FISHERIES ACT 1905

NORTH COAST SHARK FISHING (PROFESSIONAL) NOTICE 1993

Notice No. 602

FD File 615/91.

Made by the Minister under sections 9 and 10.

Citation

1. This notice may be cited as the *North Coast Shark Fishing (Professional) Notice 1993*.

Interpretation

2. In this notice unless the contrary intention appears—

“attended” means within 100 metres of the nearest part of the line;

“demersal gillnet” means any net intended or used for the taking of fish that when set is wholly or partially in continuous or intermittent contact with the sea bed;

“pelagic gillnet” means any net intended or used for the taking of fish that has a mesh size greater than 114 millimetres and is not a demersal gillnet;

“power hauled” means any method or means of hauling a net on board a boat other than solely by hand;

“shark longline” means any longline that uses any metal material in the snood;

“shark dropline” means any dropline which uses any metal material in the snood; and

“snood” means the short line attaching a hook to the main line of any fishing line.

Prohibition on using shark fishing gear

3. All persons, other than the class of persons described in Schedule 1, are prohibited from using, for the purpose of taking or attempting to take fish, from the waters specified in Schedule 2 any equipment of the type specified in Schedule 3.

Exemption

4. Notwithstanding the provisions of Clause 3—

(a) a person who is not operating from a licensed fishing boat may use hand lines, rod reel and lines or one attended set line with metal material in the snood or snoods provided that the line does not have more than 3 hooks or gangs of hooks attached; or

(b) a licensed professional fisherman may use gillnets in the Kimberley Gillnet and Barramundi Limited Entry Fishery* if those nets are being used from a fishing unit authorised to be operated in the Fishery and in accordance with the provisions of the notice declaring the Fishery.

Schedule 1

The holder of a professional fisherman's licence using a boat operating under a Fishing Boat Licence, provided that the Fishing Boat Licence is endorsed to permit the use of that boat to take fish from within the waters specified in Schedule 2 using any of the equipment specified in Schedule 3.

Schedule 2

FISHERIES ACT 1905**PART IIIB—PROCESSING LICENCE**

The public is hereby notified that I have issued a permit to L. W. Schwinning of Norindo Fishing and Trading Co WA Pty Ltd to establish a processing establishment to process fish in pursuance of the provisions of section 35C of the Fisheries Act 1905 onboard licensed fishing boat "Tenggiri", registered number LFB F776, subject to the following conditions—

That the processing establishment—

1. Shall comply with the requirements of the Fisheries Act 1905, and all Regulations, Orders in Council and Notices and Ministerial Directions issued thereunder.
2. Shall not be used for the processing of rock lobster, abalone, tuna or salmon.
3. Shall comply with the requirements of the Health Act 1911.
4. Shall be registered as an export establishment pursuant to the provisions of the Parliament of the Commonwealth Export Control Act 1982, and orders made thereunder, more specifically the Prescribed Goods (General) Orders and the Fish Orders, should it be used to process fish for export.
5. Shall not be used for the processing of marron (*Cherax tenuimanus*) unless a licence is held under section 39C of the Fisheries Act 1905.
6. Shall not be used for the processing of fish or crustacea caught by any other vessel.

In accordance with the provision of section 35K, any person aggrieved by this decision may, within fourteen days after publication of this notice, appeal against the decision or order by serving on the Minister of Fisheries a statement, in writing on the grounds of their appeal.

