10. Value of new Lots.

14. The lots created by the re-survey of the Scheme Area in accordance with the Scheme Map (hereinafter called "the new lots") shall be valued as at the date of coming into operation of the Scheme as residential land on the basis that all works to be undertaken as part of this Scheme have been carried out.

Valuations.

15. (a) The valuations of the lots shown on the Land Use Plan, hereinafter called "old lots" shall be valued as at the 30th day of July, 1973, the date on which Wanneroo Shire Council received valuations on the "old lots" from the Chief Valuer, State Taxation Department.

(c) The basis of valuation will be the unimproved value as defined by Section 533(3) of the Local Government Act 1960 as amended.

(d) If an owner shall object to the value placed on his old lot, he may give notice of such objection to the Council within thirty (30) days after having been served with notice of the said value. If the valuer does not agree to change the value to a figure acceptable to the owner the value shall be determined by arbitration in accordance with the provisions hereinafter contained.

(e) If a value placed on a lot shall be changed as the result of an objection, the valuer may reconsider the value placed on the other lots and make such revaluations as he considers just and equitable.

(f) Where a valuation in respect of the old lots is referred to arbitration, it shall be determined by a single arbitrator in the manner provided by the Arbitration Act, 1895, or any statutory modification thereof at the time being in force and if the parties fail to agree on any one single arbitrator, he will be nominated by the President of the Australian Institute of Valuers Incorporated, W.A. Division. The arbitrator shall have regard to matters placed before him in respect of the value to be determined in regard to the values placed on other land in the Scheme Area as the old lot value.

23. Claims for compensation by reason of the operation of this Scheme shall be made within six months of the coming into operation of the Scheme, or the date of the issue of a notice of resumption or the issue of a notice of rescission under clause 31 hereof whichever is the later.

Allocation and Disposal of New Lots.

24. The new lots created by the re-survey of the area shall be dealt with as follows:—

- (a) Each owner of land within the Scheme Boundary will be offered a new lot or lots with the position and dimensions as nearly as possible as that shown on "Scheme Map" bearing the numbers shown in red assigned to his old lot on the Land Use Map (hereinafter called "replacement lots").
- (b) The Council shall set aside sufficient lots (hereinafter called "saleable lots") in order that the costs of the Scheme may be paid from the sale of them.
- (c) The remaining parts of new lots or value of part new lots shall be apportioned among the owners of the old lots as equitably as possible and offered to such owners, either upon payment of a proportionate part of the new lot valuation by the owner in order that he may obtain a further whole new lot or upon payment to the owner by the Scheme of the proportionate part of a new lot to which the owner is entitled.
- (d) The offer mentioned in sub-clause (c) hereof must be such that the total value of the replacement lots offered and the new value of any land within the Scheme Area, together with or subject to a payment in money, is equal to the owner's interest in the scheme as ascertained in accordance with clause (17) hereof.
- (e) An owner from whom land has been resumed but to whom no offer of land is made shall be offered a cash payment equal to that owner's interest in the scheme.

Nature of Offers.

25. The offers mentioned in clause 24 hereof shall be made in writing to each of the said owners and served by certified post on him at his address as appearing in the Rate Book of the Council and shall specify the new lot or lots the subject of the offer payment to be made or received as the case may be and an estimate of any compensation payable to the owner under the Scheme, and the old lot in respect of which the offer is made. It shall also specify the owner's interest in the Scheme, how the offer is calculated, the valuations placed on the said lots and payment to be made or received as the case may be.

26. The offer shall specify a date not being less than twenty-eight (28) days after the posting of the said offer within which the offer may be accepted.

27. The offer may be accepted by notice in writing to the Council at any time before the date specified in the said offer and if not accepted within such time, shall, subject to Clause 23 hereof, be deemed to have been rejected. No acceptance of the offer shall be deemed a valid acceptance unless all rates and taxes owed by the owner of land within the area specified have been paid.

28. The offer of the replacement lot or lots may be accepted and the offer of the remaining lots may be rejected.

29. If an owner does not accept an offer wholly or in part Council shall vary the offer so that it is a total cash offer equal to his interest in the Scheme and shall hold that sum in trust.

30. If the offer be wholly accepted it shall be accepted by the owner in full settlement and satisfaction of all claims for compensation in respect of the resumption from him of the old lot in respect of which the offer was made and otherwise in respect of the operation of this Scheme.

Registration of Transfers.

