APPROVED TOWN PLANNING SCHEME AMENDMENT

Shire of Serpentine-Jarrahdale

Town Planning Scheme No. 2—Amendment No. 12

Ref: 853/2/29/3, Pt. 12.

It is hereby notified for public information, in accordance with section 7 of the Town Planning and Development Act 1928, that the Hon Minister for Planning approved the Shire of Serpentine-Jarrahdale Town Planning Scheme Amendment on 29 June, 1992 for the purpose of:

- (1) Adding a new Clause 18 to Appendix 4 of the Scheme Text as follows:

APPENDIX 4 Special Rural Zone

Provisions relating to Specific Areas (continued)

"18 "Utley Road, Serpentine" portion of Lot 825 as delineated on the Scheme Map.

18.1 The minimum lot size shall be two hectares.

18.2 No indigenous vegetation and trees shall be destroyed or cleared except, but subject to the developer obtaining the prior consent in writing of the Council, where such vegetation and trees are dead, diseased or where the clearing is required for the purpose of a firebreak, dwelling, outbuilding, fence and/or house driveways.

18.3 On-site effluent disposal systems servicing development on the lots shall be to the specifications and satisfaction of the Council. The use of "non-standard" effluent disposal systems may be required and in any event the following requirements shall be satisfied:

- (i) A 2 metre separation is achieved between the base of the leach drain and the highest recorded groundwater level or bedrock;
- (ii) At least a 100 metre horizontal separation is achieved between the disposal system and existing/proposed drains, water courses and/or water bodies;

- (iii) The area around each effluent disposal system shall be planted with indigenous trees and shrubs by the landowners and be maintained to the satisfaction of the Local Authority;
- (iv) Prevention of direct movement of wastewater and nutrient from the locality of each disposal area; and
- (v) If necessary, soil amendment around and under each disposal area.

- 18.4 The developer of the estate shall within the "Tree Planting Area" depicted on the Subdivisional Guide Plan, plant indigenous and native trees and shrubs of a species and at a density and distribution to be determined by the Council following consultation with the Environmental Protection Authority. Tree planting shall occur and be undertaken to the satisfaction of the Council prior to the endorsement by the State Planning Commission of Diagrams of Survey to create the lots depicted on the Subdivisional Guide Plan.
- 18.5 The developer of the estate shall maintain the trees and shrubs planted within the "Tree Planting Area" and vegetation to be retained on each lot to the satisfaction of the Council until the land as a whole or in lots is sold. Thereafter the new landowner(s) shall be responsible for the maintenance and the replacement (if and where necessary) of those trees and shrubs planted by the developer and vegetation retained on each lot to the satisfaction of the Council.
- 18.6 Within this Special Rural estate land uses other than a single residence, that area permitted or may be permitted by the Council pursuant to the Scheme shall only be permitted when the Council is satisfied following consultation with the Environmental Protection Authority that the land use does not involve excessive nutrient application or the clearing of the land.
- 18.7 Notwithstanding Clause 5.9.6 (b) of the Scheme any residence and all other outbuildings shall only be constructed within the Building Envelope shown on the Subdivisional Guide Plan.
- 18.8 Signs, hoardings or advertisements shall not be erected without the prior written approval of the Council.
- 18.9 At the time of the building application for each lot a plan of the site shall be submitted by the applicant to the satisfaction and specifications of the Council which shall show site contours, existing trees and stands of vegetation, those trees and vegetation to be removed and retained and proposals for tree planting and maintenance.
- 18.10 The keeping of horses, sheep, goats and other grazing animals shall be subject to the prior approval of the Council and these animals shall be restricted to the area within the Building Envelope. Approval to keep animals shall not exceed the stocking rates recommended by the Department of Agriculture for the applicable pasture types.

Council may approve the grazing of animals outside of the Building Envelope provided that the Council is satisfied that nutrient input to the land can be controlled to the satisfaction of the Environmental Protection Authority and that such will not result in the removal or damage of the vegetation and trees or result in soil erosion and dust pollution. As a condition of approval the Council may require the animals to be stabled or corralled.

Where in the opinion of the Council the continued presence of animals on any portion of land in the estate is likely to contribute, or is contributing to the dust pollution or soil erosion, notice may be served on the owner of the said land, requiring the immediate removal of those animals specified in the notice for a period specified in the notice.

When notice has been served on a landowner in accordance with this Clause the Council may also require the land to be fully rehabilitated within 3 months of the serving of the notice.

- 18.11 Stormwater drainage shall be contained on-site to the satisfaction and specifications of the Council who shall have regard to the recommendations of the Environmental Protection Authority. The developer of the estate shall obtain the approval of the Water Authority and the Council for drainage proposals prior to commencement of site works.
- 18.12 The drainage system shall not be altered without the prior approval of the Council. Council shall, when considering a request to obstruct or dam any part of the drainage system through a private property, have regard to the effects on the drainage system, impacts on the land and environment generally and shall consult with any agency deemed necessary prior to determining whether to approve the request.
- 18.13 The landowner shall be responsible for the establishment and maintenance of firebreaks, in accordance with Councils standard fire break requirements, and any other fire prevention measures that may be required by the Council for the estate will be at the landowners cost in proportion of the landholdings to the whole of the estate.

- 18.14 Council will provide land on the existing Reserve No. 40340/1357 to the north of lot 825 for provision of an on-site static water facility of 50,000 litres capacity. This tank is to be fed by a bore and a windmill or suitable alternative for fire fighting purposes to be provided by the developer of the estate free of cost to the Council. The location of the facility shall be to the satisfaction of both the Council and Bush Fires Board and the facility shall be constructed to the specifications of the Bush Fires Board and the Council.
- 18.15 With the intention of preserving the existing natural vegetation and mature trees and preventing land use practices detrimental to the amenity of the locality, the approval of the Council is required for any intensive agricultural pursuit. The Council will have regard to limits on stocking, the limited groundwater resources, tree and vegetation preservation and the effects on the environment of the locality and residents of the estate when considering the application and may, should approval be granted, impose any conditions the Council deems fit and may modify or vary such conditions to take account of seasonal changes.
- 18.16 The land is situated within the catchment of the Peel-Harvey system where nutrient control through fertiliser application is to be promoted. Therefore the application, type and distribution of fertiliser to the land shall be subject to the prior approval of the Council who shall consult the Environmental Protection Authority before approval is granted.
- 18.17 The land is situated within the Serpentine Groundwater Area and a well licence for a bore must be obtained from the Water Authority of Western Australia. The siting of bores shall be to the requirements of the Authority having regard to the location of any effluent disposal systems, water bodies, drains and neighbouring bores. The licence will contain a number of conditions including the quantity of water that can be pumped each year. Under current management guidelines 1 500 kilolitres per year is allocated. The allocation of 1 500 kilolitres if efficiently used is sufficient for domestic use and the irrigation of up to 0.1 hectares."
- (2) Amending the Scheme Map by rezoning portion of Lot 825 Utley Road, Serpentine from "Rural" to "Special Rural Zone".

F. SENIOR, President.
N. D. FIMMANO, Shire Clerk.

The use of 'non-standard' effluent disposal sys-</p>

tems may be required and in any event the following requirements shall be satisfied;

- (i) A 2 metre separation is achieved between the base of the leach drain and the highest recorded groundwater level and;
- (ii) At least a 100 metre horizontal separation is achieved between the disposal system and existing drains, water courses or water bodies;
- (iii) The area around each effluent disposal system shall be planted with indigenous trees and shrubs by the landowner and be maintained to the satisfaction of the Local Authority; and
- (iv) Prevention of direct movement of wastewater and nutrient from the locality of each disposal area.

5.7 The land is situated within the Serpentine Groundwater Area and a well license for a bore must be obtained from the Water Authority of Western Australia. The siting of bores shall be to the requirements of the Authority having regard to the location of any effluent disposal systems, water bodies, drains and neighbouring bores.

5.8 The drainage system shall not be altered without the prior approval of the Council. Council shall, when considering a request to obstruct or dam any part of the drainage system through a private property, have regard to the effects on the drainage system, impacts on the land and environment generally and shall consult with any agency deemed necessary prior to approving the request.

5.9 The landowner shall be responsible for the establishment and maintenance of firebreaks to the specifications and satisfaction of the Council and any other fire prevention measures that may be required by the Council for the estate will be at the landowners cost in proportion of the landholdings to the whole of the estate.

5.10 Stormwater drainage shall be contained on-site to the satisfaction and specifications of the Council who shall have regard to the recommendations of the Environmental Protection Authority. The developer of the estate shall obtain the approval of the Water Authority and the Council for drainage proposals prior to commencement of site works.

5.11 No indigenous vegetation and trees shall be destroyed or cleared except, but subject to the developer of the estate/landowner obtaining the prior consent in writing of the Council where such vegetation and trees are dead, diseased or where the clearing is required for the purpose of a firebreak, dwelling, outbuilding, fence and/or house driveways.

5.12 The developer of the estate shall within the "Tree Planting Area" depicted on the Subdivisional Guide Plan, plant indigenous and native trees and shrubs of a species and at a density and distribution to be determined by the Council following consultation with the Environmental Protection Authority. Tree planting shall occur and be undertaken to the satisfaction of the Council prior to the endorsement by the State Planning Commission of Diagrams of Survey to create the lots depicted on the Subdivisional Guide Plan.

5.13 The developer of the estate shall maintain the trees and shrubs planted within the "Tree Planting Area" and vegetation retained on each lot to the satisfaction of the Council until the land as a whole or in lots is sold. Thereafter the new landowner(s) shall be responsible for the maintenance and the replacement (if and where necessary) of those trees and shrubs planted by the developer and vegetation retained on each lot to the satisfaction of the Council.

5.14 Within this estate land uses other than a single residence, that are permitted or may be permitted by the Council pursuant to the Scheme shall only be permitted when the Council is satisfied following consultation with the Environmental Protection Authority that the land use does not involve excessive nutrient application or the clearing of the land.

5.15 Notwithstanding Clause 5.8.6 (b) of the Scheme Text any residence and all other outbuildings shall only be constructed within the Building Envelope shown on the Subdivisional Guide Plan.

5.16 The keeping of horses, sheep, goats and other grazing animals shall be subject to the prior approval of the Council and these animals shall be restricted to the area within the Building Envelope. Approval to keep animals shall not exceed the stocking rates recommended by the Department of Agriculture for the applicable pasture type.

Council may approve the grazing of animals outside of the Building Envelope provided that the Council is satisfied that nutrient input to the land can be controlled to the satisfaction of the Environmental Protection Authority and that such will not result in the removal or damage of the vegetation and trees or result in soil erosion and dust pollution. As a condition of approval the Council may require the animals to be stabled or corralled.

The Shire of Lake Grace
Town Planning Scheme No. 3

The Lake Grace Shire Council, under and by virtue of the powers conferred upon it in that behalf by the Town Planning and Development Act 1928 (as amended), hereinafter referred to as the Act, hereby makes the following Town Planning Scheme for the purposes laid down in the Act.

Part I—Preliminary

1.1 Citation

This Town Planning Scheme may be cited as the Shire of Lake Grace Scheme No.3 hereinafter called "The Scheme" and shall come into operation on the publication of the Scheme in the *Government Gazette*.

1.2 Responsible Authority

The Authority responsible for implementing the Scheme is the Council of the Shire of Lake Grace, hereinafter called "The Council".

1.3 Scheme Area

The Scheme applies to the townsites of Lake Grace, Newdegate, Lake King and Varley as outlined on the Scheme Area Map.

1.4 Contents of Scheme

The Scheme comprises:

- (a) This Scheme Text
- (b) The Scheme Maps (Sheets 1-2)

1.5 Arrangement of Scheme Text

The Scheme Text is divided into the following Parts:

- Part I Preliminary
- Part II Reserved Land
- Part III Zones
- Part IV Non Conforming Uses
- Part V Development Requirements
- Part VI Planning Consent
- Part VII Administration

1.6 Revocation of Existing Scheme

The following Town Planning Schemes are hereby revoked:

- Shire of Lake Grace Town Planning Scheme No.1—Gazetted 20 August 1971.
- Shire of Lake Grace Town Planning Scheme No.2—Gazetted 16 September 1983.

1.7 Interpretation

1.7.1 Except as provided in Clause 1.7.2 and 1.7.3, the words and expressions of the Scheme have their normal and common meaning.

1.7.2 In the Scheme unless the context otherwise requires, or unless it is otherwise provided herein, words and expressions have the respective meanings given to them in Schedule 1 and the Residential Planning Codes.

1.7.3 Where a word or term is defined in the Residential Planning Codes then notwithstanding anything else in the Scheme that word or term when used in respect of residential development has the meaning given to it in the Residential Planning Codes.

Part II—Reserved Land

- 2.1 (a) Land set aside under this Scheme for the purposes of a reservation is deemed to be reserved for the purpose indicated on the Scheme Map.
- (b) Except as otherwise provided in this Part, a person shall not carry out any development on land reserved under this Scheme, other than the erection of a boundary fence, without first applying for and obtaining the written approval of the Council.
- (c) In giving its approval the Council shall have regard to the ultimate purpose intended for the reserve and shall, in the case of land reserved for the purposes of a public authority, confer with that authority before giving its approval.
- (d) No provision of this Part shall prevent the continued use of land for the use for which it was being lawfully used immediately prior to the Scheme having the force of law, or the repair and maintenance, for which the prior consent in writing of the Council has been obtained, of buildings or works lawfully existing on the land.
- 2.2 (a) Where Council refuses approval for the development of land reserved under the Scheme on the ground that the land is reserved for public purposes, or grants approval subject to conditions that are unacceptable to the applicant, the owner of the land may, if the land is injuriously affected thereby, claim compensation for such injurious affection.
- (b) Claims for such compensation shall be lodged at the office of the Council not later than six months after the date of the decision of the Council refusing approval or granting it subject to conditions that are unacceptable to the applicant.
- (c) In lieu of paying compensation, the Council may purchase the land affected by such decision of the Council, at a price not exceeding the value of the land at the time of refusal of approval or of the granting of approval subject to conditions that are unacceptable to the applicant.

Part III—Zones

3.1 Zones

3.1.1 The Scheme Area is hereby divided into the following zones:

Town Centre
Residential
Industrial
Multiple Use
Lake King
Varley
Rural
Special Use

3.1.2 The zones are delineated and depicted on the Scheme Map according to the legend thereon.

3.2 Zoning Table

3.2.1 Table 1—Zoning Table indicates, subject to the provisions of the Scheme, the several uses permitted in the various zones, such uses being determined by the use symbols attributed in the Zoning Table and defined in Clause 3.2.2 of this Part.

3.2.2 The symbols used in Table 1 appended to this Clause have the following meanings:

“P” A use that is permitted under this Scheme, provided it complies with the relevant standards and requirements laid down in the Scheme and all conditions (if any) imposed by the Council in granting planning consent.

“AA” Means that the Council may, at its discretion, permit the use.

“IP” A use that is not permitted unless such a use is incidental to the predominant use of the land as determined by the Council.

“SA” Means that the Council may, at its discretion, permit the use after notice of application has been given in accordance with Clause 6.2.

Uses Restricted to those listed in Schedule 3

3.2.3 Where no symbol appears in the cross reference of a use class against a zone in the Zoning Table, a use of that class is not permitted in that zone.

3.2.4 Where in the Zoning Table a particular use is mentioned, it is deemed to be excluded from any other use class which by its more general terms might otherwise include such particular use.

3.2.5 If the use of land for a particular purpose is not specifically mentioned in the Zoning Table and cannot reasonably be determined as falling within the interpretation of one of the use classes, the Council may:

- (a) determine that the use is not consistent with the objectives and purpose of the particular zone and is therefore not permitted, or
- (b) determine by absolute majority that the proposed use is consistent with the objectives and purpose of the zone and thereafter follow the advertising procedures of Clause 6.2 in considering an application for planning consent.

3.3 Additional Uses

Notwithstanding anything contained within the Zoning Table, the land specified in Schedule 2 may, subject to compliance with any condition specified in the Schedule with respect to the land, be used for the purpose set against that land. The use so specified is in addition to the other uses permitted in the zone in which the land is situated unless any of those uses is excluded or modified by a condition specified in that schedule.

3.4 Special Use Zone

A person shall not use land or any building or structure thereon in a special use zone, except for the purpose set against that land in Schedule 3 and subject to compliance with any conditions specified in the schedule with respect to the land.

3.5 Town Centre Zone

Council's objective is to ensure that the zone provides satisfactorily for the commercial, public use and civic activities of the District within the urban centre of the Lake Grace and Newdegate townsites.

3.5.1 In granting Planning Consent to uses within the zone, Council may impose conditions relating to the siting, design and materials of buildings which, in its opinion, will ensure compatibility with the streetscape and amenity of the zone.

3.5.2 In order to achieve its objective, Council may by absolute majority vary any provision or condition laid down in the Scheme.

3.6 Residential Zone

Council's objective is to ensure that the zone adequately provides for the residential needs of the District in a manner consistent with maximum residential amenity and public safety, and to achieve this objective, Council will adopt Residential Planning Codes consistent with the residential character of the areas, and which will enable residential uses other than single houses to be appropriately located.

3.6.1 Within the Special Design Precinct, a building may not be constructed, altered or added to unless in the construction, alteration or addition, all external walls and party walls are constructed of brick, brick veneer, masonry or other material approved by Council.

3.6.2 The Planning Consent of Council is required for all buildings in the zone greater than one storey in height.

3.7 Industrial Zone

Council's objective is to ensure that adequate and suitably located land is provided to enable development of industrial enterprises which will contribute to the economic activity of the district.

3.7.1 Land within the front setback area of a lot shall not be used for the storage of materials or for any purpose other than:

- an approved means of access;
- the parking of vehicles;
- the loading or unloading of vehicles;
- lawns, gardens or other approved landscaping;
- trade displays approved by Council.

3.7.2 As a condition of planning consent to development of a lot for industrial use, Council may require the establishment and maintenance of approved landscaping.

3.7.3 As a condition of planning consent, Council may require that the facade of a building be constructed of brick or masonry or other approved material.

3.8 Multiple Use

Council's objective is to provide for residential use and associated light or service industry use on sites large enough to ensure satisfactory amenity by way of building location and landscaping.

3.8.1 The minimum lot size within the zone shall be two hectares.

3.8.2 In granting planning consent to uses on a lot within the Zone, Council will require that:

- light industrial use be sited no closer to the major road frontage than half the depth of the lot;
- the portion of the lot fronting a street or road be used solely for residential purposes or for landscaping, and the storage of materials in the front building setback area will not be permitted;
- tree planting or other approved landscaping be established and maintained within the front building setback area or other areas of a lot where preservation of privacy or amenity is considered by Council to be desirable.

3.8.3 Notwithstanding any other provision of the Scheme, building setbacks in the zone shall be:

- From the street or road frontage of a lot—10 metres
- From side and rear boundaries—5 metres

3.9 Lake King and Varley Zones

Council's objective is to ensure that development in the Lake King and Varley townsites continues in accordance with land uses and structure of the adopted Development Plans or any approved variation therefrom.

3.9.1 Development of land within the zones shall be in accordance with a development plan adopted as a Planning Policy under the provisions of Clause 7.6 of the Scheme, and in considering the exercise of its discretionary powers on the issue of Planning Consent to a use, Council will have regard to that Policy.

Part IV—Non-Conforming Uses

4.1 Non-Conforming Use Rights

No provision of the Scheme shall prevent:

- (a) the continued use of land or building for the purpose for which it was being lawfully used at the time of coming into force of the Scheme; or
- (b) the carrying out of any development thereon for which, immediately prior to that time, a permit or permits, lawfully required to authorise the development to be carried out, were duly obtained and are current.

4.2 Extension of Non-Conforming Use

A person shall not alter or extend a non-conforming use or erect, alter or extend a building used in conjunction with a non-conforming use without first having applied for and obtained the Planning Consent of the Council under the Scheme and unless in conformity with any other provisions and requirements contained in the Scheme.

4.3 Change of Non-Conforming Use

Notwithstanding anything contained in the Zoning Table, the Council may grant its Planning Consent to the change of use of any land from a non-conforming use to another use if the proposed use is, in the opinion of the Council, less detrimental to the amenity of the locality than the non-conforming use and is, in the opinion of the Council, closer to the intended uses of the zone or reserve.

4.4 Discontinuance of Non-Conforming Use

4.4.1 When a non-conforming use of any land or building has been discontinued for a period of six months or more, such land or building shall not, except with the consent of Council determined by absolute majority, thereafter be used otherwise than in conformity with the provisions of the Scheme.

4.4.2 The Council may effect the discontinuance of a non-conforming use by the purchase of the affected property, or by the payment of compensation to the owner or the occupier or to both the owner and the occupier of that property, and may enter into an agreement with the owner for that purpose.

4.5 Destruction of Buildings

If any building is, at the gazettal date, being used for a non-conforming use, and is subsequently destroyed or damaged to an extent of 75 percent or more of its value, the land on which the building is built shall not thereafter be used otherwise than in conformity with the Scheme, and the buildings shall not be repaired or rebuilt, altered or added to for the purpose of being used for a non-conforming use or in a manner or position not permitted by the Scheme.

Part V—Development Requirements

5.1 Development of Land

5.1.1 Subject to Clause 5.1.2, a person shall not commence or carry out development of any land zoned or reserved under the Scheme without first having applied for and obtained the Planning Consent of the Council under the Scheme.

5.1.2 The Planning Consent of the Council is not required for the following development of land:

- (a) The use of land in a reserve, where such land is held by the Council or vested in a public authority;
 - (i) for the purpose for which the land is reserved under the Scheme; or
 - (ii) in the case of land vested in a public authority for any purpose for which such land may be lawfully used by that authority.
- (b) The erection of a boundary fence except as otherwise required by the Scheme;
- (c) The erection on a lot of a single house, including ancillary outbuildings, in a zone where the proposed use is designated with the symbol "P" in the cross-reference to that zone in the Zoning Table;
- (d) The carrying out of any works, on, in, over or under a street or road by a public authority acting pursuant to the provisions of any Act;
- (e) The carrying out of works for the maintenance, improvement or other alteration of any building, being works which affect only the interior of the building or which do not materially affect the external appearance of the building;
- (f) The carrying out of works urgently necessary in the public safety or for the safety or security of plant or equipment or for the maintenance of essential services.

5.2 Discretion to Modify Development Standards

If a development, other than a residential development, the subject of an application for Planning Consent, does not comply with a standard or requirement prescribed by the Scheme with respect to that development the Council may, notwithstanding that non-compliance, approve the application unconditionally or subject to such conditions as the Council thinks fit. The power conferred by this Clause may only be exercised if the Council is satisfied that:

- (a) approval of the proposed development would be consistent with the orderly and proper planning of the locality and the preservation of the amenities of the locality;
- (b) the non-compliance will not have any adverse effect upon the occupiers or users of the development or the inhabitants of the locality or upon the likely future development of the locality; and
- (c) the spirit and purpose of the requirements or standard will not be unreasonably departed from thereby.

5.3 Residential Development—Residential Planning Codes

5.3.1 For the purpose of this Scheme, "Residential Planning Codes" means the residential planning codes set out in Appendix 2 to the Statement of Planning Policy No.1, together with any amendments thereto.

5.3.2 A copy of the Residential Planning Codes, as amended, shall be kept and made available for public inspection at the offices of the Council.

5.3.3 Unless otherwise provided for in the Scheme, the development of land for any of the residential purposes dealt with by the Residential Planning Codes shall conform to the provisions of those codes.

5.3.4 In areas coded R12.5/30, the development standards of the R12.5 Code shall apply, except that Council may permit Grouped Dwellings to standards of the R30 Code if the development can be connected to a reticulated sewerage system.

5.4 Development Provisions

Development of land under the Scheme area shall conform to the requirements of Table 2.

Table 2—Development Requirements

Use	Min Lot Area Sqm	Min Effective Frontage m	Min Plot Ratio	Min Front Setback m	Min Side Setback m	Min Rear Setback	Min % of Lot Area Landscaping
Residential	In accordance with the provisions of the residential planning codes.						
Shops and Commercial Uses	All standards at the discretion of Council having regard to type of use, site and locality conditions.						
Service Station	2,000	30	0.4	10	2.5	10	20
General & Lt Industry	1,000	20	0.6	10	2.5	10	20
Public Assembly	1,000	20	0.4	7.5	2.5	7.5	20
Other	All standards at the discretion of Council.						

Note: Where a site has frontage to more than one road, Council shall determine the major frontage for the purpose of establishing a front setback and may permit a minimum setback of 2.5 metres to other roads.

5.5 Car Parking

Development of land within the Scheme area will be required to provide car parking spaces of standards satisfactory to Council in accordance with Table 3.

Table 3—Car Parking

Use Class	No. of Car Parking Spaces
Residential Uses	In accordance with the provisions of the Residential Planning Codes.
Commercial Uses	
Shops	1 for each 20m ² of gross floor area.
Offices	1 for every two persons employed on the site.
Hotel	1 for each bedroom, plus an additional space for every 2m ² of floor or ground area open to the public for consumption of liquor, providing that in the case of areas used as lounges and beer gardens and used solely for seated customers, the ratio may be reduced to one additional space for every 5m ² of floor or ground area.
Tavern	1 for each 2m ² of floor or ground area open to the public for the consumption of liquor providing that in the case of areas used as lounges and beer gardens and used solely for seated customers, the ratio may be reduced to one additional space for every 5m ² of floor or ground area.
Motel	1 for each bedroom, plus 1 for every two persons employed on the site.
Industrial Uses	1 for every 2 persons employed on the site.
Other Uses	Determined by Council, having regard to the nature and anticipated use.

5.5.1 Notwithstanding the requirements of Table 3, Council may waive a requirement for parking provision on-site if it is satisfied that adequate constructed car parking is available in close proximity to the proposed development, and where such is not available, Council may accept a cash payment in lieu of on-site parking to be applied in accordance with the following sub-clause.

5.5.2 Any payment made under the provisions of the preceding sub-clause shall be not less than the estimated cost of providing and constructing the parking spaces required by the Scheme plus the value of the area of land which might otherwise have been occupied by the parking spaces, and be paid by Council into a special fund to be applied solely to the provision, construction and maintenance of car parking facilities within the zone in which the development is located.

5.6 Conservation and/or Preservation of Places of Heritage Value

5.6.1 The places described in the Schedule of Places of Heritage Value (Schedule 4) and shown on the Scheme Map are considered by Council to be components of the natural environment or the cultural environment of the Shire of Lake Grace, which have aesthetic, historic, scientific or social value for future generations as well as for the present community and therefore are worthy of conservation and/or preservation.

5.6.2 Notwithstanding the provisions of any part of this Scheme Text expressing a contrary intent, no development at or on a place of heritage value or within a lot or lots upon which such a place exists may be commenced without the Planning Consent of the Council. Without limiting the generality of the foregoing, development in this context includes the following:

- (a) Alteration (whether internal or external), the demolition, the adaption or modification of any building or structure;
- (b) Works resulting in a change in the external appearance of a building or structure, including the treatment of the external surfaces thereof;
- (c) Erection of any new building or structure;
- (d) Removal of vegetation whether indigenous or exotic or the felling, lopping or topping of trees other than the normal maintenance of lawns or gardens or where the building or place is under threat of damage by such vegetation or classified noxious weed;
- (e) Erection or display of any advertisement sign.

5.6.3 In the interests of conserving or preserving places of heritage value, the Council may, subject to the provisions of Part IV of the Scheme, grant approval to proposals for the maintenance and repair, reconstruction or restoration of any building or place notwithstanding that the proposal may not comply with either the other provisions of the Scheme or with the Building Code of Australia.

5.6.4 Where, in the interests of conserving a place of heritage value, it is appropriate in the opinion of the Council to grant Planning Consent to the use of a building so classified for a purpose for which it may be suited, the Council may approve any such use notwithstanding that it may not comply with the zoning and/or development provisions of the Scheme.

5.7 Control of Advertising—Power to Control Advertisements

5.7.1(a) For the purpose of this Scheme, the erection, placement and display of advertisements and the use of land or buildings for that purpose is development within the definition of the Act requiring, except as otherwise provided, the prior approval of the Council. Planning consent is required in addition to any licence pursuant to Council's Signs, Hoarding and Bill Posting Bylaws.

- (b) Applications for Council's consent pursuant to this Part shall be submitted in accordance with the provisions of Part VI of the Scheme and shall be accompanied by a completed Additional Information Sheet in the form set out at Appendix 2, giving details of the advertisement(s) to be erected, placed or displayed on the land.

5.7.2 Existing Advertisements

Existing advertisements which:

- (i) were lawfully erected, placed or displayed prior to the approval of this Scheme, or
- (ii) may be erected, placed or displayed pursuant to a licence or other approval granted by the Council prior to the approval of this Scheme,

hereinafter in this Part referred to as 'existing advertisements', may, except as otherwise provided, continue to be displayed or be erected and displayed in accordance with the licence or approval as appropriate.

5.7.3 Consideration of Applications

Without limiting the generality of the matters which may be taken into account when making a decision upon an application for consent to erect, place or display an advertisement, Council shall examine each such application in the light of the objectives of the Scheme and with particular reference to the character and amenity of the locality within which it is to be displayed, including its historic or landscape significance and traffic safety, and the amenity of adjacent areas which may be affected.

5.7.4 Exemptions from the Requirement to Obtain Consent

Subject to the provisions of the Main Roads (Control of Signs) Regulations 1983 and notwithstanding the provisions of Clause 5.7.1, the Council's prior consent is not required in respect of those advertisements listed in Schedule 5 which for the purpose of this Part are referred to as 'exempted advertisements'. The exemptions listed in Schedule 5 do not apply to places, buildings, conservation areas or landscape protection zones which are either:

- (i) listed by the National Trust;
- (ii) listed on the register of the National Estate;
- (iii) included in local authority town planning schemes because of their heritage or landscape value.

5.7.5 Discontinuance

Notwithstanding the Scheme objectives and Clause 5.7.4, where the Council can demonstrate exceptional circumstances which cause an exempted or existing advertisement to seriously conflict with the objectives of this part, it may by notice in writing (giving clear reasons) require the advertiser to remove, relocate, adapt, or otherwise modify the advertisement within a period of time specified in the notice.

5.7.6 Derelict or Poorly Maintained Signs

Where, in the opinion of the Council, an advertisement has been permitted to deteriorate to a point where it conflicts with the objectives of the Scheme or it ceases to be effective for the purpose for which it was erected or displayed, Council may by notice in writing require the advertiser to:

- (i) repair, repaint or otherwise restore the advertisement to a standard specified by Council in the notice, or
- (ii) remove the advertisement.

5.7.7 Notices

- (a) The advertiser shall be interpreted as any one or any group comprised of the landowner, occupier or licensee.
- (b) Any notice served pursuant to Clause 5.7.5 or Clause 5.7.6 shall be served upon the advertiser and shall specify:
 - (i) the advertisement(s) the subject of the notice;
 - (ii) full details of the action or alternative courses of action to be taken by the advertiser to comply with the notice;
 - (iii) the period, not being less than 60 days, within which the action specified shall be completed by the advertiser.
- (c) Any person upon whom a notice is served pursuant to this Part may within a period of 60 days from the date of the notice appeal to the Hon Minister for Planning or the Town Planning Appeal Tribunal in accordance with Part V of the Act, and where any such appeal is lodged the effect of the notice shall be suspended until the decision to uphold, quash or vary the notice is known and shall thereafter have effect according to that decision.

5.7.8 Scheme to Prevail

Where the provisions of this Part are found to be at variance with the provisions of the Council's Signs, Hoarding and Bill Posting Bylaws, the provisions of the Scheme shall prevail.

5.7.9 Enforcement and Penalties

The offences and penalties provisions specified in Clause 7.2.2 of the Scheme apply to the advertiser in this Part.

Part VI—Planning Consent

6.1 Application for Planning Consent

6.1.1 Every application for planning consent shall be made in the form prescribed in Appendix 1A to the Scheme and shall be accompanied by such plans and other information as is required by the Scheme.

6.1.2 Unless Council waives any particular requirement, every application for planning consent shall be accompanied by:

- (a) a location plan upon which the land, the subject of the application, is clearly identified;
- (b) a plan or plans of an appropriate scale showing:
 - (i) the location and proposed use of any existing buildings to be retained and the location and use of buildings proposed to be erected on the land;
 - (ii) the existing and proposed means of access for pedestrians and vehicles to and from the land;
 - (iii) the location, number, dimensions and layout of all car parking spaces intended to be provided;
 - (iv) the location and dimensions of any area proposed to be provided for the loading and unloading of vehicles carrying goods or commodities to and from the land and the means of access to and from those areas;
 - (v) the location, dimensions and design of any landscaped area and particulars of the manner in which it is proposed to develop the same;
- (c) any other plans or information required to be provided pursuant to the Scheme or that the Council may require to enable the application to be determined.

6.1.3 The Council may dispense with all or any of the requirements specified in Clause 6.1.2 in respect of an application for Planning Consent which involves only the use of land.

6.2 Advertising of Applications for Planning Consent

6.2.1 Where an application is made for Planning Consent, to commence or carry out development which involves an 'AA' use, the Council may, or where development involves an 'SA' use, the Council shall give notice of the application in accordance with the provisions of the clause.

6.2.2 Where the Council is required or decides to give notice of an application for Planning Consent, the Council shall cause one or more of the following to be carried out:

- (a) Notice of the proposed development to be served on the owners and occupiers of land within an area determined by the Council as likely to be affected by the granting of Planning Consent stating that submissions may be made to the Council within twenty-one days of the service of such notice;
- (b) Notice of the proposed development to be published in a newspaper circulating in the Scheme Area stating that submissions may be made to the Council within twenty-one days from the publication thereof;
- (c) A sign displaying notice of the proposed development to be erected in a conspicuous position on the land for a period of twenty-one days from the date of publication of the notice referred to in paragraph (b) of this Clause.

6.2.3 If notices have been given, after expiration of twenty-one days from the publication of the notice, the erection of the notice or the posting of the notice to the owners and occupiers, whichever is the later, the Council shall consider and determine the application.

6.3 Determination of Application for Planning Consent

6.3.1 In determining an application for Planning Consent, the Council may consult with any authority which, in the circumstances, it thinks appropriate.

6.3.2 The Council having regard to any matter which it is required by the Scheme to consider, to the purpose for which the land is reserved, zoned or approved for use under the Scheme, to the purpose for which land in the locality is used, and to the orderly and proper planning of the locality and the preservation of the amenities of the locality, may refuse to approve any application for Planning Consent or may grant its approval unconditionally or subject to such conditions as it thinks fit.

6.3.3 Where the Council approves an application for Planning Consent for the use or development of land under this Scheme, the Council may limit the time for which that Approval remains valid.

6.3.4 The Council shall issue its decision in respect of an application for planning consent in the form prescribed in Schedule 1B to the Scheme.

6.4 Deemed Refusal of Planning Consent

6.4.1 Where the Council has not within sixty days of the receipt by it of an application for Planning Consent either conveyed its decision to the applicant or given notice of the application in accordance with Clause 6.2, the application is deemed to have been refused.

6.4.2 Where the Council has given notice of an application for Planning Consent in accordance with Clause 6.2 and where the Council has not within ninety days of receipt by it of the application conveyed its decision to the applicant, the application is deemed to have been refused.

6.4.3 Notwithstanding that application for planning consent may be deemed to have been refused under Clause 6.4.1 or 6.4.2, the Council may issue a decision in respect of the application at any time after the expiry of the sixty day or ninety day period specified in those clauses, as the case may be.

Part VII—Administration

7.1 Powers of the Scheme

The Council, in implementing the Scheme, has in addition to all other powers vested in it, the following powers:

- (a) The Council may enter into any agreement with any owner, occupier or other person having an interest in land affected by the provisions of the Scheme in respect of any matters pertaining to the Scheme.
- (b) The Council may acquire any land or buildings within the district pursuant to the provisions of the Scheme or the Act. The Council may deal with or dispose of any land which it has acquired pursuant to the provisions of the Scheme or the Act in accordance with law and for such purpose may make such agreements with other owners as it considers fit.
- (c) An officer of the Council, authorised by the Council for the purpose, may at all reasonable times enter any building or land for the purpose of ascertaining whether the provisions of the Scheme are being served.

7.2 Offences

7.2.1 A person shall not erect, alter or add to or commence to erect, alter or add to a building or use or change the use of any land, building or part of a building for any purpose:

- (a) otherwise than in accordance with the provisions of the Scheme;
- (b) unless all consents required by the Scheme have been granted and issued;
- (c) unless all conditions imposed upon the grant and issue of any consent required by the Scheme have been and continue to be complied with;
- (d) unless all standards laid down and all requirements prescribed by the Scheme or determined by the Council pursuant to the Scheme with respect to that building or that use of that part have been and continue to be complied with.

7.2.2 A person who fails to comply with any of the provisions of the Scheme is guilty of an offence and without prejudice to any other remedy given herein is liable to the penalties prescribed by the Act.

7.3 Act
