BUSH FIRES ACT 1954-1979.

Shire of Collie.

Notice to all Owners and/or Occupiers of Land in the Shire of Collie.

PURSUANT to the powers contained in section 33 of the above Act, you are hereby required on or before 30 November 1982 to clear firebreaks in accordance with the following, and thereafter to maintain the fire-break clear of inflammable material up to and including 15 April 1983.

1. Rural Lands: In respect of all lands owned or occupied by you (other than land within a townsite) you shall clear of all inflammable material, firebreaks not less than two metres wide immediately inside all external boundaries of your land which is used for pasture.
2. Within 100 metres of the perimeter of the buildings and/or haystacks or groups of buildings and/or haystacks, provide firebreaks three metres wide so as to surround the buildings and haystacks.
3. Three metres wide firebreaks be cleared around fuel drums, and that the land on which the fuel drums are stacked be kept clear of all inflammable material.
4. Townsite land: In respect of land owned or occupied by you within any townsite, you shall:—
 - (a) Where the area of land is 2 025 square metres or less remove all inflammable material on the land from the whole of the land.
 - (b) Where the area of land exceeds 2 025 square metres clear of all inflammable material firebreaks not less than two metres wide immediately inside all external boundaries of your land and immediately surrounding all buildings and/or haystacks situated on the land.

If for any reason it is considered to be impracticable to clear firebreaks as required by this Notice, you may apply in writing to the Council or its duly authorised officer not later than 15 November 1982, for permission to provide firebreaks in alternative positions or to take alternative action to abate hazards on the land.

No such application will be considered unless it is supported in writing by a Bush Fire Control Officer.

If permission is not granted by Council, or its duly authorised Officer in writing, you shall comply with the requirements of this notice.

The penalty for failing to comply with this notice is a fine of not less than \$40.00 nor more than \$400.00 and a person in default is also liable whether prosecuted or not, to pay the costs of performing the work directed in this Notice if it is not carried out by the owner or occupier by the date required in this notice.

If the requirements of this notice are carried out by burning, such burning must be in accordance with the relevant provisions of the Bush Fires Act.

Forestry firebreaks will only be accepted if approved by the Forest Department and a Fire Control Officer in writing.

The prohibited period for Zone 8 Shire of Collie, is 15 December 1982 to 14 March 1983 (inclusive).

The Bush Fire Control Officers are:—

Chief Fire Control Officer: Shire Clerk.

Deputy Chief Fire Control Officers: I. H. Miffling, E. F. Rees.

Fire Weather Officer: H. Old.

BUSH FIRES ACT 1954-1977.

Shire of Perenjori.

Notice to all Owners and/or Occupiers of Land in the Shire of Perenjori.

PURSUANT to the powers contained in section 33 of the above Act, you are hereby required on or before 15 October 1982, to remove from the land owned or occupied by you, all inflammable material or to clear firebreaks in accordance with the following, and thereafter to maintain the land of the firebreaks clear of inflammable material up to and including 31 March 1983:

- (1) Townsite Land: In respect of the land owned or occupied by you within the townsites of Perenjori, Bowgada, Caron, Latham, Bunjil, or Maya you shall:—
 - (a) where the area of the land is 0.2 hectares ($\frac{1}{2}$ acre) or less, remove all inflammable material on the land from the whole of all land; and
 - (b) where the area of the land exceeds 0.2 hectares ($\frac{1}{2}$ acre) clear of all inflammable material, firebreaks at least 3 metres wide immediately inside all external surroundings boundaries of the land and also immediately surrounding all buildings situated on the land.
- (2) Rural Land: In respect of land owned or occupied by you other than within the townsites referred to in paragraph (1) above, you shall clear of all inflammable materials, firebreaks at least 3 metres wide.
 - (a) Immediately inside all external boundaries of the land and also immediately or group of buildings and/or haystack situated on the land; and
 - (b) not less than one chain and not more than five chains from the perimeter of all buildings and/or haystacks or groups of buildings and/or haystacks situated on the land; and
 - (c) where the area of land exceeds 200 hectares you shall construct additional firebreaks not less than 3 metres wide in such positions as will divide the land into areas of not more than 200 hectares completely surrounded by a firebreak not less than 3 metres wide.

- (3) **Fuel Dumps:** In addition to the firebreaks required by paragraph (1) and (2) above you shall remove all inflammable material from all the land occupied by drums used for the storage of inflammable liquid, whether the drums contain inflammable material or not, including the land on which ramps for the holding the drums are constructed and to a distance of at least 3 metres outside the perimeter of any drums, stacks of drums, or drum ramp.

If it is considered to be impracticable for any reason to clear firebreaks or to remove inflammable material from the land as required by this notice you shall apply in writing to the Council or its duly authorised officer not later than 15 October 1982, for permission if considered necessary to provide firebreaks in alternative positions or to take alternative action to abate fire hazards on the land. If permission is not granted by the Council or its duly appointed officer, you shall comply with the requirements of this notice.

The penalty for failure to comply with this notice is a fine of not less than \$10 nor more than \$200. A person in default is also liable to whether prosecuted or not to pay costs of performing the work (which will be undertaken by Council) directed in this order if it is not carried out by the owner or occupier by the date required by this office.

If the requirements of this notice are carried out by burning such burning must be in accordance with the relevant provisions of the Bush Fires Act.

By Order of the Council,

M. G. CRAIG,
Shire Clerk.

BUSH FIRES ACT 1954-1979.

Shire of Wongan-Ballidu.

Firebreak Order.

Notice to all owners and/or occupiers of land within the Shire of Wongan-Ballidu.

PURSUANT to the powers contained in section 33 of the above Act, you are hereby required, on or before 1 November 1982, to plough, scarify, spray, cultivate or otherwise clear and thereafter maintain free of all inflammable material until 1 March 1983 Firebreaks in the following position and of the following dimensions, on the land owned or occupied by you.

1. Townsites:

Notice pursuant to section 33.

Firebreak Notice—1982-1983.

Notice to owners and/or occupiers of land.

PURSUANT to the powers contained in section 33 of the above Act, you are hereby required on or before 30 November 1982 and thereafter up to and including 15 March 1983, to have a firebreak, clear of all inflammable material at least 1.8 m wide (or such other width as is specified hereunder) in the positions as set out hereunder.

