**THE SHIRE OF HARVEY  
TOWN PLANNING SCHEME No. 4.**

THE Shire of Harvey under and by virtue of the powers conferred upon it in that behalf by the Town Planning and Development Act 1928 (as amended) hereby makes the following Town Planning Scheme for the purpose of:

- (a) Controlling the development and uses of the land within the Scheme area.
- (b) Preserving the environment of the Scheme area.
- (c) Other matters authorised by the enabling Act.

**Part 1—Preliminary.**

1.1 This Town Planning Scheme may be cited as the Shire of Harvey Town Planning Scheme No. 4 (193.044 hectares area) hereinafter called "the Scheme" and shall come into operation on the publication of notice of the Minister's final approval thereof in the *Government Gazette*.

1.2 The authority responsible for enforcing the observance of the Scheme is the Shire of Harvey (hereinafter referred to as "the Council").

1.3 The Scheme shall apply to the whole of the land contained within the inner edge of the black broken border line on the landuse map and on the Scheme map.

1.4 Arrangements of Scheme: The Scheme text is divided into the following parts:

- Part 1—Preliminary.
- Part 2—Non-conforming Uses.
- Part 3—General Provisions.
- Part 4—Finance and Administration.

The remaining documents of the Scheme are as follows:

- (a) Landuse Map.
- (b) Scheme Map.

1.5 Interpretation: In this Scheme the terms used will have the respective interpretation set out in Appendix D of the Town Planning Regulations 1967, unless otherwise specified by this Town Planning Scheme.

1.5.1 Rural Use—Means the utilisation of land for agricultural and/or animal husbandry uses but shall not include such uses which in the opinion of the Council by their nature and/or intensity would detrimentally affect the environment of the area.

1.5.2 Stables—Means a building or structure constructed in accordance with the provisions of the Health Act and used for the specific purpose of holding horses, cattle and other similar farm animals under cover.

1.5.3 Veterinary Establishment—Means an establishment manned and operated by a registered veterinarian for the purpose of tending and caring for sick or injured animals.

**Part 2—Non-Conforming Uses of Land.**

2.1 No provision of the Scheme shall prevent:

- (a) the continued use of any land or building for the purpose for which it was being lawfully used at the time of the coming into force of the Scheme; or
- (b) The carrying out of any development thereon for which, immediately prior to that time, a permit or permits required under the Town Planning and Development Act, 1928 (as amended) and any other law authorising the development to be carried out have been duly obtained and was current.

2.2 Extension of Non-Conforming Use.

- (a) Where in respect of land coloured green on the Scheme map and designated as public open space, a non-conforming use exists or was authorised as mentioned in Clause 2.1 of this Part on that land all or any erections, alterations or extensions of the buildings thereon or use thereof shall not be carried out unless the approval of the Council has been obtained in writing.
- (b) Where in respect of all the land within the Scheme area not coloured green on the Scheme map a non-conforming use exists or was authorised as mentioned in Clause 2.1 of this Part on that land, and provided the prior consent in writing of the Council has been obtained, buildings may be extended to the limits prescribed by the Uniform Building By-laws made under the Local Government Act, 1960 (as amended), or by any other by-laws made under that Act for the purpose of limiting the size, location and distance from boundaries and any other matter required by law for that class of use within the boundary or the lot or lots on which the use was carried on immediately prior to the coming into force of the Scheme.

2.3 Change of Non-Conforming Use: The Council may permit the use of any land to be changed from one non-conforming use to another non-conforming use, provided the proposed use is, in the opinion of the Council, less detrimental to the amenity of the neighbourhood than the existing use, or is in the opinion of the Council closer to the intended uses set out in provisions of the Scheme.

2.4 Discontinuance of Non-Conforming Use.

- (a) Notwithstanding the preceding provisions of this Part, except where a change of non-conforming use has been permitted by the Council under Clause 2.3, when a non-conforming use of any land or building has been discontinued, such land or building shall not thereafter be used other than in conformity with the provisions of the Scheme.
- (b) The Council may effect the discontinuance of a non-conforming use by the purchase of the affected property, or by the payment of compensation to the owner or the occupier or to both the owner and the occupier of that property, and may enter into an agreement with the owner for that purpose.

