Where in the opinion of the Council it would be advantageous to fence existing lots in order to promote the sale of new lots such works may be undertaken.
- (f) Those new lots which in the opinion of the Council require such treatment shall be filled or drained or both to make them suitable for development. Any drainage line required within the Scheme Area may if deemed necessary by the Council be connected by a pipe drain to a point of discharge outside the Scheme Area and the costs thereof debited to the Scheme.

Acquisition of Land.

9. The land within the Scheme Area or so much thereof as is necessary to implement the scheme but with the exception of Lots 1, 2, 3, 4 and 5 fronting Beatrice Avenue shall be resumed or otherwise acquired by the Council.

Owners Value Ratio.

10. The lots shown on the Land Use Map with the exception of the following lots:—

Lot 1 Part Lot 638 and Lot 6 fronting Tribute Street;

Lot 629 at the corner of Tribute Street and Beatrice Avenue;

Lots 1 to 5 inclusive fronting Beatrice Avenue;

Part Lot 573, Lot 574 and Part Lot 575 fronting Corinthian Road and Part Lot 590, Lot 591, Part Lot 592 fronting Doric Street; and

Lot 2 fronting Doric Street,
are hereinafter called Old Lots.

The Old Lots shall be valued as at the 13th March, 1972 on which date the Council passed a resolution deciding to prepare the Scheme. Each owner will as soon as the valuation has been made be notified of the value so placed on his old lot.

11. The lots created by the re-survey of the Scheme Area in accordance with the Scheme Map but with the exception of the lots numbered 101, 108, 109, 110, 111, 119, 120, 138, 139, 140, 141, 142, 144, 157, 160 and 167 on the Scheme Map are hereinafter called New Lots. The New Lots shall be valued on the basis that all works to be undertaken as part of this Scheme have been carried out.

12. From the sum of the values of the New Lots shall be deducted the costs or estimated costs of the Scheme and the figure so ascertained is the net value of the New Lots. The Owners Value Ratio is the relationship between the net values of the New Lots and the sum of the values of the Old Lots.

Owners Interest in Scheme.

13. Each owner of an Old Lot or portion of an Old Lot in the Scheme Area shall be deemed to be entitled to an interest in the Scheme of a value equal to the value of his Old Lot or the portion thereof within the Scheme Area increased in the ratio of the Owners Value Ratio determined in accordance with Clause 12 hereof if the net value of the New Lots exceeds the sum of the values of the Old Lots and decreased in the said ratio if the net value of the New Lots is less than the sum of the values of the Old Lots.

Cost of Scheme.

14. The Scheme shall be debited with—

- (a) The administration costs of the Scheme including an amount to reimburse the Council for such overhead and supervision costs as may be incurred in the implementation of the Scheme.
- (b) The costs of the Scheme works.
- (c) All compensation payable and all costs and expenses of determining and settling compensation and any payment to be made under Clause 22.
- (d) The estimated compensation and costs payable under Clause 15 hereof.
- (e) The cost of acquisition of any land within the Scheme Area in the event of such land being acquired other than by resumption.

(f) The cost of altering existing electricity water sewerage drainage or telephone services or of providing exceptional services rendered necessary by the Scheme to the extent to which and in cases where the Council considers the cost justified.

(g) All other costs and expenses which the Council may be requested to meet in order to complete the Scheme.

Estimate of Compensation.

15. In the event of any claims for compensation not having been settled at the time when the Council is ready to transfer lots in pursuance of the Scheme the Council may estimate the amount of compensation payable and the costs relating thereto and debit the Scheme with the amount so estimated. In the event of the Council so doing the difference between the estimated and the actual compensation payable shall be received or paid by the Council as the case may be.

Allocation and Disposal of the Lots on the Scheme Map.

