THE Government School Teachers' Tribunal, as a result of appeals heard by it in accordance with section 37AF of the Education Act has determined that the following pay rates shall be paid to teachers in the Education Department.

The Determination set out hereunder shall replace that published in the *Government Gazette* of 9th December, 1977, as corrected in *Government Gazette* of 6th January, 1978, and amended in *Government Gazette* of 12th January, 1979.

D. MOSSENSON,
Director General of Education.

19th February, 1980.

DETERMINATION.

PART I.—GENERAL.

This Determination will operate as from the beginning of the pay period which commences on or after 1st January, 1980.

The pay rates prescribed in this schedule shall be varied to the extent necessary to give effect to any decision of the Australian Conciliation and Arbitration Commission in a National Wage Case, made during the currency of this schedule and expressed to be on general economic grounds and which has general application.

PART II.—DEFINITIONS.

For the purpose of this schedule—

“two-year-trained teacher” means a teacher who has successfully completed a minimum of two years' full-time tertiary education and has gained an approved two-year-trained teaching qualification;

“three-year-trained teacher” means a teacher who has successfully completed a minimum of three years' full-time tertiary education and has gained an approved three-year-trained teaching qualification or such other qualifications as the Director-General may from time to time deem to be acceptable in lieu thereof;

"four-year-trained teacher" means a teacher who has a minimum of four years' full-time tertiary education in which the teacher either

- (a) has first obtained an approved teaching qualification and, in addition, has obtained an approved degree which is not of itself an initial teaching qualification for which the minimum requirements are three years' full-time study, or obtained other qualifications approved as of equivalent standard; or
- (b) has first obtained an approved degree, which is not of itself an initial teaching qualification, and for which the minimum requirements are three years' full-time study, or obtained other qualifications approved as of equivalent standard, and in addition has obtained a teaching qualification requiring at least one year of further full-time study; or
- (c) has obtained an approved education degree for which the minimum requirements are four years' full-time study;

"five-year-trained teacher" means a teacher who has had a minimum of five years' full-time tertiary education including at least one year spent in training at an approved teacher training institution and either—

- (a) in addition, obtained an approved degree which is not of itself an initial teacher qualification for which the minimum requirements are three years' full-time study, and at the conclusion thereof passed at least one year's post-graduate study; or
- (b) in addition, obtained an approved degree, other than a Bachelor of Education degree of the University of Western Australia for which the minimum requirements are four years' full-time study.

"tertiary education" means undertaking a course at an approved education institution for which the prerequisite is a successful Year 12 of schooling or its approved equivalent;

"graduate" means a person who has obtained an approved degree of a recognised university, or possesses qualifications deemed by the Director-General to be equivalent to such a degree;

"unqualified teacher" means a teacher who does not hold an approved teacher's qualification.

For the purposes of this schedule only, a two-year-trained teacher has the qualifications to become a three-year-trained teacher when he subsequent to his initial training period, passes three full units, other than Education towards a Bachelor Degree of the University of Western Australia or three full units, other than Education towards a Bachelor Degree of Murdoch University or has completed a diploma of the Technical Education Division, or other approved qualifications from time to time prescribed, except that persons appointed to the Technical Education Division in accordance with Regulation 61, may obtain the foregoing qualifications at any time.

Also, for the purpose of this schedule, a two-year-trained teacher who has completed ten years service as a teacher with the Teachers' Certificate shall be deemed

to be a three-year-trained teacher, provided that two-year-trained teachers appointed to grades higher than Grade 4 shall be required to serve one year less than ten for each grade on which they were appointed above Grade 4, except that lecturers (trade) will be required to serve one year less than ten for each recognised year of post-apprentice experience, regardless of their grade appointment.

For the purpose of this schedule, the Teachers' Higher Certificate gives four-year-trained status to a teacher.

"approved" means approved by the Director-General of Education.

11. Teachers who have added to their qualifications in their own time without Departmental concessions after leaving a teacher training institution or after appointment to the teaching service where the appointment is not from such an institution may be given accelerated progression. Progression under this paragraph is governed by the restrictions imposed in paragraph 8 of this Part and can only be made once in respect of any particular qualification.

Special progression under this paragraph is made in addition to any annual increments to which a teacher is entitled.

The purpose of this special progression is to ensure that teachers who are contemporaries, that is, who have the same length of total service including the period spent in teacher training or the equivalent, shall be on the same grade of salary when they have the same qualifications.

Progression through qualifications is awarded as follows:—

PART III—TRAFFIC BY-LAWS.

27. A person who brings a vehicle upon the College lands does so at his own risk and the College is not and shall not be liable or responsible in any way for the safe custody of a vehicle or its contents.

