AT a meeting of the Executive Council held in the Executive Council Chambers at Perth this 11th day of July, 1979, the following Orders in Council were authorised to be issued:—

Child Welfare Act, 1947-1977.

ORDER IN COUNCIL.

WHEREAS by section 19(2)(a) of the Child Welfare Act, 1947-1977, it is provided that the Governor may appoint such persons, male or female, as he may think fit, to be members of any particular Children's Court and may determine the respective seniorities of such members and whereas by section 19(1)(b)(ii) of the said Act the Governor may amend, vary or revoke any such appointment: Now therefore His Excellency the Governor by and with the advice and consent of the Executive Council doth hereby revoke the appointment of Brian Newton Herbert as a Member of the Children's Court at Port Hedland.

J. E. A. PRITCHARD,
Acting Clerk of the Council.

Child Welfare Act, 1947-1977.

ORDER IN COUNCIL.

WHEREAS by section 19(2)(a) of the Child Welfare Act, 1947-1977, it is provided that the Governor may appoint such persons, male or female, as he may think fit, to be members of any particular Children's Court and may determine the respective seniorities of such members: Now therefore His Excellency the Governor by and with the advice and consent of the Executive Council doth hereby appoint the persons named in the Schedule hereto to be Members of the Children's Court at the place mentioned.

J. E. A. PRITCHARD,
Acting Clerk of the Council.

Schedule.

Three Springs: William Kinnear Hebiton, Henry Emanuel Morgan, Raymond Thomas Morgan, Raymond John Pugsley and Patrick Daniel Brennan.

Water Supply, Sewerage, and Drainage Act, 1912-1950.

Country Areas Water Supply Act, 1947-1978.

Dunsborough Water Supply.

ORDER IN COUNCIL.

P.W.W.S. 133/61.

WHEREAS by section 4 of the Water Supply, Sewerage, and Drainage Act, 1912-1950, it is provided, *inter alia*, that all water works, sewerage, drainage and irrigation works constructed by the Government and declared by the Governor to be subject to any of the Acts mentioned in the schedule to the Water Supply, Sewerage, and Drainage Act, 1912-1950, shall vest in the Minister for Water Supply, Sewerage and Drainage on behalf of Her Majesty unless and until those works are vested in a board; and whereas by section 11 of the Public Works Act, 1902-1974, the Governor by Order in Council dated the 27th April, 1978, and published

in the *Government Gazette* on the 5th May, 1978, authorised the Minister for Works to undertake, construct and provide the Public Work of Dunsborough Water Supply on land coloured green on Plan P.W.D., W.A. 50824-1-1; and whereas by Order in Council dated the 15th March, 1974, and published in the *Government Gazette* on the 22nd March, 1974, the Dunsborough Country Water Area was constituted under the Country Areas Water Supply Act, 1947-1964; and whereas by Order in Council dated the 14th January, 1976, and published in the *Government Gazette* on the 23rd January, 1976, the Dunsborough Country Water Area was extended and whereas by Order in Council dated the 16th November, 1977, and published in the *Government Gazette* on the 25th November, 1977, the Dunsborough Country Water Area was extended and whereas by Order in Council dated the 16th August, 1978, and published in the *Government Gazette* on the 25th August, 1978, the Dunsborough Country Water Area was extended: Now, therefore, His Excellency the Governor, with the advice and consent of the Executive Council, in pursuance of the powers contained in section 4 of the Water Supply, Sewerage, and Drainage Act, 1912-1950, doth hereby declare the Dunsborough Water Supply on the land coloured green on Plan P.W.D., W.A. 50824-1-1 to be subject to the Country Areas Water Supply Act, 1947-1978 (being an Act mentioned in the schedule to the Water Supply, Sewerage, and Drainage Act, 1912-1950) and to vest in the Minister for Water Supply, Sewerage and Drainage.

J. E. A. PRITCHARD,
Acting Clerk of the Council.

Water Supply, Sewerage, and Drainage Act,
1912-1950.

Country Areas Water Supply Act, 1947-1978.
Dunsborough Water Supply.

ORDER IN COUNCIL.

WHEREAS by section 4 of the Water Supply, Sewerage, and Drainage Act, 1912-1950, it is provided, *inter alia*, that all water works, sewerage, drainage, and irrigation works constructed by the Government and declared by the Governor to be subject to any of the Acts mentioned in the schedule to that Act shall vest in the Minister for Water Supply, Sewerage and Drainage on behalf of Her Majesty unless and until those works are vested in a board; and whereas the Government by the Honourable Minister for Works has constructed water works being reticulation mains, pumping station, rising main and reinforced concrete water tank on the land delineated on Plan P.W.D., W.A. 51484-1-1, and thereon shown in red; and whereas by Order in Council dated the 15th March, 1974, and published in the *Government Gazette* on the 22nd March, 1974, Dunsborough Country Water Area was constituted under the Country Areas Water Supply Act, 1947-1964, and whereas by Order in Council dated the 14th January, 1976, and published in the *Government Gazette* on the 23rd January, 1976, the Dunsborough Country Water Area was extended and whereas by Order in Council dated the 16th November, 1977, and published in the *Government Gazette* on the 25th November, 1977, the Dunsborough Country Water Area was extended and whereas by Order in Council dated the 16th August, 1978, and published in the *Government Gazette* on the 25th August, 1978, the Dunsborough Country Water Area was extended; and whereas it is deemed expedient that the water works constructed as hereinbefore mentioned be declared to be subject to the Country Areas Water Supply Act, 1947-1978: Now therefore, His Excellency the Governor, with the advice and consent of the Executive Council and acting in pursuance of section 4 of the Water Supply, Sewerage, and Drainage Act, 1912-1950, doth hereby declare the water works being reticulation mains, pumping station, rising main and reinforced concrete water

tank constructed by the Government in the Dunsborough Country Water Area on the land delineated on Plan P.W.D., W.A. 51484-1-1, and thereon shown in red, to be subject to the Country Areas Water Supply Act, 1947-1978, being an Act mentioned in the schedule to the Water Supply, Sewerage, and Drainage Act, 1912-1950.

FISHERIES ACT, 1905-1975.

(Section 17.)

Notice No. 91.

Department of Fisheries and Wildlife,
Perth, 22nd July, 1979.

PURSUANT to the powers vested in me by virtue of section 17 of the Fisheries Act, 1905-1975, I hereby direct all Licensing Officers to impose the following conditions in respect of fishing boat licenses:—

- (1) (F. & W. 742/73) A fishing boat, unless so authorised in writing by a Licensing Officer, shall not be used, and a person shall not permit or suffer a boat to be used during the period between September 1 in any year and ending on 30th April, the next following year, for the purpose of taking tuna by bait and pole fishing in any Western Australian waters between the eastern boundary of Western Australia on the south coast and Cape Leeuwin.
- (2) (F. & W. 134/75) A fishing boat, unless so authorised in writing by the Director of Fisheries, shall not be used, and a person shall not permit or suffer a boat to be used during the period of 1st January to 30th September in each year, for the purpose of taking prawns by means of trawling in any waters of the Indian Ocean lying between Parkes Reeve and Beadon Point, near Onslow, with a width seawards of two nautical miles from high water mark as delineated and shown bordered in red on Lands and Surveys Miscellaneous Plan 832.
- (3) A fishing boat shall be relicensed each year under the same name given it the previous year irrespective of whether there has been a change of ownership or of registration number. No boat shall be licensed if it has been given the same name as a previously licensed fishing boat: provided that this shall not apply if the name of

each such licensed vessel is given a distinguishing serial number or an additional distinguishing name.

- (4) (F. & W. 374/78) A fishing boat, unless so authorised in writing by a Licensing Officer, shall not be used and a person shall not permit or suffer a boat to be used for the purpose of taking snapper (*Chrysophrys unicolor*) by means of fish traps.

The notice appearing in the *Government Gazette* of 2nd March, 1979, relating to conditions in respect of fishing boat licenses is hereby cancelled.

Dated this 22nd day of July, 1979.

R. J. O'CONNOR,
Minister for Fisheries and Wildlife.

APPLICATION FOR LEASING.

Reserve No. 22215.

(Wellington Location 4489.)

Department of Lands and Surveys,
Perth, 27th July, 1979.

Corres. No. 4711/95.

APPLICATIONS are invited under section 32 of the Land Act, 1933-1977, for the leasing of Reserve No. 22215 (Wellington Location 4489) for the purpose of "Grazing" for a one (1) year term at a rental of \$40.00 subject to the following conditions:—

- (1) The land shall not be used for any purpose other than Grazing without the approval in writing of the Minister for Lands.
- (2) The lease shall be renewable at the will of the Minister for Lands and subject to determination at three months' notice by either party after the initial term of one (1) year. Should the lease be so renewed, the rental fixed may be reappraised at such amount as the Minister for Lands may at any time and from time to time determine.
- (3) The lessee shall not without the previous consent in writing of the Minister for Lands assign, transfer, mortgage sublet or part with the possession of the demised land.
- (4) The lessee shall, within twelve months from commencement of the lease, fence the external boundaries to the satisfaction of the Minister.
- (5) The lessee shall not cut down, fell, injure or destroy any living timber or scrub upon the demised land except for the purpose of destroying poisonous growth or by the agistment of stock in reasonable numbers.
- (6) Compensation shall not be payable to the lessee in respect of any improvements effected by him on the demised land and remaining thereon at the expiration or earlier determination of the lease.
- (7) It shall be lawful for the lessee at any time within the three calendar months immediately following the expiration of the term or earlier determination of the lease, to take down, remove, and carry away any buildings, structures, improvements and plant the property of the lessee.
- (8) On determination of the lease, the lessee shall fill in, consolidate and level off any unevenness, excavation or hole caused by him during the term of the lease or by removal of his improvements and shall leave the demised land in a clean, neat and tidy condition to the satisfaction of the Minister for Lands and shall remove any or all waste matter as required by the Minister.
- (9) Power is reserved to the Minister for Lands to direct that the number of stock depasturing on the demised land shall be reduced if the Minister is of the opinion that the demised land is overstocked to an extent sufficient or likely to cause permanent damage to the land; failure to comply with any such direction will result in the forfeiture of the lease.

