Developers will be required to ensure their proposals are in accordance with zoning and acceptable to the Boulder Shire Council. Where all the land is not required for the purpose, subdivision will be considered and it is estimated that the annual lease rentals will be in the range from 9 cents to 13 cents per square metre.

Intending applicants shall submit with their applications details of intended utilisation and proposed development indicating size and type of intended structures, cost estimates, source of funds and programme for construction whether staged or not.

The Minister for Lands and Surveys reserves the right to refuse any application on the grounds that the proposed utilisation, development and/or development programme is inadequate or unsuitable or that the applicant has failed to show adequate capacity to fund the development.

Where the in-going lessee indicates that he anticipates a requirement for freehold during the currency of the lease, the Hon. Minister shall signify the extent of development (which may be additional to that required as the basis for leasing the site) that will be necessary to enable the issue of a Crown Grant.

At any time during the currency of the lease, subject to the agreed development obligations and other conditions having been met to the satisfaction of the Minister, the lessee may surrender his lease to the intent that he may apply for the purchase of the said land.

The conversion prices for these lots shall be fixed following acceptance of the development programmes and the prospective lessees will be advised accordingly. The prices shall apply for a period of three years from the date of approval of the lease (following which period the price shall be subject to review) and fees associated with the issue of a Crown Grant shall be payable.

The land is made available for leasing subject to the following conditions:—

1. The land shall not be used for any purpose other than "Extensive Development" without the prior approval in writing of the Minister for Lands and Surveys.
2. The rent shall be subject to reappraisal at the end of the third year of the term of the lease and each successive three yearly period thereafter.
3. The lessee shall pay cost of survey when called upon.
4. The lessee shall not without the previous consent in writing of the Minister assign, transfer, mortgage, sublet or part with the possession of the demised land.

5. The land shall be occupied and used by the lessee for the purpose specified within nine (9) months of the commencement of the lease and thereafter will be continuously so used to the satisfaction of the Minister.
6. The lessee shall commence construction within nine (9) months and thereafter continue construction and complete and operate the works within two (2) years from the date of the commencement of the lease.
7. All buildings, erections, paving, drainage and other works shall be to the approval of the Local Authority and the lessee shall perform, discharge and execute all requisitions and works unto the demised land as are or may be required by any local or public authority operating under any statute by-law or regulation.
8. The lessee shall, within twelve months from commencement of the lease, fence the external boundaries to the satisfaction of the Minister.
9. The lessee shall maintain existing and future improvements to the satisfaction of the Minister.
10. The lessee shall indemnify the Minister against all claims for damage to property or persons arising from the use of the land.
11. The Minister or his representative may enter the land for inspection at any reasonable time.
12. Compensation shall not be payable to the lessee in respect of any improvements effected by him on the demised land and remaining thereon at the expiration or earlier determination of the lease.
13. It shall be lawful for the lessee at any time within the three calendar months immediately following the expiration of the term or earlier determination of the lease, to take down, remove, and carry away any buildings, structures, improvements and plant the property of the lessee.
14. On determination of the lease, the lessee shall fill in, consolidate and level off any unevenness, excavation or hole caused by him during the term of the lease or by removal of his improvements and shall leave the demised land in a clean, neat and tidy condition to the satisfaction of the Minister and shall remove any or all waste matter as required by the Minister.

3.2.2 The symbols used in the cross reference in the Zoning Table have the following meanings:

3.2.4 Where in the Zoning Table a particular use is mentioned it is deemed to be excluded from any use class which by its more general terms might otherwise include such particular use.

3.2.5 If the use of land for a particular purpose is not specifically mentioned in the Zoning Table and cannot reasonably be determined as falling within the interpretation of one of the use categories the Council may:

- Determine that the use is not consistent with the objectives and purpose of the particular zone and is therefore not permitted, or
