PERTH, FRIDAY, 11 JUNE 1993 No. 82

PUBLISHED BY AUTHORITY G. L. DUFFIELD, GOVERNMENT PRINTER AT 3.30 PM

Publishing Details

The Western Australian *Government Gazette* is published by State Print for the State of Western Australia on Tuesday and Friday of each week unless disrupted by Public Holidays or unforeseen circumstances (changes to this arrangement will be advertised beforehand on the inside cover).

Special *Government Gazettes* and Extraordinary *Government Gazettes* are published periodically, only the special gazettes are included in the subscription price.

The following guidelines should be followed to ensure publication in the *Government Gazette*.

- Material submitted to the Executive Council and which requires gazettal will require a copy of the signed Executive Council Minute Paper and in some cases the Parliamentary Counsel's Certificate.
- Copy should be received by the Manager, Law Publisher no later than 3.00 p.m. on Wednesday (Friday edition) or 3.00 p.m. on Friday (Tuesday edition).
- Lengthy or complicated notices should be forwarded several days before advertised closing date for copy. This is to ensure inclusion in current edition. Failure to observe this request could result in the notice being held over until the following edition.
- Proofs will be supplied only when requested.
- No additions or amendments to material for publication will be accepted by telephone.

Send copy to:

The Manager,
Law Publisher
State Print
Station Street, Wembley, 6014
Telephone: 383 8851 Fax: 383 8888

Advertisers should note:

- All Notices should be written in 'plain English'.
- Signatures (in particular) and proper names must be legible.
- All copy should be typed and double spaced.
- If it is necessary through isolation or urgency to communicate by facsimile, confirmation is not required by post. If original copy is forwarded later and published, the cost will be borne by the advertiser.
- Documents not clearly prepared and in the required format for gazettal, will be returned to the sender unpublished.
- Late copy received at Law Publisher will be placed in the following issue irrespective of any date/s mentioned in the copy.

FREEDOM OF INFORMATION ACT 1992

(No. 76 of 1992)

PROCLAMATION

WESTERN AUSTRALIA
FRANCIS BURT,
Governor.
[L.S.]

} By His Excellency the Honourable Sir Francis
Theodore Page Burt, Companion of the Order of
Australia, Knight Commander of the Most Disting-
uished Order of Saint Michael and Saint
George, Queen's Counsel, Governor of the State
of Western Australia.

I, the Governor, acting under section 2 of the Freedom of Information Act 1992, and with the advice and consent of the Executive Council, fix the day on which this proclamation is published in the *Government Gazette* as the day on which Divisions 1 and 2 of Part 4 of that Act come into operation.

Given under my hand and the Public Seal of the State on 25 May 1993.

By His Excellency's Command,

CHERYL EDWARDES, Attorney General.

HEALTH ACT 1911

Shire of Greenough

Health By-laws Eating Houses

Pursuant to the provisions of the Health Act 1911 the Shire of Greenough, being a Local Authority within the meaning of the Health Act 1911, having adopted the Health By-laws—Eating Houses of the Shire of Greenough, which were published in the *Government Gazette* on the 7th day of December, 1979 are hereby amended in the following manner:

Seventh Schedule

The Seventh Schedule is amended by the deletion of the Seventh Schedule and the replacement thereof of a new Schedule to read as follows:

Seventh Schedule

1. The Scale of Fees to be paid on the registration and annually thereafter by the proprietor of a Eating House shall be Forty Dollars (\$40.00).
2. The Scale of Fees to be paid annually for a licence for the proprietor shall be Ten Dollars (\$10.00).

Passed by resolution at a meeting of the Greenough Shire Council held on the Twenty Eighth day of February, 1992.

Dated this 26th day of February, 1993.

GORDON SAINSBURY GARRATT, President.

WILLIAM THOMAS PERRY, Shire Clerk.

Confirmed:—

R. S. W. LUGG, delegate of Executive Director Public Health.

Approved by His Excellency the Governor in Executive Council on this 8th day of June 1993.

