(a) liabilities incurred by the company whilst acting as trustee or in any representative capacity to the extent to which the company has

a valid and subsisting right of indemnity out of any assets in respect of such liabilities and such assets are sufficient to satisfy such right of indemnity; and

- (a) The purchaser shall erect on the lot purchased a residence and workshop to comply with Local Authority by-laws within four (4) years

from the due date of the first instalment. If this condition has not been complied with in the time prescribed, the land may be absolutely forfeited together with all purchase money and fees that may have been paid. However, freehold title to the land may be applied for when the residence and workshop have been erected to "top plate height" stage, and are not less than 50% completed to the satisfaction of the Minister for Lands.

On payment of the first instalment of purchase money a licence will be available, upon which a mortgage can be registered. A Crown Grant (freehold) will not issue until the purchaser has complied with the building condition. A hold of a Licence may apply to the Minister for Lands for permission to transfer a License.

- (b) A deposit of 10% of the purchase price is payable on application and the balance of purchase money shall be paid within twenty four months of the date of approval of application by eight (8) equal quarterly instalments on the first days of January, April, July and October in each year. The first instalment of purchase money shall become due and payable on the first day of the quarter next following the date of approval of application, the Crown Grant fee being payable with the last instalment of purchase money: Provided that amounts paid during the twelve months commencing on the first day of the quarter next following the date of approval of application shall be interest free but all moneys outstanding after that period shall be subject to interest at a rate of 10% per annum calculated at quarterly rests on the balance outstanding at the end of the previous quarter. Such interest shall be due and payable with the prescribed instalment. Nothing shall prevent the balance of purchase money and fees being paid at an earlier date should the purchaser so desire but a Crown Grant shall not issue until the conditions under which the lots were made available for sale have been fulfilled.

tance from boundaries and any other matter required by law for that class of use within the boundary of the lot or lots on which the use was carried on immediately prior to the coming into force of the Scheme.

5.3 Change of Non-conforming use:

The council may permit the use of any land to be changed from one non-conforming use to another non-conforming use, provided the proposed use is in the opinion of the Council, less detrimental to the amenity of the neighbourhood, than the existing use, or is in the opinion of the Council, closer to the intended uses of the zone.

5.4 Discontinuance of Non-conforming use:—

- (a) Notwithstanding the preceding provisions of this Part, except where a change of non-conforming use has been permitted by the Council under Clause 5.3, when a non-conforming use of land or building has been discontinued, such land or building shall not thereafter be used other than in conformity with the provisions of the Scheme.
- (b) The Council may effect the discontinuance of a non-conforming use by the purchase of the affected property, or by the payment of compensation to the owner or the occupier or to both the owner and the occupier of that property, and may enter into an agreement with the owner for that purpose.

Schedule.

City of Gosnells.

Town Planning Scheme No. 10.
Gosnells.

1. Citation.

This Town Planning Scheme may be cited as the City of Gosnells Town Planning Scheme No. 10 Gosnells (hereinafter called "the Scheme") and shall come into operation on the publication of notice of the Hon. Minister for Town Planning's final approval thereof in the *Government Gazette*.

2. Responsible Authority.

The Authority responsible for enforcing the observance of the Scheme shall be the Council of the City of Gosnells (hereinafter referred to as "the Council").

3. Maps.

The following maps are attached to this text and form part of the Scheme.

- (i) Land Use Map.
- (ii) Scheme Map.
- (iii) Service Map and Zoning Strategy Map (for information purposes only).

4. Scheme Area.

The Scheme shall apply to the land contained within the inner edge of the broken black line as shown on the Scheme Map. The said land is hereinafter referred to as "the Scheme Area".

