Important information relating to your responsibility as a landholder in the Shire of Nannup.

WITH reference to section 33 of the Bush Fires Act 1954 you are required to carry out fire prevention work on land owned or occupied by you in accordance with the provision of this order.

This work must be carried out by 1 December 1985 in the townsite and by 15 December 1985 in the Rural Area, and kept maintained throughout the summer months until the close of the Restricted Burning Period.

Persons who fail to comply with the requirements of the order may be issued with an infringement notice (Penalty \$40) or prosecuted with an increased penalty, and additionally, council may carry out the required work at cost to the owner or occupier.

If it is considered for any reason to be impractical to clear firebreaks as requested by this notice or if natural features render firebreaks unnecessary, you may apply to the Council

or its duly authorised officer not later than 8 December 1985 for permission to provide firebreaks in alternative positions or to take alternative action to abate fire hazards on the land. If permission is not granted by the Council or its duly authorised officer, you shall comply with the requirements of this notice. Where several adjoining lots are held or used by the owner/occupier, the firebreaks may be provided inside and along the external boundaries of the group or lot.

D. Fuel and/or Gas Depots: In respect of land owned or occupied by you on which is situated any container normally used to contain liquid or gas fuel, including the land on which any ramp or supports are constructed, you shall maintain the land clear of all flammable materials.
