WESTERN AUSTRALIAN TEACHER
EDUCATION AUTHORITY.

VACANCY—CHIEF EXECUTIVE OFFICER.

THE Western Australian Teacher Education Authority invites applications from people interested in and qualified for appointment to the position of Chief Executive Officer of the Authority. The position becomes vacant on the 24th March, 1975, but it is hoped to make an appointment from the 24th February, 1975.

The Authority.

The Authority which is a statutory body consisting of a Council, a Secretariat and the five existing constituent teachers colleges is charged with the promotion, encouragement and improvement of teacher education in Western Australia. The Authority is also charged to provide appropriate professional education in other fields to meet the needs of the community. It has a co-ordinating function and is responsible for the provision of services for the constituent colleges.

The Chief Executive Officer.

The Chief Executive Officer is charged with the duty of preparing policy documents for the Council and with encouraging the developing autonomy of the colleges. He is therefore the senior administrative officer in the Authority and represents the Authority on a number of other bodies concerned with the co-ordination, planning and development of post secondary education in Western Australia.

Salary and Conditions of Service.

The salary for the position is \$21 550 and conditions comparable with Public Service Conditions in Western Australia apply. The Chief Executive Officer is eligible for joining or continuing in the State Government Superannuation Fund or joining the Western Australian Teacher Education Authority Superannuation Scheme. Transfer of superannuation and other accrued rights is possible in certain circumstances.

Qualifications.

It is hoped to appoint an applicant with high academic qualifications including qualifications in education and/or educational administration who has had substantial experience in high level edu-

cational administration at the tertiary level, either in a tertiary institution or a tertiary education co-ordinating body. Experience in teacher education would be an advantage but not necessarily essential.

Applications.

Application forms may be obtained from—

The Secretary,
Western Australian Teacher Education
Authority,
Box 7, Post Office,
Nedlands, W.A. 6009,

with whom applications will close on the 11th October, 1974.

EDUCATION AUTHORITY.

Western Australian Secondary Teachers
College.

VACANCY—PRINCIPAL.

APPLICATIONS are invited from suitably qualified and experienced people for the position of Principal of the W.A. Secondary Teachers' College which will become vacant from the 1st January, 1975.

The College.

The College is one of the five constituent colleges of the Western Australian Teacher Education Authority and is principally engaged in the training of secondary teachers either in diploma courses or in courses in conjunction with the University of Western Australia or the Western Australian Institute of Technology. Courses in Community Recreation are also conducted by the College and it is likely that other courses other than in teacher education will be introduced.

At present the enrolment is some 2 100 students with an anticipated growth to approximately 2 600 students.

Government of the College.

The College is governed by a Board with the Principal as the Chief Executive Officer, Chief Academic Officer and Chairman of the Board. The Board operates under the Teacher Education Act, 1972 and is thus subject to the Council of the Western Australian Teacher Education Authority and the Western Australian Tertiary Education Commission.

However, the College is a corporate body under the Act with a very large degree of autonomy. The Principal with his senior staff is responsible for the policy of the College subject to the approval of the College Board.

Salary and Conditions of Service.

The present salary for the position is \$20 530 and conditions of service are as for academic staff with superannuation, long service leave, study leave and six leave entitlements. A statement of the Conditions of Service may be obtained on application.

Qualifications.

Applicants should possess high academic qualifications, preferably including qualifications in education and/or educational administration. Experience in teacher education is essential, preferably with administrative experience in a teachers college or in a school of education in a university or college of advanced education. Other relevant experience could be considered as an alternative to the experience in teacher education.
