Auditor's Report.

1. The accounts of the Shire of Coolgardie are prepared on the basis of historical cost. In preparing its balance sheet it is not the policy of the Council to—

- calculate depreciation to write off the cost of each fixed asset over its estimated useful life; and
- recognise all assets and liabilities which exist at balance date.

2. The policy at (a) complies with the requirements of the Local Government Act and the Accounting Directions, although it is not in accordance with generally accepted accounting standards.

3. The policy at (b) does not comply with the Local Government Act, which requires an annual statement showing the assets and liabilities of the Council, nor does it comply with generally accepted accounting standards, although it is consistent with previous years.

4. I have, with assistance of my staff, audited the books of the Shire of Coolgardie for the year ended 30 June 1985. In my opinion, the balance sheet, statement of receipts and payments, adjustment account and municipal accumulation account are in agreement with the books and records of the Council, and subject to my comments in paragraph 3, are prepared on a basis consistent with the Local Government Act and the Accounting Directions.

(7) Where a person does not contest an allegation that he committed an offence of the kind to which this clause applies, the production of an acknowledgement from the Council that the modified penalty has been paid to the Council is a defence to a charge of the offence in respect of which the modified penalty was paid.