1. **Rural Land**—(All land other than in a Townsite):—

1.1 Immediately inside all boundaries of all land owned or occupied by you.

- 1.2 Within 100 m of the perimeter of all buildings and/or haystacks situated on the land.
- 1.3 Road and Railway Reserves—In addition to clauses 1.1 and 1.2 where land owned or occupied by you is bisected by a road or railway reserve, firebreaks shall be constructed internally and parallel to said road or railway reserve.
2. Townsites:
- 2.1 Immediately inside and along all boundaries of all land of .4 ha or more.
- 2.2 On land having an area of less than .4 ha you shall have the whole of the land clear of all flammable material.
- 2.3 N.B.—Islands in River Systems:
- (a) Owners and/or occupiers of Island Locations are required on or before November 30, 1982 and thereafter up to and including March 15, 1983 to have a firebreak clear of all flammable material at least 1.8 m wide immediately inside all boundaries of land.
- 2.3 Canal System Locations:
- (b) The requirements of section 2.2 (Townsites) will not be enforced by Council subject to owners and/or occupiers complying with the undermentioned conditions—
- (i) Land to be mowed or slashed to a level of 20 mm of growth and flammable material raked to one specific area on location, removed or burnt.
- 2.4 Road and Railway Reserves—In addition to clause 2.1 to 2.3 where land owned or occupied by you is bisected by a road or railway reserve, firebreaks shall be constructed internally and parallel to said road or railway reserve.
3. Fuel and/or Gas Depots:
- 3.1 In respect of land owned or occupied by you on which is situated any container normally used to contain liquid or gas fuel you shall in addition to the requirements of paragraphs 2.1 and 2 above—
- (a) have cleared of all flammable material land within 20 m of the liquid or gas fuel container whether it contains liquid or gas fuel or not;
- (b) the land on which any ramp or supports are constructed clear of all flammable material.

Notation: To be kept clear of flammable material up and until 15 March 1983, in any one period.

Absentee owners of subdivisional Lots.

If for any reason it is considered impracticable to comply with the provisions of this order, you may make a written application for a variation to the Shire Clerk which must reach him not less than two weeks prior to the date by which the firebreak is required to be established.

No such application will be considered unless it bears the signature of the Fire Control Officer of the area, signifying his agreement to the variation. If the application is not approved by the Shire Clerk, you shall comply with the requirements of this notice. The penalty for failing to comply with this notice is a fine of not less than \$40 or more than \$400 and the person in default is also liable, whether prosecuted or not, to pay the cost of performing the work directed in this notice if it is not carried out by the owner or occupier by the date required by this notice.

By Order of the Council,

B. M. BAKER,
Shire Clerk.

Citation.

1. This Town Planning Scheme may be cited as City of Canning Town Planning Scheme No. 21—Queens Park/East Cannington Guided Development Scheme (hereinafter called "the Scheme").

Responsible Authority.

2. The Authority responsible for enforcing the observance of this Scheme is the City of Canning (hereinafter called "the Council").

Maps.

3. The following maps are attached to and form part of the Scheme:

Land Use Map
Scheme Map
Development Guide Map

Scheme Area.

4. The Scheme applies to the whole of the land contained within the inner edge of a broken black line on the Land Use Map and the Scheme Map (hereinafter referred to as "the Scheme Area"). Portion of the Scheme Area is situated within the District of the City of Gosnells and such portion is hereinafter referred to as "the Gosnells Area".

General Objects.

5. The general objects of the Scheme are:

- (a) To facilitate and encourage the progressive subdivision and development of the land within the Scheme Area for residential business and recreational purposes.
- (b) To co-ordinate and control development in the Scheme Area.
- (c) To plan and make provision for suitable roads cycleways and pedestrian accessways within the Scheme Area.
- (d) To make provision for proper drainage of those parts of the Scheme Area which require drainage.
- (e) To make provision for the creation of drainage reserves and easements.
- (f) To require the provision of sewerage facilities where necessary within the Scheme Area and ensure the provision of sewerage works and facilities outside the Scheme Area where necessary to the proper sewerage of the Scheme Area.
- (g) To make provision for land to be used for public open space recreation and local centre purposes.
- (h) To make provision for suitable sites for educational facilities.
- (i) To make provision for other matters which are necessary or incidental to town planning or housing.
- (j) To improve and secure the amenity health and convenience of the Scheme Area.

Method of Carrying Out Objects.

6. As and when owners of land within the Scheme Area subdivide or develop their land such subdivision or development shall be according to a plan which will be capable of forming part of an overall plan of subdivision for the Scheme Area.

7. The Scheme Map forms a basis for the development of the Scheme Area showing the proposed location of major roads, public open space, school sites, local centre sites and main drains and compensating basins. The Council may permit alterations to the Scheme Map if the public authorities whose interests are affected agree to the proposed alterations.

8. The Development Guide Map indicates an acceptable method of subdividing the Scheme Area. The Town Planning Board may, on the recommendation of Council, permit departures from the design shown on the Development Guide Map if it considers the proposed design to be of a similar standard to that shown but no departure from the design shown on the Development Guide Map shall be permitted if in the opinion of the Council it would impede the development of the Scheme Area as a whole.

Deviation of Welshpool Road and Land Exchanges.

9. It is intended that the portion of Welshpool Road situated between Wharf Street and Gibbs Street shall be deviated as shown on the Scheme Map. The lands through which this road is proposed to pass are partly owned by the Metropolitan Region Planning Authority

and reserved for "parks and recreation" under the Metropolitan Region Scheme. This proposal does not form part of the Scheme and is the subject of separate negotiations with the Metropolitan Region Planning Authority. The area affected is shown hatched black on the Scheme Map.

Subdivision and Development.

10. An owner of land within the Scheme Area who desires to subdivide or develop his land either alone or in conjunction with other owners shall submit a plan of the proposed development to the Council and if the proposals involve subdivision he shall submit to the Town Planning Board a plan of subdivision in conformity with the Development Guide Map with such modifications as are permitted by the Council under Clause 8 hereof.

New Roads, Pedestrian Accessways and Footpaths.