Applications, accompanied by a deposit of \$21.50, must be lodged at the Department of Lands and Surveys, Perth on or before Wednesday, 29th August, 1979.

In the event of more than one application being received, the application to be granted will be determined by the Land Board.

- (6) All buildings, erections, paving, drainage and other works shall be to the approval of the Local Authority and the lessee shall perform, discharge and execute all requisitions and works unto the demised land as are or may be required by any local or public authority operating under any statute, by-law or regulation.
- (7) The lessee shall, within twelve months from commencement of the lease, fence the external boundaries to the satisfaction of the Minister.
- (8) The lessee shall maintain existing and future improvements to the satisfaction of the Minister for Lands.
- (9) The only residence permitted will be that of the Lessee or a Manager or Manager/Caretaker.
- (10) The lessee shall indemnify the Minister against all claims for damage to property or persons arising from the use of the land.
- (11) The Minister or his representative may enter the land for inspection at any reasonable time.
- (12) Compensation will not be payable for damage by flooding of the demised land.
- (13) Compensation shall not be payable to the lessee in respect of any improvements effected by him on the demised land and remaining thereon at the expiration or earlier determination of the lease.

- (14) It shall be lawful for the lessee at any time within the three calendar months immediately following the expiration of the term or earlier determination of the lease, to take down, remove, and carry away any buildings, structures, improvements and plant the property of the lessee.
- (15) On determination of the lease, the lessee shall fill in, consolidate and level off any unevenness, excavation or hole caused by him during the term of the lease or by removal of his improvements and shall leave the demised land in a clean, neat and tidy condition to the satisfaction of the Minister for Lands and shall remove any or all waste matter as required by the Minister.
- (16) Power is reserved to the Minister for Lands to direct that the number of stock depasturing on the demised land shall be reduced if the Minister is of the opinion that the demised land is overstocked to and extent sufficient or likely to cause permanent damage to the land; failure to comply with any such direction will result in the forfeiture of the lease.

A person in the employ of the State must apply through the Under Secretary for Lands for the Governor's permission to hold this land. Written approval of the Permanent Head concerned should accompany such application.

Applications must be lodged at the Department of Lands and Surveys, Perth on or before Wednesday, 12th September, 1979 accompanied by the deposit shown.

All applications lodged on or before that date will be treated as having been received on the closing date, and if there are more applications than one for any location, the application to be granted will be decided by the Land Board.

TOWN PLANNING AND DEVELOPMENT ACT,
1928 (AS AMENDED).

Advertisement of Approved Town Planning Scheme.

Shire of Esperance Town Planning (Guided
Development) Scheme No. 18.

T.P.B. 853/11/6/14, Vol. 1.

IT is hereby notified for public information, in accordance with section 7 of the Town Planning and Development Act, 1928 (as amended) that the Minister for Urban Development and Town Planning approved the Shire of Esperance, Town Planning (Guided Development) Scheme No. 18 on the 23rd April, 1979, the Scheme Text of which is published as a Schedule annexed hereto.

M. J. ANDRE,
President.

E. L. CHOWN,
Shire Clerk.

Schedule.

SHIRE OF ESPERANCE TOWN PLANNING
(GUIDED DEVELOPMENT) SCHEME No. 18.

Scheme Text.

PART 1.—PRELIMINARY.

1.0 The Council of the Shire of Esperance under and by virtue of the powers conferred upon it by the Town Planning and Development Act, 1928 (as amended) hereby makes the following Town Planning Scheme.

1.2 Citation.

This Town Planning Scheme may be cited as the Shire of Esperance Town Planning (Guided Development) Scheme No. 18 (hereinafter referred to as "The Scheme").

1.3 Responsible Authority.

The Authority responsible for enforcing the observance of the Scheme is the Council of the Shire of Esperance (hereinafter referred to as "the Council").

1.4 Scheme Documents.

In addition to this Scheme Text, the following documents combine to form the Scheme:

Land Use Map;
Scheme Map;
Scheme Report.

1.5 General Objectives of the Scheme.

The general objectives of the Scheme are:

- (a) to facilitate, co-ordinate and promote the progressive subdivision, re-subdivision and development of the Scheme Area;
- (b) to relocate roads and create new roads within the Scheme Area;
- (c) to provide for the setting aside of land to be used for Public Open Space and to facilitate and provide for the acquisition of such land by the Council with a view to the ultimate vesting of the land in the Crown as reserves for Recreation;
- (d) to make provision for a Primary School Site within the Scheme Area;
- (e) to provide for the sharing of the cost of the Scheme among owners of land within the Scheme Area;
- (f) to provide for the reticulation of power and water to and throughout the Scheme Area;
- (g) to provide for the setting aside of land for use for local shopping and community purposes;
- (h) to make provision for desirable movement patterns for pedestrians and vehicles within the Scheme Area;
- (i) to provide for the proper drainage of those parts of the Scheme Area that require drainage;
- (j) to provide for the reticulation of deep sewerage to that part of the Scheme Area shown on the Scheme Map.

PART 2.—POLICIES.

2.0 In order to achieve the objectives of this Scheme the following Statements of Policy are made, with respect to the subdivision and development of land within the Scheme Area.

- (a) the minimum lot size shall generally be 750 m² unless the land concerned is to be served by deep sewerage in which case the minimum lot size shall be 680 m²;
- (b) notwithstanding subclause (a) of this Clause as and when the Town Planning Board in consultation with the Council considers it appropriate due to such factors as serviceability, drainage, extremes of topography etc., the minimum lot sizes may be increased or decreased accordingly;
- (c) every endeavour will be made to retain as much of the natural vegetation of the area as possible to preserve the qualities and character of the area and to prevent erosion during the development stages;
- (d) development of any lot resulting from subdivision will be examined with particular regard to the qualities of the area, the views to be obtained from the lot in question and other lots in the locality, the scene when viewed from local vantage points and the preservation of privacy and amenity to established dwellings. In general, the Council will expect to see the erection of single storeyed or split level buildings related to the topography of the land except in situations where it can be demonstrated that higher or multi-storeyed buildings will not adversely affect the amenity of the area or the privacy of nearby dwellings;
- (e) accessways to residential blocks and in particular the accessways to battle-axe blocks will be required to be constructed, and if appropriate, drained in such a way as to avoid drainage onto adjoining blocks and the spread of loose material into roads and drains;
- (f) where fencing lines are particularly conspicuous on the urban landscape and where fences divide open spaces and community uses from residential or commercial properties, the Council will seek to ensure the construction of such fences in a uniform manner as to height, type and finish in an attempt to provide a pleasing appearance.

PART 3.—SUBDIVISION AND DEVELOPMENT.

3.1.1 Subdivision and development of land within the Scheme Area shall be carried out generally in accordance with the plan of subdivision shown on the Scheme Map or in accordance with alternative plans of subdivision which may be approved by both the Council and the Town Planning Board provided that any such approval is only given:

- (i) where the approving Authorities are satisfied that the objectives of the Scheme will still be capable of achievement;
- (ii) where it can be demonstrated that the alternative form of subdivision will not prejudice the proper and orderly subdivision of the remainder of the land within the Scheme Area in accordance with a revised overall plan.

3.1.2. Subdivision and Development pursuant to Clause 3.1.1 of this Scheme may be carried out—

- (i) by the owners of the land;
- (ii) by groups of owners of land;
- (iii) by the Council being the owner of land within the Scheme Area prior to the coming into operation of this Scheme, or being owner of land within the Scheme Area acquired pursuant to the provisions of this Scheme;
- (iv) by any body or corporation appointed by the owners of land within the Scheme Area or the Council for the purpose of developing land within the Scheme Area.

3.1.3 Any application for the subdivision of land within the Scheme Area together with associated documents (if any) shall be submitted to the Council at the same time as it is submitted to the town Planning Board for approval as required under the provisions of the Town Planning and Development Act, 1928 (as amended). Plans accompanying such applications shall indicate not only the subdivision of the land concerned in the application but also the relationship of that subdivision to the subdivision of the surrounding land and in particular the connection of any roads and pedestrian accessways to the roading and pedestrian movement systems within and outside the Scheme Area.

3.1.4 If the Council has any objection whatsoever, to the application it may convey the objection to the Town Planning Board requesting that the Council's objection and reasons for the same be considered by the Board before any final decision is made in regard to the application.

3.1.5 Notwithstanding the provisions of any other Town Planning Scheme or By-Law having effect over the land or the development of land within the Scheme Area, no development, including the erection of a single dwelling house or any fence, wall or building whatsoever may be carried out within the Scheme Area without the prior approval in writing of the Council. An application for such approval shall be in the manner prescribed for applications for approval to commence development set out in Part VII in the Shire of Esperance Town Planning Scheme No. 16.

3.1.6 The Council may determine any application referred to in Sub-Clause 3.1.5 in the manner provided for in the Shire of Esperance Town Planning Scheme No. 16 for the determination of applications for approval to commence development.

Further, in making its decision, the Council may have regard, *inter alia*, to:

- (i) the particular nature of the terrain within the Scheme Area;
- (ii) the effects on privacy, and amenity of one development upon another;
- (iii) the appearance of the proposed development upon the street scene and the view of the overall development from local vantage points;
- (iv) the effects of such development on the ultimate implementation of this Scheme in the event that subdivision as envisaged in the Scheme has not been carried out.

3.2 New Roads and Footways.

3.2.1 Prior to the grant by the Town Planning Board of its final approval to a plan of subdivision, any owner of land within the Scheme Area, when subdividing his land shall:—

- (i) make available all land necessary for all roads, rights of way, footways and pedestrian accessways, and
- (ii) subject to the following clauses, carry out all work necessary for the survey, construction, paving and drainage of all roads, rights of way, footways and pedestrian accessways, or
- (iii) pay to the Council, the cost of all or part of such work which he may request the Council to carry out on his behalf.