28. No person shall without authority drive, or bring a vehicle on the College lands except on the roadways or parking areas.

29. No person shall drive a vehicle on the College lands in a dangerous or careless manner or without all reasonable consideration for other persons and vehicles in the vicinity.

30. No person shall drive a vehicle at a speed exceeding 25 kilometres per hour or such lower maximum speed as may be specified by a traffic sign with respect to a particular area or stretch of roadway.

31. A person who is about to drive or is driving a vehicle into or out of a parking area shall give way to all other vehicles passing along the roadway.

32. A person driving or in charge of a vehicle shall obey every signal, order or direction addressed to him by a police officer or an authorized officer in relation to the movement or control of traffic.

33. A person driving a vehicle shall comply with all directions relating to traffic shown on traffic signs.

34. No person driving or in charge of a vehicle on a roadway shall commit or do any act which would be a breach of any Act or Regulation of the State of Western Australia if such roadway were a "road" for the purposes of the Road Traffic Act, 1974.

35. (1) The Director or an authorized officer may set apart a place or places as a parking area for vehicles, and may by a traffic sign displayed on or near a parking area specify the hours during which it may be used for parking, the kinds of vehicles that may be parked there, the persons who are entitled to use it, the length of time a vehicle is permitted to be parked there, or otherwise regulate its use.

(2) A person shall not park a vehicle except in a parking area so set apart for parking by him and during permitted hours.

36. An authorized officer may by an authorized sign placed on or near a parking bay in a parking area, reserve that parking bay for a specific purpose or a specified person or class of persons.

37. A parking permit shall be issued with respect to a particular vehicle in such form as may be approved by the Director from time to time signed by the Director or any authorized officer and unless the permit is varied, suspended or revoked, it shall be current until the date of expiry specified in the permit.

38. A parking permit affixed to a vehicle in accordance with these By-laws entitles the holder to park that vehicle during the currency of the permit in an unreserved parking bay in that section of any parking area set aside for such persons or categories or classes of persons unless such permit is varied, suspended or revoked.

39. (1) If the holder of a parking permit changes the vehicle or the registration number of the vehicle in respect of which the permit has been issued, he shall forthwith give notice in writing to the Director or as he shall from time to time direct.

(2) Parking permits shall not be transferable.

40. Except as provided in By-law 42, no person shall park a vehicle unless he holds a parking permit or parks a vehicle on behalf of a person who holds a permit. The holder of a parking permit or a person who parks a vehicle on behalf of a person who holds a parking permit shall not park a vehicle except in accordance with the terms of the permit.

41. The holder of a parking permit shall affix the permit to the vehicle for which it was issued in such manner as shall be required by the permit.

42. A visitor to the College (which expression shall include the persons specified in By-law 6(1), paragraphs (b), (c), (d) and (e)) may park a vehicle only in an unreserved parking bay in an area marked by a traffic sign as a visitors' car park.

43. (1) This By-law applies whenever:

- (a) a vehicle is parked in a manner that is in breach of these By-laws;
- (b) a vehicle is driven by a person in a manner that is in breach of these By-laws; or
- (c) there is otherwise a breach of these By-laws with respect to a vehicle.

(2) If a permit has been issued with respect to the vehicle which is current, the permit holder shall be deemed to have committed the breach of these By-laws described in paragraph (1) of this By-law. If no permit has been issued which is current, or the permit holder is not residing at the address on the permit at the time of the breach of these By-laws, the owner of the vehicle (for the purposes of the Road Traffic Act, 1974) shall be deemed to have committed the breach of these By-laws.

(3) It shall be a defence to a charge under this By-law that the permit holder or owner of the vehicle (as the case may require) has satisfied an authorized officer that the vehicle was stolen or was being unlawfully used at the time of the alleged breach.

(4) If the permit holder or owner of the vehicle did not himself park or drive the vehicle in a manner that is in breach of these By-laws, the person who did so park or drive the vehicle in breach of these By-laws shall also have committed the breach of these By-laws (whether or not paragraph (3) of this By-law applies).

(5) The driver or person in charge of a vehicle shall, upon being required by a police officer or an authorized officer who reasonably believes he has committed a breach of these By-laws, furnish that officer with his full name and address.

44. No person shall without authority:

- (a) park a vehicle in a no parking area, or in a loading bay or other place reserved by an authorized sign for a particular purpose, except in accordance with that purpose;
- (b) park a vehicle other than wholly within the marked boundary of any parking bay marked on a parking area;
- (c) park a vehicle in such a position as to interfere with traffic or obstruct other vehicles;
- (d) park a motor cycle, motor scooter or bicycle on any roadway or other area on which there are marked parking bays of an area appropriate for parking of four-wheel vehicles.