11. Subject to the following clauses all new roads and pedestrian accessways shall be constructed and drained at the expense of the owners of the land in which such roads and pedestrian accessways are situated and each owner shall when subdividing his land make the land available for the said roads and pedestrian accessways and pay the costs of the construction and drainage of the roads and pedestrian accessways within the land owned by him.

12. In cases where the situation of a new road or of a new pedestrian accessway is such that in the opinion of the Council it would be fair and equitable that the owners of adjoining land should each contribute to the cost of the construction or drainage of that road or pedestrian accessway and apportion the value of the land made available for such roads and pedestrian accessways and such owners are unable to agree upon the proportion of the costs payable by each of them the amount (if any) payable by each such owner shall be determined by arbitration in manner hereinafter provided.

13. The Council shall pay one half of the cost of construction and drainage of the section of any road which abuts public open space, a school site or a local centre site in the Scheme Area and the owner's liability in respect thereof shall be reduced accordingly provided that:

- (a) This provision does not apply to the end alignment of a cul-de-sac road if that is the only part of the road which abuts the public open space, school site or local centre site.
- (b) Should the location of the public open space, school or local centre site be changed or should the sites thereof be cancelled the Council's liability under this clause shall be transferred to the new site or cancelled as the case may be.
- (c) Where a road to which this clause applies has been constructed by or on behalf of an owner the Council's contribution shall be one half of the amount the Council considers to be a fair and reasonable cost of the construction of the road.

14. The Council may construct and drain any new roads and pedestrian accessways and acquire the land necessary for that purpose. If the Council does so prior to the subdivision of the lands adjoining such road or pedestrian accessway the costs of the construction and drainage of the said road or of the said pedestrian accessway and all compensation and other costs consequent upon the acquisition of the land shall be paid to the Council by each respective owner of land in accordance with the foregoing provisions upon the final approval of the Town Planning Board to the subdivision of his land or after having been served with not less than three calendar months' notice from the Council calling upon him to make such payment whichever first happens.

15. If an owner subdivides his land and if he or his predecessors in title have claimed or have been paid compensation by reason of the resumption by the Council of the land for a new road or a pedestrian accessway he shall before the final approval by the Town Planning Board to his plan of subdivision release the Council from the compensation claimed or repay to the Council the amount of compensation paid by it to him or his predecessors in title as the case may be.

Construction or Improvement of Existing Roads.

16. The construction, improvement, widening or drainage of or other works relating to any roads which have been dedicated prior to the coming into operation of the Scheme but are unmade or in the opinion of the Council require improvement, widening, drainage or other works shall be carried out by the Council unless in any particular case it decides otherwise.

17. An owner of land which abuts a road referred to in the preceding clause shall when subdividing his land pay to the Council upon the final approval of the Town Planning Board to the subdivision or after having been served with not less than three (3) calendar months' notice from the Council calling upon him to make such payment whichever first happens such proportion of the costs or estimated costs of the construction, improvement, widening, drainage or other works thereof or relating thereto as the Council determines.

Closure of Roads.

18. The roads shown on the Scheme Map as roads to be closed shall be closed as the development of the land proceeds and as such roads are no longer required. Such closures shall be carried out under the procedure laid out in the Local Government Act. When the said roads shall have been closed the land may be used for the purposes as shown on the Scheme Map or may be used for public open space, such use to be decided by Council from time to time. It is intended that the Council shall endeavour to have such lands vested in the Council in fee simple.

Land Acquisition.

19. The Council may acquire such land as it considers necessary for drainage services and may set aside land for drainage sumps and compensating basins and other works.

Progressive Development.

20. The Scheme area may be progressively developed as the sewerage, drainage and water supply works proceed.

Connection to the Sewer.

21. Subject to the next succeeding clause no land shall be subdivided unless there is a sewer to which all new lots in the proposed subdivision may be connected and no building shall be occupied unless the building is connected to the sewer.

22. (i) If the Town Planning Board, after considering the advice of the Council, is of the opinion that the nature of the soil in any part of the Scheme Area is sufficiently absorptive to permit the efficient operation of an apparatus for the bacteriolytic treatment of sewage, it may permit the subdivision of that area before the sewer is available provided that no land shall be so subdivided if the said land is in the opinion of the Board capable of being connected to an existing sewer.

(ii) If the Council is of the opinion that the nature of the soil in any part of the Scheme Area is sufficiently absorptive to permit the efficient operation of an apparatus for the bacteriolytic treatment of sewage, it may permit development of that area and the occupation of buildings thereon before the sewer is available provided that no land shall be so developed if the said land is in the opinion of the Council capable of being connected to an existing sewer.

Levelling and Filling.

23. If any land requires levelling or filling before it can be subdivided or built upon the cost of such works shall be borne by the owner of the land.

Public Open Space.

24. It is intended that the land shown on the Scheme Map as local open space shall be reserved for public open space.

25. Subject to the next succeeding clause the Council may as and when it thinks fit acquire the land shown on the Scheme Map as local open space or any part or parts thereof either by purchase exchange or resumption or partly by one method and partly by any of the others.

26. (1) Subject to subclause (2) hereof each owner when subdividing his land shall contribute towards public open space in the following manner:

(a) The owner shall transfer to the Council so much of his land as is shown on the Scheme Map as local open space.

(b) If no part of the owner's land is shown as local open space on the Scheme Map he shall pay to the Council ten per centum (10%) of the value of the land the subject of the subdivision.

(c) If the value of the land to be transferred to the Council pursuant to paragraph (a) hereof is greater or less than ten per centum (10%) of the value of the land the subject of the subdivision the owner shall receive from or pay to the Council the difference in such value as the case may be.