**Part 3—General Provisions.**

3.1 Subdivision.

3.1.1 The Scheme Map indicates an acceptable method of subdivision and development of the Scheme area which will enable the principles and concepts embodied in the design to be fulfilled. The Town Planning Board after consultation with the Council may permit departures from the design shown on the Scheme Map if it considers the proposed development to be of a similar standard to that shown provided that no departure from the

design shown on the Scheme Map will be permitted if it will disadvantage or be detrimental to the development of the Scheme area as a whole.

3.1.2 An owner of land within the Scheme area who desires to subdivide his land either alone or in conjunction with other owners shall submit a plan of the proposed subdivision in the form of the Scheme Map design or in accordance with the provisions of Clause 3.1.1 of the Town Planning Board as required under the Town Planning Board Regulations, 1962.

3.1.3 Every person who applies to the Town Planning Board to subdivide all or any part of the Scheme area will arrange to extend the mains electricity supply to permit the land the subject of the application to be connected to the State Energy Commission electricity mains prior to the Town Planning Board's approval of the subdivision.

3.1.4 Those portions of the roads cross-hatched on the Scheme map will be constructed by the person against whose land they abut if they are existing gazetted road reserves or by the person within whose land they are contained prior to the Town Planning Board's approval of the subdivision of all or any part of that person's land within the Scheme area.

3.1.5 Once the Scheme area has been subdivided in whole or in part in accordance with the Scheme map or Clause 3.1.1 no further subdivision of the subdivided Scheme area will be permitted.

3.1.6 The access strips to the lots generally referred to as battleaxe lots and dotted on the Scheme map are to be constructed to a road base or limestone base standard prior to the Town Planning Board's approval of the subdivision thereof.

3.1.7 Every person who applies to the Town Planning Board to subdivide all or any part of the Scheme area will cede to the Crown under Section 20A of the Town Planning Development Act on approval of subdivision all that area coloured green on the Scheme map to the Crown for recreation that falls within his ownership.

### 3.2 Landuse Control.

3.2.1 No lot shall be used except for single residential purposes save that the following uses may be permitted in the Scheme area where the specific approval of the Council (conditional or otherwise) is first obtained.

- Duplex.
- Home occupation.
- Institutional Home.
- Private Recreation.
- Public Recreation.
- Public Assembly.
- Public Utility.
- Public Worship.
- Rural Use.
- Stables.
- Veterinary Establishment.

3.2.2 In addition to the uses specified in Clause 3.2.1 the Council may approve on Lot numbered 8 as shown on the Scheme map a shop to serve local requirements and that shop may as ancillary to its main use supply petrol and liquor in sealed containers which is not for consumption on the premises.

3.2.3 It is intended that land coloured green on the Scheme map shall be reserved for public recreation.

3.2.4 It is intended that land coloured green brown on the Scheme map shall be used for rural uses and purposes ancillary thereto.

3.2.5 It is intended that land coloured green brown with a brown border shall be used for rural homesite purposes.

3.2.6 The Council, when considering applications for rural uses under this Scheme, may seek the opinion of the Department of Conservation and Environment or appropriate Authority as to satisfactory methods, levels, areas and volumes of

stocking, cultivation, effluent disposal and fertilizer application in relation to that application and may impose as a condition or conditions of approval of that rural use such controls and conditions as it deems fit to protect the Scheme area's quality of life and its surrounding environment.

### 3.3 Development Control.

3.3.1 The scheme map defines areas as building envelopes and no dwelling house, outbuilding or structure shall be constructed within the Scheme area unless it is within an area defined as a building envelope on the Scheme map.

3.3.2 Where in the interest of retaining natural flora or degree of slope of the site makes siting any structure difficult, the Council may set an alternative building envelope for any lot other than Lots 1 to 7 (inclusive) as numbered on the Scheme map.

3.3.3 On all lots other than open space no person shall remove any trees between the Road Reserve boundary and the building envelope.

3.3.4 No trees are to be removed from the Scheme area unless the prior consent of Council is first obtained. For trees which have to be removed to make way for any boundary firebreaks, required under any Act or regulation, buildings and boundary fences, the prior consent of Council shall be deemed to have been granted.