5. General Objects.

The general objects of the Scheme are:—

- (a) To facilitate and co-ordinate progressive subdivision and development of the land within the Scheme Area.
- (b) To plan within the Scheme Area suitable roads and accessways.
- (c) To plan within the Scheme Area and make provision for Public Open Space.
- (d) To ensure the proper drainage of the roads and of those parts of the Scheme Area which require drainage or other such works.
- (e) To make provision for the creation of drainage reserves and easements.
- (f) To ensure the provision of reticulated water to and throughout the Scheme Area.
- (g) To have land within the Scheme Area connected to a sewer and to provide for sewerage works and facilities both within and outside the Scheme Area where these are necessary to the proper sewerage of the Scheme Area.

6. Method of Carrying out Objectives.

6.1 The Scheme Map forms a basis for subdivision and development of the Scheme Area but the Council may, with the consent of the Town Planning Board, provided all adjoining owners have been given 21 days written notice of the application prior to approval, permit alterations or variations to the Scheme Map where in its opinion circumstances justify such action, provided that no such alteration or variation shall be permitted if in the opinion of the Council it would impede the subdivision and development of the Scheme as a whole. The owner of the affected land shall be consulted by Council when an amendment is contemplated.

6.2 As and when owners of land within the Scheme Area subdivide or develop their land such subdivision or development shall not only be according to a plan which is capable of forming part of an overall plan of subdivision for the Scheme Area but shall also comply with the conditions of development for the Scheme Area as contained within the Scheme.

7. Subdivision.

7.1 An owner of land within the Scheme Area who desires to subdivide his land either alone or in conjunction with other owners shall submit a plan of proposed subdivision to the Town Planning Board as required by the Town Planning and Development Act 1928 (as amended).

8. Roads.

8.1 Where a proposed subdivision as shown on the Scheme Map creates lots fronting a constructed road or an unconstructed road, whether within or outside the Scheme Area, then the construction and drainage to Council's specifications of that road shall be at the expense of the owners of the land abutting that road unless the road is a Scheme Road as specified in Clause 13.1 (v) (a) in which case the provisions relative to Scheme Costs shall apply.

8.2 Subject to the following clauses all new roads within the Scheme Area shall be constructed and drained at the expense of the owners of the land therein and each owner shall when subdividing his land make the land available for the roads and pay the cost of the construction and drainage of the roads within the land owned by him.

8.3 The Council may construct and drain any subdivisional roads within the Scheme Area and acquire the land necessary for that purpose. If the Council shall do so prior to the subdivision of the lands adjoining such road the costs of the construction and drainage of the said road and all compensation and other costs consequent upon the acquisition of the land shall be paid to the Council by the respective owners of land in accordance with the foregoing provisions as and when they subdivide their land.

8.4 If an owner shall subdivide his land and if he or his predecessors in title shall have claimed or shall have been paid compensation by reason of the resumption by the Council of the land for a new road within the Scheme Area he shall before the approval of his plan of subdivision release the Council from the payment of compensation or if payment has been made

by the Council then the owner shall refund to Council the amount of compensation paid by it to him or his predecessors in title as the case may be.

8.5 In cases where the situation of a new road within the Scheme Area is such that it would be fair and equitable that the owners of adjoining land should each contribute to the cost of the construction or drainage of that road and apportion the value of the land made available for roads and such owners are unable to agree upon the amount (if any) payable by each of them the amount (if any) payable by each owner shall be determined by arbitration in the manner hereinafter provided.

9. Filling and Levelling of Land.

9.1 All filling and levelling of land and other earth works necessary for subdivision shall be carried out by or at the expense of the owner whose land is being subdivided.

10. Native Trees.

10.1 So far as is practicable and consistent with the economic subdivisional development of land, existing trees and shrubs are to be retained. The Council may mark specific trees or groups of trees and these trees are to be retained unless approval is given by Council, in writing, for their removal.

11. Public Open Space.

11.1 Regional Open Space.

The land shown on the Scheme Map as "REGIONAL OPEN SPACE" does not form part of the Scheme responsibility and may be acquired by separate negotiation by the Metropolitan Region Planning Authority.

