Subject to agreement between the lessee and the Minister, the foregoing development obligations and other conditions set out herein may be varied or added to from time to time.

The survey fee shown in the schedule is payable within 30 days of acceptance of application.

At any time during the currency of the lease subject to the completion of the following improvements the lessee may surrender his lease in order that the land may be made available in freehold. Services provided to the lots are roads and water and intending applicants should contact the Water Authority of Western Australia, Kununurra for connection.

The land is made available for leasing subject to the following conditions—

1. The land shall not be used for any purpose other than "Special Rural" without the prior approval in writing of the Minister for Lands.
2. The rent shall be subject to reappraisal at the end of the third year of the term of the lease and each successive three yearly period thereafter.
3. The lessee shall not without the previous consent in writing of the Minister assign, transfer, mortgage, sublet or part with the possession of the demised land.
4. The land shall be occupied and used by the lessee for the purpose specified within nine (9) months of the commencement of the lease and thereafter will be continuously so used to the satisfaction of the Minister.
5. The lessee shall commence construction within nine (9) months and thereafter continue construction and complete and operate the works within two (2) years from the date of the commencement of the lease.
6. All buildings, erections, paving, drainage and other works shall be to the approval of the Local Government and the lessee shall perform, discharge and execute all requisitions and works unto the demised land as are or may be required by any local or public authority operating under any statute by-law or regulation.
7. The lessee shall, within twelve months from commencement of the lease, fence the external boundaries with a stock proof fence in accordance with Shire requirements and to the satisfaction of the Minister.
8. The lessee shall maintain existing and future improvements to the satisfaction of the Minister.
9. The only residence permitted will be that of the Lessee or a Manager or Manager/Caretaker.
10. The lessee shall indemnify the Minister against all claims for damage to property or persons arising from the use of the land.
11. The Minister or his representative may enter the land for inspection at any reasonable time.
12. Compensation will not be payable for damage by flooding of the demised land.

13. Compensation shall not be payable to the lessee in respect of any improvements effected by him on the demised land and remaining thereon at the expiration or earlier determination of the lease.
14. It shall be lawful for the lessee at any time within the three calendar months immediately following the expiration of the term or earlier determination of the lease, to take down, remove and carry away any buildings, structures, improvements and plant the property of the lessee.
15. On determination of the lease, the lessee shall fill in, consolidate and level off any unevenness, excavation or hole caused by him during the term of the lease or by removal of his improvements and shall leave the demised land in a clean, neat and tidy condition to the satisfaction of the Minister and shall remove any or all waste matter as required by the Minister.
16. Power is reserved to the Minister to direct that the number of stock depasturing on the demised land shall be reduced if the Minister is of the opinion that the demised land is overstocked to an extent sufficient or likely to cause permanent damage to the land; failure to comply with any such direction will result in the forfeiture of the lease.

A person in the employ of the State must apply through the Executive Director, Department of Land Administration for the Governor's permission to hold this land. Written approval of the Permanent Head concerned should accompany such application.