3.2.2 Where work involving the survey, construction, paving and drainage of any road, right of way, footway or pedestrian accessway is carried out by an owner on his land but such work serves or benefits other land within the Scheme Area, then the owners of the land so served or benefitted shall contribute to the cost of such works in such proportions as the Council may in its discretion determine. In the event that the owners of the land and the Council are unable to agree upon the proportion of the costs payable by each of them, the amount (if any) payable by each such owner shall be determined by arbitration in the manner hereinafter provided.

3.2.3 The Council may survey, construct, pave and drain any new roads and footways within the Scheme Area and acquire the land necessary for that purpose. If the Council does so prior to the subdivision of the land adjoining such road or footway, the costs of the survey, construction, paving and drainage of the said road or footway and all compensation and other costs consequent upon the acquisition of the land shall be paid to the Council by owners of land adjoining the road or footway. The compensation and other costs consequent upon the acquisition of the land shall be paid in accordance with the foregoing provisions upon the final approval of the Town Planning Board to the subdivision of his land or after having been served with not less than three calendar months notice from the Council calling upon him to make such payment whichever shall first happen.

3.2.4 If an owner subdivides his land and if he or any predecessor in title has claimed or has been paid compensation by reason of the resumption by the Council of the land for a new road or footway within the Scheme Area, he shall before the final approval by the Town Planning Board to his plan of subdivision, release the Council from the payment of compensation or repay to the Council the compensation paid by it to him or his predecessors in title as the case may be.

3.3 Closure of Roads.

3.3.1 Those roads and rights of way within the Scheme Area which are shown hatched on the Land Use Map accompanying the Scheme Map as roads to be closed shall be closed as the development of the land proceeds as such surveyed roads are no longer required. When the said roads are closed the land shall be made available to the Council.

3.3.2 The land made available to Council pursuant to the preceding Clause shall be dealt with by Council in a manner consistent with the uses shown on the Scheme Map and to promote the objectives of this Scheme and to this end the Council may:

- (i) sell or exchange the land or any part thereof to owners of land adjoining the closed road;
- (ii) retain the land or any part thereof for the various public uses shown on the Scheme Map;
- (iii) retain the land or any part thereof for the purpose of development either alone or in conjunction with other land acquired pursuant to the other provisions of this Scheme.

3.3.3 The land vested in the Council pursuant to Clause 3.3.1 shall be valued in accordance with Clause 4.7 and that value or, if the land is sold, the proceeds of the sale of such land pursuant to Item (iii) of the preceding clause after deduction of all costs of development, shall be applied by the Council to defray Scheme Costs.

3.4 Public Open Space.

3.4.1 It is intended that the land shown as "Public Open Space" on the Scheme Map shall be reserved for Public Open Space and Local purposes;

3.4.2 The Council may as and when it deems fit acquire the said lands shown as Public Open Space or any parts thereof either by purchase or resumption or partly by one method and partly by the other.

3.4.3 When land set aside for Public Open Space pursuant to this Scheme has been acquired by Council and the surrounding subdivision completed, Council shall vest the Public Open Space in the Crown as a reserve for recreation.

3.4.4 Except in instances where land has already been subdivided into lots having an area of less than 3 000 m², each owner of land within the Scheme Area shall prior to the final approval by the Town Planning Board to the plan of subdivision of his land or any part thereof and subject

as hereinafter provided transfer to the Council an area of land equal to one tenth of the gross residential area being subdivided.

3.4.5 Where Public Open Space has been allocated in area where land has already been subdivided into lots of 3 000 m² or less, the Council shall purchase the land so required or may offer in exchange, land which it may own or may have acquired pursuant to its implementation of this Scheme.

3.4.6 In the Scheme, the expression "gross residential area being subdivided" means the area of land the subject of the subdivision excluding land to be used for school sites, controlled access roads and foreshore reserves but including lands that are or are to become public open space and roads other than controlled access roads and all other parts thereof.

3.4.7 Land to be transferred to the Council pursuant to Clause 3.4.4 shall not include any land which is or is intended to be a road or part of a road created by the subdivision or a drainage reserve.

3.4.8 If it is not possible for an owner to transfer an area of land exactly equal to one tenth of the gross residential area being subdivided, he shall transfer to the Council land as nearly as possible equal in area to the said one tenth of the gross residential area being subdivided and the Council shall pay to or receive from the owner, a cash adjustment representing the value of the area of land by which the area transferred exceeds or is less than the said one tenth or the Council may agree upon a cash payment in lieu of the transfer of any land.

3.4.9 If within an owner's land more than one tenth is required by the Council for Public Open Space, the owner shall, upon the subdivision of his land or any part thereof, transfer to the Council the land required by it for that purpose and the Council shall pay to the owner by way of compensation the value of the land exceeding the said one tenth. If the Council and the owner so agree, the Council may transfer to the said owner other land in or near the Scheme Area either owned by the Council or acquired by it for that purpose to compensate him for the land in excess of the said one tenth required by the Council in which case, the amount payable by the Council to the owner shall be reduced accordingly.

3.4.10 The Council may sell or otherwise dispose of any land transferred to it under the preceding clauses and not required by it for Public Open Space, recreation or drainage purposes; provided that all moneys received by the Council in respect of such sales and under Clause 3.4.8 hereof shall after making all necessary payments to owners under the foregoing clauses and after payment to it of the cost of land (if any) acquired for transfer to owners under the preceding clause be expended by the Council in the acquisition or improvement of land for Public Open Space, recreation or drainage purposes in or near the Scheme Area.

3.4.11 If the Council shall have resumed land for Public Open Space, roads, footways or recreation or community uses or drainage purposes it shall be reimbursed all compensation and costs from moneys received from the sale of land under the preceding clauses.

3.4.12 If the Council shall have resumed land for Public Open Space, roads, footways or recreation or community uses or drainage purposes, the amount and value of the said one tenth of an owner's land shall be assessed on the basis that such land has not been resumed.

3.4.13 For the purpose of the foregoing clauses, the valuations shall be made on the basis that the whole of the owner's land is offered for sale taking into account that the subdivision can be approved but not on the basis of the total of the values of the individual lots in the subdivision.

3.4.14 If an owner of land subdivides his land and if he or any predecessor in title has claimed or has been paid compensation by reason of the resumption by the Council of land for Public Open Space within the Scheme Area, the amount of compensation in assessing with the foregoing clauses and if no compensation has then been paid, the owner shall release the Council from the payment of any such compensation.

3.5 School Site.

The position of the proposed Primary School Site is shown on the Scheme Map. The cost of the land involved in the acquisition of the School Site shall be divided between the Crown or the appropriate Government Department in right of the State of West Australia on the one hand and on the other hand the owners of land in the Scheme Area where subdivision into lots having an area of 3 000 m² or less has not previously occurred; the proportions being two thirds and one third of its value respectively.

3.6 Shops and Community Uses Sites.

The position of these sites are shown upon the Scheme Map. The land required for Community Uses shall be acquired by the Council pursuant to the provisions of this Scheme at a valuation to be determined in accordance with Clause 4.8.

PART 4.—FINANCE AND ADMINISTRATION.

4.1 Following notice of final approval of the Scheme in the *Government Gazette*, the Council shall as soon as is practicable prepare a Schedule of Scheme Costs listing all items of work and other costs including the basis for calculating estimates of costs and the period in respect of which the estimates are made.

4.2 Notwithstanding that the provisions of this Scheme apply to all land within the Scheme Area and must be complied with, the Council may when requested for observations or recommendations in respect of an application for approval to subdivide, notify the Town Planning Board the estimated Scheme Costs and requesting that the costs be notified to the applicant in each particular case.

4.3 Scheme Costs.

4.3.1 The costs of the following items hereinafter referred to as Scheme Costs:

- (a) The costs of and incidental to the preparation, administration and implementation of the Scheme including amounts to reimburse Council for:
 - (i) all administration costs incurred in the preparation of the Scheme by Council's officers, agents or servants;
 - (ii) all administration costs incurred in the implementation and supervision of the effective operation of the Scheme by Council's officers, agents or servants;
 - (iii) all legal costs, planning costs, payments to planning consultants and other professional consultants and valuation costs.
- (b) The cost of any survey carried out by the Council in the Scheme Area.
- (c) The cost (if any) to the Council of any drainage works necessary for the proper drainage of the Scheme Area and the acquisition of lands for that purpose.
- (d) The cost (if any) to the Council of the sewerage works necessary for the connection of any land in the Scheme Area to a sewer and of the acquisition of lands for that purpose.
- (e) The cost (if any) to the Council of supplying water throughout the Scheme Area.
- (f) The cost of the acquisition of Public Open Space within the Scheme Area.
- (g) The cost of the Council of the acquisition of the Community Uses Site.

- (h) The cost of the survey construction paving and drainage of new roads and acquisition of land for that purpose in cases where those costs cannot be recouped from owners under the foregoing provisions of the Scheme.
- (i) All compensation payable and all costs and expenses incurred in determining and settling compensation.
- (j) All other costs and expenses which the Council shall be required to meet or consider desirable in order to implement and complete the Scheme.

4.4 Payment of Scheme Costs.

4.4.1 The Council shall calculate by reference to the Scheme Map the number of new residential lots which may be obtained by the subdivision of the total lands within the Scheme Area and the new residential lots and part lots which may be created by the subdivision of the land of each owner.

The equity of each land owner in the Scheme shall be equivalent to the proportion which the value of each owner's property bears to the total value of all land within the Scheme Area. For the purpose of establishing the equities of the participants in the Scheme, the Council shall, upon publication of final approval to the Scheme in the *Government Gazette*, arrange for the Commissioner for State Taxation to prepare valuations of all land within the Scheme Area to determine the value of both the existing and proposed new lots.

Subject to Clauses 4.4.3, 4.4.4 and 4.4.5 hereof, the Scheme Costs shall be divided by the total number of new residential lots calculated as aforesaid and the figure so ascertained shall hereinafter be referred to as the 'single lot contribution'. The contribution of an owner of land to Scheme Costs shall be ascertained by multiplying the single lot contribution by the number of new residential lots, including part lots, which can be produced from his land pursuant to this Scheme.

