ORDER IN COUNCIL.

L.G. C-4-4A.

WHEREAS it is enacted, *inter alia*, by section 299 of the Local Government Act, 1960-1976, that a sea jetty, the approach to which is in a district is, if the Council consents and the Governor makes the necessary Order, to be regarded as being within that district, and if the jetty is a public jetty, and the council consents, and the Governor makes the necessary Order, it is committed to the care, control, and management of the council of that municipality; and whereas the approach to the sea jetty known as the Gladstone Jetty at Gladstone is in the district of the Shire of Carnarvon and the jetty is a public jetty; and whereas the Council of the Shire of Carnarvon has consented to the jetty being regarded as being within the district of the Shire of Carnarvon and has consented to the jetty being committed to the care, control and management of the Council: Now,

therefore, His Excellency the Governor, acting with the advice and consent of the Executive Council and in exercise of the powers conferred by section 299 of the Local Government Act, 1960-1976, doth hereby order that the Gladstone Jetty at Gladstone be regarded as being within the district of the Shire of Carnarvon and the jetty is committed to the care, control and management of the Council of that Shire.

R. D. DAVIES,  
Clerk of the Council.

Workers' Compensation Act, 1912-1975.

ORDER IN COUNCIL.

PURSUANT to the provisions of section 13 of the Workers' Compensation Act, 1912-1975, the group of employers specified in the Schedule to this Order having proved to the satisfaction of the Minister that such group of employers has established a fund for insurance against the full amount of its liability to pay compensation under that Act to all workers employed by them and has deposited at the Treasury securities charged with all payments to become due under such liability; His Excellency the Governor, acting with the advice and consent of the Executive Council and under the powers conferred by Section 13 of the Act, doth hereby exempt, subject to subsection 8 of that section, the group of employers specified in the Schedule to this Order from the operation of that Section for the period ending on the 31st December, 1978.

R. D. DAVIES,  
Clerk of the Council.

  - (b) by revoking regulations 60 to 78, both inclusive.
- Regulation 90 amended. 4. Regulation 90 of the principal regulations is amended by deleting the passage "Part IV. of these regulations" in lines one and two and substituting the passage "the Fire Brigades (Superannuation Fund) Regulations, 1977, as in force from time to time".

## FIRE BRIGADES ACT, 1942-1975.

Chief Secretary's Department,  
Perth, 13th April, 1977.

HIS Excellency the Governor in Executive Council acting under the provisions of section 35 of the Fire Brigades Act, 1942-1975 has been pleased to make the regulations set out in the Schedule hereto to have effect on and after the 29th day of April, 1977.

C. W. CAMPBELL,  
Secretary.

## Schedule.

## Regulations.

## Preliminary.

1. These regulations may be cited as the Fire Brigades (Superannuation Fund) Regulations, 1977.
2. (1) In these regulations unless the contrary intention appears—
  - “actuary” means the actuary for the time being appointed by the Board as actuary to the Fund pursuant to regulation 9;
  - “Board” means the Western Australian Fire Brigades Board;
  - “child” includes, *inter alia*, a step-child, a legally adopted child and a child recognised by the Board as an adopted child and also includes a child of a deceased Member born after the death of the Member;
  - “Committee” means the Superannuation Advisory Committee established under regulation 6;
  - “dependant” means the spouse and any child of a Member and any person who, in the opinion of the Board, is or, in the case of a deceased Member, was at the time of the death of the Member, wholly or partially dependent on the Member or who has or had, as the case may be, a legal or moral right to look to the Member for support;
  - “employee” means any person who is employed by or under the Board and is by the terms of his employment required to give his whole time to the duties of his employment but does not include a casual employee;
  - “final average salary” in relation to a Member means the average annual rate of salary of the member during the period of three years immediately preceding the earlier of—
    - (a) the date on which he ceased to be in the service of the Board (whether by reason of death or otherwise); and
    - (b) his normal retirement date,
 except in the case of a Member whose Membership as at the earlier of those dates is of less than three years in which case the expression means his average annual rate of salary during that Membership;
  - “Fund” means the Western Australian Fire Brigades Board Superannuation Fund;
  - “life office” means a company registered under the Life Insurance Act, 1945 of the Parliament of the Commonwealth as amended from time to time or any Act passed in substitution for that Act;
  - “Member” means an employee who is a member of the Fund by operation of regulation 10 or 11;
  - “Membership” in relation to a Member means the most recent uninterrupted period commencing not earlier than the first day of October, 1946 during which he has been a subscriber to the Fund under the superseded regulations or a member of the Fund under these regulations;
  - “normal retirement date” in relation to a Member means the date on which he reaches the age of fifty-five years or the date on which he completes thirty years’ Membership, whichever is the later date, or such later date (not being later than the date on which the Member reaches the age of sixty-five years) as is determined by the Board with the consent of the Member in any particular case;
  - “paragraph” means a paragraph of the regulation or subregulation in which the term is used;
  - “regulation” means one of these regulations;
  - “salary” means salary or wages and includes the values of service and other allowances other than an allowance for acting in and performing the duties of a higher office, but does not include overtime or bonuses;
  - “subregulation” means a subregulation of the regulation in which the term is used;
  - “superseded regulations” means Part IV of the Fire Brigades Act Regulations as amended and in force from time to time before the coming into force of these regulations;

“the benefit formula” in relation to a Member means the formula—

$$B = \frac{S}{8} \times \frac{M}{12}$$

where

- B is the lump sum benefit payable to or in respect of the Member;
- S is the final average salary of the Member; and
- M is the Membership of the Member expressed in completed months.

(2) For the purposes of these regulations—

(a) a member shall be regarded as being totally and permanently disabled—

- (i) if he is totally and permanently disabled within the meaning of and for the purposes of any policy of insurance or assurance effected by the Board with a life office and in force for the time being in respect of him; or
- (ii) in the event of no policy referred to in subparagraph (i) of this paragraph being in force in respect of him for the time being, if, in the opinion of the Board after consideration of such medical evidence as it may from time to time require, he is unable, and will permanently and continuously be unable, through illness or injury to engage in any occupation for which he is, in the opinion of the Board, reasonably suited by education, training and experience and which, in the opinion of the Board, provides satisfactory remuneration having regard to his previous salary in the service of the Board;

(b) a member shall be regarded as being partially and permanently disabled if he is not totally and permanently disabled but has been absent from the service of the Board through injury or illness for six consecutive months or such lesser period as in the circumstances the Board considers appropriate and, in the opinion of the Board after consideration of such medical evidence as it may from time to time require, he is unable, and will permanently and continuously be unable, through illness or injury to engage in any occupation in the service of the Board for which he is, in the opinion of the Board, reasonably suited by education, training and experience and which, in the opinion of the Board, provides satisfactory remuneration having regard to his previous salary in the service of the Board.

(3) A reference in these regulations to the amendment of these regulations includes a reference to the amendment, substitution or revocation of any of these regulations or the addition of a regulation to these regulations.

(4) Nothing in these regulations in any way affects the terms and conditions of employment of any employee.

3. Subject to regulation 34 the Board may from time to time recommend to the Governor that these regulations be amended in the manner or to the effect specified in the recommendation.

#### Continuation of Fund.

4. (1) In this regulation “the existing fund” means the pension or superannuation fund for the employees contributing thereto established as on and from the first day of October, 1939 and continued by the superseded regulations under the title of the Western Australian Fire Brigades Board Superannuation Fund.

(2) The existing fund shall be and is hereby continued under the title of the Western Australian Fire Brigades Board Superannuation Fund but on the date on which these regulations come into force the respective accounts of the separate subscribers to the existing fund shall be closed and on and from that date the moneys that stood to the credit of those accounts immediately before that date shall, together with all moneys thereafter received by the Fund, constitute the Fund and be treated as one fund.

#### Management.

5. (1) The Board shall control the Fund.

(2) In so far as it is not regulated by these regulations the procedure of the Board as to the management of the Fund, the execution of deeds and documents, and all other matters connected with the Fund shall be regulated by the Board in accordance with resolutions of the Board.

(3) Subject to subregulation (4) the expenses of management and administration of the Fund shall be borne by the Board out of its funds.

(4) The Board may at any time determine that the Fund shall bear the whole or any portion of the expenses of management of the Fund.

#### Superannuation Advisory Committee.

6. (1) A committee to be known as the Superannuation Advisory Committee shall be established for the purposes of these regulations.

(2) The Committee shall consist of five members.

(3) Three members of the Committee (in this regulation called “Board Committee members”) shall be appointed by the Board.

(4) The Board may from time to time remove any of the Board Committee members and appoint another in his place and may, as and when necessary, fill any other vacancy occurring among the offices of the Board Committee members.

(5) Two members of the Committee (in this regulation called "employee Committee members") shall be elected by the Members by secret ballot.

(6) One employee Committee member shall be elected by the Members who are on the uniformed staff of the Board and the other employee Committee member shall be elected by the Members who are on the non-uniformed staff of the Board.

(7) Elections of employee Committee members shall be held under the control of the Committee as constituted for the time being and the first elections shall be held within six months after the establishment of the Committee.

(8) Until the results of the first elections are declared by the Board the employee Committee members shall be William Latter, Union Official and Milton Purdy, Accountant.

(9) The employee Committee members (other than those holding office by virtue of subregulation (8)) shall hold office for terms of three years.

(10) Where the office of one of the employee Committee members has become vacant otherwise than by effluxion of time the vacant office shall be filled for the unexpired part of the term of the office which so became vacant by a person elected in the manner in which the former holder of the office was elected.

(11) The Board shall appoint one of the Board Committee members to be the Chairman of the Committee.

(12) Four members of the Committee shall form a quorum.

(13) The Committee shall meet, adjourn, and regulate its proceedings as it thinks fit.

7. (1) The Committee shall advise the Board on all matters concerning the payment of benefits under these regulations.

(2) The Committee may recommend to the Board that these regulations be amended in the manner or to the effect specified in the recommendation and the Board may, if it thinks fit, cause the recommendation to be conveyed to the Governor.

#### Records, Accounts and Audit.

8. (1) The Board shall keep a complete record of all Members and of all persons becoming entitled to a retirement or other benefit under these regulations and of the deaths and withdrawals of Members and all other matters necessary for the efficient conduct of the Fund.

(2) The Board shall keep proper books of record and accounts and shall once in every year prepare a statement of receipts and disbursements together with a balance sheet showing the state of the Fund.

(3) Every statement and balance sheet prepared pursuant to subregulation (2) shall be audited by the Auditor General, who shall have in respect to such accounts, all the powers conferred on him by any law for the time being in force relating to the audit of the public accounts.

#### Appointment of Actuary.

9. (1) The Board shall appoint as actuary to the Fund any person who is, or any firm a member of which is, a Fellow of the Institute of Actuaries of Australia and New Zealand or of any body formed in reconstruction of or substitution for that Institute.

(2) The Actuary shall be appointed on such terms as the Board may think fit.

#### Members.

10. Where, immediately before the date on which these regulations come into force an employee is a subscriber to the Fund within the meaning of the superseded regulations that employee shall, on and from that date and so long as he continues in the service of the Board, be a Member of the Fund and shall be bound in all respects by these regulations.

11. Any person appointed by the Board as an employee on and after the date on which these regulations come into force shall, on and from the date of his appointment and so long as he continues in the service of the Board, be a Member of the Fund.

#### Contributions.

12. (1) Subject to subregulation (2) each Member shall contribute to the Fund a sum equal to  $6\frac{1}{4}$  per cent of his salary, and such contributions shall be deducted by the Board when each payment of salary becomes due or payable and shall be paid into the Fund on his behalf.

(2) No contributions shall be payable by a Member after his normal retirement date or after the date on which a benefit becomes payable to or in respect of him under these regulations.

(3) As soon as practicable after the first actuary is appointed and thereafter at such intervals (not exceeding three years in duration) as the Board may determine the actuary shall advise the Board of the amounts or rates of contribution required from the Board to ensure the stability of the Fund and secure the rights of Members.

(4) The Board shall on or as soon as practicable after each day on which salary becomes payable to employees contribute to the Fund a sum equal to 8 $\frac{3}{4}$  per cent of the total amount of the salaries that become payable to employees on that day or such greater sum as may be calculated in accordance with—

- (a) the amounts or rates of contribution last advised to the Board by the actuary pursuant to subregulation (3); or
- (b) such other amounts or rates of contribution as may, from time to time, be agreed to by the Board and the actuary.

