other than on land situate in any Townsite within the Shire.
- (2) Where the total area of each property or holding exceeds 600 acres additional firebreaks must be provided in such positions so as to divide cleared or part cleared land into areas not exceeding 600 acres, with each area to be completely surrounded by a firebreak not less than TEN feet wide.

- (3) Prepare firebreaks, not less than TEN feet wide, immediately surrounding all buildings or haystacks on the land, and around the perimeter of any land which is under crop, so that such firebreak will completely encircle the crop.
- (4) Prepare firebreaks not less than THIRTY feet wide immediately around the perimeter of any scrub or timber which has been logged, chained, or otherwise prepared for burning.
- (5) In respect of land within any Townsite within the Shire you shall—

(a) where the area is one half of one acre or less, remove all inflammable material on the land from the whole of the land.

(b) where the area of land exceeds one half of one acre, firebreaks not less than SIX feet wide, shall be prepared immediately inside and along all external boundaries of the land.

If it is considered to be impracticable for any reason to clear firebreaks as required by this Notice, the approval of the Council must be obtained to clear such firebreaks in an alternative position. Approval to any variation will only be granted where a Bush Fire Control Officer has first signified his approval of the variation.

It is an offence to provide firebreaks on a road reserve without the approval of the Council. Council has adopted a general policy, allowing property holders adjoining a road reserve two chains or more in width, to protect their fence by providing a firebreak not exceeding ten feet in width, on the road reserve, but a break must be provided inside the fence also.

By Order of the Council,

E. L. CHOWN,
Shire Clerk.

Footnote: Council will consider requiring firebreaks around external boundaries of land which are uncleared, but fenced, in future Firebreak Orders.