4.4.2 In carrying out the calculations provided for in the foregoing Clause 4.4.1, the shop site shall have ascribed to it an equivalent, expressed in terms of residential lots. That equivalent shall be determined by dividing the value of the shop site by the average of the values of all adjoining new residential lots or if no new residential lot adjoins, then the average of the values of the two nearest residential lots. Valuations for the purpose of this Clause shall be arrived at in accordance in Clause 4.7.

4.4.3 The cost of the sewerage works referred to in Clause 4.3.1 (d) shall be apportioned among and paid by those owners only whose land is served by or benefits from the sewerage works and an appropriate adjustment shall be made to the single lot contribution.

4.4.4 Scheme Costs in respect of land already subdivided into lots of 3 000 m² and to be re-subdivided pursuant to this Scheme shall not include proportions of the costs to the Council or Government Department as the case may be of acquiring land for Public Open Space or for educational purposes and an appropriate adjustment shall be made to the single lot contribution.

4.4.5 In respect of land already subdivided into lots of 3 000 m² or less and being re-subdivided under this Scheme, the Council may, where such land already fronts or abuts a fully constructed road and/or where services already exist to that land, vary the "single lot contribution" proportional to the value of such road and/or service to any new lot created pursuant to this Scheme.

4.4.6 Each owner shall prior to the final approval by the Town Planning Board to the subdivision of his land or after having been served with not less than three calendar months notice from the Council whichever shall first happen, pay to the Council his proportion of Scheme Costs.

4.5 Estimate of Scheme Costs.

If any of the items of Scheme Costs have not been paid or ascertained at the time of the subdivision of a parcel of land at the time of the giving of a notice by the Council as aforesaid, the Council may estimate the cost of such items of Scheme Costs. An estimate may be revised from time to time.

4.6 Service of Notices.

Any notice to be served or given to an owner pursuant to the Scheme may be sufficiently served if sent to such owner by registered post in an envelope addressed to him at his address appearing in the Rate Book of the Council and a notice so sent shall be deemed to have been served on the day following the date of posting.

4.7 Valuations.

- (a) Where it is necessary to ascertain the value of any land for the purpose of the Scheme, the value shall be determined by either the Chief Valuer of the State Taxation Department or at the option of the Council by a disinterested and competent valuer appointed by the Council.
- (b) If an owner shall object to the value so determined he may give notice of such objection to the Council within twenty eight (28) days after having been informed of the said value or the revised value. If the valuer does not agree to change the value to a figure acceptable to the owner, the value shall be determined by arbitration in accordance with the provisions hereinafter contained.
- (c) If a valuation made by the valuer shall be changed as the result of an objection, the valuer may reconsider the values placed on other lands and make revaluations as he considers just and equitable. The owners affected by such revaluation shall forthwith be notified of any change in values.

4.8 Arbitration.

Any dispute or difference in respect of any matter which by the terms of the Scheme may be determined by arbitration may be referred to the arbitration of a single arbitrator in the manner provided for by the Arbitration Act 1895 or any statutory modification thereof for the time being in force and if the parties fail to agree upon any one single arbitrator, he may be nominated by the President of the Law Society of Western Australia for the time being but if the dispute or difference relates to values only, the arbitrator shall be a valuer appointed by the President for the time being of the Western Australian Division of the Australian Institute of Valuers (Inc.).

4.9 Appeals.

Any applicant who is aggrieved by a decision made by Council pursuant to Clause 3.1 of this Scheme on an application for approval to commence development may appeal to the Hon. Minister for Urban Development and Town Planning in accordance with Part V of the Act.

4.10 Enforcement.

4.10.1 Failure to comply with the conditions imposed by Council on the grant of an approval to commence development or failure to carry out development so approved in strict accordance with the plans approved by Council in respect of a particular proposal, shall constitute a contravention of the Scheme for the purposes of Section 10 of the Act and the Council may:

- (a) by written notice served on the owner and/or occupier of the land, require the development to be carried out in strict accordance with the approved plans or with the conditions imposed in respect of such approval within the period specified in the notice (not being less than 28 days) failing which the Council may enter the land and carry out the work itself and recover any expenses so incurred from the

person in default as a simple contract debt in such Court of Civil Jurisdiction as is competent to deal with the amount of the claim.

- (b) prosecute the owner or occupier of the land as the case may be pursuant to section 10 of the Act.
- (c) revoke the approval so granted and require the removal of the development carried out as set out in section 10 of the Act.

4.11 Powers and Authorities of Council.

4.11.1 In carrying out the provisions of the Scheme the Council shall have the following powers and authorities:

- (a) to enter and inspect any land within the Scheme Area;
- (b) to enter into agreements with the owners or occupiers of any land within the Scheme Area;
- (c) to enter into agreements with purchasers or prospective purchasers or prospective occupiers of land within the Scheme Area;
- (d) to enter into agreements with the Crown and any department of the State with reference to the carrying out of any of the objects or works of the Scheme;
- (e) to purchase land within the Scheme Area and for that purpose to enter into contracts and agreements with owners and thereafter to deal with the land in any way to give effect to the general objectives of this Scheme;
- (f) to resume any land for the purpose of a road, right of way, footway, pedestrian accessway or for public open space, educational establishment, community use, or for drainage or deep sewerage or for any other purpose necessary for the effective implementation of the Scheme;
- (g) If any owner of land within the Scheme Area does not proceed with the subdivision or development of his land in accordance with the Scheme or by reason of the nature of his land he is unable to subdivide or develop it and his failure to do so in the opinion of the Council will unduly delay the subdivision and development of the Scheme Area, the Council may resume or purchase the land of such owner or any part or parts thereof and proceed with the subdivision and development of the said land in accordance with the provisions of the Scheme.
- (h) In the event of the Council exercising its powers under clause (g) it shall have the powers of an owner in the subdivision development and disposal of the said land. If land shall have been resumed and if the owner shall not have been paid compensation by reason of the resumption, the Council before selling the land so subdivided and developed, shall offer the new lots to the original owner upon his paying to the Council all costs and expenses consequent upon the resumption, subdivision or development of the said land and upon his releasing the Council from all claims for compensation in respect of such resumption. The said offer shall be made in writing and if not accepted within one calendar month of the service thereof, the Council may proceed with the sale of the subdivided lots. All moneys received by it from such sale shall be applied firstly in payment of all costs and expenses consequent upon such subdivision and secondly in payment of all compensation in respect

of the resumption of the said land. The balance if any, of such moneys may be retained by the Council and the Council shall make good any deficit.

- (i) If the offer mentioned in Clause (h) hereof be not accepted, the Council may retain all or any part of the said land. If it does so it shall be responsible to pay such costs of subdivision of the said land and compensation for its resumption as are then unpaid.
- (j) To dispose of any lots to which it becomes entitled whether under Clause (g) hereof or otherwise upon such terms and conditions as it may think fit and without limiting the generality of the foregoing, the Council may sell the lots singly or in groups and on the condition that buildings of a specified character with specified parking or other facilities shall within a limited period, be constructed thereon or that the land and buildings be used for a specified purpose.
- (k) To extend the time within which payments are to be made to the Council and agree to the securing of such payments.
 - (l) To transfer any land owned by it or acquired by it pursuant to the Scheme as compensation or part compensation and to enter into agreements relative to the determination and settling of compensation.
 - (m) To acquire and/or develop land for Public Open Space in the vicinity of the Scheme Area.

4.12 Claims for Compensation.

The time limited for making claims for compensation pursuant to section 11 of the Town Planning and Development Act, 1928 (as amended), is six months after the date when notice of the approval of the Scheme is published in the manner prescribed by the Regulations under the Act.

Adopted by Resolution of the Council of the Shire of Esperance at the Ordinary Meeting of the Council held on the 27th day of March, 1979, and the Seal of the Municipality was pursuant to that resolution hereunto affixed in the presence of—

M. J. ANDRE,
President.

Scheme Text.

1. Citation.

This Town Planning Scheme may be cited as the Shire of Wanneroo Town Planning Scheme No. 10—WOODVALE-KINGSLEY DEVELOPMENT SCHEME hereinafter called "The Scheme" and shall come into operation on the publication of notice of the Hon. Minister for Urban Development and Town Planning's final approval thereof in the *Government Gazette*.

2. Responsible Authority.

The Authority responsible for enforcing the observance of this Scheme is the Shire of Wanneroo hereinafter referred to as "The Council".

3. Scheme Area.

3.1 The Scheme shall apply to the land contained within the inner edge of a broken black line on the Land Use Map.

The said land is hereinafter referred to as the "Scheme Area".

3.2 The provisions of the Scheme do not apply to Lot 2 of Swan Location E1 in Robertson Road for as long as it is used as a school site and remains unsubdivided. If an application is made to subdivide the land, or if the use of the land is changed from its present purpose, the provisions of the Scheme are to apply and it is to be liable for Scheme costs.

3.3 The provisions of the Scheme do not apply to Part of Location 709 in Bindaree Terrace for as long as it is used as a Special Use Zone, Riding School and Cattery and remains unsubdivided. If an application is made to subdivide the land or if the use of the land is changed from its present purpose the provisions of the Scheme are to apply and it is to be liable for Scheme costs.

4. Scheme Maps.

4.1 The following maps are attached to this Text and form part of the Scheme:—

- Land Use Map.
- Scheme Map.
- Development Guide Map.

4.2 The Development Guide Map is intended to provide a guide to the structure planning of the Scheme Area and is not binding in matters of detailed subdivision design. The structure planning elements of the Scheme Map form part of the Development Guide Map.

4.3 Council shall from time to time review the basis of the structure planning of the Scheme Area and continuously update the Development Guide Map. Where a review results in the need for an amendment to the structure planning elements, such amendment shall be proceeded with in accordance with Clause 25 of the Town Planning Regulations, 1967 (as amended). The Development Guide Map shall be continually updated in matters of detail subdivision design at intervals not exceeding six months.

