PRELIMINARY STATEMENT

MEMBERS OF PARLIAMENT—ELECTORATE EXPENDITURE

Following the gazettal of revised electoral boundaries in 1988, the Tribunal has conducted an extensive review to determine the most appropriate methods that should be implemented to enable Members of Parliament to reasonably service their electorates.

Electorate Allowances determined by the Tribunal since 1975 have been based on numerous considerations including the size of the electorate, its distance from Perth, the availability of transport services both within the electorate and to and from Perth. In addition provision has been made for expenses including travel expenditure within the electorate, motor vehicle running costs, accommodation within the electorate and in Perth, donations and subscriptions, hospitality and entertainment expenses, advertising, etc.

By providing moderate and realistic amounts to cater for the above, Members in certain electorates receive, as a cash payment, substantial sums per annum, without the obligation to account to the State for the manner in which such allowances are actually expended.

The attached determination has been prepared specifically to achieve the following objectives:

1. To ensure that Members of Parliament are more accountable for expenditure incurred whilst performing their duties:
2. To control the overall cost to the State of electorate expenditure whilst ensuring that Members are in a position to reasonably service their electorates.

In attempting to achieve these objectives, the Tribunal has made major changes to the manner in which electorate expenditure will, in the future, be incurred.

ELECTORATE ALLOWANCE

The traditional electorate allowance that has been provided previously has been replaced by a flat rate irrespective of the District or Region.

Whereas the allowance grouped together components such as motor vehicle mileage allowances, accommodation allowances etc, these will now be provided through separate provisions. The flat rate has been arrived at, following consideration by the Tribunal of necessary miscellaneous expenditure incurred by Members.

MOTOR VEHICLE

Motor vehicle usage by Members has been the cause of concern to the Tribunal for some time. The nature of a Members electoral and parliamentary role requires the majority of Members to maintain a vehicle specifically for official use. In this regard provision has previously been made for expenditure associated with motor vehicle costs and the replacement of vehicles.

Costings carried out by the Tribunal have shown that there are financial advantages to both the Member and the Consolidated Revenue Fund if motor vehicles are supplied through leasing arrangements to Members. The attached determination contains provision for Members to make application for the supply of a motor vehicle. However, Ministers and Office Holders who regularly use their Government owned official vehicle for electorate work shall not qualify for the issue of a lease vehicle.

It is proposed that the vehicles supplied to Members will be provided through an 'Operational Lease' agreement entered into by the Government and a leasing company. Consideration has been given to the size and location of the electorates, and the amount of travel that will be undertaken by the Members, in assessing the make and type of vehicle that should be supplied.

The Tribunal has determined that a Member may select any make or model of motor vehicle provided that the leasing cost to the Government does not exceed the cost of an 'operational lease' for a six cylinder Ford Falcon GL or Commodore Executive automatic sedan with air conditioning.

Where a Member requires a vehicle that exceeds the cost of the abovementioned, individual application must be made to the Tribunal.

Upon approval, additional costs associated with the particular vehicle will be debited to that Members electorate allowance.

TRANSPORT

Members transport arrangements, both within the electorate and to and from Perth have previously been provided by this Tribunal through the Electorate allowance and the Air Charter and Hire allowance and the Motor Vehicle allowance.

The supply of motor vehicles to Members will remove the necessity to provide a motor vehicle allowance, as the costs of operating the vehicle will no longer be met by members from the electorate allowance. Fuel and Oil for the vehicles will be provided by the use of Fuel Credit Cards issued to Members. Monetary limits have been placed upon each electoral District and Region. These limits have been based on anticipated kilometreage that will be travelled within electorates, and in the case of Members with large country electorates the cost of air charter and vehicle hire.

TRAVELLING AND ACCOMMODATION ALLOWANCES

Provision has previously been made in the electorate allowance to cover accommodation costs incurred by Members when attending Perth on Parliamentary business, and for those Members with large electorates, accommodation within the electorate.

This determination provides Members with a specific Travelling and Accommodation Allowance that will reimburse Members, upon claim, for necessary expenditure incurred under this heading.

The various types of accommodation used by Members have been examined, resulting in the provision, in this determination, for the following:—

1. overnight accommodation whilst in Perth on official business.
2. a Member, who for parliamentary purposes, has a second residence in Perth.
3. a Member representing a country electorate who resides in Perth; and
4. accommodation within a Members electorate at a place more than 100 kilometres from the Members residence.

TAXI FARES

Members entitlements to claim taxi fares have been extended to include costs to and from the Perth Rail Terminal to cater for those Members utilising Westrail services.

POSTAGE

The allowance has been expanded to ensure that every Member of Parliament, irrespective of any formal office held, receives a postage entitlement for use in the electorate office. This has been introduced to ensure that electorate mail is dealt with exclusively through the electorate office and not through the office of any other position that the Member may hold.

Provision has been made in this allowance for the use by Members of Lettergrams.

TELEPHONE RENTAL AND CALLS

The telephone provision relating to electorate offices has been removed from this determination and will now be dealt with by the Department of the Premier.

DATE OF OPERATION OF DETERMINATION

The attached determination will take effect from the following dates:—

Legislative Assembly Members:—

as from February 5, 1989.

Legislative Council Members:—

as from May 22, 1989.

The existing determination of the Tribunal will remain in force until the above dates.

Dated at Perth this 2nd day of February, 1989.
