Town Planning and Development Act, 1928
(as Amended).

Town of Northam Town Planning Scheme
No. 2—Amendment No. 4.

THE Northam Town Council under and by virtue of the powers conferred upon it in that behalf by the Town Planning and Development Act, 1928 (as amended), hereby amends the above Town Planning Scheme by:—

1. Adding to the list of Zones in the Legend to the Scheme Map a new Zone "Special Residential Zone" and against it a coloured notation to indicate land which is included within that Zone under the Scheme, such notation being coloured orange/brown.

2. Amending the Scheme Text as follows:—

(1) Clause 1.8 Interpretations.

(a) Insert between "airfield" and "Board" the following new interpretation:—

"building envelope" means an area indicated on a plan which clearly delineates the limits within which any buildings of a permanent nature, may be constructed.

(b) Insert between "Single residential" and "surgery/consulting room" the following new interpretation:—

"Special residential zone" means a zone intended for subdivision into allotments of a size of not less than 0.75 ha wherein the carrying out of rural pursuits for recreation, including the keeping of horses, shall be permitted, but where proximity to developed town community and commercial facilities, requires that proper regard shall be had to the ability of the subdivision to sustain possible further subdivision into residential sized allotments at some appropriate future date should the need arise.

(2) Clause 2.1. Amend to read as follows:—

2.1 The Scheme Area is divided into six Zones set out hereunder:—

Residential
Commercial
Industrial
Community
Rural
Special Residential

(3) Clause 2.3. Amend to read as follows:—

2.3 The six colours used in the Zoning Indicator for the six Zones, conform to the six colours and Zones of the Scheme Map.

(4) Clause 2.5. Policy Statement. Insert a new Sub-Clause (f) as follows:—

(f) Special Residential

- (i) This zone is intended to cater for a type of development for which there is limited demand in Northam, namely residential development on large, unsewered lots.
- (ii) It is intended that the type of development will be somewhat similar in nature to that permitted in so called "special rural" developments, but where proximity to community facilities such as schools, shops, etc., justifies a denser form of development, with lots of a minimum size of 0.75 ha.
- (iii) Owing to the proximity of this zone to existing residential development, it is considered that it is essential that the form of development should be readily capable of re-subdivision into normal residential sized lots, should such a need arise in the future.
- (iv) With regard to the above requirement (iii), it should be noted that there is no commitment or intent on the part of either the Local Authority or the Town Planning Board, that such re-subdivision shall necessarily ever be approved but that in the event of a need for closer subdivision becoming accepted, subdivision in the form specified would form the basis of a design which would receive favourable consideration subject to whatever conditions were considered appropriate at that time.

(v) In submitting sets of plans for preliminary subdivisional approval within this zone, an applicant shall submit two separate plans, which shall show the following information and shall be clearly marked:

(a) Proposed Subdivision of*

—Indicating Building Envelopes

—Shaded Areas

This plan shall show the dimensions and areas of the proposed "special residential" lots, as well as the location and extent of any proposed roads together with the areas of the proposed public open space reserves and any other ancillary facilities. Building envelopes shall be clearly indicated on the plans by areas of shaded tone or other acceptable means, as shall dimensions relating to required building setbacks, adequate to determine the extent of the building envelopes proposed.

In considering any application for subdivision within this area, special regard shall be had to the building envelopes indicated on the plan, to ensure that any building erected on an approved allotment shall not impede any possible future subdivision, as proposed on the plan marked:

(b) Proposed Subdivision of *, Indicating Possible Future Re-subdivision

This plan shall indicate clearly the form which future re-subdivision might take and shall show the size and disposition of all possible future allotments, roads, public open space reserves and other ancillary facilities and upon preliminary approval being granted to the subdivision of plan (a) above, plan (b) shall be deemed together with plan (a) to constitute a part of the Scheme and shall be available for inspection at all reasonable times with the other parts of the Scheme presently having the force of Law.

* Relevant lot number(s) and location(s) to be included here.

(5) Clause 2.6. Regulatory Controls. Insert a new Sub-clause (e) as follows:

(e) SPECIAL RESIDENTIAL:

(i) AREA 0.75 ha (7 500 m²)

(ii) LOT FRONTAGE 60 m

On-site Development only permitted within specified building envelopes as indicated on approved plans.

(6) Zoning Indicator. The Zoning Indicator is amended by the addition of a new zone "Special Residential" with black discs, blank spaces and colour codes shown against the appropriate use classes as set out in the attached amendment to the Zoning Indicator Table.

3. Rezoning Lots 10, 11 and 13, Avon Location P1, from "Rural" to "Special Residential".
