The Municipality of the Town of Albany
By-Laws Relating to Street Lawns and Gardens

IN pursuance of the powers conferred upon it by the abovementioned Act and all other powers enabling it, the Council of the Town of Albany hereby records having resolved on 24 January 1989 to adopt an amendment to the By-law relating to Street Lawns and Gardens as published in the *Government Gazette* of 16 September 1963 and amended by notice published in the *Government Gazette* on 24 April 1975, and to make and submit for confirmation of the Lieutenant Governor and Administrator the following amendments—

1. By-law 2 of the principal by-laws is revoked and the following substituted—

2. In these by-laws, unless the context otherwise requires—

“the Act” means the Local Government Act, 1960 (as amended) and, except as otherwise in this by-law provided, words and expressions have the same meanings as they have in the Act;

“carriageway” means a portion of a road that is improved, designed or ordinarily used for vehicular traffic, and includes the shoulders, and areas, including embayments, at the side or centre of the road, used for the standing or parking of vehicles; but does not include a lane, right of way or driveway;

“footpath” includes that part of a road set apart or constructed for the use of pedestrians and every established footway, pavement, lane, thoroughfare or any other part of a road set apart for the use of pedestrians, and, where any part of a road is not so set apart or constructed, that portion on both sides of a road 3 metres in width measured from the property line and extending alongside such road;

“intersection” includes the area comprised within imaginary straight lines joining in succession the points of transection of the property lines of two or more roads that meet each other; except that where the property lines are curved at any corner, the point of transection of the property lines shall be regarded as the point on the curve nearest to the point at which those property lines, if extended in straight lines from each end of the curve, would meet;

“junction” includes that part of a road lying between imaginary straight lines at right angles to the road commencing from the points of transection formed by its own property lines with the property lines of a road which abuts thereon; except that where the property lines are curved at any corner, the point of transection formed by the property lines shall be determined in the same manner as is provided in the definition of “intersection”;

“property line” means the boundary between the land comprising a street and the land that abuts thereon.

2. By-Law 12 of the principal by-laws is amended by adding after sub-by-law (2) thereof new sub-by-laws as follows—

(3) Where an offence is alleged to have been committed against this by-law by the driver or person in charge of a vehicle, that person shall, if required by a member of the Police Force or an officer of the council, furnish the member or officer with his full name and address.

(4) The owner of a vehicle shall, if required by a member of the Police Force or an officer of the council so to do within seven days of the commission of the alleged offence, inform the member or officer as to the identity and address of the driver or person in charge of the vehicle at the time when the offence is alleged to have been committed.

(5) Where the owner at the time the offence was alleged to have been committed, fails, when required so to do, within seven days of the commission of the alleged offence, to inform a member of the Police Force or an officer of the council as to the identity and address of the person who was the driver or person in charge of the vehicle at that time, the owner shall be deemed to be the person committed that offence and shall then be liable to the penalty prescribed in respect thereof, unless the owner could not reasonably have been aware of the identity of the driver or person in charge, or unless the vehicle was stolen or being unlawfully used without the knowledge of the owner at the time the offence was alleged to have been committed.

(6) Where the member of the Police Force or the clerk of the council is satisfied that the owner of a vehicle could not reasonably have been aware of the identity of the driver or person in charge, or where the vehicle was stolen or being unlawfully used without the knowledge of the owner at the time the offence was alleged to have been committed, no proceedings shall be taken against the owner for the recovery of the penalty prescribed in respect of the offence.

(7) For the purposes of this by-law the expression “owner” in relation to a vehicle shall be deemed to include any person who would be an owner of that vehicle within the meaning assigned to the expression “owner” by section 4 of the Traffic Act, 1919-1970.