D. G. BLIGHT, Clerk of the Council.

HEALTH ACT 1911*Town of Cottesloe*

By-law Relating to Eating Houses

Whereas under the provisions of the Health Act 1911, a local authority may make or adopt by-laws and may alter, amend or repeal any by-laws so made or adopted, the Town of Cottesloe being a local authority within the meaning of the Act, and having adopted the By-law Relating to Eating Houses made by it and published in the *Government Gazette* on 22nd January, 1988 has resolved and determined that the adopted by-laws shall be amended as follows:—

1. Delete the whole of the third Schedule, scale of fees and replace with a new "Third" Schedule, *viz.*

Third Schedule

Scale of Fees

1. The fee payable upon the issue of a licence to conduct an Eating House shall be—
 - (i) from the 1st July, 1993 \$10.00
 - (ii) from the 1st July, 1994 \$20.00
 - (iii) from the 1st July, 1995 \$30.00

2. The fee payable upon registration of an Eating House shall be—

RADIATION SAFETY ACT 1975

RADIATION SAFETY (GENERAL) AMENDMENT REGULATIONS (NO. 2) 1993

Made by His Excellency the Governor in Executive Council.

Citation

1. These regulations may be cited as the *Radiation Safety (General) Amendment Regulations (No. 2) 1993*.

Principal regulations

2. In these regulations the *Radiation Safety (General) Regulations 1983** are referred to as the principal regulations.

[* *Published in the Gazette of 21 February 1983 at pp. 555-636.*
For amendments to 22 April 1993 see 1991 Index to Legislation of Western Australia, p. 460 and Gazettes of 24 January, 26 June and 7 August 1992.]

Regulation 3 amended

3. Regulation 3 of the principal regulations is amended by inserting in the appropriate alphabetical positions the following definitions —

- “ “designated radiation worker” means radiation worker designated by a registrant, a radiation safety officer or the Council as having an occupational radiation exposure with the potential to exceed the dose equivalent limits specified in Schedule I; ”;
- “ “fluoroscopy” means the use of a continuous or pulsed x-ray beam to produce a dynamic real time image, the duration of which is not predetermined before the exposure is initiated; ”;

- “ **“personal monitoring device”** means device designed to detect and measure the radiation dose received by a person; ”;
- “ **“qualified expert”** means expert whose qualifications are approved; ”;
- “ **“registrant”** means person in whose name premises are registered; ”.

Regulation 11 amended

4. Regulation 11 of the principal regulations is amended by inserting after subregulation (3) the following subregulation —

- “ (3a) Where an employer receives a dose assessment report from a radiation monitoring organization, the employer shall promptly inform each radiation worker assessed of the results of his assessment. ”.

Regulation 23 amended

5. Regulation 23 of the principal regulations is amended by repealing subregulation (6).

Regulation 25 repealed and regulations substituted

6. Regulation 25 of the principal regulations is repealed and the following regulations are substituted —

“ Personal monitoring devices

25. (1) Unless subregulation (7) applies or the Council has granted a registrant an exemption in writing, a registrant shall ensure that an approved personal monitoring device is issued to every designated radiation worker on the registered premises or on a field site, and that every such worker is given adequate instruction and training in the use of the device.

(2) The Council may in writing require a designated radiation worker to wear on various parts of the body personal monitoring devices of a kind nominated by the Council.

(3) A registrant shall ensure that —

- (a) a personal monitoring device is used by a designated radiation worker for not longer than the period specified in the literature issued with the device;
- (b) except where otherwise approved, every designated radiation worker is instructed to wear the personal monitoring device issued to him during the course of his work and under any radiation protective clothing that is used;
- (c) every designated radiation worker is instructed that the personal monitoring device issued to him is not to be worn or used by any other person except in approved circumstances;
- (d) every designated radiation worker is instructed to take care to protect the personal monitoring device issued to him as far as practicable from heat, chemicals, immersion and ionizing radiation while the device is not being worn;
- (e) at the end of its permitted period of use, each personal monitoring device is returned to the monitoring organization for assessment, together with a statement of the name of the designated radiation worker who wore the device and the kinds of radiation to which he may have been exposed.