(d) If an owner subdividing his land is also the owner of other land within the Scheme Area not the subject of the proposed subdivision referred to in this clause and such other land or part thereof is shown as local open space on the Scheme Map the owner may if the Council so agrees transfer to the Council the land shown as local open space on the Scheme Map or an agreed part thereof (hereinafter referred to as "the second P.O.S. land") and the value of the second P.O.S. land so transferred shall be credited against the amount payable by the owner to the Council under paragraph (b) or (c) of this subclause and for the purposes of this paragraph—

(i) the second P.O.S. land shall be valued as at the date upon which the owner offered to transfer it to the Council or as at the date upon which the land adjoining it or adjoining the open space of which it forms part was first subdivided for residential use whichever produces the lower value;

(ii) if the value of the land transferred to the Council under paragraph (a) of this subclause and under this present paragraph (d) is greater than ten per centum (10%) of the value of his land being subdivided the owner may elect that instead of receiving a payment under paragraph (c) of this subclause the amount of the excess shall be credited against the amount which would be payable by him on the subsequent subdivision of any other land owned by him within the Scheme Area;

(iii) upon the subdivision of the land of which the second P.O.S. land forms part the provisions of this clause shall be applied on the basis that the second P.O.S. land does not form part of and never formed part of the land the subject of that subdivision.

(2) For the purposes of the application of this clause any portion of an owner's land provided by him for schools, local centres, and public utilities shall be excluded from the area of land the subject of the subdivision in making the calculation of ten per centum (10%) thereof.

(3) For the purposes of this clause the value of any land shall, subject to paragraph (d) of subclause (1) hereof, be assessed as at a date immediately before the date of granting by the Town Planning Board of its final approval to the subdivision.

27. Where development is proposed on a parcel of land not less than two thousand square metres (2 000 m²) in area and no public open space contribution has been made in respect thereof as a condition of its subdivision from a larger area of land the Council shall require as a condition of planning consent that the developer pay to it a sum equal to ten per centum (10%) of the value of the parcel of land as at the date of the granting of the approval to the development.

28. For the purposes of the Scheme the Council shall establish the following:

(i) a special public open space trust fund (to be known as the "Scheme 21 (Canning) public open space trust fund").

(ii) a special public open space trust fund (to be known as the "Scheme 21 (Gosnells) public open space trust fund").

29. (1) All moneys received by the Council with respect to land in that part of the Scheme Area excluding the Gosnells Area pursuant to Clauses 27 and 28 shall be paid into the Scheme 21 (Canning) public open space trust fund.

(2) All moneys received by the Council with respect to the land in the Gosnells Area pursuant to Clauses 27 and 28 shall be paid into the Scheme 21 (Gosnells) public open space trust fund.

30. (1) The Council shall apply moneys standing to the credit of the Scheme 21 (Canning) public open space trust fund in repaying any loan monies or finance made available by it and interest thereon expended on the acquisition and development of public open space in that part of the Scheme Area situated within the City of Canning.

(2) The Council shall apply moneys standing to the credit of the Scheme 21 (Gosnells) public open space trust fund in repaying any loan moneys or finance made available by it and interest thereon expended on the acquisition of public open space in the Gosnells Area.

(3) In the event of the moneys standing to the credit of the Scheme 21 (Canning) public open space trust fund being insufficient to repay the said loan and other moneys and interest the Council shall repay the balance thereof from its general fund.

(4) In the event of the moneys in the Scheme 21 (Canning) public open space trust fund being greater than the amount necessary to repay the said loans and other moneys and interest the balance thereof shall be applied by the Council in further improvements in that part of the Scheme Area in the City of Canning.

(5) In the event of the moneys in the Scheme 21 (Gosnells) public open space trust fund being insufficient to repay the said loans and other moneys and interest the Council shall not be responsible for the repayment of the balance thereof from its general fund but such repayment shall be made by the City of Gosnells.

(6) In the event of the moneys in the Scheme 21 (Gosnells) public open space trust fund being greater than the amount necessary to repay the said loans and other moneys and interest the balance thereof shall be transferred to the City of Gosnells and shall be applied by that Council to further improvements in that part of the Scheme Area within the Municipality of Gosnells.

(7) Land in the Gosnells Area acquired under the Scheme for local open space shall be transferred to the City of Gosnells.

Local Centres.

31. (1) The lands shown on the Scheme Map and Development Guide Map as local centres shall be resumed or otherwise acquired by the Council and any buildings or improvements thereon may be demolished by the Council.

(2) The Council may use the land so acquired for Civic, Cultural, community or recreational purposes, or for the facilities for the operation of public utilities, and trading undertakings of any authorised public body or public utility.

School Sites.

32. The parcel of land shown on the Scheme Map and the Development Guide Map as proposed primary school site is hereby reserved for that purpose but the Minister for Education is responsible for the acquisition thereof.

Scheme Costs.

33. The costs or estimated costs of the following items are hereinafter referred to as the Scheme Costs:

- (a) One half of the administration costs of the Scheme including an amount to reimburse the Council for such overhead and management costs as may be incurred in the implementation of the Scheme. The term "administration costs" includes in addition all legal costs, planning costs, payments to planning consultants and other professional consultants and valuation costs.
- (b) The costs (if any) to the Council of any drainage works necessary for the proper drainage of the Scheme Area and the acquisition of lands for that purpose.

- (c) One half of the cost of the construction and drainage of the pedestrian overpass on Gerard Street shown on the Scheme Map and Development Guide Map.
- (d) One half of the cost of paving the cycleway shown on the Scheme Map.
- (e) (i) The cost of the acquisition of the land shown on the Scheme Map as local open space.
- (ii) The cost of the acquisition of so much of the land shown on the Scheme Map as land required for Scheme purposes (roads) as is necessary for the implementation of the Scheme.
- (f) All compensation payable and all costs and expenses of determining and settling compensation.
- (g) All other costs and expenses which the Council is required to meet in order to implement and complete the Scheme.

Payment of Scheme Costs.

34. (1) Subject to subclause (2) hereof each owner shall, prior to the final approval by the Town Planning Board of the subdivision of his land or after having been given not less than three calendar months' notice from the Council, whichever first happens, pay to the Council an amount which bears the same proportion to the total Scheme Costs as the area of the owners' land being subdivided or capable of being subdivided bears to the total of the land that is privately owned within the Scheme Area.

(2) Notwithstanding the provisions of subclause (1) hereof an owner of land within the Gosnells Area is liable to pay only those Scheme Costs contained in subclauses (a), (b), (e) (i), (f) and (g) of Clause 33 preceding, provided that such costs are in the opinion of the Council incurred in the implementation and completion of that part of the Scheme in the Gosnells Area.