4.4 In considering an application for subdivision forwarded to it by the Town Planning Board, Council shall not recommend applications which do not comply with the specific structure planning provisions of the Development Guide Map. Where a subdivision proposal otherwise complies with the above provisions the detail of the Development Guide Map shall not be imposed as the basis of detail subdivision design.

5. Scheme Principles.

5.1 Negotiated Agreements: The Scheme is intended to provide a legal framework for negotiated agreements, and is aimed at validating the separate agreements that might otherwise have been made with servicing authorities.

5.2 Regional Priority: The Scheme endeavours to define the demand that it will make on regional facilities and services. This demand has been incorporated as a Scheme cost.

5.3 Town Planning Policy: Normal Town Planning Board policy is to apply to subdivisions and development within the Scheme area and matters of detail have been included in the Scheme to clarify that policy where it has not previously been determined.

5.4 Structure Planning: The Scheme is based on the principle that orderly development of the area for residential purposes requires structure planning involving the following elements:—

- (a) major roads and bus routes;
- (b) district and local level shopping and community services;
- (c) schools and educational facilities;
- (d) regional open space;
- (e) special use areas;

- (f) any other element of sub-regional or district level importance or proposed reserve or acquisition having an effect on the Scheme.

6. General Objects.

6.1 To facilitate, encourage and carry out progressive subdivision and development of land within the Scheme area.

6.2 To plan and make provision for suitable roads within the Scheme area.

6.3 To plan and make provision for easements, pedestrian access-ways, rights-of-way, reserves for drainage and reserves for recreation within the Scheme area.

6.4 To make provision for cycle ways within the Scheme area.

6.5 To provide proper drainage to those parts of the Scheme area which require drainage.

6.6 To make provision for Metropolitan Water Supply, Sewerage and Drainage Board reserves and easements.

6.7 To ensure the provision of reticulated water to and throughout the Scheme area.

6.8 To ensure the provision of reticulated effluent disposal facilities to and throughout the Scheme area.

6.9 To make provision for reserves and easements for electric power mains and electric substations and for other public utility services.

6.10 To control the orientation and position of houses, structures and fences along Robertson Road and around recreation reserves.

6.11 To make provision for school sites, bus routes and certain controlled access roads.

6.12 To provide for the sharing of various costs between owners of land in the Scheme area.

6.13 To make provision for other matters which are necessary or incidental to Town Planning and/or development.

7. Method of Carrying Out Objects.

7.1 As and when an owner or owners of land within the Scheme area decide to subdivide their land, the application to the Town Planning Board to subdivide their land shall be according to a plan of subdivision which is capable of forming part of an overall plan of subdivision for the Scheme area.

7.2 The Scheme Map forms a broad basis for development of the Scheme area and shows:—

- (a) the proposed location of major roads and bus routes;
- (b) the proposed location and extent of the larger public open space areas;
- (c) the number and the proposed location of school sites;
- (d) the proposed location of the local shopping and community centres;
- (e) the proposed location of the district shopping and community centre;
- (f) the location of the main cycleway along Robertson Road;
- (g) the number and location of the proposed pedestrian underpasses and or overpasses.

8. Subdivisional Roads and Pedestrian Accessways.

8.1 Subject to the following clauses, all subdivisional roads and footpaths, pedestrian accessways and cycle ways within the Scheme area being the subject of an application to subdivide, shall be constructed and drained at the expense of the owners of the land therein and each owner shall, when subdividing his land, make the land available for the roads, pedestrian accessways and cycle ways, and pay the cost of the construction and drainage of the roads, footpaths, pedestrian accessways and cycle ways within the land owned by him.

8.2 If an owner after having been given three months' notice by Council to carry out the work hereinafter described, does not comply with such notice then the Council may, in accordance with an approved plan of subdivision, construct and drain any subdivisional roads, footpaths, pedestrian

accessways or cycle ways within the Scheme area and acquire and shall vest in the Crown, the land to be used for such roads, footpaths, pedestrian accessways or cycle ways. If the Council shall do so prior to the subdivision of the land abutting such road, footpath, pedestrian accessway or cycle way, the costs of the construction and drainage of these works and all compensation and other costs consequent upon the acquisition of the land shall be paid to the Council by the respective owners of the land in accordance with the foregoing provisions as and when they subdivide their land or after having received not less than three (3) calendar months' notice from the Council whichever shall first happen. Subject to Clause 8.5 the owners of the land abutting the said road, footpath, pedestrian accessway or cycle way, shall be liable for the payment to the Council.

8.3 If an owner shall claim compensation for the resumption from him of land to be used as a road there may be set off against the amount of compensation payable to him, the amount by which the value of his land immediately adjoining that road has been or will be increased by the construction of that road and by the operation of the Scheme.

8.4 If an owner shall subdivide his land, and if he or his predecessors in title shall have claimed or shall have been paid compensation by reason of the resumption by the Council of portion of the land for a new road within the Scheme area, he shall before the approval of his plan of subdivision reimburse or release the Council from the payment of compensation paid by it to him or his predecessors in title as the case may be.

8.5 In cases where the situation of a new subdivisional road, footpath, pedestrian accessway or cycle way within the Scheme area is such that it would be fair and equitable that the owners of adjoining land should each contribute to the cost of the construction and or drainage of those works and to the value of the land to be made available for those works and such owners are unable to agree upon the amount (if any) payable by each of them the amount (if any) payable by each such owner shall be determined by arbitration in the manner hereinafter provided.

8.6 All bus routes shall be constructed to the specification of the Council within a twenty-five (25) metre road reserve, subject to the rights of the subdivider under Section 295 of the Local Government Act.

8.7 All other through roads, collector roads, longer loop roads, as determined by Council, and culs de sac serving more than twelve (12) properties shall be constructed to the specification of the Council within a road reserve that conforms with Town Planning Board Policy, subject to the subdivider's rights under Section 295 of the Local Government Act.

8.8 All minor roads, loop roads as determined by Council and culs de sac serving twelve (12) or less properties shall be constructed to the specification of the Council within a road reserve that conforms with Town Planning Board Policy, subject to the subdivider's rights under Section 295 of the Local Government Act.

8.9 Service roads adjoining controlled access roads shall be constructed within a minimum sixteen (16) metre road reserve.

8.10 The culs de sac heads shall be designed to accommodate a minimum twenty five (25) metre diameter circle and minimum three and one half (3.5) metre verge, unless otherwise agreed to by Council and the Town Planning Board.

8.11 Pedestrian accessways, underpasses, overways and cycle ways, as approved by the Town Planning Board, and footpaths as determined by Council, shall be constructed to the specification of the Council. Pedestrian accessway reserves will be a minimum width of four (4) metres.

9. Controlled Access Roads.

9.1 Mitchell Freeway: All land for the Mitchell Freeway which falls within the Scheme area as delineated on the Scheme Map shall be ceded free of cost to the Main Roads Department.

9.2 Ocean Reef Road (Mullaloo Drive): All land for Ocean Reef Road not included within the existing road reserve within the boundaries of the Scheme area shall be ceded free of cost to the Main Roads Department, and such land within the existing road reserve as falls within the boundary of the Scheme area shall be utilised for the benefit of the Scheme.

9.3 Whitfords Avenue: The development of this road has been the subject of separate negotiations between the owners of the adjoining land and the Main Roads Department, and requirements relative to the road do not form part of the Scheme.

9.4 All road reservations for the Mitchell Freeway, Hepburn Avenue, Ocean Reef Road and Whitfords Avenue shall be those as provided by the Main Roads Department to the Wanneroo Shire Council, prior to the date of the advertisement of the Scheme for objections by land owners and any future variations shall be at the cost of the Main Roads Department, having regard to the effect of such variations on the development of adjoining properties.

10. Closure and Re-location of Roads.

Council is to initiate action upon the final gazettal of the Scheme for the closure of such surveyed roads within the Scheme area as are not shown as roads on the Development Guide Map or are shown thereon as roads to be closed.

11. Sewerage.

11.1 No land shall be subdivided unless there is a sewer provided to which all new lots in the proposed subdivision may be connected.

11.2 Subject to the next following clause, no building shall be occupied unless the building is connected to a sewer.

11.3 The Council may upon such conditions as it thinks fit, approve the construction and or occupation of a detached dwelling-house on an existing lot, if in the opinion of the Council, the ground is sufficiently absorptive to permit the satisfactory functioning of an apparatus for the bacteriolytic treatment of sewage.

11.4 The Metropolitan Water Supply Sewerage and Drainage Board sewerage headworks charges will be levied over the total Scheme area at a uniform rate per gross hectare and for the purposes of this clause a gross hectare is defined as the Scheme area, less the area for controlled access roads and school sites.

11.5 Such headworks charges shall be paid in full, direct to the Metropolitan Water Supply Sewerage and Drainage Board for each stage of subdivision or plan or diagram of survey in each holding of the Scheme area. However, should the Metropolitan Water Supply Sewerage and Drainage Board indicate that it requires prior contributions relative to later headworks, then it will not be incumbent on the Board to provide sewerage headworks installations until funds are made available through the Scheme or by the subdivider.

11.6 Land and easements required for pump stations and sewer mains as are deemed necessary by the Metropolitan Water Supply Sewerage and Drainage Board, shall be transferred free of cost to the Board.

11.7 In cases where in the opinion of the Council and the Metropolitan Water Supply Sewerage and Drainage Board it is fair and equitable that the cost of the sewerage works and the value of the land to be made available for those works should be shared by a number of owners and such owners are unable to agree upon the amount (if any) payable by each of them the amount (if any) payable by each such owner shall be determined by arbitration and in the manner hereinafter provided.

