The accounts of the Shire of Wyndham-East Kimberley have been audited for the financial year ended 30 June 1983. Subject to the comments contained in this report the accounts have been found to be in order and properly kept in accordance with the provisions of the Local Government Act 1960 and have been allowed.

Examination of accounting records indicated that several items totalling \$8 938 where not included in the item Current Assets Sundry Debtors, and to this extent the Balance Sheet has been understated. Of this amount \$8 502 related to airport leases and landing charges at Kununurra in respect of which there is a contingent liability to the Public Works Department.

The signed copies of the "memorandum of imposing rates" and the Shire Clerk's "Certificate of completion of the rate book" were not produced in accordance with the requirement of the Act.

In my opinion, the Balance Sheet and the related financial statements for the year ended 30 June 1983 have been prepared on a basis consistent with the Local Government Act Accounting Directions and present a true and fair view of the affairs of the Shire.
