At any time during the currency of the lease, subject to the agreed development obligations and other conditions having been met to the satisfaction of the Hon. P. D. LEFROY,
President.
R. J. SIMS,
Shire Clerk.

We have audited the attached accounts of the Shire of Sandstone for the year ended 30 June 1984, being the Statement of Receipts and Payments, Balance Sheet Adjustment Account and Municipal Accumulation Account, in accordance with Australian Auditing Standards.

Included in Sundry Debtors—Rates are amounts owing in respect of rates levied on holders of mineral tenements amounting to \$7 075. The legality of rating such tenements has been challenged by certain holders of such properties and a recent Court decision has ruled in favour of the tenement holders. At the date of this report insufficient information was

available for us to determine what proportion of the above amount is irrecoverable on the basis of the Court decision. We are therefore unable to express an opinion on the recoverability of the amount of \$7 075 stated above.

Subject to the above, in our opinion:

- (a) The accompanying accounts, being the Statement of Receipts and Payments, Balance Sheet, Adjustment Account and Municipal Accumulation Account, are in accordance with the books of the Council and have been prepared in accordance with the provisions of the Local Government Act, Local Government Accounting Directions and the accounting policies stated in Note 1 to the Accounts, so as to give a true and fair view of—
- (i) the cash receipts and payments of the Council for the year ended 30 June 1984; and
 - (ii) the financial position of the Council as at 30 June 1984.
- (b) The accounting records required by the Local Government Act to be kept by the Council have been properly kept in accordance with the provisions of the Act.
