You may apply to the Council or the Area Fire Control Officer, not later than 1st day of November, 1988, for permission to provide firebreaks in alternative positions (strategic breaks) or to take alternative action to abate fire hazards on the land.

If permission is not granted by the Council or the Area Fire Control Officer, you shall comply with the requirements of this Notice, if the Requirements of this Notice are carried out by burning, such burning must be in accordance with the relevant provisions of the Bush Fires Act.

A. Rural Land/Special Rural Land: Firebreaks not less than two (2) metres wide must be provided in the following positions—

Preliminary Proposal for the Drainage Management Plan

The Environmental Protection Authority has assessed urban development proposals for the area east of Thomsons Lake.

The Environmental Protection Authority concluded that, for those proposals to be environmentally acceptable, a satisfactory drainage management plan for the area to be prepared.

This requirement for a satisfactory drainage management plan was set by the Minister for Environment as a condition to be met for the Amendment of the Metropolitan Region Scheme.

The State Planning Commission has now prepared a preliminary proposal for the drainage management plan. The preliminary proposal provides a package of mechanisms intended to control water levels in the urban areas, protect the Beeliar wetlands and ensure that surplus water is put to good use. It also addresses the alignment of the sewer.

The Environmental Protection Authority is seeking public comment to assist it in determining if the proposed drainage management plan can be implemented to the Authority's satisfaction.

The document, Preliminary Proposal for the Drainage Management Plan for the South Jandakot area and Beeliar Compensating Channel, is available from the State Planning Commission and the City of Cockburn, and can be examined, along with the proposed Metropolitan Region Scheme Amendment, at the abovementioned locations. In addition, it will also be available for examination at—

Environmental Protection Authority,

Interested persons or organisations wishing to comment on the Preliminary Proposal for the Drainage Management Plan are invited to make written submissions by Friday, December 23, 1988 to—