31. The Council shall cause to be prepared and sent to those owners entitled transfers in respect of each offer of a replacement lot which has been accepted by the owner in accordance with this Scheme. If an owner shall fail to complete the transfer in accordance with the Transfer of Land Act, 1893-1959, and return it to the Council for registration within twenty-eight (28) days after having been called upon to do so by notice served by registered post on the owner at his address last known to the Council (which notice may be served with the transfer), the Council may rescind any agreement whereby such owner is entitled to have the land the subject of the transfer transferred to him and thereupon such owner shall have a claim against the Council only for compensation for the resumption of the land in respect of which the offer of the replacement lot or lots was made and the land subject of the transfer shall be treated as a rejected lot.

Rejected Lots.

32. If an owner does not accept an offer made to him by the Council in accordance with this Scheme or fails to complete a transfer of the said lot in the manner aforesaid, the Council may deal with the lots so affected as hereinafter appears.

Sale of Saleable Lots and Rejected Lots.

33. The Council may sell the saleable lots and the rejected lots either by public auction or private contract as a whole or in separate lots upon such terms and conditions as the Council may think fit. In the event of a sale by private contract the price shall not be less than the price recommended by the Chief Valuer of the Taxation Department of Western Australia, one of his officers or a valuer being a member of the Australian Institute of Valuers Incorporated, W.A. Division, unless, after submitting the land for sale by public auction or tender that price has not been obtained.

Valuation of Saleable Lots and Rejected Lots.

34. The Council may acquire all saleable lots, or any individual saleable lot which is not purchased during a normal sale and ascertain the value of them or those unsold from the Chief Valuer of the State Taxation Department, one of his officers or a valuer being a member of the Australian Institute of Valuers Incorporated, W.A. Division, as determined by Council and credit the Scheme with the value it so ascertained and in that event the lots shall be the property of the Council and may be retained, sold or otherwise dealt with in such manner as the Council thinks fit.

Income and Expenditure.

35. In the event of money received by the Council from the operation of the Scheme exceeding the total payments and liabilities in respect of the Scheme, the amount of such excess will be distributed amongst the owners from whom land was resumed according to their interest in the Scheme.

36. In the event of money received by Council from the operations of the Scheme, not exceeding the total payment and liabilities in respect of the Scheme, the amount of such deficit will be borne by the municipal fund.

37. If an owner or other person or persons entitled to an interest in the Scheme cannot be found, the Council may after the expiration of six years from the date on which an offer was made in accordance with Clause 24 hereof, expend the amount of his interest in the Scheme on the improvement of the Scheme area and thereafter such owner shall have no claim in respect of such money.

Encumbrance on Title.

38. In the event of any land in the area being subject to a registered mortgage charge or lease or to a caveat to protect the interest of the purchaser, mortgagee, chargee or lessee, the Council shall not transfer a new lot to the owner unless subject to similar encumbrances or with the consent of all persons entitled to the benefit of the encumbrance.

Powers of Council.

39. The Council in the conduct and management of this Scheme shall have the following powers:—

- (a) To enter and inspect the land within the area.
- (b) To enter into agreement or arrangement with the owners of any land within the area.
- (c) To extend the time within which any offer of replacement lots may be accepted.
- (d) To acquire by purchase or otherwise any land within the area.
- (e) To dispose of any lots to which it becomes entitled as the owner of land within the area at the date of the coming into operation of this Scheme upon such terms and conditions as it may think fit.
- (f) To transfer any land acquired by it in pursuance of this Scheme as compensation or part compensation and to enter into agreement relative to the determination and settling of compensation.
- (g) To make minor variations to the survey design where necessary or desirable as laid down in Clause 10.
- (h) To lodge Caveats pursuant to the Scheme.

Finance.

40. The Council shall do all things necessary in order to raise loans or to provide funds from other sources for the purpose of providing the finance necessary for the implementation of the Scheme. If Council shall be unable to arrange the necessary finance, it shall be under no liability to the owners of land within the Scheme Area or to any other person by reason of its failure to acquire lands or carry out works.

Arbitration.

41. Any dispute or difference between the owners as to their respective rights under the Scheme and any matter which by the terms of this Scheme may be determined by arbitration may be referred to the arbitration of a single arbitrator in manner provided by the Arbitration Act 1895, or any statutory modification thereof for the time being in force and if the parties fail to agree upon any one single arbitrator he may be nominated by the Chief Valuer of the Taxation Department in Western Australia.

Change of Zoning.

42. The Council may from time to time apply for the consent of the Hon. Minister for Town Planning to the zoning or rezoning of the land included within the Scheme Area.
