Auditors Report.

As the Auditors appointed by the Eastern Metropolitan Regional Council we advise that we have carried out an Audit of the Council's financial statements for the period 1 July 1984 to 30 June 1985 in accordance with the Local Government Act.

We would advise that in our opinion the receipts summary and payments summary for the period are properly drawn up in accordance with generally accepted accounting principles and that the balance sheet as at 30 June 1985 represents fairly and truly the financial position of the Council at that date except for the following matters:

1. Accounting policy for depreciation has been changed from traditional tax values to an amortization procedure relating to the life of the relevant plant. As some substantial plant items have a short life span this has created an abnormal expenditure change in this financial year, and has placed the Municipal Accumulation Account in deficit. In our opinion the change implemented is reasonable, but it affects other reporting periods also.

2. We note the asset adjustment entry of \$52 856.94 to the debit of the Council's Accumulation Account. We are unable to express an opinion as to its reasonableness without the assistance of a valuation report on the whole of the land and buildings owned by the Council.
