“junction” means that part of a road lying between imaginary straight lines at right angles to the road commencing from the point of transection formed by its own property lines with the property lines of a road which abuts thereon. Where the property lines are curved at any corner, the point of transection formed by the property lines shall be determined in the same manner as is provided in the definition of “intersection”;

2. Where before the coming into operation of this by-law, a garden has been planted in a street, the owner or occupier of the land that abuts on that portion of the street in which that garden is planted shall ensure that the garden complies with the provisions of this by-law but is not required to obtain a permit pursuant to this by-law.

3. (1) A person shall not plant a garden in a street, except pursuant to a permit issued by the Council and then only in conformity with this by-law.

(2) The Council shall not issue a permit for the planting of a garden in any portion of a street, except on the application of the owner or occupier of the land that abuts on that portion of the street.

(2) Where the owner or occupier does not comply with the notice within the time stipulated in the notice for compliance therewith, the Council may remove and replace the piping at the expense of the owner or occupier.
