#### APPLICATION FOR LEASING.

Department of Lands and Surveys,  
Perth, 12 November 1982.

Corres. 828/73 V3.

APPLICATIONS are invited under section 117 of the Land Act 1933-1980, for the leasing of Karratha lots shown in the Schedule for the purpose of "Service Trades" for a term of 21 years at the annual rentals shown in the said Schedule.

Uses which may be permitted on a service trades lot include sale yards, showrooms, stores, repair and servicing workshops, display areas, veterinary clinics, taxi depot and the like. Under the provisions of an Agreement with Farmers Stores of W.A., sites for retail purposes can be restricted to new and second-hand vehicle sales, motor parts and accessories, building materials and agricultural, mining and industrial machinery. It is also necessary for uses to conform with development standards set for the Town Centre. It is essential, therefore, that applicants note the following special release conditions.

Intending applicants shall submit with their application details of intended utilisation and proposed development, indicating size and type of intended structures, cost estimates, source of funds and programme for construction whether staged or not.

The Minister for Lands reserves the right to refuse any application on the grounds that the proposed utilisation, development and/or development programme is inadequate or unsuitable or that the applicant has failed to show adequate capacity to fund the development.

The development of "Factoryettes" for the purpose of sub-leasing will be permitted on these lots subject to satisfactory proposals being submitted in accordance with the requirements of paragraphs 2, 3 and 4 above.

A Land Board (acting as a board of inquiry) will be appointed to assess all applications received.

The services provided to these lots are Roads, Water and Power and the Service Premium, as shown in the Schedule, is payable in four (4) equal quarterly instalments, payable in January, April, July and October. The first instalment is due and payable on the first day of the quarter next following the date of approval of the lease.

Although lots are fully serviced, power services have been provided on a specific K.V. rate per hectare. Any excess power would need to be negotiated between the developer and the State Energy Commission. It is also advised that substations are planned for inclusion in certain areas. Applicants should contact the Commission regarding the siting of substations, and advise where power requirements are likely to be over and above normal capacity provision.

The survey fee shown in the Schedule is payable in cash within 30 days of acceptance of application.

Where the in-going lessee indicates that he anticipates a requirement for freehold during the currency of the lease, the Hon. Minister shall signify the extent of development (which may be additional to that required as the basis for leasing the site) that will be necessary to enable the issue of a Crown Grant.

Subject to agreement between the lessee and the Minister, for foregoing development obligations and other conditions set out herein may be varied or added to from time to time.

At any time during the currency of the lease, subject to the agreed development obligations and other conditions having been met to the satisfaction of the Hon. Minister, the lessee may surrender his lease to the intent that he may apply for purchase of the said land.

The land is made available for leasing subject to the following conditions:

1. The land shall not be used for any purpose other than the approved Service Trades purpose.
2. The rent shall be subject to reappraisal at the end of the third year and each successive three year period thereafter.

7. The lessee shall, within twelve months from commencement of the lease, fence the external boundaries to the satisfaction of the Minister.
8. The lessee shall maintain existing and future improvements to the satisfaction of the Minister for Lands.

9. All frontages shall be treated and maintained to give an appearance aesthetically pleasing consistent with the purpose of the lease according to a plan submitted to the Minister for Lands.
10. The lessee shall indemnify the Minister against all claims for damage to property or persons arising from the use of the land.
11. The Minister or his representative may enter the land for inspection at any reasonable time.
12. The land shall be filled to levels specified by, and acceptable to, the Minister or his nominee and the Shire Council.

#### By-laws Relating to Fencing.

IN pursuance of the powers conferred upon it by the abovementioned Act and of all other powers enabling it the Council of the abovementioned Municipality hereby records having resolved on 6 May 1982 to make and submit for confirmation by the Governor the following by-laws:

##### 1. Revocation:

The By-laws of the Municipality of the City of Nedlands relating to fencing published in the *Government Gazette* of 22 October 1970, 31 October 1975 and 25 June 1976 are hereby revoked.

##### 2. Interpretation:

“by-law” means one of these by-laws;

“Council” means the Council of the Municipality of the City of Nedlands;

“dangerous” in relation to a fence means a fence which is likely to collapse or fall, or part of which is likely to collapse or fall, by reason of its faulty design, location or construction, deterioration of materials, damage by termites, decay, changes in ground levels or other cause whatsoever;

"district" means the district of the Municipality of the City of Nedlands;

"dividing fence" has the meaning given to it in and for the purposes of the Dividing Fences Act 1961;

"fence" includes a wall;

"height" in relation to a fence means, subject to sub-bylaws (2) and (3) of this by-law, the distance between the top of the fence at any point and the natural level of the ground immediately below that point;

"Schedule" means the schedule to these by-laws;

"setback area" means that portion of a lot situated between the street alignment and the line between which a building cannot be erected as prescribed by a town planning scheme or a by-law for the time being in force in relation to the district or any part thereof;

"sub-bylaw" means a sub-bylaw of the by-law in which the term is used;

"Surveyor" means the Building Surveyor of the Municipality of the City of Nedlands and includes the Acting Building Surveyor.