(3) For the purpose of this clause "privately owned land" means privately owned land within the Scheme Area excluding the following, namely: land required for road widening, drainage reserves, public open space, parks and recreation, school sites, local centres, and any lot which contains insufficient land area or comprises unsuitable dimensions for subdivision thereof.

Estimate of Scheme Costs.

35. If any of the items of Scheme Costs have not been paid or ascertained at the time of subdivision of a parcel of land or at the time of the giving of a notice by the Council they may be estimated by the Council. An estimate may be revised from time to time.

Land Owned by the Council.

36. All or any of the land now owned or subsequently acquired by the Council within or near the Scheme Area may be used by the Council for any purpose appropriate to the Scheme (and the Council has all the powers of an owner in respect thereof) and if such purpose is one for which an owner is required to make land available or for which land may be acquired by the Council hereunder the Council shall be compensated for the value of the land so used.

Valuations.

37. Where it is necessary to ascertain the value of any land for the purpose of the Scheme the value shall be determined by the Chief Valuer of the State Taxation Department of Western Australia or such other valuer being a member of the Australian Institute of Valuers as shall be approved by the Council. The valuation shall be made on the basis of the fair net expectancy inclusive of subdivider's profit from the sale of the land in its optimum subdivided form for detached houses.

38. If an owner objects to the value so determined he may give written notice of such objection to the Council within twenty-eight days after having been informed of the value or revised value. If the valuer does not agree to change the value to a figure acceptable to the owner the value shall be determined by arbitration.

39. If a valuation made by the valuer is changed as the result of an objection the valuer may reconsider the values placed on other lands and make such revaluations as he considers just and equitable. The owners affected by such revaluation shall forthwith be notified of any change in value.

40. When it becomes necessary to make a valuation by reason of an application for consent to a subdivision or development the costs of the valuation shall be paid by the person making the application.

Arbitration.

41. Any dispute or difference which by the terms of this Scheme may be determined by arbitration may be referred to the arbitration of a single arbitrator in manner provided by the Arbitration Act 1895 or any statutory modification thereof for the time being in force and if the parties fail to agree upon a single arbitrator he may be nominated by the President for the time being of the Law Society of Western Australia.

Powers and Authorities of Council.

42. In carrying out the provisions of the Scheme the Council has the following powers and authorities:

- (a) To enter and inspect any land within the Scheme Area.
- (b) To make agreements with the owners or occupiers of any land within the Scheme Area, in respect of any matters affecting the Scheme.
- (c) To enter into agreements with purchasers or prospective purchasers or prospective occupiers of land within the Scheme Area.
- (d) To enter into agreements with the Crown and any department of the State with reference to the carrying out of any of the objects or works of the Scheme.
- (e) If any owner of land does not proceed with the subdivision or development of his land in accordance with the Scheme or by reason of the nature of his land he is unable to subdivide or develop it and his failure to do so in the opinion of the Council will unduly delay the subdivision and development of the Scheme Area the Council may resume or purchase the land of such owner or any part or parts thereof and proceed with the subdivision and development of the said land in accordance with the provisions of the Scheme. In so doing the Council may enter into agreements with adjoining owners as to the sharing of costs as to ownership of lots part of which are outside the land resumed by the Council.
- (f) In the event of the Council exercising its powers under paragraph (e) it has all the powers of an owner in the subdivision development and disposal of the said land; if land has been resumed and if the owner has not been paid compensation by reason of the resumption, the Council before selling the land so subdivided and developed shall offer the new lots wholly within the subdivision and the benefit of any agreement with adjoining owners to the original owner upon his paying to the Council all costs and expenses consequent upon the resumption subdivision or development of the said land and upon his releasing the Council from all claims for compensation in respect of such resumption and development. The said offer shall be made in writing and if not accepted within twenty-eight days of the service thereof the Council may proceed with the sale of the subdivided lots. All moneys received by it from such sale shall be applied firstly in payment of all costs and expenses consequent upon such subdivision and secondly in payment of all compensation in respect of the resumption of the said land. The balance if any of such moneys may be retained by the Council and the Council shall make good any deficit.

- (g) If the offer mentioned in paragraph (f) hereof is not accepted the Council may retain all or any part of the said land but if it does so it shall be responsible to pay such costs of subdivision of the said land and compensation for its resumption as are then unpaid.
- (h) To dispose of any lots to which it becomes entitled whether under paragraph (e) hereof or otherwise upon such terms and conditions as it may think fit and without limiting the generality of the foregoing the Council may sell

the lots singly or in groups and on the condition that buildings of a specified character with specified parking or other facilities shall within a limited period be constructed thereon or that the land and buildings be used for a specified purpose.

- (i) To extend the time within which payments are to be made to the Council and agree to the securing of such payments.
- (j) To transfer any land owned by it or acquired by it pursuant to the Scheme as compensation and to enter into agreements relative to the determination and settling of compensation.

43. Twenty-eight (28) days' written notice is hereby prescribed as the notice to be given pursuant to section 10 of the Act. Any expenses incurred by the Council under the said section may be recovered from the person in default as a simple contract debt in such Court of Civil jurisdiction as is competent to deal with the amount of the claim.

44. The Council may at any time exercise the powers conferred by section 13 of the Act.

Development Schemes.

45. It is intended that having regard to the subdivision and development of land within the Scheme Area that has taken place, the services that are available, and the need for such a scheme or schemes the Council may in the future make a development scheme or schemes for such part or parts of the land within the Scheme Area as it determines from time to time.

Claims for Compensation.

46. Claims for compensation by reason of the operation of this Scheme shall be made within six months of the Scheme coming into operation.

Adopted by Resolution of the Council of the City of Canning at the Ordinary Meeting of the Council held on the 8th day of March, 1982 and the seal of the Municipality was pursuant to that resolution hereunto affixed in the presence of—

PART I—PRELIMINARY.

1.1 Citation.

This Town Planning Scheme may be cited as Shire of Kalamunda Town Planning Scheme No. 11—Lesmurdie Guided Development Scheme (hereinafter called "the Scheme").

1.2 Responsible Authority.

The Authority responsible for enforcing the observance of the Scheme is the Shire of Kalamunda (hereinafter called "the Council").

