Shire Clerk.

1. The accounts of the Shire of Coolgardie are prepared on the basis of historical cost. In preparing its balance sheet it is not the policy of the Council to—

- (a) calculate depreciation to write off the cost each fixed asset over its estimated useful life; and
- (b) recognise all liabilities which exist at balance date.

2. The policy at (a) complies with the requirements of the Local Government Act and the Accounting Directions, although it is not in accordance with generally accepted accounting standards.

3. The policy at (b) does not comply with the Local Government Act, which requires an annual statement showing the assets and liabilities of the Council, nor does it comply with generally accepted accounting standards, although it is consistent with previous years.

4. Council has spent approximately \$41 000 for which no budget item was raised in the 1985-86 budget. Such expenditure is unauthorised expenditure in accordance with the Local Government Act.

5. The Local Government Accounting Directions 1985 require Councils to prepare financial statements on the accrual basis of accounting. At 30 June 1986 the financial statements complied with these requirements, with the exception of the items mentioned in paragraph 1 (b), although throughout the year ended on that date there were minor inconsistencies with those requirements.

6. I have, with the assistance of my staff, audited the books of the Shire of Coolgardie for the year ended 30 June 1986. In my opinion, the financial statements, comprising schedules 1 to 25 are in agreement with the books and records of the Council, and, subject to my comments in paragraphs 3 to 5, are prepared on a basis consistent with the Local Government Act and the Accounting Directions.