(5) If at any time the rate of the total contributions payable to the Fund by the Board pursuant to this regulation would exceed 1 $\frac{1}{2}$  times the rate of the total contributions then so payable by Members the Board may, subject to regulation 34, recommend to the Governor that these regulations be amended so as to vary or reduce the benefits payable under these regulations in an equitable manner determined by the Board with the advice of the actuary in order that the rate of the total contributions payable to the Fund by the Board shall not exceed 1 $\frac{1}{2}$  times the rate of the total contributions so payable by Members.

#### Investment of Fund.

13. (1) The Board may from time to time and in the name or otherwise under the control of the Board invest the whole or any part of the moneys or assets of the Fund not for the time being required for any other purpose in any investments of the following kinds that is to say—

- (a) any investments that are from time to time authorised by any Act of the State for the investment of trust funds;
- (b) any investments approved by the Treasurer for the purposes of these regulations;
- (c) any investments of a class or kind approved by the Treasurer for the purposes of these regulations,

and may sell or vary such investments or transpose or convert such investments into or for another or others.

(2) The Board may enter into such underwriting or sub-underwriting arrangements or the like as it may think proper but only if the securities underwritten will, when issued, be investments authorised by any Act of the State for the investment of trust funds.

14. (1) The Board may appoint one or more persons, firms or bodies corporate to act as an investment manager or investment managers for the Fund.

(2) An investment manager appointed under subregulation (1) may, subject to such conditions as the Board may determine, exercise such of the Board's powers, discretions and authorities under regulation 13 as the Board thinks fit.

(3) The appointment of an investment manager under subregulation (1) does not prevent the exercise of any power, discretion or authority by the Board.

(4) The Board may pay out of the Fund to any investment manager appointed under subregulation (1) such remuneration for his services as the Board considers proper.

#### Insurance.

15. The Board may effect policies of insurance or assurance with a life office to provide for all or any part of the benefits that may become payable from the Fund and may pay out of the Fund all premiums in respect of policies so effected.

#### Payment of Benefits.

16. (1) Subject to subregulation (2) the Board shall decide upon all claims upon the Fund.

(2) Before deciding upon a claim the Board shall seek and consider the advice of the Committee in relation thereto.

#### Retirement Benefits.

17. Subject to these regulations—

- (a) where a Member leaves the service of the Board on his normal retirement date there shall be payable to him from the Fund a lump sum benefit calculated in accordance with the benefit formula;
- (b) where a Member retires from the service of the Board before his normal retirement date but on or after reaching the age of sixty years there shall be payable to him from the Fund a lump sum benefit calculated in accordance with the benefit formula;
- (c) where with the approval of the Board a Member retires from the service of the Board before his normal retirement date and before reaching the age of sixty years but on or after reaching the age of fifty-five years, there shall be payable to him from the Fund a lump sum benefit calculated in accordance with the benefit formula;
- (d) where a Member continues in the service of the Board after his normal retirement date then upon his subsequently leaving that service there shall be payable to him from the Fund the lump sum benefit that would have been payable to him under paragraph (a) if he had retired on his normal retirement date together with interest on that sum at such rates as the Board may from time to time determine compounded yearly for the period from his normal retirement date to the date of his leaving the service of the Board.

## Death Benefits.

18. (1) Subject to these regulations—

(a) upon the death of a Member while in the service of the Board on or before his normal retirement date there shall be payable from the Fund—

- (i) a lump sum benefit calculated in accordance with the benefit formula; or
- (ii) a lump sum benefit being a multiple of his salary at the time of his death, that multiple being determined pursuant to the table hereunder—

Where the Member's age next birthday at the date of death is not more than—	The death benefit as a multiple of salary shall be—
55	3.750
56	3.375
57	3.000
58	2.625
59	2.250
60	1.875
61	1.500
62	1.125
63	0.750
64	0.375
65	0.000

whichever is the greater;

(b) upon the death of a Member while continuing in the service of the Board after his normal retirement date there shall be payable from the Fund the lump sum benefit that would have been payable under paragraph (d) of regulation 17 if the member had retired from that service on the day immediately preceding the date of his death.

(2) Benefits under subregulation (1) shall be payable from the Fund by the Board—

(a) to or for the benefit of such one or more of the dependants of the deceased Member as the Board may in its absolute discretion determine to the exclusion of any other or others of them, in such shares and proportions as the Board may in its absolute discretion determine; or

(b) to the legal personal representatives of the deceased member, as the Board may in its absolute discretion determine.

(3) If after reasonable enquiry it appears to the Board that a Member died leaving no dependants and that it is unlikely that any person will apply for a grant of probate of the will or administration of the estate of the Member the amount which would otherwise be payable under subregulation (1) shall be retained in the Fund.

(4) Where under this regulation any sum is payable to or for the benefit of an infant the Board may pay that sum to the person appearing to the Board to be the parent or guardian of the infant or to be the person having the actual custody or control of the infant or with whom the infant is residing, on behalf of the infant and the receipt of that person for any moneys so paid shall be a good discharge to the Board for those moneys and the Board shall not be bound to see to their application.

## Total and Permanent Disablement Benefits.

19. Subject to these regulations if a Member leaves the service of the Board before his normal retirement date as a result of his total and permanent disablement there shall be payable from the Fund to or in respect of the Member a lump sum benefit equal to the benefit that would have been payable under paragraph (a) of subregulation (1) of regulation 18 if the Member had died on the last day in respect of which he received salary from the Board.

## Partial and Permanent Disablement Benefits.

20. Subject to these regulations if a Member leaves the service of the Board before his normal retirement date as a result of his partial and permanent disablement there shall be payable from the Fund to or in respect of the Member a lump sum benefit equal to the benefit that would have been payable under subparagraph (i) of paragraph (a) of subregulation (1) of regulation 18 if the Member had died on the last day in respect of which he received salary from the Board.

## Benefits on Termination of Service.

21. (1) Subject to these regulations where a Member leaves the service of the Board before his normal retirement date otherwise than as provided in regulation 17, 19 or 20 there shall be payable from the Fund to or in

respect of the Member a lump sum benefit calculated in accordance with the formula—

$$B = C + \frac{(C \times Y)}{30}$$

where

B is the lump sum benefit payable to or in respect of the Member;

C is the total amount of the contributions made to the Fund by the Member under these regulations together with the contributions (if any) made to the Fund by him before the date on which these regulations came into force;

Y is the Membership of the Member expressed in completed years.

(2) If, in the opinion of the Board, a Member entitled to a benefit under subregulation (1) has left the service of the Board for exceptional reasons the Board may increase the amount of that benefit but the total benefit payable under this regulation shall not exceed the amount that would have been payable to the Member if he had been entitled to a lump sum benefit calculated in accordance with the benefit formula.

#### Transfer to and from Fund.

22. The Board may with the written consent of a Member and subject to such conditions as the Board may decide pay or transfer to any other superannuation or like fund any benefit which becomes payable to or in respect of a Member under these regulations on the termination of his service with the Board and the receipt of such other fund shall be sufficient discharge to the Board and the Board shall not in any way be responsible for the payment or disposal by the trustees or other persons controlling the other fund of the benefit so paid or transferred.

23. The Board may make and carry into effect an arrangement with a person who is, or has been, a member of another superannuation or like fund or with the trustees or other persons controlling that other fund, or with both him and them, whereby an agreed sum or agreed assets shall be paid into or transferred to the Fund and that person shall, as a Member of the Fund, be granted such rights to benefits additional to those otherwise provided under these regulations as the Board shall determine with the advice of the actuary.

#### Forfeiture of Entitlements.

24. No benefit payable out of the moneys of the Fund shall be assignable at law or in equity either in whole or in part and if any person shall do or cause or suffer to be done any act or thing or if some event shall happen whereby all or any part of the benefit to which he may be entitled if payable or accruing to him absolutely would, whether by his own act or by operation of law, become payable to or vested in any other person or in any statutory or other public authority that benefit shall be forfeited.

25. Where any person entitled to a benefit under these regulations has, in the opinion of the Board, become of unsound mind that benefit shall be forfeited.

26. Where a benefit has been forfeited pursuant to regulation 24 or 25 the Board may at any time and from time to time pay out of the Fund to such person or persons as it thinks fit such sum or sums as it thinks fit for the benefit of the person who would, but for regulation 24 or 25, have been entitled to the benefit and his dependants or any of them but the total amount paid under this regulation shall not exceed the amount that would have been payable to or in respect of the person but for regulation 24 or 25.

#### Dismissal for Misconduct, etc.

27. (1) If a Member—

- (a) is dismissed after being party or privy to any defalcation in respect of the funds of the Board or the Fund;
- (b) is dismissed for any offence against the Act or the regulations thereunder; or
- (c) resigns to avoid dismissal on grounds referred to in paragraph (a) or (b),

the lump sum benefit payable to or in respect of the Member pursuant to regulation 17 or 21 shall be applied so far as is necessary, and so far as it extends, to make good any defalcation referred to in paragraph (a) and to meet any costs or losses (including the costs of any prosecution or civil proceedings) incurred by the Board or the Fund as a result of any such defalcation or of any offence referred to in paragraph (b) and, subject to these regulations, the balance (if any) of the benefit which is not so applied shall be payable to or in respect of the Member.

#### Temporary Cessation of Employment.

28. (1) If any Member leaves the service of the Board in circumstances in which it is reasonable to expect that the cessation of his service may be of a temporary nature and that he may re-enter the service of the Board, the Board may allow him to continue to be a member of the Fund upon such terms and conditions as may be agreed upon by the Board and the Member.

(2) Where a Member is to be absent from the service of the Board on leave without pay the Board and the Member may enter into an agreement as to the terms and conditions upon which he shall continue to be a member of the Fund during his absence.

(3) Subject to anything to the contrary contained in terms and conditions agreed upon pursuant to subregulation (1) or (2), as the case may be, any period during which—

(a) a Member has continued to be a member of the Fund pursuant to subregulation (1); or

(b) a Member has been absent from the service of the Board on leave without pay,

shall be deducted from the Membership of the Member for the purposes of making any calculation in relation to the Member under—

(c) the benefit formula; or

(d) the formula set out in subregulation (1) of regulation 21.

(4) Subject to anything to the contrary contained in terms and conditions agreed upon pursuant to subregulation (1) or (2) as the case may be, for the purposes of calculating any benefit that becomes payable under these regulations in respect of a Member who—

(a) has during any period been absent from the service of the Board on leave without pay; or

(b) has during any period continued to be a member of the Fund pursuant to subregulation (1) and has re-entered the service of the Board,

the Member shall be deemed to have received salary during that period at a rate equal to the rate at which salary was payable to him immediately before the commencement of that period.

#### Deductions from Benefits.

29. (1) Unless in any particular case the Board determines otherwise, a benefit payable to or in respect of a Member pursuant to paragraph (a) of subregulation (1) of regulation 18 or regulation 19 shall, subject to subregulation (2) be reduced by—

(a) the amount of any insurance sought by the Board in respect of the death of the Member or the total and permanent disablement of the Member, as the case may be, that has been—

(i) refused by a life office; or

(ii) offered by a life office at other than normal rates and not effected by the Board; and

(b) the amount of any claim not admitted by a life office under the terms of a policy effected by the Board in respect of the death of the Member or the total and permanent disablement of the Member, as the case may be.

(2) Notwithstanding subregulation (1) the amount of any benefit payable to or in respect of a Member pursuant to paragraph (a) of subregulation (1) of regulation 18 or regulation 19 shall not be less than the benefit that would be payable to or in respect of the Member if calculated in accordance with the benefit formula.

(3) Notwithstanding anything contained in these regulations the Board may deduct from the money which but for this subregulation would be payable to or for the benefit of a Member, or any person claiming through a Member, any amount that is owing to the Board by the Member.

#### Proofs.

30. (1) Any person appearing purporting or claiming to be qualified or entitled to any benefit under the Fund shall on request produce to the Board such evidence, do such acts and execute such documents as the Board may reasonably require.

(2) Whenever it is necessary for the Board to decide questions of fact it may act upon such proofs or presumptions as it may deem satisfactory whether the same be strictly legal proofs or legal presumptions or not.

#### No Personal Claim.

31. No Member or person claiming through him or on his behalf or as his dependant shall be entitled to require payment of that Member's interest in the Fund except as is provided in these regulations.

#### Time and Mode of Payment of Benefits.

32. Notwithstanding anything contained in these regulations, for the purpose of facilitating the administration of the Fund the Board may—

(a) postpone the payment of any benefit payable under these regulations for any period not exceeding six months after the happening of the event upon which the benefit became payable;

(b) make payment of any benefit payable under these regulations itself or cause or arrange for such payment to be made for or on its behalf.