11.2 The land shown coloured green on the Scheme Map is to be reserved for Public Recreation.

11.3 The Council may as and when it deems fit acquire the said lands coloured green or any parts thereof whether by purchase or resumption or partly by one method and partly by the other.

11.4 Each owner of land within the Scheme Area, when subdividing his land and subject as hereinafter provided, shall vest in the Crown or, with approval of the Town Planning Board, transfer to the Council all the land shown as Public Open Space within the parcel(s) of land being subdivided by him, or such other areas as the Board requires.

11.5 If the owner or a previous owner of a parcel or parcels of land the subject of subdivision has as a condition of a previous subdivision transferred to Council land for public open space, then the area of land required to be transferred to the Council under Clause 11.4 shall be reduced to the extent that the total contribution does not exceed 10% of the original gross area.

11.6 If, within a parcel of land the subject of subdivision, the Scheme requires either no public open space, or requires a lesser amount than the normal 10% provision, the Council and the owner shall agree on a land transfer or a cash equivalent, or a combination of land and cash, so that the owners contribution equals one tenth of the value of the land the subject of the subdivision.

11.7 If within a parcel of land the subject of subdivision and development more than one-tenth is required by the Scheme for Public Open Space the Council shall pay to the Owner by way of compensation the value of the land exceeding the said one-tenth. If the Council and the owner so agree the Council may transfer to the said owner other land in or near the Scheme Area either owned by the Council or acquired by it for that purpose to compensate him for the land in excess of the said one-tenth required by the Scheme in which case the amount payable by the Council to the Owner shall be reduced accordingly.

11.8 If the Council shall have compulsorily purchased land for Public Open Space, roads drainage and 2 000 m² Community Centre Site purposes it shall be reimbursed all compensation and costs paid by it from moneys received by it from the sale of land or under preceding clauses hereof and upon the owner from whom the land was compulsorily purchased subdividing his land the value of one-tenth of his land to be made available for Public Open Space or other scheme purposes hereunder shall be assessed on the basis that such land had not been compulsorily purchased.

12. School Sites.

12.1 The parcels of land shown on the Scheme Map as "PRIMARY SCHOOL" sites are reserved for that purpose by the Scheme for the Minister for Education, who will be responsible for their acquisition.

13. Scheme Costs.

13.1 The costs or estimated costs of the following items are hereinafter referred to as "Scheme Costs".

- (i) Any costs or expenses incurred by Council in the preparation, adoption, administration, conduct, management and development of the Scheme including consultants' fees.
- (ii) All compensation payable and all the costs and expenses of determining and settling compensation in respect of matters under the Scheme.
- (iii) The cost of the acquisition of any land within the Scheme Area for Scheme purposes in the event of such land being acquired other than by resumption.
- (iv) "Drainage Headworks" as described in Clause 13.4.
- (v) (a) The costs of the upgrading, construction and drainage to the satisfaction of Council, for those roads or portions thereof as shown as Scheme Roads on the Scheme Map.
(b) The cost of providing for a footpath in the verge on one side of the roads within the Scheme Area as shown on the Services Map.
- (vi) The relocation of any existing services caused by Scheme Works.
- (vii) Any interest charges on moneys raised by Council for the purposes of the Scheme.

13.2 In the event of a landowner providing funds or construction works after the date of the resolution to prepare the Scheme and before the gazettal of the final approval of the Scheme in respect of any Scheme works including the extension of any main drain, sewer or water main to serve and expedite development in the Scheme Area provided that the cost of such works would otherwise be a Scheme Cost, the Council may reimburse the original subdivider from Scheme funds as and when funds are available plus interest at current rates to the extent that it considers to be fair and equitable and include such sum in Scheme Costs provided that such reimbursement shall not exceed an amount which represents the proportion of such works which would not be the landowner's costs under the Scheme.

13.3 The amount for Scheme Costs shall be calculated at the time of total payment or revised at the time of pro-rata payments and shall be the lesser of:—

- (a) the actual costs of the works compounded annually at 10% as an inflationary factor.
- (b) the estimated costs of the works at the time of full or part payment determined by an independent expert and in default of agreement, by arbitration.