11.8 The rate per gross hectare for sewerage is \$250 and will be reviewed as at the 1st February and the 1st August in each year, and will be available upon application to the Metropolitan

Water Supply, Sewerage and Drainage Board, and will be calculated and adjusted to the following formula:—

$$\begin{aligned} \text{Adjusted cost/ha} &= \frac{m'}{m} \times .4 \times 250 \\ &+ \frac{1'}{1} \times .6 \times 250 \end{aligned}$$

12. Water.

12.1 The Metropolitan Water Supply Sewerage and Drainage Board water headworks charges will be levied over the total Scheme area at a uniform rate per gross hectare and for the purpose of this clause a gross hectare is defined as the Scheme area less the area for controlled access roads and school sites. Such charges are payable to the Metropolitan Water Supply Sewerage and Drainage Board.

12.2 Such headworks charges shall be paid in full for each stage of subdivision or plan or diagram of survey in each holding of the Scheme area. However, should the Metropolitan Water Supply Sewerage and Drainage Board indicate that it requires prior contributions relative to later headworks charges, then it will not be incumbent upon the Board to provide water headworks installations until funds are made available through the Scheme or by the subdivider. Upon payment of these funds, the Board shall provide such headworks as soon as it is practicable to do so.

12.3 Land required to allow the installation of Scheme water reticulation and headworks shall be transferred to the Board free of cost.

12.4 The Scheme shall provide for water reticulation works in and to the Scheme area. Such installations to be constructed by the Metropolitan Water Supply Sewerage and Drainage Board unless that Board approves the construction by others. Where the Board constructs the works payment of its charges is required prior to installation, or lodgement of a bond satisfactory to the Board is required, prior to clearance of the diagram or plan of survey by the Metropolitan Water Supply Sewerage and Drainage Board. Where construction by others is approved by the Metropolitan Water Supply Sewerage and Drainage Board such construction will be to the Board's specification, prior to the clearance of the plan or diagram of survey by the Metropolitan Water Supply Sewerage and Drainage Board.

12.5 The rate per gross hectare for water headworks, is \$3 585 and will be reviewed as at the 1st February, and the 1st August in each year, and will be available on application to the Metropolitan Water Supply Sewerage and Drainage Board, and will be calculated and adjusted according to the following formula:—

$$\begin{aligned} \text{Adjusted cost/ha} &= \frac{m'}{m} \times .5 \times 3585 \\ &+ \frac{1'}{1} \times .5 \times 3585 \end{aligned}$$

m' represents unit cost of nominal 460 mm and 760 mm C.L.M.S. pipe at the time of the review.

13. Filling and Levelling of Land.

All filling and levelling of land and other earth works necessary for subdivision, shall be carried out by or at the expense of the land owner whose

land is being subdivided, excepting where those works are part of Scheme works or Main Roads Department works, and such works shall be at the cost of the Scheme or the Main Roads Department.

14. Native Trees.

14.1 So far as it is practicable and consistent with the economic subdivisional development of land, native trees and shrubs are to be retained. The Council may mark specific trees or shrubs or groups of trees or shrubs, and shall give notice to the land owners at the address appearing in the rate book, advising that trees or shrubs have been marked for retention, and that they are to be retained unless approval is given by Council in writing for their removal.

14.2 No clearing or other works shall be carried out by servicing authorities, or be permitted by the owner to be carried out, on land designated on the Scheme Map as an area for public recreation, unless the written permission of Council is first obtained.

14.3 If a land owner or servicing authority is aggrieved by Council's requirements under this Section, he may appeal to the Minister for Urban Development and Town Planning within thirty (30) days of receiving notification of Council's requirements. The Minister's determination will be final.

15. State Energy Commission.

The land owner, Council and the Town Planning Board, will have regard to any requirements of the State Energy Commission to enable the most economical provision of electricity and gas services.

16. School Sites.

16.1 All primary school-sites shown on the Scheme Map, being four (4) in Kingsley, and three (3) in Woodvale, are to be ceded to the Education Department without charge. The total area of land required for the primary school-sites is to form part of the overall costs of the Scheme and each owner in the Scheme is to contribute towards the total area either in land or in cash or by a combination of land and cash on a pro-rata basis as outlined in Clause 20.1.

16.2 The area of each primary school site is to be four (4) hectares, except where the site is adjacent to an active recreation reserve of not less than three (3) hectares the area of the school-site may be reduced to a minimum of three and one half (3.5) hectares.

16.3 Prior to the transfer of any primary school site the Education Department shall pay to the Council as the Scheme Development Authority, a sum equal to half of the cost as determined by the Council of the roads fronting the school site including roadworks, stormwater drainage, engineering fees, surveying fees and half the cost of reticulated water in those roads, and a contribution towards the provision of sewerage to that site as determined by the Metropolitan Water Supply Sewerage and Drainage Board.

16.4 Should any dispute arise between the Education Department and the Council as the Scheme Development Authority, then either party may refer the matter for arbitration as though they were owners under Clause 24 of the Scheme Text.

16.5 The high school sites shown coloured on the Scheme Map, one (1) in Woodvale and two (2) in Kingsley are to be purchased by the Education Department. The area of each high school site is to be ten (10) hectares.

17. Regional Open Space.

All that land included in the Scheme area and forming part of the Regional Open Space delineated on the Metropolitan Region Scheme, together with advertised amendments to the Metropolitan Region Scheme, as at the date of advertising of this Scheme for objections, shall be set aside for acquisition by the Metropolitan Region Planning Authority in accordance with the provisions of the Metropolitan Region Planning Scheme.

18. Public Open Space.

18.1 It is intended that the land coloured green on the Scheme Map shall be reserved for Public Recreation, together with such additional areas as the Town Planning Board may determine.

18.2 The Council may as and when it deems fit, acquire the said lands coloured green, or any part thereof whether by purchase or resumption or partly by one method and partly by the other.

18.3 Each owner of land within the Scheme area, when subdividing and or developing his land, and subject as hereinafter provided, shall vest in the Crown, or with approval from the Town Planning Board, transfer to the Council, all the land coloured green and shown as park and recreation on the Scheme Map that is within the land being subdivided by him or such other areas as the Board requires, provided such areas are in the Scheme area and in the ownership of the landowner.

18.4 If the owner or a previous owner of a parcel or parcels of land the subject of subdivision and or development has as a condition of a previous subdivision and or development within the Scheme area vested under Section 20A of the Town Planning and Development Act or transferred to Council land for public open space, then the area of land required to be vested under Section 20A of the Town Planning and Development Act or transferred to the Council under Clause 18.3 shall be reduced to the extent that the total contribution does not exceed ten per cent (10%) of the original gross area.

18.5 For the purpose of assessing public open space contribution the area being subdivided shall be the gross area the subject of the application to subdivide.

18.6 Should the land required for recreational reserves be greater than ten per cent (10%) then so much of the land required that is greater than the ten per cent (10%) shall be set aside for acquisition by Council.

18.7 If within a parcel of land forming part of the Scheme area and being the subject of a subdivision and or development application land reserved for public open space under this Scheme is not required or is of lesser area than ten per cent (10%) of the area of land contained within that parcel, the Council and the owner may agree on a land transfer where applicable, or if considered desirable by Council, Council and the owner may agree on a land transfer and cash payment or a total cash payment so that the owner's contribution equals one tenth of the value of the land the subject of the subdivision and or development application in accordance with the provisions of the Town Planning and Development Act.

18.8 If within a parcel of land the subject of subdivisional and or development application, more than one tenth is reserved or set aside for public open space, Council shall negotiate to purchase or resume that land. If the Council and the land owner so agree, Council may transfer to the said owner other land, in or near the Scheme area, either owned by the Council or acquired by it for that purpose to compensate him for the land in excess of the said one tenth required by the scheme in which case the amount payable to the owner by Council shall be reduced accordingly.

19. Scheme Costs.

19.1 The costs or estimated costs of the following items are herein referred to as Scheme Costs:—

- (a) The administrative costs of the Scheme including an amount to reimburse the Council for such overhead and supervision costs as may be incurred in the implementation of the Scheme as determined by Council and agreed to by a majority of the owners in the Scheme area from time to time.
- (b) All compensation payable and all the costs and expenses of determining and settling compensation in respect of matters under the Scheme.
- (c) The total area of land required for the seven primary school sites shown on the Scheme Map.

- (d) The cost of the acquisition of any land within or near the Scheme area for Scheme purposes in the event of such land being acquired other than by resumption.
- (e) Such contribution towards the cost of extending the main sewer to serve the Scheme area as may be required by the Metropolitan Water Supply Sewerage and Drainage Board.
- (f) Such headworks charges for sewerage as the Metropolitan Water Supply Sewerage and Drainage Board shall determine in accordance with Section eleven hereof.
- (g) Such headworks charges for water reticulation as the Metropolitan Water Supply Sewerage and Drainage Board shall determine in accordance with Section twelve hereof.
- (h) The cost of the drainage works necessary for the proper drainage of the Scheme area including all necessary main drains, reservations and easements whether inside or outside the Scheme boundary to be shared by the owners of land in the drainage catchment area as defined by Council.
- (i) One half of the cost of construction and drainage of the roads which abut public open space and half the cost of water reticulation in such roads.
- (j) The upgrading to a dual carriage-way of those parts of Mullaloo Drive (Ocean Reef Road) as are within the Scheme area.
- (k) Half the cost of drainage and upgrading to the Council's road standards of those parts of the existing Cockman Road as are within the Scheme area.
- (l) The cost of the construction of the underways and/or overways, as indicated on the Scheme Map, including landscaping of underways and overways.
- (m) The cost of modifying and upgrading Robertson Road including, landscaping and lighting, for use as a cycle way.
- (n) Any costs incurred by Council in conducting an arbitration.
- (o) Any costs or expenses incurred by the Council in the preparation, conduct and management and development of the Scheme, including interest charges on outstanding arbitration which are not reimbursed to the Council by the terms of the Scheme.

19.2 (a) In the event of a landowner providing funds or constructing works, before or after the gazettal of the final approval of the Scheme in respect to any Scheme work including the extension of any main drain, sewer or water main to serve and expedite development in the Scheme area, PROVIDED THAT the cost of such works would otherwise be a Scheme cost, the Council shall reimburse the landowner from Scheme funds to the extent that it considers to be fair and equitable and include such sum in Scheme Costs PROVIDED THAT such reimbursement shall not exceed an amount which represents the proportion of such works which would not be the landowner's cost under the Scheme if and when sufficient money has been paid into the Scheme funds in respect to such works to enable repayment without cost to the Council.

