All firebreaks referred to in this order shall be constructed and maintained in a condition trafficable by tractors and four wheel drive vehicles, and overhanging trees abutting all breaks shall be pruned to minimise accumulation of litter and allow vehicle access.

Definitions.

For the purpose of this Order the following definitions apply:—

“Managed Farm Land” means any lot, location or holding consisting of adjoining lots or locations wholly or mainly maintained or used for grazing, dairying, pig-farming, poultry-farming, viticulture, horticulture, fruit-growing or the growing of crops of any kind, or other similar businesses, where the activity substantially reduces the accumulation of inflammable matter.

“Unmanaged Farm Land” means land over 2 000 square metres on which inflammable matter has been permitted to accumulate, other than managed farm land, residential, commercial and industrial land, and pine plantations.

“Residential, Commercial and Industrial Land” means all land used for those purposes, and includes any ungrazed lot under 2 000 square metres.

“Pine Plantation” means land on which pine trees are planted covering an area greater than 400 square metres per lot or location, and intended for commercial purposes.

“Firebreak” means ground from which all inflammable material has been removed and on which no inflammable material is permitted to accumulate during the period earlier referred to.

“Haystack” means any collection of hay including fodder rolls placed or stacked together.

Guidelines for Alternative Breaks.

- (a) An alternative break shall be cleared as near as practicable to the position required by this notice, and such position shall be approved by either the Bush Fire Control Officer or Captain of the Bush Fire Brigade in the area concerned and forwarded in writing by 1 November 1982, by the owner or occupier to the Shire Council for confirmation, enclosing a map of the alternative positions endorsed by the said Fire Control Officer or Captain.
- (b) In relation to strategic or district breaks any alternative submitted must be by mutual agreement between the land holders and the Brigade, and in addition to the requirements of the preceding paragraph shall be accompanied by a letter from the Bush Fire Brigade showing that the alternative has been approved at a properly constituted meeting of the Brigade.
- (c) Any alternative submitted has no effect until approved by the Council after which notification in writing will be given.
- (d) All alternative breaks approved may be reviewed by the Council at any time after the expiry of 1 year.
- (e) Cultivation of roadsides will be allowed on road reserves only with the written permission of the Council and for the purpose of protection of fencing only, and not as an alternative to a firebreak.
- (f) Pine Plantations: Alternative firebreaks may be provided by special permission of the Council after application by 1 November, 1982, supported by a plan showing full details, and where two or more owners are concerned an agreement in writing that they will be jointly and severally liable for compliance. Upon application and with special approval of the Council a totally cleared road survey on which a road has not been formed may be utilised as a firebreak.

Special Notice to Land Owners and Occupiers.

The Council forwards a copy of this firebreak order with rate assessments each year. The notice is also published in the *Warren Blackwood Times* and additional copies are obtainable at the Shire Office Counter.

The aim of the Council is to eliminate destructive bush fires and to this aim, some areas of the Shire are subject to hazard removal and roadside burning which is carried out by the Shire's Bush Fire Brigade and Council workforce.

The requirements of this order are considered to be the minimum standard of fire prevention work required to protect not only individual properties but the district generally. In addition to the requirements of this order, Council may issue separate special orders on owners or occupiers if hazard removal is considered necessary in some specific area.

Dated this 18th day of June, 1982.

S. A. GIESE,
Shire Clerk.