P. P. ROGERS, Executive Director.

- (a) a person shall not work underground for more than 12 hours in any day except as provided for under section 39 (3);
- (b) a person whose principal place of employment is underground shall not work underground for more than 8 shifts or parts of shifts in any 14 day period;
- (c) a person whose principal place of employment is on the surface shall not —
 - (i) work in contravention of section 38 (1) (a);
 - (ii) work for more than 21 days in any 28 day period, which period of work shall be deemed to include the 24 hours break required under subparagraph (iii), except that a specialist consultant who works for the Company for short periods as required may work for periods in excess of 28 days in order to complete a particular assignment;
 - (iii) work for more than 14 consecutive days without a break of not less than 24 hours;

- (iv) subject also to the provisions of paragraph (a), work underground for more than 8 hours in any 24 hour period, except when engaged in emergency repairs to the underground crushing, hoisting and conveying systems, the main mine dewatering system or the main mine ventilation system or when carrying out work provided for under section 39 (3);
- (d) a person required to work underground shall take a mid-shift "crib-break" of not less than 30 minutes duration on surface and the duration of that break shall not include the time necessary for travelling between the underground work-place and the surface eating place;
- (e) biological monitoring for lead levels in the blood of each person who is or who may be required to work underground shall be undertaken at regular intervals not exceeding 6 months and the results of the monitoring shall be reported in writing by the registered manager to the district inspector of mines;
- (f) the blood lead level of each person who is or who may be required to work underground shall be measured, recorded and reported in writing by the registered manager to the district inspector of mines, prior to that person commencing work at the mine site;
- (g) the code of practice on industrial hygiene with reference to lead in the working environment which has been approved by the Ventilation Board is implemented and enforced by the registered manager;
- (h) any proposed variations in the Cadjebut Mine Ventilation System involving significant departure from the document entitled "Primary Ventilation Optimisation Closeout Report" and dated 17 November 1992 be submitted to the Regional Mining Engineer, Karratha for assessment and approval prior to implementation;
- (i) the air in every part of the underground workings of the mine where persons are working shall be maintained so as not to exceed any of the following wet bulb or dry bulb temperatures —
- 45.5° dry bulb
 - 45.0° dry bulb and 28.0°C wet bulb
 - 44.0° dry bulb and 28.5°C wet bulb
 - 42.0° dry bulb and 29.0°C wet bulb
 - 41.5° dry bulb and 29.5°C wet bulb
 - 40.5° dry bulb and 30.0°C wet bulb
 - 30.0° wet bulb
- (j) in all parts of the underground workings of the mine where the dry bulb temperature exceeds or is likely to exceed 40.C°, the ventilation officer shall make a daily determination of the wet bulb and dry bulb temperatures using a whirling hygrometer equipped with the thermometers which comply with the requirements of British Standard 2842, and shall record the wet bulb and dry bulb temperature so determined in the ventilation record book;
- (k) an adequate supply of cold water for drinking shall be provided to all persons who are required to work underground;
- (l) in all underground working places and travelling ways where the air velocity would otherwise be less than 0.5 metres per second, ventilation equipment is provided to ensure that the velocity of the ventilating air current is maintained at not less than 0.5 metres per second;
- (m) the registered manager ensures that all persons who are or may be required to work or travel underground in any area of the mine where the wet bulb temperature exceeds or is likely to exceed 25°C receive adequate training in the treatment of persons suffering from heat-related illness or bodily disorder attributable to heat in the working environment;

- (n) the registered manager shall be responsible for the reporting to the district inspector of mines by the fastest practicable means available of any heat-related illness or bodily disorder attributable to heat in the working environment and also shall be responsible for the recording of the same in the mine record book; and
- (o) adequate cool rest areas on the surface shall be provided for the use of persons who are or may be required to work underground and that the environmental conditions in those rest areas are maintained so that the depression between the dry bulb and wet bulb temperature is more than 5°C and the wet bulb temperature is not less than 16°C.

No dwelling house, outbuilding or structure shall be constructed unless it is within a building envelope defined on the Subdivision Guide Plan. 13. Where, for the purpose of retaining natural flora, sound environmental reasons or the physical constraints of a site dictate, Council may set an alternative building envelope.