(b) Where an owner advances moneys to the Scheme for works in excess of his responsibilities under the Scheme or Town Planning Board's approval, he shall, before paying such money enter into an agreement with Council as to the reimbursement of such proportion of those moneys as represents his excess of contribution. Council shall not unreasonably refuse to make such an agreement and any such refusal by Council shall by reason of such refusal be deemed a matter for arbitration.

(c) The amount shall be calculated at the time of total payment or revised at the time of *pro rata* payments and shall be such amount as mutually

agreed or failing agreement, as determined by arbitration, and without fettering his absolute discretion the arbiter shall consider as a method of valuation either the actual cost of the works compounded annually at fifteen per cent (15%) or as an inflationary factor the estimated cost of the works at the time of full or part payment as determined by him.

19.3 For the purpose of apportioning Scheme costs the Scheme area shall be divided into four sub-areas as designated on the Scheme Map. Scheme costs shall be apportioned to each sub-area in the proportion that each sub-area bears to the total of the four sub-areas—

Sub Area 1—365 ha (approx.).

Sub Area 2—242 ha (approx.).

Sub Area 3—201 ha (approx.).

Robertson Road Sub Area—64 ha (approx.).

19.4 The area of land in each Sub-area is an estimate only and is subject to survey.

19.5 Sub-area 1 and Sub-area 2 have already contributed to the cost of Whitfords Avenue by prior agreement with the Main Roads Department.

19.6 The following Scheme costs shall be separately assessed for each Sub-area. The owners of land within each Sub-area shall contribute to them *pro-rata* in cash or land as determined by the Council:—

- (a) Road reserve widths in excess of twenty (20) metres.
- (b) Road construction of a width in excess of seven and four tenths (7.4) metres.
- (c) In the event of a dispute, cost and value will be arbitrated.

19.7 Owners in Sub-area 1 shall contribute half of the cost of constructing one seven and four tenths (7.4) metre carriageway and the earthworks required over the whole road reserve for the ultimate design for that part of Mullaloo Drive (Ocean Reef Road) that is within or fronting the Scheme area.

19.8 Sub-area 2—Sub-area 3 and the Robertson Road Sub-area shall contribute *pro-rata* the full cost of the modification of Robertson Road and its conversion, upgrading, landscaping and lighting as a cycle way, including the cost of construction, landscaping and lighting of the underpasses at intersections with bus routes.

19.9 Sub-area 1 and Sub-area 2 shall contribute the full cost of the construction and landscaping of pedestrian underpasses or overpasses to Whitfords Avenue.

20. Payment of Scheme Costs.

20.1 Each owner shall, prior to the final approval by the Town Planning Board to the subdivision of his land, and after having been given not less than three months' notice from the Council, pay to the Council an amount which bears the same proportion to the total Scheme costs as the area of the owner's land being subdivided or capable of being subdivided bears to the whole of the land that is privately owned within the Scheme area or the Sub-area of the Scheme within which the owner's land is located as the case may be. For the purpose of this clause, privately owned land, means the privately owned land (including the land owned by the State Housing Commission) other than road widening, drainage reserves, parks and recreation areas, public open space, school sites (only where such sites are ceded free to the Education Department), and land for Civic and Local Authority purposes shown on the Scheme Map.

20.2 If an owner is unable to reach agreement with Council on the question of his Scheme costs and method of payment including the time within which payments are to be made, that owner may appeal to the Minister for Urban Development and Town Planning, who may appoint an arbitrator. The decision of the Minister or the Arbitrator will be final.

20.3 If Scheme costs have not been paid in accordance with Clause 20 hereof and Council has expended a sum of money for any item of Scheme

costs it shall be entitled to charge interest at the bank overdraft rate available to Council from time to time on the sum of money expended at the rate negotiated by Council to fund the Scheme.

21. Estimate of Scheme Costs.

If any of the items of Scheme costs have not been paid for or the cost of them ascertained prior to Town Planning Board final approval of a Plan or Diagram of Survey for a parcel of land or at the time of the giving of a notice by the Council as aforesaid, they may be estimated by the Council. Such estimate may be revised from time to time and the owners advised accordingly.

22. Valuation.

22.1 Where it is necessary to ascertain the value of any land for the purpose of the Scheme, the value shall be assessed by the Chief Valuer of the State Taxation Department, one of his officers, or such other valuer being a member of the Australian Institute of Valuers (Inc.) W.A. Division as Council determines.

22.2 If an owner objects to the value so determined, he may give notice of such objection to the Council within twenty-eight (28) days after having been informed of the said value. If the valuer does not agree to change the value to a figure acceptable to the owner, the value shall be determined by arbitration.

22.3 When it becomes necessary to make a valuation by reason of an application for consent to a subdivision or development, the costs of the valuation shall be paid by the person who is nominated by the arbitrator.

23. Money Received by Council.

All money received by the Council under the provision of this Scheme shall be held by Council in an interest bearing account, approved by the Minister, and used for the purpose of this Scheme and shall not form part of its general revenue. Interest received on moneys lodged in the above manner shall be used to the benefit of the Scheme.

24. Arbitration.

24.1 Any dispute or difference between the owners or an owner and Council, as to their respective rights under the Scheme and any matter which by the terms of this Scheme may be determined by arbitration may be referred to arbitration in the manner provided by the Arbitration Act, 1895, or any statutory modification thereof for the time being in force.

24.2 Any person aggrieved by a decision of Council exercising powers embodied in this Scheme may appeal to the Minister for Urban Development and Town Planning in accordance with the procedure as laid down in Part V of the Town Planning and Development Act and the Regulations made under that Act.

25. Finance.

25.1 The Council may if it so desires, raise loans or provide funds from other sources for the purpose of providing the finance necessary for the implementation of the Scheme, provided that interest payable on such loan funds shall not be greater than the bank overdraft applicable from time to time plus two per cent (2%). If Council shall be unable to arrange the necessary finance it shall be under no liability to the owners of the land within the Scheme area or to any other person by reason of its failure to acquire lands or carry out works.

25.2 In the event of money received by Council pursuant to the provisions of the Scheme being greater than the amount necessary to repay any loans and interest thereon or other money and to carry out the general objects of the Scheme, the balance thereof shall be applied by the Council in further improvements and facilities within the Scheme area.

26. Powers of the Council.

In carrying out the provisions of the Scheme the Council shall have the following powers and authorities subject to the arbitration provisions of Clause 24:—

- (a) To enter and inspect any land within the Scheme area.
- (b) To make agreements with the owners or occupiers of the land within the Scheme area in respect to any matters affecting the Scheme.
- (c) To make agreements with the Metropolitan Region Planning Authority, the Metropolitan Water Supply Sewerage and Drainage Board, or any other Government Instrumentality concerning any matters relating to the Scheme.
- (d) To enter into agreements with purchasers or prospective purchasers or prospective occupiers of land within the Scheme area.
- (e) To purchase, develop and sell, land within the Scheme area.
- (f) If any owner of land within the Scheme area does not proceed with the subdivision and development of his land in accordance with the terms of the Scheme, and his failure to do so in the opinion of the Council, will unduly delay or impede the completion of the Scheme or the subdivision and development of the Scheme area, or any part thereof, the Council shall notify the owner of its opinion, and may resume or purchase the land of such owner or any part thereof and proceed with the subdivision and development of such land in accordance with the provisions of the Scheme.
- (g) In the event of the Council exercising its powers under paragraph (f) hereof, it shall have all the powers of an owner in the subdivision development and disposal of the land acquired by it. If the land shall have been resumed, and the owner has not been paid compensation for the resumption of his land, the Council shall, before selling the land so subdivided and developed, offer the new lots to the owner from whom the land was resumed upon his paying to the Council all costs and expenses consequent upon the operation of the Scheme, and the resumption subdivision and development of the said land, and upon his releasing Council from all claims for compensation in respect to such resumption. The said offer shall be made in writing, and if not accepted within one calendar month of the service thereof, the Council may proceed with the sale of the subdivided lots. All money received by it from such sale shall be applied by the Council firstly in payment of all costs consequent upon such subdivision and the operation of the Scheme, and secondly in payment of all compensation in respect to the resumption of the said land. The balance (if any) of such money will be retained by the Council and the Council will make good any deficit. An offer may be served by registered post, sent to the owner at his address in the rate book of the Council, and shall be deemed to have been served forty-eight (48) hours after posting.
- (h) If the offer mentioned in paragraph (g) hereof be not accepted the Council may retain all or any part of the said land, but if it does so, it shall be responsible to pay all costs of the subdivision of the said land including Scheme costs and compensation for its resumption not paid from the proceeds of the sale.
- (i) The Council may resume any land within the Scheme area for Scheme purposes, or in order to make it available for a particular use shown in the Scheme Map in cases where the owner thereof will not agree to make the land available for that purpose in accordance with the provisions of the Scheme. Compensation for any compulsory acquisition is to be assessed in accordance with section 63 of the Public Works Act.

- (j) To dispose of any lot or lots to which it becomes entitled, whether under paragraphs (f) or (i) hereof or otherwise upon such terms and conditions as it may think fit and without limiting the generality of the foregoing provisions of this paragraph the Council may sell the lots singly or in groups and subject to or with the benefit of easements.
- (k) Extend the time within which payments are to be made to the Council and agree to the securing of such payments.
- (l) To raise loans and or to establish separate funds for any matters appertaining to the Scheme.
- (m) Make payments on account of any of the matters referred to in Clause 20 hereof.

27. Administration.

27.1 Twenty-eight (28) days written notice is hereby prescribed as the notice to be given pursuant to section 10 of the Town Planning and Development Act, 1928. Any expenses incurred by the Council under the said section may be recovered from the person in default as a simple contract debt in such Court of Jurisdiction as is competent to deal with the amount of the claim.

