SCHEDULE

TOWN PLANNING AND DEVELOPMENT ACT, 1928 (AS AMENDED)

Shire of Gingin—Town Planning Scheme No. 2—Amendment No. 6

THE Gingin Shire Council, under and by virtue of the powers conferred upon it in that behalf by the Town Planning and Development Act, 1928 (as amended), hereby amends its Town Planning Scheme No. 2 for the purpose of rezoning M1950 Lot 2, portion of Swan Location 1374, from Rural to Special Rural and inserting the following provisions in Schedule No. 1 of the Scheme Text:

(a) Specified area of locality	(b) Special provisions to refer to (a)
Lot 2, Portion of Swan Location 1374, West Gingin and defined as Special Rural Zone No. 2	<p>1. Sub-division of Special Rural Zone No. 2 is to be in accordance with "Shire of Gingin Special Rural Zone No. 2 Plan No. 1".</p> <p>2. (a) Within Special Rural Zone No. 2 the following uses are permitted (P): Residential (a) Dwelling House.</p> <p>(b) Within Special Rural Zone No. 2 the following uses are only permitted when such use is incidental to the predominant use as decided and approved by Council (IP): (a) Caretakers house or flat (b) Public Recreation.</p> <p>(c) Within Special Rural Zone No. 2 the following uses are permitted only if approval is granted by Council (AA): (a) Duplex House (b) Civic Building (c) Consulting Rooms (d) Educational Establishments (e) Home Occupation (f) Public Utility (g) Rural Use (h) Sports Ground.</p> <p>(d) All other uses not mentioned in (a), (b) and (c) above are not permitted (X).</p> <p>3. Only one dwelling house shall be constructed on each lot, except where the landowner can demonstrate to Council's satisfaction that a duplex unit is necessary and desirable on the lot. Council may at its discretion approve the development of a duplex unit.</p> <p>4. Any trees with a trunk girth of 0.6 metres measured 0.6 metres from the ground within the Special Rural Zone are to be retained unless the prior written consent of the Council is given to remove the said trees.</p> <p>In areas so specified in the plan of sub-division, no clearing of the natural vegetation shall take place, other than as may be necessary to obtain access for vehicles and services to the property.</p> <p><i>Note:</i> For the said trees that have to be moved to make way for housing, fence, firebreak, outbuilding and access-way construction, the building permit as issued by Council shall be deemed as written consent of the Council to remove those said trees. Any such trees requiring removal shall be replaced in an area to be determined by Council.</p> <p>5. Development applications to the Council shall embody the basic premise that development and associated services are secondary to the natural features of the site. To fully illustrate the total building and development programme for each lot, such plans, sketches and specifications shall aim to minimise the visual effect of the resultant development on the rural landscape.</p> <p>6. No dwelling house, duplex or outbuilding shall be constructed closer than 40 metres to a lot boundary unless the topography or flora of the site or the shape of the lot dictate otherwise. Where the topography, flora of a site or the shape of the lot make the construction of dwelling houses, duplex or outbuildings difficult, the Council may set an alternative setback.</p> <p>7. No dwelling unit shall be constructed within a Special Rural Zone that has an internal floor area of less than 45 square metres or is constructed of materials that do not blend in with the landscape and are not acceptable to Council.</p> <p>8. No dwelling unit shall be constructed or approved for construction unless a domestic water supply is incorporated into the approved plans and no dwelling shall be considered fit for human habitation unless such a supply has been installed and is operating.</p> <p>9. No lots shall display a sign hoarding or billboard other than one advertising activities conducted on site, and such signs shall not exceed 0.2 m² in area.</p> <p>10. In areas which Council considers deficient in tree cover, it may require, as a condition of any building permit issued in these areas, the owner to plant up to 20 native trees of species specified by the Council.</p> <p>11. The breeding or keeping of animals for commercial gain shall not be permitted without the express approval of the Council.</p> <p>12. Intensive agricultural pursuits for commercial gain shall not be permitted without the express approval of the Council.</p>
