(b) No building shall be constructed closer than 15 metres to a street alignment; within five metres of the side boundary or within ten metres of the rear boundary of any lot. Where a lot has frontage to more than one street, the Council may permit the construction of buildings to within 7.5 metres of the alignment of one street.

(c) The owner of a lot, in submitting an Application for Approval to Commence Development, shall define a development envelope to the satisfaction of Council which shall be within the set-backs as set-out in (b) above and shall be not more than thirty per cent (30%) of the total lot area. No buildings, structures or developments of any kind, including removing, cutting down, lopping or damaging any tree or shrub, will be permitted outside the approved development envelope.

Where the Council grants its consent it may impose a condition requiring the planting of suitable mature trees or shrubs at the cost of the applicant as a condition of its approval to commence development.

(e) The Council may require, as a condition of its approval to commence development, that the owner or occupier of the land shall, within twelve months of the issue of a building licence, construct a building on the land, plant and thereafter maintain, suitable native trees and shrubs to the satisfaction of the Council, to promote a bushland setting on the land.

- (g) A reticulated water supply from the Metropolitan Water Authority network shall be provided to each lot. No groundwater shall be abstracted from any lot unless the Department of Conservation and Environment, the Council and the Metropolitan Water Authority are satisfied that such abstraction will not detrimentally affect any adjacent lake system or water tables in the locality.