(4) A person to whom a personal monitoring device has been issued shall, unless otherwise instructed by the registrant concerned —

- (a) wear the device during the course of his work and under any radiation protective clothing that is used;
and
- (b) not permit the device to be worn by any other person.

(5) A registrant who is also a designated radiation worker shall comply with the obligations that attach to such workers under this regulation.

(6) A person shall not —

- (a) tamper with a personal monitoring device;
- (b) expose a personal monitoring device to radiation deliberately; or
- (c) unnecessarily subject a personal monitoring device to heat, chemicals or other agents that may affect its reading.

(7) Except where otherwise directed by the Council, a person using any of the following kinds of equipment or substances is not required to wear a personal monitoring device —

- (a) fully enclosed x-ray analysis apparatus where interlocks do not have to be bypassed;
- (b) portable mineral analysers or portable alloy analysers;
- (c) radiation gauges that are fixed to structures or equipment and that comply with regulation 27 (4);
- (d) cabinet x-ray apparatus that complies with the NHMRC's Statement on Cabinet X-Ray Equipment (1987) or x-ray apparatus for special applications that complies with the NHMRC's Statement on Enclosed X-Ray Equipment for Special Applications (1987);
- (e) the substances as quantified —

Carbon 14	No limit
-----------	----------

Hydrogen 3	No limit
------------	----------

Iodine 125	≤ 2 MBq
------------	--------------

Sulphur 35	No limit;
------------	-----------

- (f) when used for educational purposes, the substances as quantified —

Americium 241	≤ 0.02 MBq
---------------	-----------------

Caesium 137	≤ 0.2 MBq
-------------	----------------

Cobalt 60	≤ 0.2 MBq
-----------	----------------

Strontium 90	≤ 0.08 MBq
--------------	-----------------

Radium 226	≤ 0.02 MBq.
------------	------------------

(8) In any legal proceedings where it is an issue, it shall be presumed, unless the contrary is proved, that a designated radiation worker to whom a personal monitoring device was issued wore and handled the device in accordance with this regulation.

(9) Where a designated radiation worker who is required to wear a personal monitoring device does not do so, or a device issued to the worker is lost, damaged or destroyed, and it is impossible to ascertain the amount of radiation to which the worker was exposed during the period when the device was not worn, the Council may, taking into account the nature of the employment of the worker, estimate the dose equivalent received by the worker and the dose equivalent estimated shall be presumed, unless the contrary is proved, to be the dose equivalent received by the worker during that period.

(10) Where the type of radiation emitted by a radioactive substance, irradiating apparatus or electronic product is of such a nature that there is no suitable personal monitoring device for measuring that type of radiation, the person in whose name the radioactive substance, irradiating apparatus or electronic product is registered shall —

- (a) immediately notify the Council; and
- (b) make such arrangements as the Council directs in writing for monitoring the radiation.

(11) Without limiting the operation of regulation 57, a person who contravenes this regulation is liable to a minimum penalty of \$100.

Radiation monitoring organizations

25A. (1) A registrant shall only use the services of radiation monitoring organizations that have been approved.

(2) The Council may direct a registrant to require a radiation monitoring organization to provide copies of dose assessments directly to the Council and without delay.

(3) The Council may direct a registrant to authorize direct communication between a radiation monitoring organization and officers authorized by the Council if such direct communication is necessary to facilitate inquiries into a known or suspected radiation dose.

Regulation 36 amended

7. Regulation 36 of the principal regulations is amended —

- (a) by inserting after the regulation designation “36.” the subregulation designation “(1)”; and
- (b) by inserting the following subregulation —

“ (2) Without limiting the operation of regulation 57, a person who contravenes the condition referred to in paragraph (i) of item 3 of Schedule IX is liable to a minimum penalty of \$500.

Schedule IX amended

8. Schedule IX to the principal regulations is amended by deleting item 3 and substituting the following item —

“ 3. In addition to the requirements specified in item 2, in the case of irradiating apparatus that is operated or used for medical or veterinary fluoroscopy —

- (a) the irradiating apparatus shall, for the purpose of viewing fluoroscopic images, always be used in conjunction with an electronic image intensifier;
- (b) the irradiating apparatus shall be so constructed that the entire cross-section of the useful x-ray beam is always intercepted by a primary protective barrier irrespective of the source to image receptor distance;

- (c) the useful x-ray beam shall automatically terminate when that barrier is removed from the useful x-ray beam;
- (d) the primary protective barrier, which includes the electronic image intensifier and adjacent mounting components subject to exposure to the useful x-ray beam, shall have a lead equivalence not less than —
 - (i) 1.5 mm for maximum operating potentials less than or equal to 70 kV(peak);
 - (ii) 2.0 mm for maximum operating potentials greater than 70 kV(peak) and less than or equal to 100 kV(peak);
 - (iii) 2.0 mm for maximum operating potentials greater than 100 kV(peak) plus 0.01 mm for each kV(peak) above 100 kV(peak),

and this lead equivalence shall also apply to radiographic exposures made using the fluoroscopic tube and the associated serial spot film device;

- (e) for mobile fluoroscopic apparatus —
 - (i) the fluoroscopic x-ray beam at the image intensifier input shall be limited by a collimator to a circle or square whose diameter or diagonal respectively is no greater than the diameter of the image intensifier input;
 - (ii) if the user can select a different field size or x-ray tube focus to image intensifier input distance, the collimator shall automatically adjust to comply with these limits;
 - (iii) the size of the x-ray beam at the image intensifier input shall in no case be greater than the area imaged on the television display;
 - (iv) the radiographic x-ray beam shall be limited by a collimator to a size no greater than the image receptor selected and, if the collimation is circular, to a circle whose diameter is no greater than the smallest linear dimension of the image receptor;
 - (v) where a range of discrete radiographic beam sizes can be selected, indication shall be provided on the control panel of the irradiating apparatus to show which beam size has been selected;
 - (vi) if the beam size can be varied continuously, the collimation shall automatically adjust so as not to be greater than the image receptor size selected;
- (f) for other fluoroscopic apparatus —
 - (i) the fluoroscopic x-ray beam at the image intensifier input shall be limited automatically by a collimator to a circle or square whose diameter or diagonal respectively is no greater than the diameter of the image intensifier input regardless of the effective field size or tube focus to image intensifier input distance selected;
 - (ii) the size of the x-ray beam at the image intensifier input shall in no case be greater than the area imaged on the television display;

- (iii) the radiographic x-ray beam shall be limited automatically by a collimator to a size no greater than the image receptor selected and if the collimation is circular, to a circle whose diameter is no greater than the smallest linear dimension of the image receptor;
- (iv) where the apparatus can be used without an intervening tabletop or where the image intensifier is fixed beneath the table (overtable tube fluoroscopy), the x-ray beam shall be defined by a light beam collimator that complies with the requirements of item 2 (c);
- (g) for apparatus where the image intensifier is fixed beneath the tabletop (overtable tube fluoroscopy), control of the fluoroscopic procedure shall be made from a location remote from the table and this location shall be shielded as directed by the Council;
- (h) the minimum distance between the x-ray tube focal spot and the patient support or the patient's skin, depending on the apparatus configuration, shall be as specified in the following Table —

TABLE

APPARATUS CONFIGURATION	PATIENT SUPPORT	MINIMUM DISTANCE
Undertable x-ray tube	Permanently between the x-ray tube and patient	400 mms between the x-ray tube focal spot and the patient support
Overtable x-ray tube	Permanently between the image intensifier and patient	700 mms between the x-ray tube focal spot and the patient support
Mobile C-arm apparatus	May or may not be permanently in the useful x-ray beam	200 mms between the x-ray tube focal spot and the patient's skin
Other fluoroscopic apparatus	May or may not be permanently in the useful x-ray beam	700 mms between the x-ray tube focal spot and the input surface of the image intensifier

- (i) except where it cannot reasonably be avoided, no person shall operate mobile fluoroscopic apparatus in such a manner that the distance between the x-ray tube focus and the patient entrance surface is less than 300 mms;
- (j) a timing device shall be provided to indicate the elapsed fluoroscopic exposure time and an audible signal requiring manual resetting shall provide a warning to the fluoroscopist at intervals not exceeding 5 minutes and provision shall be made for the display to be set to zero for each patient but resetting of the alarm need not necessarily also reset the timer to zero;