1.3 Maps.

The following maps are attached to and form part of the Scheme:

Land Use Map
Scheme Map

1.4 Scheme Area.

The Scheme applies to the whole of the land contained within the inner edge of the broken black line on the Scheme Map (hereinafter referred to as "the Scheme Area").

1.5 Interpretation.

In this Scheme unless the context otherwise requires:

"Act" means the Town Planning and Development Act 1928 (as amended).

"Board" means the Town Planning Board of Western Australia.

"way" means and includes every pedestrian access-way, cycleway, alley, court or other right of way which the public are allowed to use.

PART II—OBJECTS.

2.1 General Objects.

The general objects of the Scheme are:—

- (a) To plan, facilitate and encourage the progressive subdivision and development of the land within the Scheme Area for residential and other purposes.
- (b) To co-ordinate and control development in the Scheme Area.
- (c) To plan and make provision for suitable roads and ways within the Scheme Area.
- (d) To make provision for and ensure the proper drainage of the roads and all other parts of the Scheme Area which require drainage.
- (e) To make provision for the creation of drainage reserves and easements within the Scheme Area.
- (f) To make provision for the reticulated supply of water and all works and matters incidental thereto within the Scheme Area.
- (g) To make provision for land to be used for Public Open Space, recreation, and Scheme purposes and for the development thereof within the Scheme Area.
- (h) To establish standards for the development of land within the Scheme Area.
- (i) To make provision within the Scheme Area for such of those matters set out in the First Schedule of the Act as are necessary or incidental to the good and effective planning, subdivision and development of a residential development scheme.
- (j) To improve and secure the amenity, health and convenience of the Scheme Area.

PART III—SUBDIVISION AND DEVELOPMENT.

3.1 Scheme Map.

The Scheme Map forms a basis for the development of the Scheme Area and shows the proposed location of roads, all other ways, public open spaces and indicates the proposed subdivision design for the Scheme Area.

3.2 Subdivision.

3.2.1 As and when an owner of land with the Scheme Area ("Owner") subdivides or develops his land such subdivision or development shall be according to a plan which will be capable of forming part of the overall plan of subdivision for the Scheme Area shown on the Scheme Map.

3.2.2 After considering the recommendation of the Council the Board may permit departures from the subdivision design shown on the Scheme Map if it considers the proposed subdivisional design to be of a similar standard to that shown on the Scheme Map but no departure from the subdivisional design shall be permitted if it would impede the subdivision of the Scheme Area as a whole.

3.3 Developer to Submit Plans.

An owner who desires to develop his land either alone or in conjunction with other owners shall submit a plan of the proposed development to the Council and if the proposals involve subdivision he shall submit to the Board a plan of subdivision in conformity with the Scheme Map with such modifications as are approved under the provisions of Clause 3.2.2.

3.4 Survey.

Each owner shall upon the approval of the plan of subdivision of his land arrange for the survey of his land in conformity with the approved plan of subdivision and shall pay the costs of such survey.

PART IV—NEW ROADS AND WAYS AND ROAD CLOSURE.

4.1 Construction by Owners.

4.1.1 Every new road or way shall be constructed and drained at the expense of the Owners of the land in which such road or way is shown to be situated in the Scheme Map and each Owner shall when subdividing his land make available the land required for such road or way and pay the costs of the construction and drainage of the roads and ways within the land owned by him.

4.1.2 In a case where the situation of a new road or way is such that in the opinion of the Council it would be fair and equitable that the Owners of adjoining land should each contribute to the cost of the construction or drainage of that road or way and apportion the value of the land made available for such road or way and such Owners are unable to agree upon the proportion of the costs payable by each of them the amount (if any) payable by each such Owner shall be determined by the Council.

4.1.3 The Council will not be responsible for the costs of construction and drainage of the section of any road or way which abuts Public Open Space in the Scheme Area and the Owners shall be liable for such costs in accordance with the provisions of the preceding subclause.

4.2 Construction by Council.

The Council may construct and drain any new road or way if it so elects and may resume or otherwise acquire the land necessary for that purpose. If the Council does so prior to the subdivision of the land adjoining the road or way the costs of the construction and drainage of the road or of the way and all compensation and other costs consequent upon the acquisition of the land shall be paid to the Council by each respective Owner in accordance with the provisions of the preceding clause.

4.3 Closure of Roads.

The roads shown on the Scheme Map as roads to be closed shall be closed as the development of the Scheme Area proceeds and as such roads are no longer required. When the said roads have been closed the land comprising the closed roads shall be used for the purposes shown on the Scheme Map.

PART V—WATER SUPPLY DRAINAGE AND LIQUID WASTE DISPOSAL.

5.1 Water Supply and Drainage Works.

Such local drainage works and water supply works as are in the opinion of the Council necessary for the proper servicing of the Scheme Area and the connection of the land therein to main drains and to water mains shall at the appropriate times be carried out by the Owners of the land served by such works or by the Council if it elects but in any event at the cost of the Owners served by the Works.

5.2 Resumption or other Acquisition of Land.

The Council may resume or otherwise acquire such land as it considers necessary for drainage or water supply services and may set aside land for drainage sumps and compensating basins and other works.

5.3 Carrying out by Council.

If the Council in accordance with the last two preceding clauses carries out the local drainage works or water supply works or resumes or otherwise acquires land necessary for drainage or water supply services each

Owner of land served by those works or benefiting from those services shall pay his proportion of the costs or estimated costs of the works and all compensation and other costs consequent upon the acquisition of land in accordance with the last preceding clause.

5.4 Progressive Development.

The Scheme Area may be progressively developed as the drainage and water supply works proceed.

5.5 Liquid Waste Disposal.

It is anticipated that the Scheme Area will be subdivided and developed without a sewer connection being available. Any proposal for development in the Scheme Area shall therefore be subject to approval by Council having regard to the nature of the soil in the Scheme Area and its ability to permit efficient operation of an apparatus for bacteriolytic treatment of the sewage and disposal of effluent likely to be produced by the proposed development.

PART VI—OTHER WORKS AND ASSOCIATED MATTERS.

6.1 Levelling and Filling.

If any land requires levelling or filling before it can be subdivided or built upon, the costs of such works shall be borne by the Owner of the land.

6.2 Public Open Space.

The land shown on the Scheme Map as public open space shall be reserved for public open space.

