APPLICATIONS are invited under section 117 of the Land Act, 1933-1977, for the leasing of the Denham Lots listed in the Schedule for the purpose of "Light Industry" for a term of 21 years at the annual rentals shown in the said schedule.

Intending applicants shall submit with their application an outline plan drawn to scale, showing development proposed within two years from the date of approval of the application.

The Minister for Lands reserves the right to refuse any application on the grounds that the proposed development is inadequate or unsuitable.

On completion of substantial development to the satisfaction of the Minister for Lands the lessee may surrender his lease in order that the land may be made available in freehold. In this regard it is advised that the lessee should not anticipate freehold title before providing full details of completed development for departmental examination and approval. The price for the land shall be as shown on the Schedule and shall remain valid for a period of 3 years from the date of this notice.

Neither the Government nor the Local Authority shall be responsible for the provision of reticulated water services to the demised land.

The service premium covering roads and power only, and the survey fee as shown in the schedule are payable in cash within 30 days of acceptance of application. As a water service is not provided to these lots, the successful applicants should make their own arrangements in this regard.

The land is made available for leasing subject to the following conditions:—

- (1) The land shall not be used for any purpose other than "Light Industry" without the prior approval in writing of the Minister for Lands.
- (2) The rent shall be subject to reappraisal at the end of the third year and each successive three year period thereafter.
- (3) The lessee shall not without the previous consent in writing of the Minister for Lands assign, transfer, mortgage sublet or part with the possession of the demised land.
- (4) The land shall be occupied and used by the lessee for the purpose specified within nine (9) months of the commencement of the lease and thereafter will be continuously so used to the satisfaction of the Minister.
- (5) The lessee shall commence construction within nine (9) months and thereafter continue construction and complete and operate the works within two (2) years from the date of the commencement of the lease.
- (6) All buildings, erections, paving, drainage and other works shall be to the approval of the Local Authority and the lessee shall perform, discharge and execute all requisitions and works unto the demised land as are or may be required by any local or public authority operating under any statute by-law or regulation.
- (7) The lessee shall, within twelve months from commencement of the lease, fence the external boundaries to the satisfaction of the Minister.
- (8) The lessee shall maintain existing and future improvements to the satisfaction of the Minister for Lands.
- (9) The lessee shall indemnify the Minister against all claims for damage to property or persons arising from the use of the land.
- (10) The Minister or his representative may enter the land for inspection at any reasonable time.

- (11) Compensation will not be payable for damage by flooding of the demised land.
- (12) Compensation shall not be payable to the lessee in respect of any improvements effected by him on the demised land and remaining thereon at the expiration or earlier determination of the lease.
- (13) It shall be lawful for the lessee at any time within the three calendar months immediately following the expiration of the term or earlier determination of the lease, to take down, remove, and carry away any buildings, structures, improvements and plant the property of the lessee.
- (14) On determination of the lease, the lessee shall fill in, consolidate and level off any unevenness, excavation or hole caused by him during the term of the lease or by removal of his improvements and shall leave the demised land in a clean, neat and tidy condition to the satisfaction of the Minister for Lands and shall remove any or all waste matter as required by the Minister.

A person in the employ of the State must apply through the Under Secretary for Lands for the Governor's permission to hold this land. Written approval of the Permanent Head concerned should accompany such application.

Applications must be lodged at the Department of Lands and Surveys Perth on or before Wednesday, 21st May, 1980, accompanied by the deposits shown in the Schedule.

All applications lodged on or before that date will be treated as having been received on the closing date, and if there are more applications than one for any lot, the application to be granted will be decided by the Land Board.