## Notices.

33. (1) Notices to Members may be given by the Board through its Chief Executive Officer to such Members personally, or by sending the same through the post in prepaid letters addressed to the respective Members at the last known address of each or to the work place where each is stationed.

(2) Any notice sent by post shall be deemed to have been served on the day following the day on which the envelope or wrapper containing the same is posted, and in proving such service it shall be sufficient to prove that the envelope or wrapper containing the notice was properly addressed and put in the post office.

## Recommendation of Amendments.

34. (1) Subject to subregulation (3) the Board shall not recommend to the Governor that these regulations be amended unless—

(a) the actuary certifies that the total value of the rights of Members and their dependants accrued at the time of making the amendment will not be reduced thereby; or

(b) not less than two-thirds in number of the Members who would be affected by the amendment give their consent in writing thereto.

(2) If during the continuance of the Fund any law of the Commonwealth or of the State requires the Board or Members, or both the Board and Members, to pay, either directly or indirectly, any contributions or premiums under a scheme for the provision of superannuation, retiring allowances, pensions or any other benefits similar to benefits provided under these regulations, the Board may, from time to time and acting upon the written advice of the actuary, recommend to the Governor that these regulations be amended so as to take into account the contributions or premiums, and benefits payable under that scheme.

(3) Subregulation (1) does not apply to a recommendation under subregulation (2) but before making such a recommendation the Board shall advise the Members as to the amendments to these regulations that it proposes to recommend.

## Winding-up and Distribution.

35. With the consent of the Governor the Board may at any time resolve to wind-up and distribute the Fund by giving to the Members six months' previous notice in writing of its intention so to do and upon the expiration of that notice the Fund shall be dissolved and all moneys and other assets of the Fund after payment of any expenses incurred by the Board in connection with the winding-up shall be distributed by the Board with the advice of the actuary in such manner as it considers equitable taking into account the provisions of these regulations and these regulations shall be deemed to be revoked and to have no effect whatsoever, except for the purpose of determining any right or title or exercising any power or discretion for the time being necessary to be determined or exercised for the purposes of winding-up and distributing the Fund.

IT is hereby notified for public information, in accordance with section 7 of the Town Planning and Development Act, 1928 (as amended), that the Minister for Urban Development and Town Planning approved the Town of Gosnells Town Planning Scheme Amendment on the 21st March, 1977, for the purpose of amending the Scheme Text by up-dating and revising some clauses in which deficiencies have appeared, prior to the preparation of a new Town Planning Scheme. The Scheme Text as updated and revised is published as a schedule annexed hereto.

A. A. MILLS,  
Mayor.

G. N. WHITELEY,  
Town Clerk.

Schedule.

TOWN OF GOSNELLS TOWN PLANNING  
SCHEME No. 1—AMENDMENT No. 75.

THE Scheme Text of the above Town Planning Scheme is hereby reprinted as updated and revised by Amendment No. 75.

TOWN OF GOSNELLS TOWN PLANNING  
SCHEME No. 1.

THIS Town Planning Scheme is prepared by the Council of the Town of Gosnells under the provisions of the Town Planning and Development Act, 1928 and the Metropolitan Region Town Planning Scheme Act, 1959, primarily for the purpose of zoning and classifying land within the District of the Town of Gosnells and regulating development thereon, but also includes other purposes authorised by the enabling Act.

PART I—PRELIMINARY.

1. The Scheme is known as "Town of Gosnells Town Planning Scheme No. 1", hereinafter called "the Scheme", and shall come into operation on the publication thereof in the *Government Gazette*.

2. (a) This Scheme shall apply to the whole of the land set out in the Maps in the appendices hereto.

(b) The Scheme is complementary to and not a substitute for the Metropolitan Region Scheme.

The provisions of the Metropolitan Region Scheme, as amended from time to time, shall continue to have effect.

(c) Notwithstanding anything to the contrary in this Scheme the Council may with the consent of the Minister require or when required by the Minister so to do, shall require that the development of any land within the Scheme Area, however zoned, shall be subject to the provisions of clauses 10, 24 and 30 of the Metropolitan Region Scheme.

3. The responsible authority for carrying out the Scheme is the Council of the Town of Gosnells except that where land is defined in the Scheme Map as "Regional Reservation" the responsible authority shall be the Metropolitan Regional Planning Authority and the provision of the Metropolitan Regional Planning Scheme shall apply to such land.

4. The Scheme is divided into the following Parts and Schedules:—

Part I.—Preliminary.

Part II.—Reserved Land.

Part III.—Zones.

Part IV.—Non-conforming Use of Land.

Part V.—Special Provisions as to Certain Zones and Uses.

Part VI.—Building Alignments.

Part VII.—General.

Schedules:

First—Land Use Map (Annotated Map No. 2).

Second—Scheme Map (Annotated Map No. 3).

Definitions.

5. Interpretation—In the Scheme, unless the context otherwise indicates:

Use restricted to use specified on Scheme Map

Notes: (1) To provide for corner shops in Zones A and B.  
(2) As permitted by the Town of Gosnells "Old Motor Vehicles Bylaws (No. 2)."

17. Subject to Part IV of the Scheme—

- (a) land within any zone may not be used for a controlled use (known as a use class) except as authorised by the Zoning Table;
- (b) no building in any zone shall be erected or altered and no building in any zone shall be used or adapted for use for any purpose other than a purpose authorised by the Zoning Table;
- (c) no person shall commence, carry out, alter or extend any development use of land or building without first applying for and

obtaining the written approval of the Responsible Authority within areas zoned under this Part, except that such approval is not required for the erection of a single dwelling house on a lot within a Residential "A", Residential "B" or Rural Zone.

- (d) approval under this Part does not exempt the person to whom the approval is granted from the requirement if any, to obtain permission or approval for development on the land under any other law.

## PART IV.—NON-CONFORMING USE OF LAND.

18. No provision of the Scheme shall prevent—

- (a) the continued use of any land or building for the purpose for which it was being lawfully used at the time of the coming into operation of the Scheme; or
- (b) the carrying out of any development thereon for which immediately prior to that time, a permit or permits required under the Act, or any other law authorising the development to be carried out had been duly obtained and was current.

19. (1) Where in respect of land reserved under Part II of the Scheme a non-conforming use exists or was authorised pursuant to Clause 18, no building shall be erected altered or extended or used except with the written approval of the Responsible Authority.

(2) Where in respect of land zoned under Part III of the scheme a non-conforming use exists or was authorised pursuant to clause 18, any building thereon may be extended to the limits permitted by the Uniform Building By-laws, or by any other by-laws made under the Local Government Act 1960 for the purpose of limiting the size, location and distance from boundaries and any other matter required by law for that class of use within the boundary of the lot or lots on which the use was carried on immediately prior to the coming into operation of the Scheme.

## DISCONTINUANCE OF NON-CONFORMING USE.

20. (1) Notwithstanding the preceding provisions of this Part, when a non-conforming use of any land or building has been discontinued, for a period of twelve consecutive months, such land or building shall not thereafter be used other than in conformity with the provisions of the Scheme.

(2) The Responsible Authority may effect the discontinuance of a non-conforming use by the purchase of the affected property, or by payment of compensation to the owner or the occupier or to

both the owner and the occupier of that property, and may enter into an agreement with the owner and/or occupier for that purpose.

21. If any land, to which clause 18 hereof applies, be subdivided only such lots upon which on the coming into operation of the Scheme, there existed substantial buildings or works, or upon which, with the consent of the responsible authority, any enlargement or extension of a building or works had been carried out, may, in pursuance of clause 18, continue to be used for a purpose not conforming with the provisions of the Scheme.

22. A person having the benefit of non-conforming use shall comply with all requirements and conditions as would pertain to the site if it were zoned for its non-conforming use.

## PART V.—SPECIAL PROVISIONS AS TO CERTAIN ZONES AND USES.

## Site Restrictions.

23. (1) Dwellings: A person shall not erect or convert to use any building or structure as a dwelling or a shop and attached dwelling unless such building or structure is erected on a lot having a frontage of not less than 20 metres and an area of not less than 800 square metres.

(2) Notwithstanding the provisions of subclause (1) of this clause a dwelling may be erected on any lot resulting from a subdivision approved by the Town Planning Board under the provisions of the Act, or by the Minister on appeal to him under section 26 of the Act.

(3) Provided however, that in the case of a tapered lot having a minimum width of 17 metres at a distance of 9 metres from the street, alignment, the lot may have a frontage of not less than 15 metres.

(4) Duplex dwelling: The ratio between duplex and single units shall not be less than one in six, i.e., there shall be a physical frontal gap of not less than five single dwellings between each duplex unit except with the specific approval of Council to any alteration to this standard.

24 (1) Residential "A" Zone: A person shall not construct, erect or convert to use any building or structure as a single or duplex dwelling except in conformity with Table 5.

## Note:—

In areas served by reticulated sewerage disposal, the Responsible Authority may permit a reduction in the minimum lot area only, to 680 square metres for single family unit dwellings and 1 000 square metres for duplex dwellings.

However, a reduction to not less than 1 000 square metres in the area of sites for duplex dwellings may also be permitted by the Responsible Authority in unsewered area provided that reticulated sewerage is not expected to be available to serve the lot within 12 months and the Responsible Authority is satisfied that the land is suitable for the efficient on-site disposal of effluent and sullage with septic tanks.

Where comprehensive architectural plans and design of houses, such as are commonly known as “patio houses” are submitted for a minimum group of 4 dwelling units, the Council has, with the consent of the Town Planning Board, a discretion to modify standards as follows:

300	3 267	12	39.6	1 (Single family patio house)	0.35	1 per D.U.	6	Nil between patio houses 3 m at ends of each row	6
-----	-------	----	------	-------------------------------	------	------------	---	--	---

Where comprehensive architectural plans and designs are submitted for multi-unit development with a lot area exceeding 1 hectare the Minister may, after considering reports from the Responsible Authority and the Town Planning Board, modify any standard, other than the plot ratio, if he is satisfied that the modifications are both socially and aesthetically desirable.

Where comprehensive sub-division plans and development designs are submitted for precincts or neighbourhoods with a minimum area of 8 hectares the Minister may, after considering reports from the Responsible Authority and the Town Planning Board, modify any standard, if he is satisfied that the modifications are both socially and aesthetically desirable.

Where a design for a single unit development is such that when complying with the provisions in respect of set backs from front and side boundaries it is not possible to obtain a minimum clearance of 7.5 metres from the rear boundary, the Responsible Authority may, by special resolution, reduce the requirement for set back from the rear boundary to not less than 6 metres.

24A.—Senior Citizens’ Homes: The following provisions shall apply to the development of sites for Senior Citizens’ Homes:—

- (i) Lot size—the minimum lot area shall be 2 000 square metres with the minimum effective frontage of 30 metres.
- (ii) Density Development—the maximum number of units to be permitted on a site shall be calculated to the nearest unit at the rate of one dwelling unit containing one bedroom or one bed-sitting room for each 300 square metres in area, provided that the disposal of effluent can be carried out satisfactorily to the requirements of Public Health Regulations.
- (iii) Plot Ratio—the plot ratio shall not exceed 0.35.
- (iv) Minimum Standard of Accommodation—each unit within the development shall be of no lesser standard than that required by the Uniform Building By-laws, 1965 (as amended) and Public Health Regulations in respect of minimum accommodation for residential flats or single unit flats.

(v) Building Alignments and Set Back Lines—

- (a) a building shall not be erected closer to the street alignment than a line drawn 9 metres from and parallel to the street alignment, provided that this may be reduced to 7.5 metres in cases where a series of buildings along one frontage are located so that the average set back from the street alignment is not less than 9 metres.
- (b) the distance between a building and the rear boundary of a lot shall be not less than 6 metres.
- (c) the distance between a building and a side boundary not being a street frontage, shall be not less than 3 metres.

(vi) Distances between Buildings—the distance between any two buildings on the same lot shall be in accordance with the following scale or the minimum distance required

under the formula set out below, whichever is the greater:

	Minimum Distance Apart Metres
(a) where buildings are located with side walls adjacent to each other	3
(b) where buildings are located with one side and one rear wall adjacent to each other	7.5
(c) where buildings are located either facing one another or back to back	12

Single storey covered parking areas and a garden store not more than 3.7 square metres in area shall not be regarded as separate buildings for the purpose of this subclause.

The formula regulating the minimum distance between any two buildings (referred to as "Building A" and "Building B") is as follows:—

$$D = \frac{L^a + L^b + 2(H^a + H^b)}{6}$$

where—

D is the required minimum horizontal distance between any wall of Building A and any wall of building B or the vertical prolongation of either.

$L^a$  is the total length of Building A.

The total length of Building A is the length of that portion or portions of a wall or walls of Building A from which, when viewed from directly above, lines drawn perpendicular to Building A will intersect any wall of Building B.

$L^b$  is the total length of Building B.

The total length of Building B is the length of that portion or portions of a wall or walls of Building B from which, when viewed from directly above, lines drawn perpendicular to Building B will intersect any wall of Building A.

$H^a$  is the height of Building A.

The height of Building A is the height above natural ground level of any portion or portions of a wall or walls along the length of Building B. Natural ground level is the mean level of the ground immediately adjoining the portion or portions of the wall or walls along the total length of the building.

$H^b$  is the height of Building B.

The height of Building B is the height above natural ground level or any portion or portions of a wall or walls along the length of Building B. Natural ground level is the mean level of the ground immediately adjoining the portion or portions of the wall or walls along the total length of the building.

(vii) Open Space and Community Area.

- (a) Not less than 40 per cent of the site shall be landscaped and planted with trees, shrubs lawns or flowers, and developed and maintained as garden areas. The 40 per cent, referred to in this sub-clause shall be additional to any area set aside for the uncovered parking of cars and the drying of laundry.

A planting and landscape plan, showing in detail trees and shrubs to be planted or retained, and the garden treatment generally, shall be submitted with the application for a Building Licence and shall form part of that Building Licence.

- (b) The Responsible Authority shall, if it considers them necessary, require the persons carrying out the development to provide communal facilities for the use of residents within that development.

These facilities are to be located on a site being in area not less than 10 per cent of the total area of the site being developed.

This area shall not be included in the calculation of the 40 per cent. open space area referred to in paragraph (a) of this subclause, and shall be shown specifically on the approval plan for development.

- (viii) Car Parking—there shall be one car parking space for each dwelling unit. This may be either covered or open area. If uncovered, each space shall be located so that a garage or carport could be erected thereon without contravention of the building by-laws.

- (ix) Site Coverage—A Senior Citizens' Homes development shall not occupy a greater area than 35 per cent of the site.

- (x) Modification of Standards—Where comprehensive designs and architectural plans are submitted for a Senior Citizens' Homes development, the Minister may, after considering reports from the Responsible Authority and the Town Planning Board, modify any standard if he is satisfied that that the modifications are both socially and aesthetically desirable.

24B. Display Home Centres: The following conditions shall apply to display home centres:—

All applications for display home centres shall be subject to the Council's approval to commence development.

A display home centre is not acceptable on a major road within 400 metres of a major intersection.

An off-street parking area shall be provided on the basis of at least five spaces for each display house.

Floodlights shall not be illuminated after 10.00 p.m.

Each application approved shall be reviewed after the expiry of twelve months from the date of Council's approval in principle.

24C. Residential Development—Requirements for Open Space Recreation and Amenity. An Open Space standard of 4 hectares per 1 000 people is equivalent to 40 square metres per person. The average sized family in the District of the Council is 3.6 people. This means that the average dwelling unit requires 144 square metres of Public Open Space, over and above the normal 10 per cent. of public open space provided on subdivision or development. The following formula shall apply where development or redevelopment proposals provide for higher than single residential density:—

- (a) For each additional dwelling unit over single residential density based on a minimum lot size of 680 square metres each developer shall provide 144 square metres in area of land for recreation or amenity or in lieu thereof a payment in cash if approved by the Council. All such land to be provided as aforesaid shall be transferred free from encumbrances at no cost to the Council before commencement of the development.

- (b) Where land is to be provided it shall be:
- (i) Either be in parcels of sufficient size to permit economical development for the purpose for which it is reserved or be so situated as to permit

- parcels of land contributed by adjoining subdividers and/or developers being amalgamated with it to form an economic entity.
- (ii) Freely accessible to the general public by means of a constructed road or street unless otherwise determined by Council.
- (iii) Located within a radius of 0.5 kilometres of the development.
- (c) Where the Council approves a payment in cash in lieu the payment shall be of an amount equal to the value of the portion of the land that would otherwise be provided under the above formula.
- (d) In default of agreement between the Council and the developer the value of the aforesaid portion shall be such proportion of the unimproved value of the whole of the land of which the portion forms part as valued at the cost of the developer by the Commissioner of State Taxation as at the date of approval of the development by the Council as the area of the portion bears to the total area of the whole of the land.
- (e) Any cash payment to be made to the Council shall be made before the commencement of the development and all moneys received by the Council shall be used or expended by the Council for the purchase acquisition improvement or development of land for recreation purposes in accordance with the requirements of section 20 of the Town Planning and Development Act, 1928 (as amended).
25. (1) Shops: A person shall not erect or convert to use any building or structure as a shop or local business site unless the building or structure is erected on a lot having a frontage of not less than 5 metres and an area of not less than 190 square metres.
- (2) On any subdivision subsequent to the coming into operation of the Scheme an access way of a minimum width of 5 metres shall be provided for services and off-street loading giving access to a public road or street.
- 25A. Shopping Centres: Planning and development of shopping areas shall be carried out to the standard to be approved by the Council incorporating the principles and provisions enumerated below:
- (a) Building and Landscape:
- (i) The building group shall be designed to produce an integrated layout.
- (ii) Buildings shall be of complimentary design with particular reference to height and shape of verandahs and cantilever and also in terms of colour tone and texture of facing material so that all components of form and finish will blend harmoniously.
- (iii) The design shall make provision for general uniformity of future advertising outside of shops and will be in keeping with the architectural quality of the development.
- (iv) Provisions shall be made for planting and landscaping of the development to enhance its appearance and to secure a harmonious relationship between the centre and the existing or potential use of adjoining land.
- (v) Service access to rear of shops shall be screened from public view to the satisfaction of the Council.
- (b) Traffic—Access, Safety and Circulation—
- (i) Service for shops shall be provided by vehicle access to the rear of such shops.
- (ii) Off street parking shall be laid out to provide the highest possible degree of safety and convenience to users.
- (iii) Access from public roads to parking area shall be sited to reduce traffic hazards to a minimum.
- (iv) Any service station proposed within the curtilage of the shopping centre shall be located and designed in such a way as to secure the safety and orderly circulation of vehicular traffic, and not interfere with the safety and convenience of pedestrian movement.
- (v) The Standards required under items (i) and (iv) inclusive shall be to the satisfaction of the Council.
- (c) Kiosks in Shopping Centres—No person shall without the approval of the Council erect use or occupy a Kiosk in a Shopping Centre. The Council may grant its approval on such terms and conditions as it thinks fit and may withdraw any approval granted by it.
- 25B. Car Sales Premises:—Land shall not be used or developed for the purpose of car sales premises unless the Council approves of such use in writing. When considering any application for approval under this clause the Council shall have regard to the nature and amenities of the area in which it is proposed to establish such use. In granting approval for such use or development the council may impose conditions as to:
- (a) the place or places on the land where vehicles may be displayed;
- (b) the number of vehicles which may be displayed at any time and the manner in which the same shall be screened from view from adjacent Residential areas;
- (c) the orderly storage of vehicles;
- (d) the provision of landscaping and natural planting;
- (e) the provision of customer and employee car parking;
- (f) the size and appearance of advertising signs;
- (g) the minimum distance from any street at which vehicles may be displayed provided that where the land adjoins any Residential Zone such distance shall not be less than the building line prescribed for that Zone.
- (h) the location of floodlights and such control as is necessary to prevent nuisance to nearby residents.
- 25C. Open air display premises:—Land shall not be used or developed as premises for the purpose of display and sale of machinery, equipment, material and other goods unless the Council approves of such use in writing. When considering any application for approval under this clause the Council shall have regard to the nature and amenities of the area in which it is proposed to establish such use.
- In granting approval for such use or development the Council may impose conditions as to:
- (a) the place or places on the land where machinery, equipment, materials and other goods may be displayed;
- (b) the amount and extent of such display and the manner in which the same shall be screened from view of adjacent Residential areas;
- (c) the orderly storage of the machinery, equipment materials and other goods;
- (d) the provision of landscaping and natural planting;
- (e) the provision of customer and employee car parking;
- (f) the size and appearance of advertising signs;

- (g) the minimum distance from any street at which the display may be maintained, provided that where the land adjoins any Residential Zone such distance shall be not less than the building line prescribed for that Zone;
- (h) the location and control of lighting of the premises to prevent nuisance or inconvenience to nearby residents.

25D. Composite Lots: In cases where a lot is situated within two zones no person shall—

- (a) use or permit to be used any part of the lot for purposes other than those permitted in the zones of which it forms part;
- (b) allow a house in the residential portion of the lot to be occupied by any person other than the occupier or an employee of the occupier of the light industrial part of the lot;
- (c) erect on the portion zoned for residential use any dwelling other than a single unit dwelling.

25E. Service Industry: If a service industry is being conducted on land classified for other than industrial use the area used for industrial purposes on the premises must not exceed 50% of the gross area of the buildings thereon.

26. (1) Use of Setback Areas: No person shall in a Shops and Local Business Zone, Industrial Zone, Light Industrial/Residential Composite Zone, Light Industrial Zone, use the land between the building setback line and the street alignment for any purpose other than one or more of the following:—

- (a) a means of access;
- (b) the daily parking of vehicles used by employees and customers;
- (c) the loading and unloading of vehicles;
- (d) trade display, but not more than one-fifth of the area and not within 3 metres of the street;
- (e) lawns and gardens;
- (f) the said area shall not be used for the parking of vehicles displayed for sale or which are being wrecked or repaired; nor for the stacking or storage of fuel, raw materials, products or by-products or wastes of manufacture.

(2) Garden Areas in Industrial Zones: Planting and garden shall be provided by the owner and maintained by the occupier according to the following provisions:

- (a) in Industry & Light Industry Zones: An area of not less than 3 metres wide adjoining the street boundary including those areas not occupied by either parking access or egress points which are sited in front of the building set-back line;
- (b) the garden areas shall be planted within twelve months from the date of issue of a Building Licence to construct a building or three months of completion of building, whichever is the sooner and shall be maintained thereafter;
- (c) garden areas shall incorporate not less than two trees or 3 shrubs for each 50 square metres of the planting and garden area.

(3) Notwithstanding subclause (1) of this Clause, where the Responsible Authority grants an approval in accordance with Clause 35 subclause (d), the land between the alignment of the building and the street alignment, where less than 15 metres in width, shall not be used for any purpose other than for means of access and for lawns or gardens, or with the special approval of the Council, for trade display.

(4) A person shall not in a Light Industrial Zone, "General Industrial" and "Warehouse Zone" which abuts Wimbledon Street, Beckenham or Rupert Street, Kenwick use the land between a line 6

metres back from and parallel to the street alignment for any purpose other than lawns, gardens and tree planting, or with the special approval of the Responsible Authority as a means of access.

26A. Industrial Use Adjoining Residential Use: For the purpose of Industry or Light Industry no person shall use any lot which adjoins a lot within a Residential area unless—

- (a) the Industrial or Light Industrial use is screened from the Residential Lot by a wall or closed picket fence not less than two metres high and by trees or shrubs; and
- (b) all Industrial or Light Industrial activities are set back at least 9 metres from the common boundary.

26B. Factory Tenement Buildings and Factoryettes: Land in Industrial and Light Industrial Zones may be used for factory tenement buildings and factoryettes provided that the number of units on any particular lot shall not be more than the equivalent of 16 per hectare, subject to the provisions of this clause:

- (a) no person shall occupy or use or permit to be occupied or used a factory tenement building or any part thereof unless it is situated on a parcel of land of at least 2000 m<sup>2</sup> in area and has a frontage to a road of not less than 40 metres; notwithstanding the foregoing, in the case of industrial subdivisions created before this clause became operative, Council has the discretion to approve a development on a lesser frontage than 40 metres, but not less than 35 metres.
- (b) the construction, occupation and use of a Factory Tenement Building or Factory Unit shall comply with the following requirements:—
  - (i) the floor area shall not be less than 90 square metres;
  - (ii) neither its width nor its length shall be less than 6 metres;
  - (iii) there shall be appurtenant to each factory unit an area not smaller than third the floor area of the factory unit for storage and service purposes. Storm water and effluent drainage facilities are to be contained within this area. The storage area shall be in addition to the area set aside for parking.
  - (iv) Provided that the owner has given a written undertaking to Council that no storage of materials or products will be allowed outside the building(s) and this is included as a condition in the Town Planning approval, then the provision of a storage area as required by paragraph (iii) above may be waived.
- (c) each open yard shall be screened from public roads and adjoining factoryettes by a close fence or wall of not less than 1.8 metres in height provided that the Council may relax this requirement in cases where it considers the requirement unnecessary;
- (d) (i) there shall be situated in the open yard of each factoryette a bin area for rubbish. The bin area shall be of not less than nine square metres and shall be in such a position that vehicles have direct access to it by a paved internal service road.
- (ii) In developments where Council has approved that storage yards need not be provided, centrally located rubbish disposal area(s) shall be provided in such a position that vehicles have direct access by a paved internal road.

Such a centralised rubbish disposal area shall:

- contain an area of six square metres for each tenement unit or twenty-four square metres whichever is the greater;
  - be enclosed in a re-inforced masonry or concrete wall not less than 1.8 metres in height;
  - contain a concrete floor fitted with drainage.
- (e) Paved parking spaces shall be provided on the scale laid down for Factory Tenement Buildings in clause 28 Table 4 Item 21. This off street parking may be provided as an overall area on site.
- (f) Each factoryette and each open yard shall have direct access on to a paved service road and there shall be connecting access between each factoryette and its open yard.
- If the service road is situated between buildings or between a building and a boundary of the lot, it shall not be less than six metres in width; if the service road is situated between open yard or an open yard and a building or a boundary of the lot, it shall not be less than four and a half metres in width.
- Where a service road changes direction, the width of the service road at the point that it changes direction shall be to the satisfaction of the Council.
- (g) all internal service roads shall be so constructed that motor vehicles may return to a street without reversing;
- (h) vehicle and service paved access roads shall be maintained clean and in good condition;
- (i) factory units shall be separated from each other by an internal wall or walls constructed of brick, stone or concrete in accordance with the Uniform Building By-Laws. Where Strata Titles are involved these walls shall form a parapet through the roof;
- (j) internal walls within a factory tenement building shall not be altered or removed without the consent of the Council;
- (k) fire escapes and services shall be provided as required by the Uniform Building By-laws;
- (l) each unit the subject of a Strata Title shall contain its own toilets, lunch room and other amenities within the "lot" and not in the "common property" ("Lot" defined as per Strata Titles Act). It is possible that communal facilities such as a canteen could be provided as part of the "common property" but this would be at the discretion of Council.
- (m) Offices associated with a factory tenement building shall be designed as an integral part of each factory unit.
- (n) The owner of the land on which a factory tenement building is situated shall:
- (i) ensure that the rubbish from the bin area provided for each factoryette is cleared away not less frequently than once a week;
  - (ii) keep all parts of the premises not the subject of separate occupancies in a clean and tidy condition;
  - (iii) prohibit and prevent the erection or display of advertising signs or a signboard unless in accordance with the by-laws of the Council relating to Signs.
- (o) (i) In cases where a factory is established on a lot and the owner proposes to convert the factory into factoryettes

or extend the building for use as factoryettes, this will be permitted provided that the changes to be made to the premises comply in all respects with the requirements of the Scheme for factory tenement building and factoryettes, and the plans are approved by the Council.

- (ii) Notwithstanding the requirements of this clause where a factory owned and occupied by one person or company is established on a lot exceeding 8 000 square metres in area and an area of not less than 4 000 square metres is vacant and is not being used or is not required for the provision of parking areas to the Scheme requirements in connection with the established factory, the Council may if due to the position of the factory subdivision of the lot is not feasible, permit the owner to use the vacant land for the development of factoryettes without complying with the requirements of the Scheme for factoryettes in respect to the established factory provided that:
  - (i) an unrestricted access way of not less than ten metres in width or two unrestricted access ways totalling ten metres in width with one not less than 4.5 metres in width can be set aside leading from a public street to the area to be developed with factoryettes;
  - (ii) the access way or ways and the area to be used for factoryettes development is clearly marked on a site plan as such;
  - (iii) the factoryette development meets the requirements of the Scheme in all other aspects, as if the land used as such were in fact a separate lot.
- (p) Notwithstanding the generality of the above, the Council may approve of an office building situated in front of the factory units to provide office accommodation facilities for the units constructed on site but such offices may not be erected, used, leased or let to any persons not being a tenant, lessee or joint owner of a factory unit constructed on site.

26C. Land set aside for Particular Use: No person shall use a service road, access way, parking area or areas set aside for lawns, gardens, or planting of trees for any purpose other than that for which it has been designated or set aside on an approved plan, without the prior consent of the Council and in any event not unless suitable alternative provisions have been made.

26D. Radio installation ancillary to commercial and industrial uses: All installations for this purpose which require more than one radio mast and/or requires that mast to have a height of more than 30 metres above ground level shall be designated "Wireless Installations" and shall be only permitted in a special site zone (Use Class 21) with land-line connection between transmitter and business premises if necessary.

26E. Special Light Industry Zone: The following additional provisions shall apply to development and use of land within the Special Light Industry Zone:—

- (a) There shall be only one industry or industrial use on each subdivided lot.
- (b) No development or use of land or building shall be commenced without the prior approval of the Responsible Authority in writing.

This approval will be restricted to those light and service industries which in the opinion of the responsible authority would not be detrimental to the amenity of a neighbouring residential zone.

- (c) Each lot shall be developed with a dwelling in addition to any industrial building, structure or works.
- (d) Where an existing lot extends into an un-subdivided residential zone a permit may be issued for the dwelling to be erected within the residentially zoned portion of the lot provided that:—
- (i) a subdivision of the lot to excise the dwelling shall not be permitted unless approval has been granted for the erection of a further dwelling on the lot and the erection is substantially completed;
  - (ii) portion of the lot within the Special Light Industry Zone is set aside and retained for future development of a dwelling and is not to be used for an industrial purpose;
  - (iii) there is direct access between both portions of the lot, to the satisfaction of the Responsible Authority.
- (e) Buffer plantation areas shall be provided, planted with suitable trees and shrubs and maintained by the owners and/or occupiers of the site to the satisfaction of the Responsible Authority, as follows:
- (i) sites with one or more boundaries adjacent to a drainage or other reserve which is a residential zone boundary shall be provided with a plantation strip not less than 9 metres in width, and
  - (ii) sites with one or more boundaries adjacent to a railway reserve shall be provided with a plantation strip not less than 3 metres in width.
- (f) Advertising signs shall not be erected or maintained within a buffer plantation area.

27. Rural Zone—Wayside Stalls: Within a rural or deferred urban zone temporary structures may be erected as wayside stalls, provided that sales are restricted to those produced or grown on the site by the stall owners.

27A. Home Occupation—If a home occupation has been carried on with the approval of the Responsible Authority and if, in the opinion of the Responsible Authority, such home occupation is causing a nuisance or annoyance to neighbours or to owners or occupiers of land in the neighbourhood, the Responsible Authority may rescind the approval granted by it and after such rescission no person shall upon the land the subject of a resolution for rescission carry on a home occupation unless approval to do so shall subsequently be granted by the Responsible Authority.

27B. Parking: No person shall park or cause to be parked any vehicle within the Town of Gosnells other than on a constructed road pavement, a vehicle crossing constructed to give access from a constructed road to a lot, or on a parking area authorised by the Council and the permissible parking of any vehicle may be controlled by parking by-laws which may from time to time be in force.

27C. Traffic Entrances: The Council may refuse to permit more than one vehicular entrance or exit to or from any lot. The Council may require separate entrances and exits; or may require that entrances and exits be placed in positions nominated by it, if it considers such provision necessary to avoid or to reduce traffic hazards.

#### Site Coverage.

28. Dwellings in Residential Zones: A person shall not erect or convert to use any building or structure as a dwelling that together with any buildings appurtenant thereto is a total gross area that in any case exceeds a percentage site coverage of 33.

28A. A residential building or a flat building, together with any buildings appurtenant thereto shall not occupy a greater area than 40% of the site.

29. (1) Shops and Local Business Zones: A person shall not erect or convert to use any building or structure as a shop or other business that together with any buildings appurtenant thereto is of a total gross area that exceeds a plot ratio of 2 and a percentage site coverage of 60.

(2) Notwithstanding the provisions of subclause 1 hereof, the Responsible Authority may determine in any particular case a percentage site coverage less than that thereby prescribed to enable the site to be adequately drained and to ensure the efficient operation of an effluent disposal system or to provide the vehicle parking as prescribed in clause 32 Table 4.

#### Amenity Control.

30. Vehicle Parking and Loading: The purpose of this clause is to secure the provision of off-street parking and loading facilities in relation to the use of land so as to reduce or prevent the congestion of traffic on any road or public place. Every person who constructs or who substantially reconstructs, alters or adds to a building on any site or changes the use of any land or building shall make provision for vehicles used in conjunction with the site (whether by occupiers, their employees or invitees or other persons) to stand on or sufficiently close to the site but not on a street while being loaded or unloaded or awaiting use.

31. (1) Size and Location of Car Spaces and Loading Facilities: The minimum dimensions of every required car parking space shall be:

- (a) for car parking bays set at right angles to the access way thereto minimum bay sizes of 2.5 metres by 5.5 metres;
- (b) for car parking bays set parallel to the access way thereto minimum bay sizes of 2.5 metres by 5.5 metres shall be provided;
- (c) bays set at any angle other than a right angle to the access way thereto shall only be approved with the express consent of the Council;
- (d) width of access ways in the case of (a) above shall be 6 metres minimum and in the case of (b) above shall be 4 metres minimum.

(2) When considering any development application, the Responsible Authority shall have regard to and impose conditions on the details of locating and designing the required car parking spaces and loading facilities. In particular, the Responsible Authority shall take into account, and may impose conditions concerning:

- (a) the proportion of spaces to be roofed or covered;
- (b) the proportion of spaces to be below natural ground level;
- (c) the means of access to each space and the adequacy of any manoeuvring area;
- (d) the location of the spaces on the site and their effect on the amenity of adjoining development, including the potential effect if spaces should later be roofed or covered.
- (e) the suitability and adequacy of proposed screening or natural planting;
- (f) the locations of proposed public footpaths, vehicular crossings, or private footpaths within the lot and the effect on both pedestrian and vehicular traffic movement and safety.
- (g) the suitability of and adequacy of elevated structural decks for development and service as a proportion of the required area for natural planting and pedestrian space.

32. (1) Number of Parking and Loading Spaces to be Provided:

The number of spaces to be provided in respect of any particular site shall be determined by the Responsible Authority having regard to the nature of the use and the known or likely volumes of goods, materials or people moving to and from the site, and

where the use is stipulated, not less than the number of spaces set down in Table 4 hereunder.

Provided that where the site of an existing premises is of insufficient area to permit the development to conform to the provisions of Table 4 and such premises are altered or enlarged the Responsible Authority may approve a lesser number of spaces than required by Table 4. However, there shall be provided at least the number of spaces previously provided on the site plus the number of spaces required to fulfil the provisions of Table 4 in respect of the new works and extensions.

(2) Where car parking spaces being provided in accordance with Table 4 are to be located other than on the site being developed, such parking area shall be sited to the satisfaction of the Responsible Authority and shall be the subject of a rezoning application to the Hon. Minister for Town Planning.

(3) Where a secondary use is combined with any other form of development, parking requirements shall be assessed both on that use and the predominant use.

(4) The owner of land whereon provision is to be made for paved parking spaces in conformity with the Scheme shall before any building is constructed enlarged rebuilt or extended lodge with the Council a plan on which is delineated all paved parking spaces and access lanes to be provided in accordance with the Scheme.

(5) When the buildings are completed, the owner shall at all times clearly indicate on the ground the boundaries of all paved parking spaces and access lanes in conformity with the said plan.

(6) Cash Payment in lieu of Providing Parking Spaces: The Council may accept a cash payment in lieu of the provision of paved car parking spaces, but subject to the requirements of this Clause.

(a) a cash-in-lieu payment shall be not less than the estimated cost to the owner of providing and constructing the parking spaces required by this Scheme, plus the value, as estimated by the Council, of that area of his land which would have been occupied by the parking spaces.

(b) before the Council agrees to accept a cash payment in lieu of the provision of parking spaces, the Council must either have already provided a public parking station nearby, or must have firm proposals for providing a public station nearby within a period of not more than eighteen months from the time of agreeing to accept the cash payment;

(c) payments made under this clause shall be paid into a special fund to be used to provide public parking stations and the Council may use this fund to provide public parking stations anywhere in its District.

(7) It shall be lawful for Council to enter into agreements with owners in a locality for the purpose of rationalising parking on nearby adjoining sites. Council may purchase land, obtain rights of way or rights of carriage-way through any lot, agree to a concession on numbers of vehicles to be provided in return for access arrange for reciprocal parking uses on adjacent or nearby lots. Any expenses incurred in these negotiations or the purchase of land are recoverable by Council from those persons benefiting from the parking arrangements.

TABLE 4—NUMBER OF PARKING SPACES.

Use	Number of Parking Spaces
1. Dwellings, dual accommodation and duplex houses ....	As set down in Clause 24 Table 5
Flats ....	As required by Clause 24—Table 6 but one additional space for every four flats shall be provided and set aside for visitor parking.
2. Other residential buildings ....	1 to every 2 persons the building is designed to accommodate.
3. Motels ....	1 to each room used as a bedroom plus 1 to each 25 square metres of gross floor area of service buildings.
4. Licensed Premises—Dining Rooms, Restaurants and Reception Lodges	
(i) Hotel or Tavern:	
(a) Bedrooms ....	1 car parking space for each bedroom.
(b) Bars ....	1 car parking space for each 1.3 square metres of all bar areas and all other areas to which the public has access excluding only toilets and clearly defined passages which are not capable of being used as an extension of the bar area.

11. Warehouses, Showrooms, Storage Yards and Carrier's Depots including incidental offices on the premises used for such purposes	1 space to each 50 square metres of gross floor area, or 1 space for every person employed on the site, whichever is the greater.
12. Light Industry, General Industry	1 space to every 50 square metres of gross floor area or 1 space for every person employed on the site, whichever is the greater.
13. Shops	1 to every 12.5 square metres of gross floor area.
14. Administrative, commercial and professional offices	1 to each 14 square metres of office floor area.
15. Doctors' Surgeries and Clinics	1 for each medical practitioner regularly using the surgery or clinic, plus 1 for each staff member other than medical practitioners, plus 6 for patients for each consulting room or surgery.
16. Dentists, Dental Surgeons	1 for each dental practitioner, plus 1 for each staff member other than dentists plus 4 for patients for each surgery or consulting room.
17. Day Care Centre	1 paved parking space for every person employed in or around the premises plus a paved pick-up area to the satisfaction of the Council.
18. Kindergartens	1 paved parking space per six persons accommodated plus one paved parking space per person employed in or around the premises.
19. Vehicle Wrecking Yard	12 paved parking spaces per wrecking yard plus 1 parking space for each person working on the premises.
20. Home Occupation	Where the use does not fall into any of the use classes elsewhere mentioned in respect to paved parking requirements, two paved parking spaces in addition to residential requirements, and located in a position as determined by the Council.
21. Factory Tenement Building	Six parking spaces per unit or the number required by the following formula whichever is the greater. 1 paved parking space for every 35 square metres of Factory-ette floor area. In cases where factoryettes exceed 200 square metres the Council may, at its discretion, vary the parking requirements to obtain 1 paved parking space for every 40 square metres of floor area in the factory tenement building plus 25% of the number so calculated for customer and visitor parking on condition that the owner undertakes to ensure that a sufficient number of paved parking spaces of the standard laid down, will be available at all times to accommodate all workforce, visitor and company owned vehicles, and that should at any time in the opinion of the Council the off street parking facilities be inadequate he will make up the deficiency by obtaining other land for such parking or by constructing deck parking behind the buildings, or by demolition of buildings.

32A. Residential "B" Zones: The following additional provisions shall apply to multi-unit residential buildings within Residential "B" Zones:—

- (a) Garages or covered carports shall be provided at the scale of one for each dwelling unit.
- Balance of requirement under Table 4 may be provided in uncovered parking areas.
- (b) Enclosed or partly enclosed garages and carports, shall be located not less than 3 metres from any side or rear boundary, and the space so provided shall be planted with suitable trees and shrubs and developed and maintained as a garden area.
- (c) Carports and garages shall be designed to harmonise with and be complementary to the flat building and, so far as is practicable, walls and roofs of carports and garages shall be constructed of the same materials as the flat building. Council may permit the use of other materials of construction, but only if these are in keeping with the intention of this sub-clause.
- (d) Not less than 50 per cent, of the site shall be landscaped and planted with trees, shrubs, lawns or flowers, and developed and maintained as garden areas. The 50 per cent referred to in this sub-clause shall be additional to any area set aside for the uncovered parking of cars and the drying of laundry. A planting and landscape plan, showing in detail trees and shrubs to be planted or retained, and the garden treatment generally, shall be submitted with the application for planning approval.
- (e) Parking spaces, covered or otherwise, shall be located behind the building setback line and shall be screened to the satisfaction of the Council. The Council may relax this requirement where contour, surrounding development, environmental needs, and other appropriate considerations are such that a departure from the requirements would not be detrimental to the surrounding locality.
- (f) All uncovered paved parking areas shall be situated not less than 1.2 metres from the main building.
- (g) Unless the decking is contained within the main building, deck parking shall not exceed two levels, one of which shall be below "normal ground level" as determined by Council.

32B. In a General Industrial, Light Industrial, Warehouse Zone, Special Light Industrial, Shops and Local Business Zone or Special Sites Zones a site layout plan showing in detail the location and extent of areas for the parking of vehicles, loading and unloading bays and ramps, including access roadways, any areas to be used for open air storage of fuel or raw materials or products or by-products or waste of manufacture and proposals for garden treatment and landscaping of the areas adjacent to the roads, streets or adjacent non-industrial zoned land shall be submitted with the application for planning approval.

32C. General Appearance of Buildings and Preservation of Amenities: The Council may refuse to approve the construction of any building or appurtenances thereto if, in its opinion, the proposed building would have an adverse effect on the amenity of existing or future buildings in the locality.

It is not the intention of this clause to preclude the adoption of a particular design, nor to prevent the use of particular materials of construction, nor to enforce uniformity of appearance, but rather to ensure that design and construction will result in a building in keeping and in harmony with the surroundings.

To this effect:

- (a) in considering the design of any building within any zone the Council shall take into consideration:
- (i) the external appearance of the building;
  - (ii) the dimensions and proportions of the building;
  - (iii) the effect on existing or future buildings, on nearby properties, and on the occupants of those buildings;
  - (iv) the environment resulting from the building itself and the effect of this environment on the occupants of the building;
  - (v) the effect on the landscape and environment generally;
  - (vi) the relationship which the shape and siting of such building or buildings proposed within the area bears to the shape of the lot or lots on which such building or buildings is to be erected:
- (b) in considering the design of any such building within the Residential Zones the Council shall take into consideration the relationship which such building or buildings proposed within the area bear to the development of public utilities, amenities and other uses planned for the area considered as a whole;
- (c) in considering the design of any building within zones wherein business development may be permitted the Council shall take into consideration the provision in the zone for car parking space, vehicular access, pedestrian ways and general layout relative to the development uses proposed for the whole zone and within this zone the development of single lots shall be considered as part of a general design for the whole zone;
- (d) the Council may appoint an Advisory Committee consisting of the Mayor or his nominee, and three members who shall be architects, planners and/or civil engineers, being ratepayers of the municipality of the Town of Gosnells and being selected by the Council and approved by the President of their respective Institutes, to advise the Council on all questions of design and other matters falling within this clause;
- (e) this committee shall be convened as and when required by Council.

32D. Landscaping Requirements:

- (a) where pursuant to this Scheme a minimum landscaped area is required to be provided plans showing:
- (i) the layout and location of the pedestrian space and of the area to be developed with natural planting;
  - (ii) the types of shrubs trees and other plants to be provided;
  - (iii) details of any proposed alteration to the natural contour of the landscaped area;

shall be submitted to the Council not later than seven (7) days after completion of the building or buildings erected on the site. The development of the landscaped area required to be provided shall not be commenced until the plans have been approved by the Council and such development shall be completed within three (3) months of such approval or of the completion of the building or buildings whichever is the later.

- (b) All landscaped areas shall be maintained in good order and condition and in accordance with the plans approved by the Council.

The site plan accompanying any application for the approval to commence development shall:

- (i) indicate accurately the position and describe the type and height of all existing trees on the site;
- (ii) indicate which of such trees are intended to be removed (if any).

32E. Site Amenity:

- (a) during construction of any building or carrying out of any construction or development no person may place or permit to be placed on any adjoining reserve any articles, equipment or materials;
- (b) on completion of construction all excess articles, equipment, materials or any other matter which affects the amenity of the locality shall be removed as directed by the Council and the site left in an orderly and tidy condition;
- (c) if in the opinion of the Council any site within the Town of Gosnells contains any articles equipment, materials or any other matter which affects the amenity of the locality, taking into account the zoned usage, notice shall be served on the registered owner who shall within the period specified with such notice, cause the offending items to be removed, stored stacked or tidied as directed;
- (d) in any zone wherein the open storage of goods or materials is permitted by the Scheme and the goods or materials so stored are, in the opinion of the Council, of an untidy nature and likely to give offence to adjoining owners or have an adverse effect upon the general appearance of the area, the Council may require the owner or occupier to restrict the height to which goods or materials may be stored and to screen effectively the open storage area by a close fence and the planting of trees and/or shrubs as may be considered desirable.

The height to which storage is to be restricted, the height design and specifications of the fence, and the nature and extent of planting shall be determined by the Council in respect of each case taking into consideration any matters it considers relevant including the physical characteristics and the zoning classification of surrounding land.

A front fence erected pursuant to this clause shall not be erected in front of the setback line. Unless some other distance is specified by the Scheme for a particular zone, no goods materials or merchandise shall be stacked or placed within 2 metres of either side or rear boundaries of the site or nearer to the street or way than the building setback line.

32F. Facades: No person shall erect or cause to be erected a building in any of the Zones following that is to say:—

Shops and local Business,  
Office,  
Light Industry,  
General Industry,  
Special Sites,

unless the facade, or facades if more than one, of the building be constructed of brick, stone, concrete or glass, or a combination of one or more of these materials with steel columns. Panel filling of asbestos, aluminium or steel sheeting to a design approved by the Council may be permitted on facades above 2 metres from the ground floor level provided such areas do not extend above 4 metres from ground level.

In any cases where the facade of a building in any industrial zone is not less than 20 metres from the street alignment the Council may permit the walls in the facade to be constructed of a material

other than that required by the preceding clause, provided that the material used is structurally and aesthetically acceptable to the Council.

Notwithstanding the requirements of this clause and the definition of the term "Facade" in the Scheme, in the case of a corner lot in any industrial zone with an area not less than 1.25 hectares and with a frontage of not less than 60 metres to each of the abutting streets, the Council may permit the walls in the facade of a building to be constructed of a material other than that required by this clause provided that the material used is structurally and aesthetically acceptable to the Council and provided also that:—

- (a) the building is not to be used for the sale of goods direct to the public; and
- (b) a building containing not less than 120 square metres of floor area has been erected fronting one of the streets, with all facade walls constructed of materials outlined in this clause or, alternatively, a building of this specification is incorporated in a site layout plan showing the proposed ultimate development of the lot by stages which has been submitted to and approved by the Council, and
  - (i) the total floor area of the buildings erected plus the floor area of the building or buildings for which a building licence is sought does not exceed 50 per cent. of the total floor area proposed in the ultimate development; and
  - (ii) the area required to complete the ultimate development of buildings and access thereto or an area equal to that area, within the lot boundaries, is not being used for other purposes.

PART VI.—BUILDING ALIGNMENTS.

33. Set Back Lines: A person shall not erect any building closer to the front of any lot, than the distance specified hereunder:—

- (a) In General Industrial, Hotel, Motel or Rural Zones, a line 15 metres inside and parallel to the alignment of the street boundary on which such land abuts.
- (aa) In Residential Zones in accordance with the distance set out in Tables 5 and 6 for the specific developments.
- (b) In all other zones a line 9 metres inside and parallel to the alignment of the street boundary.
- (c) Provided, however, that in the case of land abutting on a highway, road or street for which a Building line by-law or a New Street Alignment by-law has been declared, the setback line shall be established by measurement as aforesaid but in relation to the Building line by-law or New Street Alignment by-law.
- (d) Provided that in a rural zone the Responsible Authority may authorise the reduction of the set back line from the street alignment, or new street alignment as defined by by-law or Town Planning Scheme to not less than 9 metres.

34. Irregular Frontages: Where the road or street alignment is curved, irregular or not at right angles to the side boundaries of the land, a person may erect a building in front of the set back line, provided that the mean of the greatest and least distance of the building from the road or street is not less than the distance fixed for the set back line.

35. Corner Lots: Where a lot has a frontage to more than one road or street, the following provisions shall apply:—

- (a) In all zones other than General Industrial, Hotel, Motel and Rural Zones the set back line shall be 9 metres from the frontage as determined by Council in accordance with paragraph (e) of this clause.

- (b) With the approval of the Responsible Authority is a residential zone or a light industrial zone, a person may erect a building nearer to one only of the roads or streets than the set back line, but not nearer than 4.5 metres to that road or street.
- (c) With the approval of the Responsible Authority, in a business zone a person may erect a building nearer to one only of the roads or streets than the set back line, but not nearer than 3 metres to that road or street.
- (d) With the approval of the Responsible Authority, in a General Industrial zone, a person may erect a building nearer to one only of the roads or streets than the set-back line, but not nearer than 9 metres to that road or street.
- (e) Determination of multiple street boundaries: Where a lot has boundaries to two or more streets the Council shall determine which boundary is the front, which the rear and which the side boundary or boundaries of that site.
- (f) Notwithstanding the relaxation in minimum distance to boundaries permitted by this clause, no portion of a building shall project into a "15 metre truncation" of the corner as illustrated in the Third Schedule.

35A. Notwithstanding the provisions of clause 35 where a lot is situated at the intersection of more than two roads or streets, the Responsible Authority may, at its discretion, reduce the distance of the building set-back line from the third or additional road reserves to not less than the distance permitted under clause 35 in respect of the second road or street.

36. Existing Adjoining Buildings: If in the case of any lot, buildings have been erected on the lots adjoining on both sides and one or both of these buildings is in front of the set back line, the Responsible Authority may permit a building to be erected on the firstmentioned lot in front of the set back line, but not nearer to the road or street than the front of the rearmost building, but in any case not nearer to the road or street than 4.5 metres.

#### PART VII.—GENERAL.

37. No building of any class shall be erected unless means of access be provided for the removal of rubbish and servicing to every separate tenement and/or shop within the building. The means of servicing shall be provided in such a manner that every separate tenement or shop can be serviced without passing through the front entrance thereof or through any other shop or tenement.

37A. Disposal of Wastes: No person shall without the approval of the Council use any privately owned land for any of the following purposes:—

- (a) the disposal of factory wastes;
- (b) the disposal or dumping of rubbish;
- (c) the disposal or dumping of building materials or materials from demolished or partly demolished buildings;
- (d) the disposal or dumping of organic waste matter.

38. No land shall be subdivided or built on until it is drained and/or filled as instructed or directed to the satisfaction of the Responsible Authority and, in the case of land to be built on, provision also made for the disposal of roof water and any household or trade waste, to the satisfaction of the Responsible Authority.

38A. Corner Lots on Subdivision: No subdivision of land shall be permitted which has the effect of creating a lot with a frontage to more than one street if that lot has an average width of less than 20 metres.

For the purpose of this clause the average width of any land is deemed to be the distance measured in a horizontal plane at right angles to one of the boundaries of the side of the land from the mid-point of that boundary to the opposite boundary of the land or a prolongation of the boundary and in the event of the side boundaries of the land not being parallel the average of the distances so measured is the average width of the lot.

#### 38B. Battle Axe Lots:

- (a) the minimum lot size as specified in the relevant code shall apply to the effective area of the lot which shall not include the area of the access strip;
- (b) the site coverage and plot ratio shall apply to the effective area, quoted above, only;
- (c) the building set-back requirements as detailed in clause 24 shall be applied according to the direction in which the dwelling house faces or in such other direction as shall be agreed upon by the Council and the Owner.
- (d) where one battle axe lot is created at the end of an access way the width of the access way shall be not less than 4 metres overall, and where more than one battle-axe lot is created at the end of one access way the width of the access way shall be not less than 6 metres overall. Subject to this condition the approval of the overall subdivision shall be the prerogative of the Town Planning Board.
- (e) all storm water from the access strip shall be disposed of within the limits of the lot.

39. Entry to Premises: The Responsible Authority may, by its Town Clerk or other authorised officer, enter, at all reasonable times, any building or land for the purpose of ascertaining whether the provisions of the scheme are being observed.

40. (1) Application for Development on or on Land Abutting Metropolitan Region Scheme Reservations: Any application for development of land reserved by or abutting land reserved by the Metropolitan Region Scheme or within an area defined pursuant to Clause 32 of that Scheme shall be made on the form prescribed by that Scheme.

The form shall be referred by the Council to the Metropolitan Region Planning Authority; where the Authority refuses approval for the development of reserved land on the ground that the land is reserved for public purposes or approves subject to conditions unacceptable to the applicant the owner may claim compensation for injurious affection in accordance with the Metropolitan Region Town Planning Scheme Act, 1959.

(2) Applications for Council Planning Consent to Proposed Development. A person proposing to improve land (not being land reserved by or abutting land reserved by the Metropolitan Region Scheme) with any form of development other than a detached house, shall before making application for a building licence, make application to the Council in the form of the form set out in the First Schedule for Council Planning Consent. The application shall be made in duplicate and shall be accompanied by such plans and other information as the Council may require.

(3) Applications for Special Approval (Uses denoted AA in Table 3—Zoning Table):

- (a) The Council may resolve that notice be given to ratepayers likely to be affected by the granting of the approval and in that case it shall notify the applicant of the names and addresses of all persons who according to the Rate Book are the rateable owners of land within an area to be specified by the Council likely to be affected by the granting of the application.

- (b) The Council should require notice to be given to ratepayers if the proposed use is likely to be carried on at night or is likely to cause noise or to cause an assembly of persons or vehicles.
- (c) If so directed by the Council, the applicant shall:
- (i) cause to be sent by certified post to the owners whose names and addresses have been given to him by the Council and to all persons having an interest in the land the subject of the application a copy of his application to the Council; and
  - (ii) cause to be published in a newspaper circulating in the Scheme Area notice of his application setting out in an abbreviated form the information contained in his application and stating that objections may be made to the Council within twenty-eight days from the publication of the said notice.
- (d) At a subsequent meeting of the Council held, if notices have been given, after the expiration of twenty-eight days from the publication of the said notice and after the expiration of twenty-eight days from the posting of the said notices to the owners whichever is the later, the Council shall again consider the application and decide whether to grant or withhold its approval or grant its approval upon conditions.

(e) In making its decision on applications for its special approval the Council shall take into consideration the following matters:—

- (i) the provisions of any Town Planning Scheme including this Scheme affecting the land the subject of the application or affecting land in the vicinity;
- (ii) the nature of the proposed development in relation to the development of any land within the vicinity of the said land.
- (iii) the size, shape and character of the parcel of land to which the application relates and the nature and siting of the proposed building, the view from the building and the interruption of view likely to be caused by the proposed building;
- (iv) any representation which may be made by any statutory authority;
- (v) the existing and likely future amenity of the neighbourhood, including (but without limiting the generality of the foregoing) the question of whether the proposed development is likely to cause injury to such amenity including injury due to the emission of noise, vibration, smell, fumes, smoke, vapour, steam, soot, ash, dust, grit oil, liquid wastes or waste products;
- (vi) the nature of the roads giving access to the said land;
- (vii) what parking facilities are available or proposed and the likely requirements for parking;
- (viii) such other matters as the Council considers relevant.

(4) The Council may enter into agreements with the Applicant whereby the Applicant covenants for himself and his transferees to carry out and observe the conditions (if any) imposed by the Council in granting its approval as aforesaid.

#### 40A. Advertisement of Zoning Amendments:

- (a) Notwithstanding the requirements set out in Town Planning Regulations 1967 (amended) relating to the advertisement of zoning amendments the Council may by

due resolution vary these requirements to the extent that it can request additional on-site advertising which shall be carried out at the applicants expense.

(b) Procedure for additional advertisement:

- (i) in addition to compliance with the requirements of Regulation 15 of Town Planning Regulations 1967 (amended) there shall be displayed in a prominent position on the land the subject of the rezoning a notice of sufficient size as shall be visible and readable from the street verge immediately adjoining the site explaining the proposed use to which the site is to be put;
- (ii) the notice shall be exhibited, and kept in good order and condition for a period not exceeding the time laid down by the Hon. Minister for Town Planning for the receipt of objections;
- (iii) the notice shall also state that objections may be lodged with Council before a specified date but not more than three (3) months after the first publication of the notice;
- (iv) the notice shall comply in all respects, as to size, structure and colour, with the requirements of the Signs and Hoardings By-laws extant within the Town at the date of erection of the notice;
- (v) at the expiry of the objection period as specified by the Hon. Minister for Town Planning the notice shall be removed to Council's satisfaction.

40B. Council's Approval: The Council may grant its approval with or without conditions or may refuse to grant its approval to the application to commence development.

41. Consent to Lapse: Every consent given pursuant to the Scheme by the Responsible Authority shall, unless extended by the Responsible Authority, lapse at the expiration of twelve (12) months from the date upon which that consent is given, if—

- (a) where consent is given for land to be used for a specified purpose, that use has not commenced, or
- (b) where consent is for the erection carrying out enlargement rebuilding or extension of any building or works, that erection carrying out enlargement rebuilding or extension (as the case may be) has not been commenced.

42. Annual Permit: Where any use class is permitted under the Scheme subject to an annual permit from the Responsible Authority, an application shall be made annually by the owner or occupier as required by the Responsible Authority.

43. Service of Notices: Any notice for enforcing the scheme shall be served in accordance with the provisions of section 657 of the Local Government Act, 1960 and that section shall apply to the Scheme as if reprinted here.

44. Compensation: Claims for compensation by reason of the Scheme other than for the purposes of Part II shall be made not later than six months from coming into operation of the Scheme.

45. Penalties: A person who contravenes or fails to comply with any of the provisions of the Scheme is guilty of an offence and without prejudice to any other remedy given herein or by the Act is liable to a penalty of Five Hundred Dollars, and in the case of a continuing offence to a further fine of Twenty Dollars in respect of each day on which the offence continues after conviction.

46. Revocation of Conditional Approval: The failure or omission to carry out any development in accordance with the conditions subject to which development was permitted shall be deemed to be

a contravention of the Scheme, and in addition to any remedy under clause 45 hereof, the Responsible Authority may revoke such approval.

47. If, pursuant to the provisions of the Scheme, approval has been granted by the Council upon conditions, no person shall fail to comply with or shall commit a breach of any such conditions.

48. Acquisition of land: The Council may acquire by purchase or resumption any land or buildings within the Scheme Area and for such purpose may enter into agreements and arrangements with any of the owners of land within the Scheme Area.

49. Without affecting the generality of clause 48 the Council may acquire land on behalf of, and at the cost of, a developer, by purchase or resumption, subject to following provisions:

- (a) the developer shall have agreed to use the land in accordance with the zoned use within a certain time after the land has been made available by the Council;
- (b) the Developer shall show proof that he has negotiated unsuccessfully with the owners of the land during a period of not less than six months; and that these negotiations have been bona fide on the Developer's part;

(c) the Council shall discuss the proposal, including the proposed use, with all parties having an interest in the land;

(d) the Council shall not proceed to acquire the land unless and until the Minister for Town Planning has consented to the proposal.

50. The Council may, at any time, exercise the powers conferred by section 13 of the Act.

51. Disposal of Land: The Council may subdivide or otherwise deal with or dispose of any land which it owns or which it has acquired pursuant to the provisions of the Scheme, in accordance with the Act and in conformity with the provisions of the Scheme, upon such terms and conditions as it shall think fit, and for such purpose may make such agreements with other owners and parties as it deems fit.

52. Buildings and Works: Twenty-eight (28) days written notice is hereby prescribed as the notice to be given pursuant to section 10 of the Act. Any expenses incurred by the Council under the said section may be recovered from the person in default as a simple contract debt in such Court of Civic Jurisdiction as is competent to deal with the amount of the claim.

FACTORIES AND SHOPS ACT, 1963-1976.

Department of Labour and Industry,  
Perth, 18th April, 1977.

HIS Excellency the Governor in Executive Council acting under the provisions of section 61 of the Factories and Shops Act, 1963-1976 and on the recommendation of the Factory Welfare Board has been pleased to make the regulations set forth in the Schedule below to take effect on and from the 1st day of July, 1977.

H. A. JONES,  
Under Secretary for Labour and Industry.

Schedule.

Regulations.