PART VII—FINANCE AND ADMINISTRATION.

7.1 Scheme Costs.

The costs or estimated costs of the following items are hereinafter referred to as "Scheme Costs".

- (a) The cost to the Council of the acquisition of land for public open space.
- (b) All compensation payable and all costs and expenses of determining and settling compensation and any payment for damage or injurious affection arising out of the Scheme.
- (c) All compensation which the Council shall pay or become liable to pay by reason of any building or other improvement being affected by the proposals contained in the Scheme Map or the use and enjoyment of any land, building or improvement being adversely affected by the Scheme.
- (d) The administration costs of the Scheme including an amount to reimburse the Council for such overhead and supervision costs as may be incurred in the implementation of the Scheme. The term "administration costs" shall include all legal costs, planning costs, payments to consultants, management costs and valuation costs in each case, whether incurred before or after the coming into effect of the Scheme and reimbursement to the Council for the time spent by any officer, employee or agent of the Shire in so far as that time was spent prior to the coming into operation of the Scheme in addition to administration or supervision fees payable in accordance with the Local Government Act 1960 (as amended).
- (e) The costs of acquisition of any land within the Scheme Area for the benefit of the Scheme in the event of such land being acquired other than by resumption.
- (f) The costs of upgrading drainage works outside the Scheme Area necessary for the proper drainage of the Scheme Area.
- (g) The costs of water supply headworks, pumping stations and other works incidental to water supply outside the Scheme area necessary for those services within the Scheme Area.
- (h) The costs of extension of water mains.
- (i) The costs of altering existing electricity, water, drainage or telephone services or of providing exceptional services rendered necessary by the Scheme to the extent to which and in cases where the Council considers the cost justified.

- (j) The costs and expenses incurred in providing the roadworks, stormwater and sub-soil drainage, footpaths, street signs and pedestrian accessways within the Scheme Area.
- (k) Any interest costs of providing finance for the Scheme including bank charges, accountancy and audit fees.
- (l) All fees and costs incurred by the Council in connection with the preparation and administration of the Scheme, and the survey of land within the Scheme Area.

7.2 Payment of Scheme Costs.

7.2.1 Each Owner shall pay to the Council a proportion of the Scheme Costs. The appropriate proportion of the Scheme Costs shall be determined by the application of the following formula:—

$$\frac{b - a}{B - A} = P$$

where P = the proportion;

b = the improved valuation of that Owner's property assuming that subdivision is completed in accordance with the Scheme;

a = the prior valuation of that Owner's property before implementation of the Scheme;

B = the total improved valuation of all property within the Scheme being the sum total of the individual valuations (b);

A = the total prior valuation of all property within the Scheme being the sum total of the individual valuations (a).

Land acquired by the Council for the purposes of the Scheme and Crown Reserves as at the date of gazettal of final approval to the Scheme are excluded from the application of the proportion.

7.2.2. Each owner when subdividing his land shall pay or make satisfactory arrangements with the Council to pay his proportion of Scheme Costs referred to in Clause 7.1 before the Council gives a clearance to the Board prior to its endorsement of final approval of the subdivision.

7.3 Payment of Costs of Construction by Council.

7.3.1 Each owner shall pay to the Council the cost of construction by the Council of the following:

- (i) construction and drainage of any new road or way referred to in Clause 4.2
- (ii) water supply and drainage works referred to in Clauses 5.1 and 5.2.

7.3.2 Each owner when subdividing his land shall pay or make satisfactory arrangements with the Council to pay his proportion of the costs referred to in subclause 7.3.1 before the Council gives a clearance to the Board prior to its endorsement of final approval of the subdivision.

7.4 Powers and Authorities of Council.

7.4.1 In carrying out the provisions of this Scheme, the Council shall have the following powers and authorities:

- (a) To enter and inspect any land within the Scheme Area.
- (b) To enter into agreements with the Owners or occupiers of any land within the Scheme Area.
- (c) To enter into agreements with purchasers or prospective purchasers or prospective occupiers of land within the Scheme Area.
- (d) To enter into agreements with any person or Government instrumentality for the purpose of carrying out any of the Scheme works or otherwise for the purpose of the Scheme.
- (e) To extend the time within which payments have to be made to Council and agree to the securing of such payments.
- (f) To resume any land within the Scheme Area for public open space or other public or local authority purposes, or in order to make it available for any of the purposes for which

the Council by the provisions of this Scheme is empowered to acquire land in cases where the owner thereof will not agree to make the land available for the purposes in accordance with the provisions of this Scheme.

- (g) To dispose of any lots to which it becomes entitled whether under subclause (c) or (f) hereof or otherwise upon such terms and conditions as it may think fit and without limiting the generality of the foregoing the Council may sell the lots singularly or in groups and on conditions if it sees fit to improve them.
- (h) To exercise any other power referred to in The First Schedule of the Act.

7.4.2 The Council may at any time exercise the powers conferred by Section 13 of the Act.

7.5 Claims for Compensation.

7.5.1 Claims for compensation by reason of the operation of the Scheme shall be made within six (6) calendar months of the date of gazettal of final approval to the Scheme.

7.5.2 When an Owner subdivides his land and if he or his predecessors in title have claimed or have been paid compensation by reason of the resumption of the Council pursuant to this Scheme of a former part of that land for a new road or a way he shall before final approval by the Board to his plan of subdivision release the Council from the compensation paid by it to him or his predecessors in title as the case may be.

7.6 Betterment.

Claims made by the Council pursuant to Section 11 (2) of the Act shall be made within twelve (12) months of the completion of the work or the section of the work by reason of which the land in which the claim is made is increased in value.

7.7 Acquisition of Land by the Council.

7.7.1 If any owner of land within the Scheme Area

- (i) does not proceed with the subdivision and/or development of his land in accordance with the terms of the Scheme, or
- (ii) by the reason of the nature of his land is unable to subdivide and/or develop it,

and his failure to do so will, in the opinion of the Council unduly delay the subdivision and/or development of the Scheme Area, the Council may exercise its powers to compulsorily acquire the land under Section 13 of the Act and proceed with the subdivision and/or development of the land in accordance with the provisions of the Scheme.

