BUSH FIRES ACT 1954.

Boyup Brook Shire Council.

Firebreak Order.

Important Information Relating to Your Responsibility as a Landholder in the Boyup Brook Shire.

WITH reference to section 33 of the Bush Fires Act 1954, you are required to carry out fire prevention work on land owned or occupied by you in accordance with the provisions of this Order.

This work must be carried out by 30 November 1985, unless approved otherwise, and kept maintained throughout the summer months until 15 April 1986.

An inspection of firebreaks will be carried out in all areas of the Shire by an authorised Officer.

Persons who fail to comply with the requirements of this order may be issued with an infringement notice (penalty \$40) or prosecuted, and additionally, Council may carry out the required work at cost to the owner or occupier.

If it is considered for any reason to be impractical to clear firebreaks or remove flammable materials, as required by this notice, or if natural features render firebreaks unnecessary, you may apply to the Council in writing not later than 1 November 1985, for permission to provide firebreaks in alternative positions or to take alternative action to abate fire hazards on the land. If permission is not granted by the Council, you shall comply with the requirements of this notice.

Rural Land—

- (a) Firebreaks are to be installed within 100 metres of the crop perimeter, unless alternative positioning has been approved, by using either of the following methods when crops are to be harvested for grain:—

1. A 2.5 metre firebreak inside the crop paddock.
2. A 2.5 metre firebreak in the adjoining paddock.

Persons not intending to harvest crops must notify the Council Office in writing by 30 November 1985.

- (b) A firebreak 2.5 metres wide shall be cleared not less than 20 metres and not more than 100 metres from the perimeter of all homesteads, buildings, haystacks and fuel storage areas by 30 November 1985, and the area between the firebreaks and the building or haystack cleared of all flammable material by 15 December 1985.

Pine Plantations: Any pines planted for commercial purposes constitutes a pine plantation and you are hereby required to clear of all flammable materials, firebreaks not less than 50 metres wide around the perimeter of each plantation, and any plantation exceeding 50 hectares will also require a subdivisional firebreak of 50 metres in width for each 50 hectares.

**Eucalypt Plantations:** Any eucalypts planted for commercial purposes constitutes a eucalypt plantation and you are hereby required to clear of all flammable materials, firebreaks not less than 10 metres wide around the perimeter of each plantation, and any plantation exceeding 25 hectares in area will also require a subdivisional firebreak of 10 metres in width for each 25 hectares.

**Townsites:** On or before 15 December 1985, all town lots under 4 000 square metres in area and all fuel depots within the Shire are required to be cleared of all debris or flammable material. Lots 4 000 square metres and over are to have a minimum 2.5 metre firebreak installed around all external boundaries.

**Special Note to Landowners and Occupiers:** The Council forwards a copy of this firebreak order with rate assessments each year. The notice is also published in *The Warren Blackwood Times* and *Government Gazette* and additional copies are obtainable at the Shire Office counter.

The requirements of this order are considered to be the minimum standard of fire prevention work required to protect not only individual properties, but the district generally. In addition to the requirements of this order, Council may issue separate special orders on owners or occupiers if hazard removal is considered necessary in some specific areas.

By Order of the Council,

A. J. R. DOUST,  
Shire Clerk.

If, prior to the closing of the poll, an elector satisfies the returning officer that he has not received a ballot paper and is entitled to vote at the election, or that the ballot paper or envelopes received by the elector have been lost or destroyed, and that the elector has not already voted at the poll, the returning officer may post or give personally to such elector, a ballot paper and envelopes or a further ballot paper and envelopes, as the case may require.
- Marking of ballot paper. 12. (1) When there are not more than two candidates, the elector shall mark his vote on the ballot paper by placing the numeral "1" opposite the name of the candidate for whom the elector votes;
- (2) When there are more than two candidates, the elector shall mark his vote on the ballot paper by placing the numeral "1" opposite the name of the candidate for whom the elector votes as first preference and he may give contingent votes for all or any of the remaining candidates by placing the numbers "2", "3" and so on (as the case requires) opposite their names, so as to indicate by such numerical sequence the order of the elector's preference.
- Ballot box. 13. The returning officer shall place and keep in a locked and sealed ballot box, until the scrutiny, all envelopes purporting to contain ballot papers received by the returning officer up to the close of the poll.
- Scrutineers. 14. (1) Each candidate at the election and the Chairman shall be entitled to appoint, in writing, one scrutineer to be present when the envelopes containing ballot papers relating to the election are being opened at the commencement of the scrutiny and to remain during the scrutiny.
- (2) Every scrutineer shall, before acting as scrutineer, make and sign, before the returning officer, the required declaration, in the form prescribed in the Electoral Act 1907.
- (3) Any candidate may attend and be present at the counting of the votes.
- The scrutiny. 15. (1) As soon as practicable after the close of the poll, the returning officer, in the presence of any approved scrutineer, shall produce and open all sealed and locked ballot boxes in which the envelopes purporting to contain ballot papers and counterfoils have been placed.
- (2) If not already done, the returning officer shall compare the counterfoil with the roll and—
- (a) if satisfied that the person named in the counterfoil is entitled to vote and that the counterfoil has been completed and signed by the elector, strike out the name on the roll and, without opening the envelope, deposit it in a locked and sealed ballot box for safe-keeping;
  - (b) if the right of the person to vote is not established or if the counterfoil is not signed by the elector, the ballot paper shall not be admitted to the scrutiny;
  - (c) the returning officer may then open all the outer envelopes and remove all the ballot paper envelopes.
- (3) When all the outer envelopes have been opened, the returning officer shall proceed with the scrutiny and count of the votes.
- Method of count. 16. The method of conducting the count shall be as follows—
- (a) the procedure at the count of votes shall be in the manner provided by the Electoral Act 1902 modified as appropriate to accord with the optional preference method of voting, (A vote is not invalid if all the squares are not marked.)

(b) if, at any stage of the counting at which a candidate is to be eliminated, the two candidates with the least number of votes have equal numbers of votes, the following shall apply—

- (i) the candidate who has the lesser number of first preference votes shall be eliminated;
- (ii) if the two candidates have an equal number of first preference votes, the candidate who has the lesser number of second preference votes shall be eliminated;

(iii) and so on,

but if both candidates have the same number of votes at all levels of preference, the election shall be decided by lot.

Informality of  
ballot paper.

17. (1) A ballot paper shall be informal—

- (a) if it is not initialled by the returning officer or the other officer authorized in that behalf;
- (b) if, subject to sub-regulation (2), it is marked in any manner other than that set out in regulation 12;
- (c) if it has upon it any mark or writing not authorized by these regulations which, in the opinion of the returning officer, will enable any person to identify the elector;

(d) if no mark is indicated on it.

(2) A ballot paper shall not be informal for any reason other than the reasons stated in sub-regulation (1) but shall be given effect according to the elector's intention so far as the elector's intention is clear and a ballot paper shall not be informal by reason only of the elector having indicated a vote or first preference by a cross instead of the numeral "1";

(3) The returning officer shall be the sole and final judge as to whether a ballot paper is informal.

Declaration of  
poll.

18. When the returning officer has completed the counting of the votes, the returning officer shall declare the result of the election in the presence of the scrutineers and of any candidates who may be present at the time.