3.3.5 No vehicular access shall be permitted on to the Old Coast Road from the Scheme area unless from gazetted Road Reserves approved by the Main Roads Department.

3.3.6 No sign, hoarding or billboard shall be permitted within the Scheme area unless the Council considers it is a necessity provided that no sign so permitted shall have an area greater than 1 square metre.

3.3.7 No dwelling house with a floor area of less than 108 square metres shall be permitted within the Scheme area.

3.3.8 All buildings within the Scheme area shall have external walls constructed of brick unless in the opinion of the Council the design and materials of the proposed buildings are of a sufficiently high standard to complement and blend in with the environment of the area.

3.3.9 All dwelling houses constructed within the Scheme area shall, prior to occupation, be connected to either a functioning water bore or a 90,000 litre water storage tank.

3.3.10 No boundary fence within the Scheme area shall be constructed of the following materials:—

- (1) Asbestos.
- (2) Metal Sheeting.
- (3) Wooden pickets.

3.3.11 The minimum standard of boundary fencing within the Scheme area shall be post and 5 strand wire, 1.0 m to 1.3 m high and the top strand shall be covered in white plastic, or post and fabricated fence material, ring lock or similar with one strand wire on top covered in white plastic.

3.3.12 No motorised vehicle shall be permitted in the area coloured green on the Scheme Map without the prior consent of Council.

3.3.13 When considering building applications within the Scheme area the Council can either refuse or conditionally approve any application for any building it considers to be multi-storey.

### Part 4—Administration and Finance.

4.1 The following Scheme requirements are deemed to be mutually required by all persons subdividing within the Scheme area. Therefore they become a Scheme cost and are to be paid proportionally by all parties subdividing within the Scheme Area.

- (a) The Roads referred to in Clause 3.1.4.
- (b) The extension of the electricity lines to the Scheme boundary as required in Clause 3.1.3.

4.2 The Scheme Costs shall be met in the first instance as follows:—

- (a) The costs referred to in Item 4.1 (a) and  
(b) by the person nominated in this Scheme as being responsible for that cost.

4.2.1 After the individual Scheme Costs have initially been paid in accordance with Clause 4.2 each person applying to the Town Planning Board to subdivide all or any part of the Scheme Area shall pay to the person who has paid the Scheme Cost as the first instance the proportion of that cost required under Clause 4.1 hereof and assessed under Clause 4.3 and 4.4 hereof prior to the Town Planning Board endorsing its consent upon such plan of subdivision.

4.2.2 If a person who has applied to the Town Planning Board for approval to subdivide all or any part of the Scheme Area and has obtained the Town Planning Board's consent to such subdivision prior to any Scheme Cost being paid then that person shall pay his proportion of such costs to the person responsible for the payment of that cost at first instance at the time that person pays the same.

4.3 The method of apportioning Scheme Costs shall be on the basis of the proportion that a person's total land within the Scheme area bears to the Scheme area. These proportions are expressed as a percentage in Appendix One hereto.

4.4 The Scheme cost payable by the parties responsible thereto shall be that proportion of the finished contract or Scheme Cost together with interest thereon at the rate of eight per centum (8%) per annum from the time of expenditure until payment.

4.5 One Estate Agent or firm of Estate Agents may be appointed as the Agent or Agents by the owners of the land comprised within the Scheme area for the purposes of the first sale of any lots created on subdivision of all or any part of the Scheme Area.

4.6 Any person aggrieved by a decision of the Council in the use of its discretionary powers under the Scheme may appeal in accordance with Part V of the Town Planning and Development Act, 1928 (as amended) and the regulations made thereunder.

4.7 Claims for compensation by reason of the Scheme shall be made not later than six months from the date of which notice of approval of the Scheme is published in the *Government Gazette*.

4.8 The Council may by an authorised officer enter at all reasonable times any building or land for the purpose of ascertaining whether the provisions of the Scheme are being observed.

4.9 Any person who fails to comply with any of the provisions of the Scheme is guilty of an offence and without prejudice to any other remedy given herein is liable to such penalties as are prescribed in the Town Planning and Development Act, 1928 (as amended).