7.7.2 In the event of the Council exercising its powers under subclause 7.7.1 it shall have all the powers of an owner in the subdivision development and disposal of the land. If the owner has not been paid compensation by reason of the compulsory purchase the Council, before selling the land so subdivided and/or developed, shall offer the new lots to the original owner upon his paying to the Council all costs and expenses consequent upon the compulsory purchase subdivision and/or development of the land, and upon his releasing the Council from all claims for compensation in respect of such compulsory purchase. The offer by the Council shall be made in writing and if not accepted within one (1) calendar month of the service thereof, the Council may proceed with the sale of the new lots. All moneys received by it from the sale shall be applied firstly in payment of all costs and expenses incurred in the subdivision and/or development and secondly in payment of all compensation in respect of the land. The balance of any moneys received may be retained by the Council.

PART VIII—GENERAL.

8.1 Valuations.

8.1.1 Valuations of land within the Scheme insofar as that valuation is deemed necessary by the Council for the proper implementation of the Scheme shall be carried out by the Valuer General or a Valuer nominated by him. If an Owner shall object to the value or values so determined, he may give notice of such objection to the Council within twenty-eight (28) days after having been informed of the said value

or values. If the Valuer does not agree to change the value to a figure acceptable to the Owner, the value shall be determined by arbitration in accordance with the provisions hereinafter contained.

8.1.2 If a valuation made by the valuer shall be changed as a result of an objection, the valuer may reconsider the values placed on other lands and make such revaluations as he considers just and equitable.

8.2 Estimates of Costs.

The Council may from time to time estimate the appropriate proportion of the costs payable by any Owner pursuant to any provision in the Scheme, prior to the determination of the final costs. The costs required by the Council to be contributed by any Owner pursuant to any provision of the Scheme may be the estimated costs provided that upon the determination of the final costs the Council shall make appropriate adjustments to recover from Owners any amount by which the estimate exceeds the final costs as determined. An estimate may be revised from time to time.

8.3 Moneys Received by Council.

All moneys received by the Council pursuant to the provisions of the Scheme shall, except insofar as such moneys are required to pay the costs of the Scheme and the works to be carried out shall be returned to the Owners or their successors in Title in the same proportion as applied to the allocation of Scheme Costs.

8.4 Arbitration.

Any dispute or difference between the Owners or between an owners or owners and the Council as to their respective rights under the Scheme, or as to the value of any land, or in respect of any matter pursuant to this Scheme, may be determined by Arbitration in the manner provided by the Arbitration Act, 1895, or any statutory modification thereof for the time being in force.

8.5 Notice.

Twenty-eight (28) days written notice is hereby prescribed as the notice to be given pursuant to section 10 of the Act. Any expenses incurred by the Council under the said Section may be recovered from the person in default as a simple contract debt in such Court of Civil Jurisdiction as is competent to deal with the amount of the claim.

METROPOLITAN WATER AUTHORITY.

Metropolitan Water Supply.

Notice of Intention.

M.W.A. 815032/82; (WO7.182).

NOTICE is hereby given, pursuant to section 20 of the Metropolitan Water Supply, Sewerage, and Drainage Act 1909-1982 of the intention of the Authority to undertake the construction and provision of the following works, namely:—

600 mm Distribution Main—Canning Vale—
Bannister Road, Baile Road to Nicholson Road.
City of Canning.

The Times and Place at which the Plan may be Inspected:

At the office of the Authority, Metropolitan Water Centre, 629 Newcastle Street, Leederville, for one month on and after 13 August 1982, between the hours of 9.30 a.m. and 3.30 p.m.

H. J. GLOVER,
Acting Managing Director.

Description and Locality of Proposed Works:

The construction of a six hundred millimetre nominal diameter steel water main below ground and approximately one thousand three hundred and sixty metres in length, complete with valve pits and all other necessary apparatus commencing at the intersection of Bannister Road and Baile Road and thence proceeding generally in an easterly direction along Bannister Road to the intersection of Nicholson Road and terminating thereat.

The above works and localities are shown on plan M.W.A. 18003.

The Purpose for which the Proposed Works are to be Constructed and Provided:

To improve the water supply to the Canning Vale industrial area.

NOTE.

Sections 19, 21 and 22 of the Metropolitan Water Supply, Sewerage, and Drainage Act 1909-1982 provide that any local authority or person interested may lodge a written objection with this Authority against the construction or provision of the proposed works, within one month after the date of publication of the above notice.

After the period for receipt of objections has expired, and the objections if any, have been met by amendment of the proposal or are, in the general public interest, not sufficient to cause the proposals to be amended, the Governor may make an order, a notice of which is published in the *Government Gazette*, authorizing this Authority to carry out the construction or provision of the proposed works.

Perth, 13 August 1982.

HIS Excellency the Governor in Executive Council, acting pursuant to the provisions of section 33 of the University of Western Australia Act 1911-1978, has been pleased to approve of the Statute made by the Senate of the University of Western Australia and set out in the Schedule hereunder.

J. CLARKO,
Minister for Education.

Schedule.

AMENDING STATUTE No. 1 OF 1982.

1. Amendments to Statute No. 22—Gledden Trust

Clause 20 is amended by the deletion of the existing clause 20 and the substitution of the following clause in its place:

20. The object of the Gledden Tours is to assist students of the University of Western Australia—

- (a) to visit, as part of an organised tour, engineering and other technical works and institutions in Australia and other countries; or
- (b) to travel as individual students, either in conjunction with or separate from an organised tour, for the purpose of gaining practical experience as required by the Faculty concerned.

Clause 22 (1) is amended by the deletion of the existing clause 22 (1) and the substitution of the following clause in its place:

22. (1) The Senate shall determine the amount of the grant to be made towards the cost of Tours on recommendation of the Professorial Board after it has considered a report from the Faculty organising the Tours.

Clause 23 is amended by the deletion of the existing clause 23 and the substitution of the following clause in its place:

23. (1) The Dean of the Faculty organising any Tour shall call for applications by notice published on the appropriate notice boards of the University.

(2) Students will be selected for a Tour by the Faculty concerned on the basis of academic merit and, where appropriate, the student's proposed programme of practical experience.

The Common Seal of the University of Western Australia was hereto affixed by authority of the Senate.
