WESTERN AUSTRALIAN COLLEGE OF ADVANCED EDUCATION ACT 1984

It is hereby notified that His Excellency the Lieutenant Governor and Administrator in Executive Council, acting under the provisions of Section 27 of the Western Australian College of Advanced Education Act 1984, has approved Statute No. 22—Student Obligations.

CARMEN LAWRENCE, Hon Minister for Education.

Western Australian College of Advanced Education
Statute No. 22
Student Obligations

1. Preamble:

(1) A Statute with respect to the obligations of students, the protection of freedoms, the encouragement of cooperation and the preservation of order within the College.

Whereas

- (a) By-laws made under the Act prescribe the obligations of persons generally when on College lands; and
- (b) Terms and conditions of employment prescribe the obligations of members of the staff of the College;

it is desired to make provision with respect to the obligations of students of the College.

(2) This Statute of Obligations complements the College Rules for Admission, Enrolment and Academic Progress of Students, and if there is conflict then the College Rules take precedence.

(3) Where in this Statute an officer of the College is identified, that identification should be taken to include a designated nominee or nominees.

(4) In this Statute unless the contrary intention appears—

“Division” means all Divisions of the College including Schools of study;

“Student” means an enrolled student, as defined in Statute No 11.

“Board of Appeal” means a disciplinary body constituted by the Council for the purposes of section 26 (3) of the Act.

2. Obligations:

(1) Every student has the following obligations to the College and to all other members of the College—

- (a) to act fairly and honestly;
- (b) to respect the freedoms of the other members of the College;
- (c) to act in an orderly and proper manner; and
- (d) to comply with the provisions of all statutes, to comply with the rules and by-laws of the College and all other acts or rules and by-laws for the time being in force, so far as failure to do so will or may affect the College.

For the purpose of this Statute, a “breach of obligation” by a student is a breach of any of the student’s obligations, as described in this section.

(2) Without limiting the generality of subsection (1) a breach of obligation by a student would include the following—

- (a) wilfully obstructing or disrupting any College teaching, study, research, examination or test;
- (b) wilfully obstructing or disrupting any official meeting, proceeding or ceremony within the College or any other College activity;
- (c) wilfully interfering with the freedom of speech within the College of any member of the College or of any speaker invited by any section of the College to express her or his views;
- (d) wilfully interfering with the freedom of movement within the College of any College member or any guest or visitor;
- (e) failing to leave any College building or part of any College building or any place within the College forthwith when directed to do so by a College officer;

- (f) entering any place within the College which the student is forbidden to enter by a College officer or by any statute, rule, by-law or Council resolution or by any rule, direction or order made or given under such statute, rule, by-law or resolution;
- (g) acting dishonestly or unfairly in connection with any College, faculty or departmental examination or test;
- (h) wilfully obstructing or attempting to obstruct or deter any staff member or College employee in the performance of the officer's duties;
- (i) wilfully damaging, or wrongfully dealing with any College property, or the property within the College of any person;
- (j) assaulting or attempting to assault any person within the College;
- (k) failing to comply with any provision of any College statute, rule or by-law or any Council resolution or rule, direction or order made or given under such statute, regulation, by-law or resolution;
- (l) failing to comply with any penalty imposed under any College statute, rule or by-law, or any Council resolution.

(3) Subject to the rights of appeal provided in this Statute, any decision made under this Statute, that a student has been guilty of a breach of obligation, including the imposing of a penalty or penalties on a student, is final and conclusive.

3. Penalties:

(1) The penalties that may be imposed on a student under this Statute for breaches of obligations are:

- (a) Fines—up to a maximum prescribed by the Act.
- (b) Suspension of all or any of a student's rights and privileges including—
 - (i) Disallowance of continuation in a unit of academic instruction;
 - (ii) Suspension from the use of or exclusion from laboratories or other College facilities or any part or parts thereof;
 - (iii) Suspension from attendance at or exclusion from any examination or test or any part of any examination or test;
 - (iv) Cancellation or deprivation of all or part of the credit for an assessment;
 - (v) Cancellation of enrolment at the College;
- (c) Restitution of any College property lost, damaged or destroyed by the student, up to a maximum prescribed by the Act.

(2) Any person or body authorized to impose any penalty under the Act or this statute or any other statute, by-law, rule or Council resolution, may caution or reprimand a student instead of, or in addition to, any other penalty that may be imposed.

(3) A penalty may be partly of one kind and partly of another.

(4) A penalty may be suspended by the person or body imposing it until the time for appealing against it has expired or generally on such terms and conditions, including undertakings by the student, as the person or body granting the suspension thinks fit.

(5) If a penalty consists of or includes suspension of all or any of a student's rights and privileges, the commencement of the period of suspension may be deferred by the person or body imposing the penalty until the time for appealing against it has expired or generally on such terms and conditions, including undertakings by the student, as the person or body granting the suspension thinks fit.

(6) If the penalty is cancellation of enrolment at the College, it shall not take effect until after the time for lodging an appeal has expired and unless it is confirmed by the Council, but the student's rights and privileges shall be suspended until the Council has determined whether or not to confirm the cancellation of enrolment.

(7) A student whose enrolment at the College is cancelled shall not be re-enrolled except with the permission of the College Registrar.

(8) No academic award shall be conferred on a student charged with a breach of obligation until after the charge has been dealt with in accordance with this Statute, and any appeal by the student has also been dealt with or the time for lodging an appeal has expired, and any fine imposed has been paid, unless otherwise decided by the Director.

- (5) The decision of a Board of Appeal on an appeal under section 5(1) shall be final and conclusive, except that, if the penalty is expulsion from the College, the provisions of section 3(6) apply.

(13) A Board of Appeal constituted to hear and adjudicate upon an appeal may have referred to it any other appeal or appeals, and the Board shall deal with all the appeals referred to it.

(b) A student may apply, through the College Registrar, to the Board of Appeal for an extension of time within which to appeal, notwithstanding that the time allowed for the appeal in subsection 21(a) of this section has expired, but shall not be allowed any extension, unless the student satisfies the Board, that there was good reason for the failure to lodge the appeal within the time allowed.

(22) The Secretary shall give to a student who is a party to an appeal, not less than five (5) days written notice of the hearing by a Board of Appeal. The notice shall contain particulars of—

(a) the time and place of the hearing; and