- (k) subject to paragraphs (l) and (m), the maximum absorbed dose rate in air for the apparatus configurations specified in the following Table at the measurement points and under the conditions specified in that Table shall not exceed 50 milligray per minute —

TABLE

APPARATUS CONFIGURATION	PATIENT SUPPORT	MEASUREMENT POINT	OTHER CONDITIONS
Undertable x-ray tube	Permanently between the x-ray tube and patient	10 mms from the patient support on the patient side of the support	Shortest distance between the x-ray tube focal spot and patient
Overtable x-ray tube	Permanently between the image intensifier and patient	300 mms above the patient support on the x-ray tube side of the support	Shortest distance between the x-ray tube focal spot and patient
C-arm or U-arm apparatus where the x-ray tube and image intensifier are mechanically linked	May or may not be permanently in the useful x-ray beam	300 mms from the input surface of the image intensifier	Shortest distance between the x-ray tube focal spot and the image intensifier but not less than 400 mms from the x-ray tube focal spot
Other fluoroscopic apparatus	May or may not be permanently in the useful x-ray beam	400 mms from the x-ray tube focal spot or the minimum distance, whichever is greater	

- (l) notwithstanding paragraph (k), where the apparatus is fitted with automatic dose rate control and a higher dose rate is temporarily required, a maximum dose rate in air of 100 milligray per minute is permitted for the apparatus configurations specified in the Table to paragraph (k) at the measurement points and under the conditions specified in that Table, subject to the higher dose rate facility —
- (i) being activated by a clearly identified control requiring a deliberate action by the fluoroscopist;
 - (ii) being accompanied during activation by —
 - (A) a continuous signal audible to the fluoroscopist and distinguishable from the signal required under paragraph (j); or
 - (B) an identified and readily distinguishable visible signal at the image viewing position occupied by the fluoroscopist; and
 - (iii) automatically returning to the lower dose rate setting if the higher dose rate facility is —
 - (A) not activated by a “dead man” switch; and
 - (B) unused for 5 minutes or more or otherwise disconnected from the power source;

- (m) paragraph (k) does not apply during pulsed cinefluorography or electronic radiography;
- (n) for apparatus with automatic dose rate control, or at 90 kV(peak) for apparatus with semi-automatic dose rate control, the dose rate in air measured under the conditions specified in the Table to paragraph (k) with the x-ray beam attenuated by a methyl methacrylate and aluminium abdominal phantom, as defined in American National Standards Institute publication ANSI PH2.43-1982, item 3.1, shall not exceed 15 milligray per minute;
- (o) the apparatus shall provide either an analogue or digital display to indicate both the fluoroscopic x-ray tube voltage and the fluoroscopic current whenever the x-ray tube is energized;
- (p) the fluoroscopic exposure switch shall be "dead man" and foot switches shall be protected against accidental activation;
- (q) for conventional undertable x-ray tube fluoroscopic apparatus —
 - (i) an apron or drape consisting of overlapping segments and providing shielding equivalent to not less than 0.5 mm of lead shall be attached to the edge of the serial changer in such a way that there is no gap between the drape and the serial changer or between the segments when the drape hangs vertically and unobstructed;
 - (ii) the apron or drape shall not be smaller in width than the width of the serial changer measured parallel to the table length and shall be long enough to reach the tabletop with the table horizontal and the serial changer at its maximum height above the table;
 - (iii) any bucky slot opening in the side of the table adjacent to the person performing fluoroscopy shall be covered during fluoroscopy with a barrier equivalent to not less than 0.5 mm lead. ”.

HEALTH ACT 1911*Town of Mosman Park*

Whereas under the provisions of the Health Act 1911 (as amended) a local authority may make by-laws and may amend, repeal or alter any by-laws so made: Now therefore, the Council of the Municipality of Town of Mosman Park, being a local authority within the meaning of the Health Act 1911, having made Health By-Laws—Eating Houses as published in the *Government Gazette* on 29 April 1949, doth hereby resolve that the by-laws shall be amended as follows.