27.2 The Council may at any time, exercise the powers conferred by section 13 of the said Act.

27.3 In this Scheme the word 'lot' has the meaning given to it by the Town Planning and Development Act, 1928, but does not include a lot on a Strata Plan.

28. Claims for Compensation.

Claims for compensation by reason of the coming into operation of the Scheme shall be made within six months of the date of the Scheme's final gazettal.

29. Land Owned or Acquired by the Council.

All or any of the land now owned by or subsequently acquired by the Council within the Scheme area may be used by the Council for any purposes appropriate to the Scheme. If such purpose is one for which an owner is required to make land available, or for which land may be acquired by the Council pursuant to this Scheme the Council shall be compensated for the value of the land so used by the Council. If the Council shall subdivide or develop any land owned by it, the provisions of this Scheme shall apply to the Council.

30. Rezoning.

30.1 Council shall from time to time, initiate action to rezone land within the Scheme area.

30.2 Having regard to the necessity of providing land for civic, recreational and local authority purposes, Council may require that land be set aside and may zone land for such purposes.

30.3 When land is rezoned for local shopping and community centres, one (1) hectare shall be set aside and ceded to the Council for civic, recreational and local authority purposes within that area being rezoned. Four tenths (0.4) of a hectare of such sites for civic recreational and local authority purposes is to be ceded free of cost by the owner in whose land a local shopping and community centre is situated and the remaining six tenths (0.6) of a hectare required for civic, recreational and local authority purposes shall be a Scheme cost.

30.4 When land is rezoned for the Woodvale Centre, an area of land of two (2) ha shall be ceded free of cost to the Council for Civic, recreational and local authority purposes within that area being rezoned.

30.5 Council may with the agreement of the owner or owners of land the subject of rezoning, vary the requirement set out in Clause 30.3 and 30.4 hereof.

31. Appeal Rights.

Any person aggrieved by a decision of Council exercising the discretionary powers embodied in this Scheme, may appeal to the Minister for Urban Development and Town Planning in accordance with the procedure as laid down in Part V of the Town Planning and Development Act and the regulations made under that Act.

Adopted by a Resolution of the Shire of Wanneroo at the Ordinary Meeting of the Council held on the 23rd day of August, 1978, and the Seal of the Municipality was pursuant to that resolution hereunto affixed—

The Common Seal of the Shire of Wanneroo was hereunto affixed by Authority of a resolution of the Council in the presence of:—

Schedule.

Town Planning and Development Act, 1928
(As Amended).

City of Melville Town Planning Scheme
No. 2—Amendment No. 181.

THE Melville City Council, under and by virtue of the power conferred upon it in that behalf by the Town Planning and Development Act, 1928 (as amended) and the Metropolitan Region Town

Planning Scheme Act, 1959 (as amended), hereby makes the following amendment for the purpose of:—

1. Rezoning a portion of Lot 1, LTO Diagram 34465, Corner of Marmion and Riseley Streets, Booragoon from "Special Zone—Hotel" to "Special Zone—T.A.B.", as depicted on the amending plan adopted by Council on the 19th day of December, 1978.

2. Inserting a New Clause 1.118 (a) into the Scheme Text after the interpretation 1.118 "The Act" the following new interpretation:

1.118 (a) "T.A.B." means premises duly licensed and operated by the Totalisator Agency Board as a betting establishment.

3. Adding to the list of zones in the legend to the Scheme Map a new zone "Special Zone—T.A.B." and against it a coloured notation to indicate land which is included within that zone under the Scheme, such notation being brown 2 border with a blue 2 dot.

4. Amending the Use/Class Table by including the new Zone—"Special Zone—T.A.B." in the list of zones and the new Use Classification "T.A.B. Premises" in the list of uses and by introducing the symbol "P" against the use "T.A.B. Premises" under the zones, "Local Shopping", "District Shopping" and "Special Zone—T.A.B." and the symbol "X" under all other zones.

5. Inserting in Clause 3.3 of the Scheme Text after the zone 26. Undertaker the following new zone:

27. T.A.B.

6. Inserting in Clause 4.22 of the Scheme Text after the subclause (9) the following new subclause;

(10) For development in "Special Zone—T.A.B.", customer parking facilities to be provided to a desirable minimum standard of:—

Gross Floor Space: Gross Parking Area = 1 : 3, with employee parking being provided in addition to this figure and based on the number of employees on the site.

METROPOLITAN WATER SUPPLY, SEWERAGE
AND DRAINAGE BOARD.

Metropolitan Water Supply.

Notice of Intention.

M.W.B. 604362/78.

NOTICE is hereby given, pursuant to section 20 of the Metropolitan Water Supply, Sewerage, and Drainage Act, 1909-1978, of the intention of the Board to undertake the construction of the following works, namely:—

Shire of Wanneroo—Shire of Swan.

East Mirrabooka Groundwater Scheme—Stage 2.

Description and Locality of the Proposed Works:

The construction of Stage 2 of the groundwater scheme at Ballajura with a designed daily output of 17 000 cubic metres. This, together with the output of the existing scheme, will have a total estimated maximum daily output of 96 000 cubic metres. The pumping of water from the wells will

not be continuous but will be regulated having regard to sound management of the aquifer. Works to be constructed and their localities consist of:—

1. Five shallow groundwater wells to a depth of approximately 100 metres will be sunk. These wells will be numbered and located as follows:—

Well 162—Within Lot 317, Unnamed Road Reserve, formerly known as Warwick Road.

Well 172—Within Lot 314, Unnamed Road Reserve, formerly known as Warwick Road.

Well 182—Within Lot 310, Unnamed Road Reserve, formerly known as Warwick Road.

Well 272—Within Lot 3 Park Street.

Well 282—Within Lot 3 Park Street.

One shallow artesian well to a depth of approximately 400 metres will be sunk. This well will be numbered 285 and will be located within Lot 3 Park Street.

The five shallow ground water wells will be cased with 273 mm outside diameter steel casing and will be equipped with stainless steel screens. The maximum daily output from each well is anticipated to range between 2 000 and 3 500 cubic metres.

The shallow artesian well will be cased with 340 mm outside diameter steel casing and will be equipped with stainless steel screens. The maximum daily output from this well is anticipated to be 5 200 cubic metres.

Sites for these wells, ranging in size from 1 650 square metres to 3 600 square metres in area, will be purchased by the Board.

Well 182, Well 282 and Well 285 will be provided with a stockproof perimeter fence and an inner security fence around the well head installation.

Well 162, Well 172 and Well 272 will be provided with an inner security fence around the well head installation.

The well head installation will comprise of pumps, motor, switch board, a section of above and below ground steel pipeline and ancillary valves and fittings.

A brick building of approximately 20 square metres will be constructed, if required, on the sites to house electrical equipment.

2. Raw water rising mains, ranging in size from 250 mm to 600 mm diameter to connect the wellfield to the existing Mirrabooka Groundwater Treatment Works in Alexander Drive. These mains will be below ground and will be constructed of steel and/or asbestos pipes and be complete with air valves, section valves and all other necessary apparatus connected therewith. The approximate lengths and localities of these rising mains are as follows:—

2.1 A rising main about 1 900 metres in length, commencing in Park Street at a point opposite Lot 3 and Well 285 and proceeding thence in a westerly direction along Park Street and connecting into a previously approved rising main at a point opposite Part Location 2516 and Well 262.

2.2 A rising main about 3 000 metres in length, commencing in an Unnamed Road Reserve, formerly known as Warwick Road at a point opposite Lot 310 and Well 182 and proceeding thence in a westerly direction along the Unnamed Road Reserve and connecting into a previously approved rising main at a point opposite Lot 259 and Well 150.

2.3 A rising main about 2 100 metres in length, commencing in Beechboro Road at a point opposite Part Lot 140 and Well 55 and proceeding thence in a northerly direction along Beechboro Road and connecting into a previously approved rising

main at the intersection of Beechboro Road and an Unnamed Road Reserve, formerly known as Warwick Road.

3. Extensions to existing buildings and associated works within the Mirrabooka Groundwater Treatment Works.

The above works and localities are shown on Plan M.W.B. 15994.

The Purpose for which the Proposed Works are to be Constructed:

The development of groundwater resources for public water supply purposes.

The Times and Place at which the Plan may be Inspected:

At the office of the Board, Dumas House, corner of Kings Park Road and Havelock Street, West Perth, for one month on and after the 27th day of July, 1979, between the hours of 9.30 a.m. and 3.30 p.m.

MINING ACT, 1904.
(Regulation 180.)

Warden's Office,
Marble Bar, 24th May, 1979.

TAKE notice that it is the intention of the Warden of the Goldfield or Mineral Field mentioned hereunder, on the date mentioned, to issue out of the Warden's Court an order authorising the cancellation of registration of the undermentioned Mining Tenements in accordance with Regulation 180 of the Mining Act, 1904. An order may issue in the absence of the registered holder, but should he desire to object to such order he must, before the date mentioned, lodge at the Warden's Office an objection containing the grounds of such objection, and, on the date mentioned, the Warden will proceed to hear and determine the same, in accordance with the evidence then submitted.

P. G. THOBAVEN,
Warden.

To be heard at the Warden's Court, Marble Bar on Thursday the 9th day of August, 1979.

MINING ACT, 1904.
 (Regulation 180.)

Warden's Office,
 Kalgoorlie, 23rd May, 1979.

TAKE notice that it is the intention of the Warden of the Goldfield or Mineral Field mentioned hereunder, on the date mentioned, to issue out of the Warden's Court an order authorising the cancellation of registration of the undermentioned Mining Tenements in accordance with Regulation 180 of the Mining Act, 1904. An order may issue in the absence of the registered holder, but should he desire to object to such order he must, before the date mentioned, lodge at the Warden's Office an objection containing the grounds of such objection, and, on the date mentioned, the Warden will proceed to hear and determine the same, in accordance with the evidence then submitted.

R. J. GETHING,
 Warden.

To be heard at the Warden's Court, Kalgoorlie, on the 21st day of August, 1979.

No.; Name of Registered Holder; Address; Reason for Cancellation.