13.4 Drainage Headworks.

The cost of construction and laying of the main drain lines shown on the Scheme Map.

13.5 The cost of establishing the open space areas that include drainage basins including grassing and reticulation to the satisfaction of Council.

13.6 Land Requirements.

Ten per cent of the total Scheme Area is required for Public Open Space purposes and in addition to this each owner as a condition of subdivision shall cede an extra 2 per cent of his land under subdivision being proportional contribution of land required for Scheme purposes as follows:

- (i) The area of land required for road widenings, as shown on the Scheme Map, shall be vested in the Crown.
- (ii) The area of land required for a Community Centre Site (2 000 m²) as shown on the Scheme Map, and this will be transferred to Council in fee simple.

13.7 Council will endeavour to obtain a contribution to sewer headworks from the Metropolitan Water Supply, Sewerage and Drainage Board through the "Back-log

sewer programme" and any moneys obtained will be used for improvement to Public Open Space and/or other scheme purposes within the Scheme Area.

14. Payment of Scheme Costs.

14.1 Subject to the provisions of this Scheme each owner shall, prior to the final approval by the Town Planning Board to the subdivision of his land, pay to the Council an amount which bears the same proportion to the total Scheme Costs as the area of the owner's land being subdivided bears to the whole of the land that is privately owned within the Scheme Area and this may be expressed on a lot basis.

14.2 If an owner disagrees with Council's determination of his proportion of Scheme Costs the matter may be determined by arbitration, in the manner specified in Clause 18, providing that the owner notifies Council that he wishes to take the matter to arbitration within 30 days of receiving notice of his costs.

14.3 If Scheme Costs have not been paid in accordance with Clause 14.1 hereof and Council has expended a sum of money for any items of Scheme Costs, it shall be entitled to charge interest on the sum of money expended at the rate negotiated by Council to fund the Scheme.

15. Estimate of Scheme Costs.

15.1 If any of the items of Scheme Costs have not been paid or ascertained prior to the Town Planning Board final approval of a Plan or Diagram of Survey for a parcel of land they may be estimated by the Council. Such estimate may be revised from time to time and the owners advised accordingly. The owners will be responsible for the payment of any additional moneys as and when required by Council prior to the Town Planning Board final approval of a Plan or Diagram of Survey.

16. Valuation.

16.1 Where it is necessary to ascertain the value of any land for the purpose of the Scheme, the value shall be assessed by the Chief Valuer of the Valuer General's Office, one of his officers or such other valuer being a member of the Australian Institute of Valuers (Inc.) as Council determines.

16.2 If an owner objects to the value so determined, he may give notice of such objection to the Council within twenty-eight (28) days after having been informed of the said value. If the valuer does not agree to change the value to a figure acceptable to the owner, the value shall be determined by arbitration.

16.3 When it becomes necessary to make a valuation by reason of an application for consent to a subdivision or development, the costs of the valuation shall be paid by the person making the application.

16.4 If a valuation made by the valuer shall be changed as the result of an objection the valuer may reconsider the values placed on the other land and make such revaluations as he considers just and equitable. The owners affected by such revaluation shall forthwith be notified of any change in value.

17. Money Received by Council.

All money received by the Council under the provisions of this Scheme shall be held by Council and used for the purpose of this Scheme and shall not form part of its general revenue. Council will prepare an annual financial report for the Scheme.

18. Arbitration.

Any dispute or difference between the owners or an owner or owners and Council (except where there is a right of appeal to the Hon. Minister for Urban Development and Town Planning) as to their respective rights under the Scheme and any matter which by the terms of this Scheme may be determined by arbitration may be referred to the arbitration of a single arbitrator in the manner provided by the Arbitration Act, 1895, or any statutory modification thereof for the time being in force and if the parties fail to agree upon any one single arbitrator he will be nominated by the President of the Australian Institute of Valuers (Inc.) W.A. Division. The Arbitrator shall allocate costs in the dispute.