16. The New Lots shown on the Scheme Map will be dealt with as follows:—

(a) Each owner of an Old Lot shall be offered a New Lot or Lots (hereinafter called replacement lots) of a value as near as practicable to the owner's interest in the Scheme as calculated according to clause 13. The replacement lots shall be chosen and allocated as equitably as possible so that if practicable the replacement lot will have characteristics similar to those of the Old Lot acquired from the owner.

(b) By reason of its ownership of land in the Scheme Area Lots 109, 111 and 160 on the Scheme Map shall be transferred free of cost to the Council.

(c) All the remaining New Lots (hereinafter referred to as Saleable Lots) may be sold to pay the Scheme Costs and otherwise dealt with in accordance with the Scheme.

17. The Owner of Lot, Part Lot 638 and Lot 6 fronting Tribute Street shall not be entitled to an interest in the Scheme or to share in the profits of the Scheme. The owner from whom the said lots shall have been resumed shall be offered Lot 108 on the Scheme Map in full satisfaction of all claims for compensation by reason of the resumption from him of the said lots and otherwise in respect of the Scheme.

18. The Owner of Lot 629 at the corner of Tribute Street and Beatrice Avenue shall not be entitled to an interest in the Scheme or to share in the profits of the Scheme. The owner from whom the said lot shall have been resumed shall be offered Lots 101, 119, 120 and 144 on the Scheme Map in full satisfaction of all claims for compensation by reason of the resumption from him of the said lot and otherwise in respect of the Scheme.

19. The Owners of Lots 1 to 5 inclusive fronting Beatrice Avenue shall not be entitled to an interest in the Scheme or to share in the profits of the Scheme. The owner of lot 1 shall be offered the land previously comprising the truncation of Doric Street. The owner of Lot 5 shall be offered Lot 138 on the Scheme Map in substitution for the said Lot 5.

20. Lots 157 and 167 on the Scheme Map shall be transferred to the Crown in pursuance of an agreement whereby the Minister for Lands has agreed that upon payment of Thirty Dollars and the transfer of the said lots he will close the roads within the Scheme Area and make the lands available to the Council for the uses shown on the Scheme Map.

Nature of Offers.

21. An offer made pursuant to clause 16 (a) hereof will be made, either with an offer of payment of money or subject to the owner making a payment of money in order that the total value of the new lot or lots offered and the new value of any land within the Scheme Area not acquired by the Council and retained by the owner together with or subject to a payment in money is equal to

the owners interest in the Scheme as ascertained in accordance with clause 13 hereof. The offer may be made in the alternative giving the owner the right to accept either a lot or lots subject to a payment by him or to accept no lots or a lesser number of lots with a payment by the Council to him.

22. If an owner of an Old Lot shall in the opinion of the Council suffer any additional damage or inconvenience by reason of the reduction in size of the lot on which a dwelling-house is erected or by reason of the proximity of a road to such dwelling-house or otherwise by reason of the Scheme the Council shall offer to such owner such sum (if any) as it (acting on the advice of the Chief Valuer of the Taxation Department) considers equitable. The said offer shall be made with the offer mentioned in clause 16 hereof to the intent that the owner may not accept the offer mentioned in clause 16 either wholly or in part without accepting the offer in this clause mentioned.

23. The offers mentioned in the above clauses shall be made in writing to each of the said owners and served on him by registered post at his address as appearing in the Rate Book of the Council and where relevant shall specify the New Lot or Lots (if any) the subject of the offer and the Old Lot in respect of which the offer is made. It shall if appropriate also specify the owners interest in the Scheme the valuations placed on the said lots and the payment to be made or received as the case may be and how the amount is calculated.

24. If a pipe drain has been or is to be laid across land within a lot shown on the Scheme Map such lot may be offered or sold expressly subject to the condition that the transferee shall grant to the Council or to the Metropolitan Water Supply Sewerage and Drainage Board as decided by the Council a drainage easement over so much of the lots as is required for the drain. If the Council shall itself have granted an easement to the said Board the Lot shall be transferred subject to such easement.

25. The offer shall specify a date not being less than twenty-eight (28) days after the posting of the said offer within which the offer may be accepted.

