Report of the Auditor

1. The financial statements of the Shire of Wyndham-East Kimberley are prepared on the basis of historical cost. In preparing its balance sheet it is not the policy of the Council to:—

- calculate depreciation to write off the cost of each fixed asset over its estimated useful life; and
- recognise all liabilities which exist at balance date.

2. The policy at (a) complies with the requirements of the Local Government Act and the Accounting Directions, although it is not in accordance with generally accepted accounting standards.

3. The policy at (b) does not comply with the Local Government Act, which requires an annual statement showing the assets and liabilities of the Council, nor does it comply with generally accepted accounting standards.

4. Council has spent approximately \$360 000 for which no budget item was raised in the 1985/86 budget. Such expenditure is unauthorised expenditure in accordance with the Local Government Act. Of this amount approximately \$282 000 relates to the flood damage.

5. The Local Government Accounting Directions 1985 require Councils to prepare financial statements on the accrual basis of accounting. At 30 June 1986 the financial statements complied with these requirements, with the exception of the matter referred in paragraph 1(b).

6. Council has recognised as a deferred asset in its balance sheet guaranteed loans of \$3 376 072.75 which includes \$2 078 173.37 receivable from The State Energy Commission. Council has also recognised as a fixed asset in its balance sheet the Electricity Undertaking of \$2 192 775.51. In my opinion this is a duplication, and the loans receivable from The State Energy Commission of \$2 078 173.37 should not be recognised as an asset in the balance sheet.

7. There is some doubt as to the recoverability of mining rates and certain other debts. In my opinion a provision of \$500 000 for doubtful debts should be raised and charged to the municipal account to cover the possibility of non-recovery.

8. I have, with the assistance of my staff, audited the books of the Shire of Wyndham-East Kimberley for the year ended 30 June 1986. In my opinion, the financial statements, comprising schedules 1 to 5, 7 to 16 and 20 to 25 are in agreement with the books and records of the Council, and, subject to my comments in paragraphs 3 to 7 are prepared on a basis consistent with the Local Government Act and the Accounting Directions.