45. (1) A vehicle parked in breach of these By-laws or in such a position as to interfere with traffic or obstruct other vehicles, or apparently abandoned, may be removed under the authority of the Director or an authorized officer to such place whether on or off the College lands as the Director or the authorized officer may determine.

(2) A person removing a vehicle under the authority of this By-law is entitled to take such action whether by way of unlocking, entering by any means, driving or towing the vehicle or otherwise as may be reasonably necessary for the purpose of effecting the removal.

(3) The owner of a vehicle so removed shall pay all costs and expenses incurred by the College in moving it and neither the College nor any officer employee or agent of the College shall be liable to the owner of any vehicle so removed for any loss or damage suffered by him arising out of or in consequence of the vehicle being so removed.

(4) The College may retain possession of a vehicle so removed until any amount payable under paragraph (3) of this By-law is paid.

46. (1) If a person drives a vehicle in a manner that is in breach of these By-laws or there is otherwise a breach of these By-laws with respect to a vehicle, an authorized officer may affix on the vehicle or give to the driver or person in charge of the vehicle a notice, in a form approved by the Director which notice shall:

- (a) be identified by a serial number;
- (b) if the name of the person driving the vehicle, or the holder of a permit issued with respect to the vehicle or the owner of the vehicle is known to the authorised officer, be addressed by name to the driver, holder of the permit or owner or otherwise be addressed to the driver, holder of the permit, or owner by the registration number of the vehicle;
- (c) describe the vehicle by make and registration number;
- (d) state that it is alleged that a breach of a By-law with regard to the driving or parking, or otherwise with respect to the vehicle has been committed and in general terms the breach which it is alleged has been committed;
- (e) state that the breach will be reported and that further action may be taken unless within the time and manner stated in the notice:
 - (i) the modified penalty specified in By-law 52(3) and indicated on the notice is paid; or
 - (ii) within seven days an explanation in writing addressed to the Director is given for the breach in which case further notice will be given either that the explanation is accepted or that the explanation is not accepted and further action will be taken failing payment of the modified penalty indicated on the notice within fourteen days after the date of the further notice.
- (f) state the modified penalty payable.

If the authorised officer is unable to affix the notice to the vehicle or to give it to the driver or person in charge of the vehicle by handing it to him, it may be given by posting it to the holder of the permit issued with respect to the vehicle or to the owner of the vehicle at his last known place of abode.

(2) If the person to whom a notice under paragraph (1) of this By-law is given, gives a written explanation to the Director in accordance with the terms of the notice, the Director may either accept the explanation or not accept it and he may give the person a further notice stating that further action may be taken if the modified penalty indicated on the notice is not paid within fourteen days after the date of the further notice.

47. On such days or nights and during such time or times as the Director may direct, police officers and authorized officers shall have complete control over all traffic within the College lands, whereupon every person in charge of any vehicle or animal within the College lands, shall obey every order and direction of any police officer or authorized officer relating to the movement or control of such traffic, and shall stop or proceed or park in such manner and direction as the police officer or authorised officer may from time to time order. This By-law shall apply notwithstanding the terms of any issued permit.

48. The Council may from time to time prescribe parking fees to be paid by applicants for parking permits or by persons parking vehicles, whether holders of a permit or not, in specified parking bays or areas set aside for parking.

PART IV—OFFENCES AND PENALTIES.

49. A person who commits a breach of these By-laws shall be guilty of an offence and liable to a penalty not exceeding the amount from time to time prescribed by the Act as the maximum penalty that may be imposed for any breach of a By-law and to pay compensation for any damage done by him to College property.

50. Proceedings may be taken in any court of summary jurisdiction in accordance with the Justices Act, 1902 in respect of any offence committed under these By-laws, and any penalty imposed or compensation made payable may be recovered in a summary manner in accordance with that Act.

51. Proceedings may be taken by any person authorized in writing by the Council or by any police officer who shall be reimbursed out of the funds of the College for all costs, charges, expenses or damages which he may incur or become liable by reason of taking proceedings.

52. (1) A person who does not contest an allegation that he has committed a breach of these By-laws may pay to the Director or an authorized officer within the time prescribed by a notice given under By-law 26(3) or By-law 46, the modified penalty prescribed for that breach by paragraph (3) of this By-law. The production of an acknowledgement from the Director or the authorized officer of the payment of the modified penalty shall be a defence to a charge of the breach in respect of which the modified penalty is paid.

(2) If it appears to the Director or the authorised officer that an alleged breach of these By-laws cannot be adequately punished by the payment of a modified penalty, the Director may refuse to accept payment of the modified penalty and many take proceedings against the alleged offender.

(3) For any breach of these By-laws the modified penalty shall be \$5.00.