19. Finance.

19.1 The Council may if it so desires, raise loans or provide funds from other sources for the purpose of providing the finance necessary for the implementation of the Scheme. If Council shall be unable to arrange the

necessary finance it shall be under no obligation to the owners of the land within the Scheme Area or to any other person by reason of its failure to acquire lands or carry out works.

19.2 In the event of money received by Council pursuant to the provisions of the Scheme being greater than the amount necessary to repay any loans and interest thereon or other money and to carry out the general objects of the Scheme, the balance thereof shall be applied by the Council in further improvements and facilities within the Scheme Area.

20. Powers of the Council.

20.1 In carrying out the provisions of the Scheme the Council shall have the following powers and authorities subject to the arbitration provisions of Section 18:—

- (a) To enter and inspect any land within the Scheme Area and to carry out works either by itself, its agents, employees or nominees that are pertinent to the Scheme.
- (b) To make agreements with the owners or occupiers of the land within the Scheme Area in respect of any matters affecting the Scheme.
- (c) To make agreements with the Metropolitan Water Supply, Sewerage and Drainage Board, or any other Government instrumentality concerning any matters relating to the Scheme.
- (d) To enter into agreements with purchasers or prospective purchasers or prospective occupiers of land within the Scheme Area.
- (e) To purchase, develop and sell land within the Scheme Area.
- (f) If any owner of land within the Scheme Area does not proceed with the subdivision and development of his land in accordance with the terms of the Scheme, and his failure to do so in the opinion of the Council, will unduly delay or impede the completion of the Scheme or the sub-division and development of the Scheme area, or any part thereof, the Council shall notify the owner of its opinion, and may resume or purchase the land of such owner or any part thereof, and proceed with the subdivision and development of such land in accordance with the provisions of the Scheme.
- (g) In the event of the Council exercising its powers under paragraph (f) hereof, it shall have all the powers of the owner in the subdivision development and disposal of the land acquired by it. If the land shall have been resumed, and the owner had not been paid compensation for the resumption of his land the Council shall, before selling the land so subdivided and developed, offer the new lots to the owner from whom the land was resumed upon his paying to the Council all costs and expenses consequent upon the operation of the Scheme, the resumption, sub-division and development of the said land, and upon his releasing Council from all claims for compensation in respect of such resumption. The said offer shall be made in writing, and if not accepted within one calendar month of the service thereof, the Council may proceed with the sale of the subdivided lots. All money received by it from such sale shall be applied by the Council firstly in payment of all costs consequent upon such subdivision and the operation of the Scheme, and secondly in payment of all compensation in respect of the said land. The balance (if any) of such money will be retained by the Council and the Council will make good any deficit. An offer may be served by registered post, sent to the owner at his address in the rate book of the Council, and shall be deemed to have been served forty-eight (48) hours after posting.
- (h) If the offer mentioned in paragraph (g) hereof be not accepted, the Council may retain all or any part of the said land, but if it does so, it shall be responsible to pay all costs of the subdivision of the said land including

Scheme costs and compensation for its resumption not paid from the proceeds of the sale.

- (i) The Council may resume any land within the Scheme area for Scheme purposes, or in order to make it available for a particular use shown in the Scheme Map in cases where the owner thereof will not agree to make the land available for that purpose in accordance with the provisions of the Scheme.
- (j) To dispose of any lot or lots to which it becomes entitled, whether under paragraphs (f) or (i) hereof or otherwise upon such terms and conditions as it may think fit and without limiting the generality of the foregoing provisions of this paragraph the Council may sell the lots singly or in groups and subject to or with the benefit of easements.
- (k) Extend the time within which payments are to be made to the Council and agree to the securing of such payments.
- (l) To raise loans and/or to establish separate funds for any matters appertaining to the Scheme.
- (m) Make payment on accounts of any of the matters referred to in Clause 13 hereof.

21. Administration.