(a) Location of Zone	(b) Permitted Use and Conditions of Development
	Existing Trees
	14. Existing trees to be retained on-site except for the provision of building envelopes, driveways or necessary fire breaks.
	Tree Planting
	15. At the time of development approval each lot owner will be required to plant and maintain for a period of 2 years 50 trees of a species native to the area and capable of growing to at least 3 metres in height.
	Stream Protection
	16. The approved subdivision guide plan shows a Stream Protection Area. Within this area the following conditions will apply—
	(i) Dams may not be constructed, nor the flow of water artificially retarded unless with the prior approval of the Water Authority of Western Australia (WAWA) and Council. Dams existing prior to the gazettal of this amendment are to be maintained in a safe condition to the satisfaction of the WAWA and the Council and their use is to remain consistent with that existing prior to the amendments gazettal.
	(ii) Pumping or diversion of water from the Stream Protection Area is not permitted unless with the prior approval of the WAWA and the Council.
	(iii) Modification to a stream course, bed or banks is not permitted unless with the prior approval of the WAWA and the Council.
	(iv) If, in the opinion of WAWA and the Council the activities of livestock within the Stream Protection Area are contributing to erosion, pollution of the stream or the degradation of vegetation, the landowner may be required to erect and maintain a fence of satisfactory standard in order to protect the area and exclude livestock therefrom.
	(v) Cultivation of land or spraying of pesticides or herbicides, or the application of non-nitrogenous fertiliser is not permitted unless with the prior approval of the WAWA and the Council, but the provision does not preclude the carrying out of control for weeds or pests in accordance with the requirements of the Agriculture Protection Board.

TOWN PLANNING AND DEVELOPMENT ACT 1928
City of Armadale
APPROVED TOWN PLANNING SCHEME AMENDMENT
Town Planning Scheme No. 2—Amendment No. 85

Ref: 853/2/22/4, Pt. 85.

It is hereby notified for public information, in accordance with section 7 of the Town Planning and Development Act 1928, that the Hon Minister for Planning approved the City of Armadale Town Planning Scheme Amendment on 15 May 1993, for the purpose of—

1. Amending clause 5.1.2 to read as follows—

“A person shall not park a commercial vehicle in excess of 3 tonnes combined tare weight within the Residential Zone except for delivery or loading purposes normally associated with a residential use.

A person may park on a lot in the Residential Zone not more than one commercial vehicle in excess of 3 tonnes combined tare weight with the approval of the Council, subject to the following requirements being achieved—

- (i) property size to be over 600 m²;
- (ii) a commercial vehicle in excess of 8 tonne (ctw) and/or 6 m in length will not be permitted to park on a lot less than 1 000 m²;
- (iii) a commercial vehicle, rigid or articulated, with or without trailers exceeding 10 tonne (ctw) and/or 11 m in length will not be permitted on any Residential zoned property;
- (iv) approval shall only be granted where the following circumstances apply—
 - (a) the lot on which the vehicle is parked contains only a single detached dwelling and associated outbuildings but excludes any ancillary accommodation described in Residential Planning Codes;
 - (b) on-site provision for housing the vehicle in a garage or parking of the vehicle behind the front building setback line, is made in a manner satisfactory to the Council;
 - (c) where the lot on which the vehicle is to be parked is less than 1 000 m², the vehicle and its load shall not exceed 3 m in height;
 - (d) maintenance to be limited to oil and grease and change of wheels and tyres; no panel-beating, spray-painting or removal of body or engine parts; maintenance only permitted between the hours 8.00 am and 8.00 pm Monday to Friday and 9.00 am and 6.00 pm Saturday and Sunday;
 - (e) any noise created by the vehicle shall not exceed the standards for the relevant area set out in the “Noise Provisions of the Environmental Protection Act 1986”;
 - (f) the amenity of the neighbourhood shall not be prejudicially affected by the emission of light, noise, vibration, smell, fumes, smoke or dust;
 - (g) the vehicle shall not be laden with or used for the transportation of livestock or laden with an operating refrigeration unit or units;
 - (h) if, in the opinion of the Council, a nuisance or annoyance to the owners or occupiers of land in the neighbourhood is caused, the Council may revoke or refuse to renew its approval;
 - (i) the approval shall be valid for 12 months only but may be renewed annually at the discretion of the Council;
 - (j) any other conditions the Council thinks necessary or desirable.”