1. By deleting by-law 1 and the heading thereto, and inserting in lieu thereof the following—

Interpretations

1. In these by-laws unless the context otherwise requires—

“Act” means the Health Act, 1911;

“Environmental Health Officer” means any person appointed by the Local Authority to be an environmental health officer pursuant to the provisions of the Act;

“licence” means a licence to conduct an eating house granted pursuant to the provisions of these by-laws;

“Local Authority” means the Municipality of the Town of Mosman Park;

“prescribed date” means for the purposes of the Act, the date upon which these amendments come into operation.

“Principal Environmental Health Officer” means the Principal Environmental Health Officer of the Local Authority and includes any person acting in that capacity;

“registered premises” means any premises which are registered as an eating house under these by-laws;

“restaurant” means any eating house wherein meals are consumed by the public and does not include tea-rooms or take-away food premises;

“Schedule” means a schedule to these by-laws;

“take-away food premises” means any eating house other than a restaurant or tea rooms where meals are prepared and served in a state in which they may be taken away from the eating house and consumed in that state but does not include premises in which meals are prepared and served but not eaten on the premises where those premises also have provision or facilities for meals to be eaten on the premises;

“tea room” means any eating house where the only meals served or prepared for service are tea, coffees and similar beverages, all products of wholesale pastry cooks, sandwiches, buns and bread rolls containing filling which do not require cooking on the premises, toast, salads, cold meats, boiled, scrambled and poached eggs, omelettes, saveloys boiled in water, beef tea, and other extracts or soups, and food supplied in tins or similar containers which need only to be heated to be prepared for service;

“Town Clerk” means the Town Clerk or the Acting Town Clerk of the Municipality of the Town of Mosman Park;

The terms “eating house”, “meals”, “prescribed date” and “proprietor” shall have the same meanings as are given to them in section 160 of Division 3 of Part V of the Act.

2. By deleting by-law 2 and inserting in lieu thereof the following—

Classification

2. for the purposes of this by-law eating houses are classified as—

(a) restaurants;

(b) take-away food premises;

(c) tea rooms

3. By deleting the heading Part 2—Dining Rooms where it occurs immediately after by-law 2.

4. By deleting by-laws 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 and 13 and inserting in lieu thereof the following—

3. No person shall occupy or use any premises, or be concerned in the management or control of any premises, as a restaurant, tea rooms or take-away food premises unless—

(1) The premises are registered under these by-laws as a restaurant, tea room or take-away food premises, as the case may be, and

6. By deleting by-law 15, and the heading thereto and inserting in lieu thereof the following—

Proprietor's Obligations

24. The proprietor of every eating house shall—
- keep or cause to be kept clean and in good condition and repair the floors, walls, ceiling and all portions of the premises and all fittings, stoves, ranges, utensils, implements, shelves, counters, bins, cabinets, fixtures, sinks, drain-boards, drains, grease-traps, tubs, vessels and things of the like description used on the premises or in connection with the preparation or storage of food thereon.

- (2) Provide all furniture, fixtures, counters, bins, sinks, drain-boards, grease-traps, tubs, vessels, fittings, utensils, implements, and things for use on the premises as the Principal Environmental Health Officer may from time to time direct for the proper conduct of the business.
- (3) Construct and arrange or cause to be constructed or arranged all furniture, fixtures, counters, bins, sinks, drain-boards, tubs, vessels, fittings, utensils and things in every kitchen, serving room and scullery on the premises so that the floor in every such room or place may at all times be kept in a thoroughly clean and sanitary condition.
- (4) Not keep or use any floor covering that is absorbent or in such a condition as to allow the lodgment of dirt thereunder, in any area used for the storage or preparation of food.
- (5) Provide and properly maintain at all times suitable and effective means for keeping and keep every room or compartment of the premises free from dust, rats, mice, cockroaches, flies, spiders, bugs, ants, moths and all other vermin, and if in the opinion of an Environmental Health Officer effective means and methods of cleansing and eradication of vermin from the premises cannot be carried out effectively while the ordinary business of the establishment is carried on, then the Local Authority may order the temporary closure of the premises to the public until such time as such cleansing and eradication of vermin has been carried out to the satisfaction of the Principal Environmental Health Officer and the proprietor shall comply with such an order.
- (6) For the purposes of keeping the premises free from rats comply with the provisions of the Town of Mosman Park By-laws and the Model By-laws Series "A" and amendments.
- (7) Keep all portions of the premises free from any unwholesome or offensive odour arising from the premises or the operations carried on thereon.
- (8) Provide and maintain an exhaust type mechanical ventilation hood over every stove, oven, cooking fire, cooking apparatus and similar appliance in accordance with the provisions of the Act and any regulations and by-laws made thereunder. The hood shall be of such a size and so placed as to arrest all steam, effluvia, odours and smoke from the process of cooking or boiling. Such hood shall be fitted with grease filters which at all times prevent all grease from reaching the chimney, duct or flue.