Expressions used in these by-laws have the meanings given to them by the Local Government Act 1960-1982.

(2) Where the natural level of the ground cannot be ascertained, the height of a fence shall be measured from a level fixed by the Surveyor.

(3) Where a fence is erected on or adjacent to a retaining wall, the retaining wall is deemed to be part of the fence for the purpose of measuring the height thereof, unless in any particular case the Surveyor decides otherwise.

### 3. Height of Fences:

Subject to these by-laws, a person shall not erect or commence to erect a fence exceeding a height of 1.8 m without the approval of the Council.

### 4. Fences within setback area:

(1) Subject to sub-bylaw (2), a person shall not erect or commence to erect on or within a setback area of a lot a fence—

(ii) the fence does not exceed 1.8 m in height; and

(iii) the fence does not cover more than 60 per cent of the linear frontage of the lot; or

(b) which is constructed of a material other than timber, brick, concrete, masonry, wrought iron, cast iron or other material approved by the Council.

(2) Where the Council is satisfied that—

(a) the frontage of a lot is less than 14 m; or

(b) there is an unusual ground configuration which warrants that action; or

(c) there are satisfactory means of access to the rear of a lot and vehicular access at the frontage thereof is not necessary;

the Council may grant its approval to a fence of a height exceeding 750 mm but not exceeding 1.8 m which covers more than 60 per cent of the linear frontage of the lot.

(3) Where the Surveyor is satisfied that—

(a) there will be not more than 25 per cent loss of vision through the truncation;

(b) no single obstruction to vision will be more than 290 mm in horizontal dimension; and

(c) the safety of persons will not be unduly impaired;

approval may be granted for the erection of a fence within the truncation area referred to in sub-bylaw (4).

(4) A person shall not erect or commence to erect a fence within a truncation of any vehicular accessway located on a lot or an adjoining lot which truncation has the dimensions of 2.5 m x 1.5 m, the 1.5 m being measured along the frontage of the lot or adjoining lot or both as the case requires, unless the fence does not exceed a height of 750 mm.

### 5. Fence on or adjacent to boundary of public reserve:

(1) A person shall not erect or commence to erect on or within a distance of 7.5 m from the boundary of a public reserve a fence exceeding a height of 1.8 m without the approval of the Council.

(2) Where the Council is satisfied that a fence exceeding a height of 1.8 m constructed of materials specified in by-law 4 (1) (b) will not prejudice the amenity of the locality or the use or proposed use of the public reserve the Council may grant its approval to the erection of a fence exceeding that height constructed of those materials on or within 7.5 m of the boundary of a public reserve.

### 6. Use of materials likely to be dangerous:

A person shall not use or affix to or on a fence abutting a street, way, footpath or other public place or within the setback area any iron spike, broken glass, barbed wire or other wire with spiked or jagged projections or other things which in the opinion of the Council are, or are likely to be, dangerous.

### 7. Permitted materials for fences not within the setback area:

A person shall not erect or commence to erect on any other part of a lot a fence constructed of a material other than timber, brick, concrete, masonry, wrought iron, steel, link mesh, corrugated fibrous cement or other material approved by the Council.

## 8. Second hand materials:

A person shall not use second hand materials in the construction of a fence without the approval of the Surveyor and if that approval is given the person shall paint or treat the second hand material as directed by the Surveyor.

## 9. Sufficient fences:

A fence constructed in accordance with the specifications contained in the Schedule is hereby prescribed as a sufficient fence for the purposes of the Dividing Fences Act, 1961.

## 10. Dangerous fences:

A person shall not erect a dangerous fence on or within 3 m of the boundary of a public place.

## 11. Maintenance of fences:

(1) The owner of land on which a fence is erected shall keep the fence in good condition and so as to prevent it from becoming dangerous, dilapidated, unsightly or prejudicial to the amenity of the locality.

(2) The Council may give notice in writing to the owner or occupier of land upon which is erected a fence that has not been maintained in accordance with the provisions of these by-laws requiring him to repair, paint or maintain the fence within the time stipulated in the notice, being not less than 7 days from the date of service of the notice.

(3) If a person to whom a notice has been given pursuant to sub-by-law (2) requiring him to maintain a fence fails to comply with the requirements of the notice the Council may enter upon the land and maintain the fence and recover the amount of the expense from the owner in a court of competent jurisdiction.