2. Amending clause 5.2.3 to read as—

“The provisions of Clause 5.1.2, other than Part (iii) of the Clause apply to the Rural Zone as if the reference in that Clause to the Residential Zone were a reference to the Rural Zone and the reference to residential use were to a use permitted in the Rural Zone, but nothing in Clause 5.1.2 as applied by this Clause to the Rural Zone restricts the parking of a commercial vehicle used for the purpose of an approved rural use or rural industry.”

3. Amending clause 5.3.1 to read as—

“The provisions of Clause 5.1.2, other than Part (iii) of that Clause, apply to the General Rural Zone as if the reference in that Clause to the Residential Zone were a reference to the General Rural Zone and the reference to residential use were to a use permitted in the General Rural Zone, but nothing in Clause 5.1.2 as applied this Clause to the General Rural Zone restricts the parking of a commercial vehicle used for the purpose of an approved rural use or rural industry.”

4. Inserting the following interpretation in alphabetical sequence in clause 1.7 (interpretation section) of the Scheme—

“Commercial Vehicle—

Means a licensed or unlicensed vehicle designed or used primarily for commercial or industrial purposes which has a tare weight in excess of 3 tonnes and may include vehicles described in the First Schedule of the Road Traffic Act 1974-82.” (as amended).

ZZ401**IN THE HIGH COURT OF AUSTRALIA**

Matter No: M 47 of 1993.

Between Ian Sykes, Petitioner and Australian Electoral Commission, Respondent.

In the Matter of the Commonwealth Electoral Act 1918 and

In the Matter of the Election of each Member in the House of Representatives in The Commonwealth Parliament on 13th March and 17th April 1993 and

In the Matter of the Election of each Member for the Senate of the Commonwealth Parliament on 13th March 1993.

PETITION

Petitioning the Court of Disputed Returns Ian Sykes who was and is qualified to vote for a member of the House of Representatives for Wills and for senators from Victoria disputes each seat in both the senate and House of Representatives polls of 13 March and 17 April 1993 for the Commonwealth Parliament

- | | |
|----------------|--|
| On the Grounds | The Australian Electoral Commission wrongly— |
| "A" | Used a double negative on the question of eligibility making each candidate's declaration on section 44 of the constitution uncertain and causing the rejection of a valid nomination and |
| "B" | Failed to ask if candidates had renounced rights and privileges of a foreign power to that power making it uncertain if any candidate was capable of sitting under section 44i of the constitution and |

"C"

Accepted for the seat of Wills the invalid nominations of:

Cecil Murgatroyd who residing in and a citizen of New Zealand breached sections 34 and 44i of the constitution and

Vasilios Kardamitsis and Jack Minas without their attestations they had irrevocably renounced to the Greek Minister concerned their rights and privileges in Greece and

Katheryne Savage who breached section 44iv of the constitution by being a paid councillor of the City of Coburg which is an office of profit under the Crown and

Philip Cleary who being insolvent breached section 44iii of the constitution and

Ken Mantell who failed to give an address and

Rejected the valid nominations of:

I Ian Sykes who complied with the Commonwealth Electoral Act 1918 and was a citizen entitled to restand for Wills and

"D"

II Daniel Hogarty as a senate candidate from Victoria for answering No to the question in "A" above

And prays for relief that if—

"A" is upheld

These elections be voided

"B" arises

Such seats be voided as the court deems fit

"C or C" I arises

The Wills election be voided

"D" II arises

The election of these senators from Victoria be voided

And for the relief of costs and any other order the court deems fit.

Reprinted Statutes

Individual Acts and Regulations are from time to time reprinted under the *Reprints Act 1984* incorporating all amendments up to a particular date.

This program is managed by the Crown Law Department.

A standing order for either Acts or Regulations may be placed with State Print for all Reprints that become available.

Where this is done, a charge will be made for each Reprint at the time of supply.

If a customer wishes to be placed on either or both mailing lists, send written notification to:
