DAIRY INDUSTRY ACT 1973 (AS AMENDED)

Directions by the Minister to the Dairy Industry Authority
under section 27

I, JULIAN FLETCHER GRILL, Minister for Agriculture, being the Minister for the time being administering the Dairy Industry Act 1973 (as amended), pursuant to the powers conferred by section 27 of that Act, hereby direct the Dairy Industry Authority to determine applications for market milk and special products milk quotas made to it under section 26 of the Act in respect of the quota year commencing on 1 January 1989, on the following basis or principles—

1. (1) Subject to this paragraph, a dairyman holding a market milk quota or a special products milk quota at the end of the 1988 Quota Year shall, upon application duly made, be granted initially, a market milk quota or a special products milk quota, as the case requires, for the 1989 Quota Year of an amount that is not less on a daily basis than the amount held by him at the end of the 1988 Quota Year.

Provided that—

- (a) the dairy premises to which the application relates and upon which milk is to be produced are the same as the dairy premises referred to in the quota certificate held by the applicant, or the registered premises authorised by the Authority under Section 28(2a) immediately before the end of the 1988 Quota Year; and
- (b) the land which in the opinion of the Authority is associated with the dairy premises is sufficient, in the opinion of the Authority, to ensure the continuity and certainty of production.

(2) Notwithstanding that the requirements of sub-paragraph (1) of this paragraph may apply to a dairyman, unless such requirements are satisfied by a dairyman in his application, he shall not be granted a market milk quota or a special products milk quota, as the case may be.

(3) Where a dairyman short supplies market milk quota or special products milk quota issued to him at any time during the course of 1989 Quota Year, the particular quota or quotas short supplied shall be reduced in accordance with the approved terms and conditions for short supply.

(4) A dairyman shall be granted either a market milk quota or a special products milk quota under sub-paragraph (1) for 1989 Quota year of at least 245 litres daily, unless the Authority is satisfied that a lower amount is warranted by reason of short supply of market milk quota or special products milk quota by the dairyman.

2. (1) The Authority may refuse an application if approval of the application would result in the applicant or the applicant together with any person associated with the applicant (as determined by the Authority in accordance with sub-paragraph (2) of this paragraph) holding a market milk

quota of more than 1 500 litres daily or a special products milk quota of more than 560 litres daily for the 1989 Quota Year.

- (a) a partner of the applicant;
- (b) a corporation of which the applicant is an officer or director;
- (c) where the applicant is a corporation, an officer or director of the corporation;
- (d) an officer or director of any corporation of which the applicant is an officer or director;
- (e) an employee or employer of the applicant;
- (f) an employee of a natural person of whom the applicant is an employee;
- (g) a corporation whose directors are accustomed or under an obligation whether formal or informal, to act in accordance with the directions, instructions or wishes of the applicant or, where the person is a corporation, of the directors or management of that person;
- (h) a corporation in accordance with the directions, instructions or wishes of which, or of the directors or management of which, the applicant is accustomed or under an obligation, whether formal or informal, to act;
- (i) a corporation in which the applicant holds a substantial interest; or
- (j) where that person is a corporation—a person who holds a substantial interest in the corporation,

but persons shall not be regarded as associates if the Authority is satisfied on representations made by one or more of them and after its own enquiries (if any) that they are commercially independent in their respective enterprises.

Dated this day 27 September 1988.

JULIAN F. GRILL,
Minister for Agriculture.

TREATMENT OF SHORTSUPPLY

Dairy Industry Authority,
August 1988

1. Definition of Shortsupply
Shortsupply occurs when a dairyfarmer fails to meet daily quota milk supply obligations over a month or, where Authority purchases are less than the issued quota, the farmer fails to meet the amount which would have been purchased over that month. The amount shortsupplied has been typically expressed as the average daily amount shortsupplied over the month. This definition of shortsupply would continue.

2. Treatment of Shortsupply

Under the revised approach, a quota standdown equivalent to the amount shortsupplied will immediately apply for twelve (12) months following the month of shortsupply and will apply to each supply breach.

This approach means that all supply breaches are subject to quota standdown, subject to appeal provision, and that the timing of the imposition of penalty is immediate.

The dairyfarmer is advised by the Authority no later than the end of the first full week of the month immediately following the month in which a shortsupply has occurred.

3. Appeal Provision

A dairyfarmer may appeal against quota standdown for a particular supply breach. This must be lodged in the month immediately following the month in which the shortsupply has occurred.

The Authority must be satisfied that the shortsupply was due to extenuating circumstances beyond the farmers control for an appeal to be upheld.

Should an appeal be successful, Authority purchases would be adjusted at the next monthly payment and backdated to the month immediately following the month of shortsupply, taking into account the milk supplied.

4. Reinstatement Provision

At the expiry of the quota standdown period relative to a particular supply breach, a quotaholder will be eligible for reinstatement of the amount of quota which had been stood down in relation to that supply breach 12 months ago.

JULIAN GRILL,
Minister for Agriculture.

27 September 1988.
