APPLICATIONS FOR LEASING.

Department of Lands and Surveys,
Perth, 5 February 1982.

File No. 828/73, V3.

APPLICATIONS are invited under section 117 of the Land Act 1933 for the leasing of the Karratha lots shown in the Schedule for the purpose of "Service Trades" for a term of 21 years at the annual rentals shown in the said Schedule.

Uses which may be permitted on a service trades lot include sale yards, showrooms, stores, repair and servicing workshops, display areas, veterinary clinics, taxi depot and the like. Under the provisions of an Agreement with Farmers Stores of W.A., sites for retail purposes can be restricted to new and second hand vehicle sales, motor parts and accessories, building materials and agricultural, mining and industrial machinery. It is also necessary for uses to conform with development standards set for the Town Centre. It is essential, therefore, that applicants note the following special release conditions.

Intending applicants shall submit with their applications details of intended utilisation and proposed development indicating size and type of intended structures, cost estimates, source of funds and programme for construction whether staged or not.

The Minister for Lands reserves the right to refuse any application on the grounds that the proposed utilisation, development and/or development programme is inadequate or unsuitable or that the applicant has failed to show adequate capacity to fund the development.

The development of "Factoryettes" for the purpose of sub-leasing will be permitted on these lots subject to satisfactory proposals being submitted in accordance with the requirements of paragraphs 2, 3 and 4 above.

A Land Board (acting as a board of inquiry) will be appointed to assess all applications received.

The services provided to these lots are Roads, Water and Power and the Service Premium, as shown in the Schedule, is payable in four (4) equal quarterly instalments, payable in January, April, July and October. The first instalment is due and payable on the first day of the quarter next following the date of approval of the lease.

The survey fee shown in the Schedule is payable in cash within 30 days of acceptance of application.

Where the in-going lessee indicates that he anticipates a requirement for freehold during the currency of the lease, the Hon. Minister shall signify the extent of development (which may be additional to that required as the basis for leasing the site) that will be necessary to enable the issue of a Crown Grant.

Subject to agreement between the lessee and the Minister, the foregoing development obligations and other conditions set out herein may be varied or added to from time to time.

At any time during the currency of the lease, subject to the agreed development obligations and other conditions having been met to the satisfaction of the Hon. Minister, the lessee may surrender his lease to the intent that he may apply for purchase of the said land.

In the event of the lessee surrendering his lease and becoming the successful applicant for purchase of the said land, a purchase price in accordance with the Schedule shall apply for a period of 3 years from the date of approval of his lease (following which period the price shall be subject to review) and fees associated with the issue of a Crown Grant shall be payable.

The land is made available for leasing subject to the following conditions:—

- (1) The land shall not be used for any purpose other than the approved Service Trades purpose.
- (2) The rent shall be subject to reappraisal at the end of the third year and each successive three year period thereafter.
- (3) The lessee shall not without the previous consent in writing of the Minister for Lands assign, transfer, mortgage, sublet or part with the possession of the demised land.
- (4) The land shall be occupied and used by the lessee for the purpose specified within nine (9) months of the commencement of the lease and thereafter will be continuously so used to the satisfaction of the Minister.
- (5) The lessee shall commence construction within nine (9) months and thereafter continue construction and complete and operate the works within two (2) years from the date of the commencement of the lease.
- (6) All buildings, erections, paving, drainage and other works shall be to the approval of the Local Authority and the lessee shall perform, discharge and execute all requisitions and works unto the demised land as are or may be required by any local or public authority operating under any statute, by-law or regulation.
- (7) The lessee shall, within twelve months from commencement of the lease, fence the external boundaries to the satisfaction of the Minister.
- (8) The lessee shall maintain existing and future improvements to the satisfaction of the Minister for Lands.

- (9) All frontages shall be treated and maintained to give an appearance aesthetically pleasing consistent with the purpose of the lease according to a plan submitted to the Minister for Lands.
- (10) The lessee shall indemnify the Minister against all claims for damage to property or persons arising from the use of the land.
- (11) The Minister or his representative may enter the land for inspection at any reasonable time.
- (12) The land shall be filled to levels specified by, and acceptable to, the Minister or his nominee and the Shire Council.
- (13) The lessee shall not apply for a licence to sell liquor without the prior written consent of the Minister. In the event of the granting of such a licence, the rent shall be subject to immediate reappraisal.
- (14) The lessee shall comply with all conditions imposed by the Department of Transport.
- (15) The lessee shall at his own expense install and maintain fire-fighting and control equipment to the approval of the Minister.
- (16) Compensation will not be payable for damage by flooding of the demised land.

- (19) On determination of the lease, the lessee shall fill in, consolidate and level off any unevenness, excavation or hole caused by him during the term of the lease or by removal of his improvements and shall leave the demised land in a clean, neat and tidy condition to the satisfaction of the Minister for Lands and shall remove any or all waste matter as required by the Minister.

A person in the employ of the State must apply through the Under Secretary for Lands for the Governor's permission to hold this land. Written approval of the Permanent Head concerned should accompany such application.
