APPLICATION FOR LEASING.

Department of Lands and Surveys,
Perth, 10 December 1982.

Corres. 635/982.

APPLICATIONS are invited under section 116 of the Land Act 1933, for the leasing of King Locations 612 and 613, subject to survey and as one unit, containing a combined area of about 155 hectares, for the purpose of "Tourist Resort" for a term of 21 years at a rental of \$5 000.00 per annum.

The area of the lease shall exclude all land along the margins of Lake Argyle which lies below a line representing the level of 108.79 metres above the Australian Height Datum. This provision is to apply in respect of both the landward segment (Location 612) and the segment on Chinyin Island (Location 613).

Applicants shall submit preliminary proposals outlining the style, standard and scope of the intended development, with an indication of proposed timing, provisional cost estimates, sources of funds and previous experience in the development and/or management of similar projects.

The Minister for Lands reserves the right to refuse any application on the grounds that the proposed development and/or development programme is inadequate or unsuitable or that the applicant has failed to show adequate capacity to fund his development programme.

The successful applicant will be required to undertake a detailed feasibility study into the project, which shall include reference to the provision of suitable access and all necessary services to the site. In addition, he shall present an Environmental Review and Management Programme (or such lesser study as the Minister for Conservation and Environment may require) relevant to the site and adjoining lands likely to be affected by the development. Such studies shall be presented not more than four months from the date of authorisation, or the application shall be deemed to have lapsed, and all moneys so far paid shall be forfeited.

Subject to the completion of these obligations to the satisfaction of the Hon. Minister for Lands (who shall take cognizance of the requirements of the Shire of Wyndham-East Kimberley and affected State Departments and authorities) approval shall then issue for site development to proceed.

Subject to agreement between the lessee and the Minister, the foregoing obligations may be varied or added to from time to time.

Neither the State Government nor the Shire of Wyndham-East Kimberley shall be responsible for the provision of services to the site.

At any time during the currency of the lease, the lessee may surrender all or portion(s) of the lease with a view to purchase in freehold, subject to the Minister having first confirmed that development on such portion(s) is adequate and that the Conditions of Lease are being complied with.

It is brought to the attention of intending applicants that the following Public Works Department's requirements must be met by the developer:—

1. The developer shall meet the cost of upgrading the water supply source works.
2. The developer shall pay for a connecting main, construct his own internal reticulation and also pay a local distribution works charge.
3. The developer shall construct his own internal reticulation to conduct sewage to the boundary where the sewer connection concludes.
4. No development on Chinyin Island will be allowed until the developer has met the requirements for a water supply and sewage disposal.

5. The developer shall negotiate with the Public Works Department as to terms and conditions relating to access and usage of the land within the lake margin area as described above.

Furthermore, the developer is required, under the Navigable Waters Regulations, to submit engineering consultant's drawings of the proposed jetties and landings to the Department of Marine and Harbours for a jetty licence and water area lease to be issued before any construction would be allowed to proceed. The developer should therefore approach the Department of Marine and Harbours in this respect at the appropriate time.

The developer shall also make application to the Minister for Water Resources for the necessary licence under the Navigable Waters Regulations in respect of the plying of boats for hire on Lake Argyle.

The land is made available for leasing subject to the following special conditions:—

1. The land shall not be used for any purpose other than "Tourist Resort" without the prior approval in writing of the Minister for Lands.
2. The rent shall be subject to reappraisal at the end of the third year and each successive three year period thereafter.
3. The lessee shall pay the actual cost of survey when called upon.
4. The lessee shall not without the previous consent in writing of the Minister for Lands assign, transfer, mortgage, sublet or part with the possession of the demised land.
5. The land shall be occupied and used by the lessee for the purpose specified within nine (9) months of the commencement of the lease and thereafter will be continuously so used to the satisfaction of the Minister.
6. The lessee shall commence construction within nine (9) months and thereafter continue construction and complete and operate the works within two (2) years from the date of the commencement of the lease.
7. All buildings, erections, paving, drainage and other works shall be to the approval of the Local Authority and the lessee shall perform, discharge and execute all requisitions and works unto the demised land as are or may be required by any local or public authority operating under any statute, by-law or regulation.
8. The lessee shall maintain existing and future improvements to the satisfaction of the Minister for Lands.
9. The lessee shall indemnify the Minister against all claims for damage to property or persons arising from the use of the land.
10. The Minister or his representative may enter the land for inspection at any reasonable time.
11. The lessee shall comply with all conditions imposed by the Department of Transport.
12. Compensation will not be payable for damage by flooding of the demised land.
13. Compensation shall not be payable to the lessee in respect of any improvements effected by him on the demised land and remaining thereon at the expiration or earlier determination of the lease.
14. It shall be lawful for the lessee at any time within the three calendar months immediately following the expiration of the term or earlier determination of the lease, to take down, remove and carry away any buildings, structures, improvements and plant the property of the lessee.
15. On determination of the lease, the lessee shall fill in, consolidate and level off any unevenness, excavation or hole caused by him during the term of the lease or by removal of his improvements and shall leave the demised land in a clean, neat and tidy condition to the satisfaction of the Minister for Lands and shall remove any or all waste matter as required by the Minister.

A person in the employ of the State must apply through the Under Secretary for Lands for the Governor's permission to hold this land. Written approval of the Permanent Head concerned should accompany such application.

Applications must be lodged at the Department of Lands and Surveys, Perth, on or before Wednesday, 26 January 1983, accompanied by a deposit of \$2 535.00 together with the required development details.

All applications lodged on or before that date will be treated as having been received on the closing date and, if there are more applications than one for the land, the application to be granted will be decided by the Land Board.

1. Rural Land:

- (a) Firebreaks not less than two (2) metres wide must be provided inside and within 60 metres of the boundaries of all land which is cleared so as to form a continuous break around the holding except where an alternative position is granted.
- (b) Firebreaks not less than three (3) metres wide must be provided within 60 metres of the boundaries of all land which is uncleared so as to form a continuous access road through the uncleared area.

2. Townsites Land: (Including Residential, Commercial and Industrial Land).

In respect of land owned or occupied by you within any townsite or any area subdivided for other purposes, you shall—

- (a) Where the area of land is 2 024 m² (approximately $\frac{1}{2}$ acre) or less, remove all flammable material on the land except living standing trees from the whole of the land, and

If permission is not granted by the Council or its duly authorised officer you shall comply with the requirements of this notice. Alternative positions must be applied for annually.

Any such application must bear the signature of the Fire Control Officer of the area signifying his agreement to the variation. If permission for variation is not granted the terms of the notice must be complied with. Roadside positions will not be permitted.

The penalty for failure to comply with this notice is a fine of not less than \$10.00 nor more than \$200 in addition to which the Council may have the works carried out and may recover the costs of such works from the owner and/or occupier.
