Inserting new Clauses 9.7 and 9.8 in the Scheme Text under Part IX ("Finance and Administration") as follows:

"9.7 Delegation

9.7.1 The Council may either generally, or in a particular case or in a particular class of cases by resolution passed by an absolute majority of the Council, delegate to the Principal Planner of the Council (provided that Officer has a Municipal Town Planning Certificate) the authority to deal with an application for Development Approval made under this Scheme.

9.7.2 The delegation of authority made by the Council pursuant to the preceding sub-clause hereof shall be expressed to be for a period specified in the delegation or for an indefinite period, as the case maybe.

The Council shall, at least once in each financial year, review every delegation made by it in accordance with these clauses.

9.7.3 A delegation of authority pursuant to the provisions of this clause has effect and may be exercised according to its tenor, but it is revocable at the will of the Council, subject to Clause 9.7.5 and does not preclude the Council from exercising the power. The performance of a function by a delegate under Clause 9.7.1 shall be deemed to be the performance of the function by the Council in all circumstances where the Council is able to delegate its power.

9.7.4 Without affecting the generality of the provisions of this clause, where in the exercise of any power under this Scheme the Council is required to form any opinion or view or have any state or mind or to consider or have due regard to any matter, then that requirement shall be satisfied if a person exercising delegated authority in respect of that power performs the function.

9.7.5 Any amendment or revocation of a delegation under this section shall be by resolution passed by an absolute majority of the Council.

9.7.6 The Council may in like manner delegate to the Principal Planner of the Council, any functions imposed on the Council in relation to a recommendation for subdivision of a property or amalgamation of a property. Any such delegation shall have the same affect as any delegation referred to in Clause 9.7.1 and may be made, amended and revoked in the same manner.

9.8 Approval of Existing Developments

9.8.1 The Council may give its approval of a development already carried out regardless of when the development was carried out, subject to Council being satisfied that the failure to seek its approval to commence or carry out development arose from a mistake or other reasonable cause.

9.8.2 The application to the Council for approval under subclause 9.8.1 shall be made on the form provided for an Application for Approval to Commence or Carry Out Development or on such other form as the Council provides from time to time.

9.8.3 A development which was not permissible under this Scheme at the time it was commenced or carried out may be approved if at the time of approval under this Clause it is permissible.

9.8.4 The approval by the Council of an existing development is effective from the date of Council's decision and shall not affect the power of the Council to take appropriate action for a breach of the Scheme or the Act in respect of the commencement of the development without approval."
