## CONSERVATION AND LAND MANAGEMENT ACT 1984

## Purnululu (Bungle Bungle) National Park

## Access to the Park Airstrip—Compatible Operations Notice

Made by the Executive Director of the Department of Conservation and Land Management under section 33A of the Conservation and Land Management Act 1984 with reference to compatible operations.

Reserve number A39897, known as Bungle Bungle, is to be named the Purnululu National Park. The Department of Conservation and Land Management has been approached by the Kimberley travel industry to make the national park's airstrip available for tourist flights.

The Department proposes to call for expressions of interest which may allow two commercial operators to use the park's airstrip on a trial basis for 12 months. Any flights using the airstrip may also allow the visitors to camp overnight in the park.

A final management plan for the national park is in progress but has been substantially delayed. It is therefore intended to seek to allow use of the airstrip under the compatible operations powers of the Conservation and Land Management Act which apply when there is no management plan for operations compatible with the purpose of the park.

Before any expressions of interest are decided upon, the proposal is being publicly notified and public submissions are invited up until 31 March 1992. Details of the proposal may be obtained from—
