- (d) All alternative breaks approved may be reviewed by the Council at any time after the expiry of one year.
- (e) Cultivation of roadsides will be allowed on road reserves only with the written permission of the Council, and for the purpose of protection of fencing only, and not as an alternative to a firebreak.
- (f) Pine Plantations: Alternative firebreaks may be provided by special permission of the Council after application by 1 November 1987, supported by a plan showing full detail, and where two or more owners are concerned an agreement in writing that they will be jointly and severally liable for compliance. Upon application and with special approval of the Council a totally cleared road survey on which a road has not been formed may be utilised as a firebreak.

#### Special Notice to Land Owners and Occupiers

The council forwards a copy of this firebreak order with rate assessments each year. The notice is also published in the *Warren Blackwood Times* and additional copies are obtainable at the Shire Office counter.

The aim of the Council is to eliminate destructive bush fires and to this aim, some areas of the Shire are subject to hazard removal and roadside burning which is carried out by the Shire's bush fire brigades and council workforce.

The requirements of this order are considered to be the minimum standard of fire prevention work required to protect not only individual properties but the district generally. In addition to the requirements of this order, council may issue separate special orders on owners or occupiers if hazard removal is considered necessary in some specific area.

By Order of the Council,  
S. A. GIESE,  
Shire Clerk.

Directions by the Minister to the Dairy Industry Authority under section 30

I, JULIAN FLETCHER GRILL, Minister for Agriculture, being the Minister for the time being administering the Dairy Industry Act 1973, as amended, acting under section 30 of that Act and after considering a statement submitted to me under subsection (1) of that section by the Dairy Industry Authority of Western Australia established under that Act (referred to in these directions as "the Authority") hereby direct the Authority that:

- (a) the sale of the whole of the dairy produce premises in respect of which market milk quota and special products milk quota were granted together with the whole interest of the applicant in the quotas and the land which, in the opinion of the Authority, is associated with those premises

approval would not result in the proposed transferor holding less than 245 litres on a daily basis of market milk quota

unless—

- (c) a transfer through an exchange established by the Authority on approved terms, conditions and limitations

provided—

approval would not result in the proposed transferee being a quotaholder or that proposed transferee together with any person associated with the proposed transferee (as determined by the Authority in accordance with paragraph 2 below) obtaining more than 100 litres on a daily basis of market milk quota or 30 litres on a daily basis of special products milk quota in a 12 month period from the date of purchase through the exchange, or quotaholdings, in aggregate, exceeding the maxima in 1(a) above, or

- (j) a corporation in which the proposed transferee holds a substantial interest; or
- (k) where that person is a corporation—a person who holds a substantial interest in the corporation

but persons shall not be regarded as associates if the Authority is satisfied on representations made by one or more of them and after its own enquiries (if any) that they are commercially independent in their respective enterprises.

3. Where an application is made under paragraph (b) of subsection (4) of section 30 of the Act, the Authority shall refuse the application if the proposed surrender is subject to payment by the Authority of an amount of compensation for either market milk quota or special products milk quota.

4. The bases and principles set out in the directions made under section 30 of the Act on 15 August 1986 and published in the *Government Gazette* on 22 August 1986 at pages 3005 and 3006 shall be of no further effect after 22 July 1987 whereupon these directions come into effect.

#### First Schedule

##### Proposed Amendment

Metropolitan Region Scheme is proposed to be amended by substituting the zones and reservations shown on Amending Map Sheet Number 15/35M for the corresponding parts of Metropolitan Region Scheme Map Sheet Number 15.

The purpose of the Amendment is—

to identify the historic significance of the site of the old Swan Brewery and its early industrial history;

for the preservation and recycling of a significant group of Edwardian industrial buildings which are considered to be of importance to Perth and the State by virtue of their historic association and contribution to the urban landscape;

to secure and preserve public access to and along the foreshore;

to ensure the existing character of the area is preserved; to control the future use of the land in view of the existing provisions of the City of Perth Town Planning Scheme which provides for a wide range of potentially undesirable and incompatible uses.

The effect of the Amendment is to exclude Reserve 39880 Mounts Bay Road from the Urban Zone and to exclude portion of Reserve 36167 Mounts Bay Road from the Parks and Recreation Reserve and to include the said land within the Public Purpose Reserve—Special Uses.

The Proposed Amendment Number 692/33A is depicted on Plan Number 4.0936 dated 12 August 1987, and in more detail on Supporting Plan Number 4.0937.
