Total Liabilities.....		2 329 365
Capital Accumulation Account as at 30 June 1987.....		3 873 590

We hereby certify that the balance sheet of the Town of Bassendean as at 30 June 1987 and the supporting schedules 2 to 25 for the year ended on that date, are to the best of my knowledge true and correct and in accordance with the

books of account of the Town of Bassendean and that the books of account and other accounting records are maintained in accordance with the Local Government Act 1960 and Local Government Accounting Directions 1985.

C. McCREED,  
Town Clerk.  
J. COX,  
Mayor.

Report of the Auditor

(a) Financial Statements—

(i) I have audited the accompanying accounts of the Town of Bassendean set out on pages 1 to 63 for the year ended 30 June 1987 in accordance with the requirements of the Local Government Audit Directions and the Australian Auditing Standards.

The accounts have been prepared largely on a receipts and payments basis which is contrary to the Local Government Accounting Directions with the result that—

- (a) expenditure items relating to prior years have been inappropriately allocated to the current year;
- (b) current year's expenditure and liabilities are materially understated by not taking into account accrued wages of \$47 648, accrued holiday pay for employees \$82 459 and accrued interest on loans of \$67 716.
- (c) overheads have been incorrectly allocated on the basis of payments made and not expenditure incurred.

I have not been able to satisfy myself as to the correctness or otherwise, due to the failure to maintain proper records of—

- (a) sundry debtors of \$43 271;
- (b) deferred asset—septic and sewerage loan of \$16 291;
- (c) fixed assets of \$4 627 440.

The cost of operating council plant has been incorrectly allocated on the basis of total operating costs as opposed to individual plant rate with the result that plant costs have not been equitably allocated and are not stated fairly in the accounts.

Due to the original budget being incorrectly prepared and a lack of schedules supporting the budget estimates I cannot satisfy myself that no unauthorised expenditure has been incurred.

In accordance with the Local Government Audit Directions I report that the books of account have not been kept in a reasonably satisfactory order.

(ii) In my opinion except for the matters referred to in the preceding paragraphs, the accompanying accounts are drawn up in accordance with the books of the council and fairly present the requirements of the Local Government Act and the Local Government Accounting Directions which are to be dealt with.

(b) Statutory Compliance: With the exception of the abovementioned matters and subject to my management report I did not become aware of any other instances where the Council did not comply with the statutory requirements of the Local Government Act and the Local Government Accounting Directions.

E. W. EDWARDS,  
Local Government Auditor.
