HIS Excellency the Governor in Executive Council has been pleased to approve under sections 84, 86 (c) and 87 of the Land Act, 1933-1977 of the locations described in the Schedule hereunder and delineated on the plan at page 169 of Lands and Surveys Department File No. 2806/67, V.2, being set apart as Special Settlement Land and the said land being made available for selection under Part V, Divisions 1 and 4 of the said Act, subject to mining conditions, pricing and to examination of survey and to the special conditions governing the acceptability of applicants as are set out hereunder.

These locations are situated approximately 35 kilometres southeast of Newdegate Townsite and are subject to the following special conditions:

1. Applications are restricted to the class of persons detailed hereunder, who will be required to establish to the satisfaction of the Land Board, that they are persons who
  - (a) are new farmers, including share farmers, who have a minimum capital of \$60 000 available for investment on the land allotted within 3 years from the commencement of development, which capital may be in the form of farming plant or realisable assets; or
  - (b) are established farmers who can demonstrate that they are in need of land, additional to that which they already hold, to achieve an economic standard which in the opinion of the Minister constitutes viability; or
  - (c) are sons of established farmers who cannot achieve economic independence on land owned by their father and whom their father is prepared to support financially.
2. In the case of established farmers and sons of established farmers as referred to in (b) and (c) above, the established farmer must have a minimum surplus capital of \$30 000, which may take the form of moneys borrowed on the security of the established farm. In addition, the existing farming plant, sheds and housing on the established farm must be sufficient to ensure satisfactory development and farming of the new land allotted. The successful applicants will be required to provide an "Initial Development Plan" in accordance with the requirements of the Department of Agriculture to the satisfaction of the Minister for Lands, in order to minimise environmental hazards consequent to clearing and cultivation of virgin land.