- Citation. 1. These regulations may be cited as the Polyurethane Industry Regulations, 1977.
- Application. 2. (1) Subject to this regulation, these regulations apply to:—
- (a) any factory in which a polyurethane manufacturing process is carried out; and
  - (b) any premises to which the operation of the Factories and Shops Act, 1963 has been extended in accordance with section 6 of the Act and in which a polyurethane manufacturing process is carried out.
- (2) Regulation 4 of these regulations does not apply to a factory being used for the purpose of a polyurethane manufacturing process immediately before the date that these regulations take effect until twelve months after that date.
- (3) Notwithstanding anything in subregulation (2) of this regulation, regulation 4 applies in relation to any factory in which a polyurethane manufacturing process is carried out to which structural alterations are made at any time after these regulations take effect.
- Interpretation. 3. In these regulations unless the contrary intention appears—
- "approved" means approved by the Chief Inspector;
  - "fabrication" includes cutting, glueing, shaping or assembling of polyurethane foam;
  - "fumes" includes mist, gas, vapour and any particulate impurity;
  - "isocyanate" includes toluene diisocyanate, hexamethylene diisocyanate, diphenyl methane diisocyanate, naphthalene diisocyanate, polymethylene polyphenyl diisocyanate, isocyanurate or any chemical commonly known as an isocyanate or derivative thereof;
  - "polyhydroxy compound" includes any chemical commonly known as a polyhydroxy compound or polyol that reacts with an isocyanate to form polyurethane;
  - "polyurethane manufacturing process" means any manufacturing process involving the reaction of an isocyanate or blend of differing isocyanates with a polyhydroxy compound;

SCHEDULE—*continued.*

“threshold limit value” means the maximum permissible concentration of fumes that may be present in the atmosphere of a factory to which these regulations apply as determined from time to time in the standards laid down by the Commissioner of Public Health appointed under the Health Act, 1911.

Require-  
ments as  
to factory.

4. An occupier shall not in a factory carry out a polyurethane manufacturing process involving:—

- (a) the use of toluene diisocyanate; or
- (b) any blend of isocyanates that has toluene diisocyanate as a constituent

unless—

(c) the factory is divided into divisions for the following purposes—

- (i) administration and amenities;
- (ii) bulk stores for raw materials (polyhydroxy compounds);
- (iii) bulk stores for raw materials (isocyanates);
- (iv) polyurethane manufacture;
- (v) cure room;
- (vi) bulk store for manufactured foam; and
- (vii) fabrication area;

(d) the divisions of the factory referred to in paragraph (c) of this regulation—

- (i) are situate in separate buildings not less than 6 metres apart; or
- (ii) if the factory is situate in a single building, are separated from each other by two hour fire rated walls as defined by the Uniform Building By-laws, 1974;

(e) the divisions referred to in subparagraphs (ii) to (vii) of paragraph (c) of this regulation are housed in a building that consists of not more than one storey;

(f) each division referred to in subparagraphs (ii) to (vii) of paragraph (c) of this regulation has not less than two emergency exits and at least one of which exits is situated not more than 20 metres from any portion of the division;

(g) every emergency exit has vertically hinged doors that open readily in the direction of egress from the division and without the use of a key or other device;

(h) the furthest point of the factory is not more than 90 metres distant from the nearest fire hydrant of the Fire Brigades Board established under the Fire Brigades Act, 1942, or such other distance as is approved by that Board;

(i) the bulk storage facilities provided for flammable liquids conform to the provisions of the Explosive and Dangerous Goods Act, 1961 and any regulations made thereunder;

(j) every building used for the storage of an isocyanate or polyhydroxy compound—

- (i) is constructed of non-combustible material and has a smooth impervious concrete floor;
- (ii) is constructed so as to provide protection from direct exposure to the sun for the materials stored therein; and
- (iii) if constructed with closed sides and used for the storage of toluene diisocyanate is mechanically ventilated to ensure that the threshold limit value is not exceeded.

(k) every building in the factory used for the purpose of curing polyurethane foam is constructed of non-combustible materials, has a smooth impervious floor and is fitted with an approved automatic type of fire vent;

(l) the extent of the area of a division referred to in subparagraphs (ii) to (vii) (both inclusive) of paragraph (c) of this regulation does not exceed—

- (i) in the case of a building of type 1, 2 or 3 as defined by the Uniform Building By-laws, 1974, an area of 3 500 m<sup>2</sup> where a fire sprinkler system is not provided, or, an area of 5 500 m<sup>2</sup> where a fire sprinkler system is provided;
- (ii) in the case of a building of type 4 as defined by the Uniform Building By-laws, 1974, an area of 3 000 m<sup>2</sup>, where a fire sprinkler system is not provided, or, an area of 4 500 m<sup>2</sup> where a fire sprinkler system is provided;

SCHEDULE—*continued.*

- (iii) in the case of a building of type 5 as defined in the Uniform Building By-laws, 1974, an area of 2 000 m<sup>2</sup> where a fire sprinkler system is not provided, or, an area of 2 800 m<sup>2</sup> where a fire sprinkler system is provided;
- (m) the electrical installations in the building conform to the Electricity Act, 1945, and the regulations made thereunder.
- Emergency exits to be marked.** 5. An occupier of a factory shall ensure that all emergency exits of every room or building are marked with the word "EXIT" in red capital letters not less than 100 millimetres in height and 12 millimetres in thickness on a white background above the inside and outside of the exit and at a height of 1.3 metres from the floor on the inside wall adjacent to the exit.
- Fire equipment.** 6. All equipment to be used for the purpose of extinguishing fires shall be placed so as to be easily accessible for use in cases of emergency.
- Signs to be exhibited.** 7. (1) An occupier of every factory shall ensure that in every area of the factory in which a polyurethane manufacturing process is carried out the following notices are exhibited, namely,—  
 "DANGER—NO SMOKING—NO NAKED FLAMES".  
 "DANGEROUS FACTORY—NO ADMITTANCE TO UNAUTHORIZED PERSONS".  
 "NO MATCHES OR LIGHTERS ALLOWED".  
 (2) An occupier of a factory shall ensure that all fire equipment shall be marked by a notice bearing the words "FIRE EQUIPMENT" in letters that conform to the measurements prescribed in regulation 5.  
 (3) Where the Chief Inspector is satisfied that it is necessary to exhibit notice other than a notice prescribed by this regulation he may direct the occupier to exhibit such a notice and the occupier of the factory shall comply with the direction of the Chief Inspector.  
 (4) Except where the Chief Inspector directs otherwise, a notice prescribed by these regulations shall be exhibited on a white background and consist of capital letters painted in red which measure not less than 100 millimetres in height and 12 millimetres in thickness.
- Protective equipment.** 8. (1) The occupier of a factory to which these regulations apply that uses toluene diisocyanate or hexamethylene diisocyanate shall ensure that there is available for every person involved in handling an isocyanate protective equipment as follows—  
 (a) protective clothing and aprons;  
 (b) goggles;  
 (c) over shoes;  
 (d) gloves.  
 (2) The occupier of a factory to which these regulations apply shall ensure that there is readily available at the factory two complete sets of approved self-contained breathing apparatus and in addition an extra air bottle filled to capacity.  
 (3) The protective clothing and protective equipment prescribed by subregulation (1) and subregulation (2) of this regulation shall be maintained in good order and in a clean condition.
- Handling isocyanates.** 9. (1) A person shall not handle or use any isocyanate or any substance containing an isocyanate—  
 (a) in a form in which atomization of such a chemical is carried out by means of pouring, injecting or spraying;  
 (b) in a form in which the temperature of such a chemical is raised above 60°C; or  
 (c) in a confined space,  
 unless he is wearing the protective equipment prescribed by these regulations in relation to those circumstances.  
 (2) A person shall not enter any area that is known to be or is suspected of being contaminated with an isocyanate vapour unless he is wearing an approved breathing apparatus and the protective equipment prescribed by these regulations that is suitable for the circumstances.
- Curing of polyurethane foam.** 10. An occupier of a factory to which these regulations apply shall ensure that polyurethane foam newly produced from toluene diisocyanate—  
 (a) is placed in the curing area or room for not less than 6 hours immediately following production and in such a manner that the exits of the room or area are not obstructed; and  
 (b) is placed in such a pattern as to allow sufficient ventilation to ensure the dispersal of heat and fumes from the curing area.

SCHEDULE—*continued.*

- Ventilation. 11. An occupier of a factory to which these regulations apply shall ensure that the threshold limit value is not exceeded in any part of the factory.
- Exhaust system. 12. (1) An occupier of a factory to which these regulations apply shall ensure that an efficient exhaust system is provided for any area where polyurethane foam produced from toluene diisocyanate is cut into buns.  
(2) An occupier of a factory to which these regulations apply shall ensure that every exhaust system connected or provided pursuant to these regulations discharges in such a manner as to prevent re-circulation of fumes.
- Inspection of ventilation systems. 13. An occupier of a factory to which these regulations apply shall ensure—  
(a) that all mechanical ventilation and exhaust systems in any of the areas referred to in subparagraphs (iii) to (v) (both inclusive) of paragraph (c) of regulation 4 are inspected at least once each week; and  
(b) that any defective item or component is immediately repaired or replaced.
- Sealing of containers. 14. (1) The occupier of a factory to which these regulations apply shall ensure that every container used for storing any isocyanate is sealed and protected so as to prevent the entry of moisture or water into the container.  
(2) Where moisture or water has penetrated any isocyanate container the occupier of a factory to which these regulations apply shall ensure that—  
(a) the container is sealed only after, but as soon as possible after, all evolved gas from the container has escaped; and  
(b) prior to sealing the container an attachment containing silica gel or other suitable drying agent shall be fixed to the container so as to prevent the entry of moisture,  
and in such a manner that the threshold limit value of either the isocyanate or carbon dioxide is not exceeded.
- Empty containers. 15. An occupier of a factory to which these regulations apply shall ensure that all empty drums that have contained an isocyanate are forwarded to an approved person for the purpose of cleaning.
- Decanting isocyanates. 16. (1) The following provisions apply in relation to decanting an isocyanate—  
(a) all personnel involved in the operation shall wear proper protective equipment for the purpose of protection against any spillage;  
(b) under no circumstances shall positive pressure be applied to the container;  
(c) siphoning shall not be commenced by the use of a person's mouth;  
(d) where the isocyanate being decanted is toluene diisocyanate or hexamethylene diisocyanate—  
(i) all personnel involved in the operation shall wear efficient breathing equipment for the purpose of prevention of the inhalation of fumes; and  
(ii) decanting shall not be carried out by hand unless the capacity of the container from which the material is being poured does not exceed 4 litres;  
(e) when decanting is completed, all flasks, beakers, buckets and other utensils shall be decontaminated immediately.  
(2) A person shall not heat a container of isocyanate for the purpose of reducing the viscosity of its contents by applying a flame directly to the container.
- Factory cleanliness. 17. The occupier of a factory to which these regulations apply shall ensure that the factory is maintained in a clean condition and in particular shall ensure that—  
(a) all waste polyurethane is removed from every floor of the factory; and  
(b) all walkways, exits and escape paths of the factory are kept cleared of obstructions.
- Spillages on personnel. 18. Where a spillage of an isocyanate occurs on a person the following procedure applies—  
(a) the affected area shall be thoroughly washed with soap and water and copiously rinsed;  
(b) if the contamination is of the eyes the treatment shall be by copious water washing for at least 15 minutes whilst medical assistance is sought; and  
(c) contaminated clothing shall be removed immediately, treated with liquid decontaminant and washed before re-use.

SCHEDULE—*continued.*

- Spillages. 19. (1) Where spillage of toluene diisocyanate or hexamethylene diisocyanate occurs—
- (a) all persons shall be evacuated from the room or area in which the spillage has occurred;
  - (b) cleaning operations shall be carried out only by persons wearing protective equipment and approved self-contained breathing apparatus;
  - (c) the spillage shall be cleaned up after a solid decontaminant prescribed under regulation 20 has been spread over all the isocyanate material spilled and allowed to remain for not less than 10 minutes;
  - (d) all residue shall be collected into exterior bins; and
  - (e) the area where the spillage occurred shall be treated with a liquid decontaminant prescribed by regulation 20 and thoroughly hosed with water.
- (2) Where a spillage of an isocyanate other than toluene diisocyanate or hexamethylene diisocyanate occurs the spillage shall be cleaned up immediately by spreading sawdust, sand or other similar material over the spillage and collecting the mixture into an exterior bin.
- (3) The contents of every bin containing a mixture of an isocyanate and decontaminant or sawdust or sand obtained after cleaning up a spillage shall be buried at a depth of not less than 1 metre within 24 hours.
- Decontaminant to be used. 20. (1) For the purpose of cleaning up a spillage of isocyanate, the occupier of a factory shall ensure that the following decontaminants are available—
- (a) for the use on the occasion of a spillage of toluene diisocyanate or hexamethylene diisocyanate—
    - (i) a solid decontaminant, composed of a mixture of sawdust, 20 per cent by weight; Kieselguhr (technical) or china clay or Fuller's Earth 40 per cent by weight and a breakdown solution conforming to subparagraph (ii) of paragraph (a) of this subregulation 40 per cent by weight; and