26. The offer may be accepted by notice in writing to the Council at any time before the date specified in the said offer and if not accepted within such time shall unless the time shall have been extended by the Council be deemed to have been rejected.

27. If an offer is made in the alternative and an owner does not accept all the lots offered to him the lots accepted by him shall if appropriate be treated as being in payment on account of the owners interest in the Scheme. The remainder of his interest (if any) in the Scheme shall be paid in cash.

28. An owner who accepts the offer shall be liable to pay to the Council all rates which would have been payable on the land acquired from him if such land had remained in the name of the owner until the transfer of the lots to him.

29. If an offer be accepted wholly or in part it shall be accepted by the owner on the basis that such acceptance is a complete bar to all claims for compensation which the owner may have had in respect of the resumption from him of the lot in respect of which the offer was made and otherwise in respect of the operation of the Scheme but shall not debar him from participating in the profits of the Scheme if he is so entitled.

30. If an owner does not accept an offer of a New Lot wholly or in part he shall not be entitled to any interest under this Scheme or to participate in the Scheme profits.

Registration of Transfers.

31. The Council shall cause to be prepared and sent to those owners entitled transfers in respect of each lot offered and which has been accepted by the owner in accordance with the Scheme. If an owner shall fail to complete the transfer in accordance with the Transfer of Land Act 1893 as

amended and return it to the Council for registration or if the owner shall fail to make payment of any money which may be due by him to the Council within twenty-eight (28) days after having been called upon to do so by notice served by registered post on the owner at his address last known to the Council (which notice may be served with the Transfer) the Council may rescind any agreement whereby such owner is entitled to have the land the subject of the transfer transferred to him and thereupon such owner shall have a claim against the Council only for a cash payment equal to his interest in the Scheme and the land the subject of the transfer shall be treated as a rejected lot.

Saleable Lots and Rejected Lots.

32. Any lot offered to but not accepted by an owner in accordance with the Scheme or the subject of a transfer not completed as aforesaid may be dealt with by the Council as hereinafter appears.

33. The Council may sell the saleable lots and the rejected lots either by public auction, tender or private contract as a whole or in separate lots upon such terms and conditions as the Council may think fit. In the event of a sale by private contract the price shall not be less than the price recommended by the Chief Valuer of the State Taxation Department or such other valuer as shall be appointed by the Council unless after submitting the land for sale by public auction or tender that price has not been obtained.

34. If in the opinion of the Council it shall not prove necessary to sell all the saleable lots in order to pay the costs of the Scheme the Council may:

- (a) re-allocate some or all of the lots unsold to owners where it considers it just and equitable so to do in which case the cash payment to be made or received under Clause 17 shall be adjusted accordingly.
- (b) may otherwise deal with the lots in such manner as it considers to be in the best interest of the District.

35. The Council may instead of selling all or any of the saleable lots or rejected lots ascertain the value of them or those unsold and credit the Scheme with the value so ascertained and in that event the lots shall be the property of the Council and may be retained, sold or otherwise dealt with in such manner as the Council thinks fit.

Profits of Scheme.

36. If the Scheme shall show a profit such profit shall subject to the foregoing clauses be distributed among each of those owners of land within the Scheme Area, who accept wholly or in part the offers mentioned in Clauses 16 (a) to 19 in the proportion which the value of the owners old lot or portion thereof within the Scheme Area bears to the total value of the old lots within the Scheme Area whose owners have accepted wholly or in part the offer made to them pursuant to Clauses 16 (a) to 19. For the purpose of this clause the values shall be those finally made pursuant to Clauses 11 and 41 hereof. The right to participate in the profits shall not in the absence of agreement devolve to any person not the owner of the land who accepted an offer made by the Council pursuant to this Scheme.

Encumbrances on Title.

37. In the event of any land in the Scheme Area being subject to a registered mortgage charge or lease or to a caveat to protect the interest of the purchaser, mortgagee, chargee or lessee the Council shall not make any payments to nor transfer a lot to the owner without the consent of all persons entitled to the benefit of the encumbrance or unless subject to similar encumbrances.

Moneys Owning to Council and for Rates and Taxes.

38. The Council shall deduct from any moneys payable to an owner the amount of any unpaid rates or taxes and any other moneys owing by the owner to the Council. Except in the case of pensioners no lot shall be transferred to an owner until all moneys owing by him for rates and taxes have been paid.

Powers of Council.

39. The Council in the conduct and management of this Scheme shall in addition to the powers and authorities hereinbefore mentioned have the following powers:—

- (a) To enter and inspect the land within the Scheme Area.
- (b) To enter into agreements or arrangements with the owners or occupiers of any land within the Scheme Area.
- (c) To extend the time within which any offer of lots may be accepted.
- (d) To acquire by purchase or otherwise any land or buildings within the Scheme Area.
- (e) To dispose of any lots to which it becomes entitled either as the owner of land within the Scheme Area at the date of the coming into operation of the Scheme or to which it becomes entitled pursuant to the Scheme upon such terms and conditions as it may think fit. Without limiting the generality of the foregoing the Council may sell the lots singly or in groups and on the condition that buildings of a specified character with specific parking or other facilities shall within a limited period be constructed thereon or that the land and buildings be used for a specified purpose.
- (f) To transfer any land acquired by it in pursuance of the Scheme as compensation or part compensation and to enter into agreements relative to the determination and settling of compensation.
- (g) To enter into such agreements and arrangements with the Metropolitan Water Supply Sewerage and Drainage Board as seems proper to the Council for the purpose of draining the Scheme Area and providing reticulated water and sewerage disposal services within the Scheme Area.
- (h) To remove, alter or demolish any building which obstructs the observance or carrying out of the Scheme.
- (i) With the consent of the Town Planning Board to make minor variations to the survey design where necessary or desirable.
- (j) To let or lease on such terms and conditions as it thinks fit any land or buildings acquired by it pursuant to this Scheme.
- (k) With the consent of all owners affected thereby to alter the allocation of any replacement lots.
- (l) If an owner does not accept an offer the Council may but is not obliged so to do to pay by way of compensation the interest on the Scheme to which the owner would have been entitled if he had accepted the offer or a part thereof.

Valuations.

40. Where it is necessary to ascertain the value of any land for the purpose of Clauses 11 and 12 the value shall be determined on the assumption that there are no buildings, structures or fences thereon and shall be made by the Chief Valuer of the State Taxation Department or by such other valuer being a member of the Commonwealth Institute of Valuers as shall be approved by the Council.

41. If an owner objects to the value placed on his land he may give notice of such objection to the Council within twenty-eight (28) days after having been notified of the said value or revised value. If the valuer does not agree to change the value to a figure acceptable to the owner and if the objection shall not have been withdrawn the value shall be determined by the arbitration of a single arbitrator in manner hereinafter provided.

42. If a value placed on a lot shall be changed as the result of an objection the valuer may reconsider the value placed on the other lots and make such re-valuations as he considers just and equitable. The owners affected shall forthwith be notified of any change in value so made.

Arbitration.

43. Any dispute or difference between the owners as to the valuation of land made for the purpose of this Scheme may be referred to the arbitration of a single arbitrator in manner provided by the Arbitration Act, 1895 or any statutory modification thereof for the time being in force and if the parties fail to agree upon any one arbitrator he may be nominated by the Council.

Time Limit for Claims for Compensation.

44. Claims for compensation by reason of the operation of the Scheme shall be made within six months of the coming into operation of the Scheme or the date of the issue of a notice of resumption or the issue of a notice of rescission under Clause 31 hereof whichever is the later.

Adopted by resolution of the Council of the Town of Canning at the meeting of the Council held on the 11th day of June, 1973, and the seal of the Municipality was pursuant to that resolution, hereunto affixed in the presence of—