Whilst any stove, oven, cooking fire, cooking apparatus or similar appliance is in operation the hood so provided shall also be in operation.
- (9) Provide and maintain on the premises and in good condition a sufficient number of waste receptacles with closely fitting lids, constructed of galvanised iron or other non-absorbent and non-corrosive material or high density polyethylene carts complying with the local authority's by-laws for the purpose of receiving garbage, waste matter and other refuse arising from the business.
- (10) Comply with any direction from the Local Authority as to the number and type of waste receptacles to be provided on the premises and the place or places where such receptacles shall be kept.
- (11) When required by the Local Authority provide a room for the storage and cleansing of waste receptacles and ensure that such room—
 - (a) is constructed of brick, stone or concrete with the walls rendered and steel trowelled to a smooth even surface;
 - (b) has a concrete floor, graded and drained to a waste outlet to be approved by the Principal Environmental Health Officer;
 - (c) is ventilated by such means as the Principal Environmental Health Officer shall direct;
 - (d) is provided with a hose cock connected to the main water supply;
 - (e) is provided with an impervious roof and a flyproof door; and
 - (f) is of sufficient size to store all waste receptacles used in connection with the eating house.
- (12) Forthwith after garbage, waste matter and other refuse is produced place the same in the waste receptacles provided and kept in accordance with sub by-law (9) and remove or cause the contents of such waste receptacles to be removed from the premises as directed by the Principal Environmental Health Officer.
- (13) Thoroughly cleanse waste receptacles provided and kept in accordance with sub by-law (9) hereof and renew or repair any or all of the aforesaid receptacles as often as is necessary or when required by an Environmental Health Officer so to do.
- (14) Cause all tea towels, dish cloths, table linen, place mats and other table coverings to be kept in a clean and sanitary condition.

- (15) Not permit or suffer any table napkin or serviette which has been used as such or for any other purpose by any person to be placed for use by or to be used by any other person unless such table napkin shall have been thoroughly washed and cleansed since it was previously used.
- (16) Provide a hand basin, together with soap, nail brush and disposable hand towels to every kitchen to enable staff to wash their hands.
- (17) Provide and maintain at all times an adequate supply of hot and cold water to every hand basin.
- (18) Not cause, suffer, or permit any hand basin to be used for any purpose other than personal ablutions and shall not install any hand basin under a counter, table, cabinet console or console table.
- (19) Ensure that whenever a hermetically sealed container (not being one made wholly of glass or stoneware) has been opened the entire contents thereof are removed immediately therefrom and not permit the contents to be kept therein.
- (20) Not permit or suffer any food which is unsound, unwholesome, putrescent or weevilled to be used for food or for the preparation of food or meals.
- (21) Cause any food which is or has become unsound, unwholesome, putrescent or weevilled to be immediately withdrawn from sale, stock or use and placed in the waste food garbage bin.
- (22) Provide adequate and efficient means of refrigeration for the preservation of food.
- (23) Remove or cause to be removed any food which has been served to a person or placed on a table occupied by a person and which has not been consumed or removed by him immediately after that person has finished his refreshment and not permit any food so removed to be served again to any other person on the premises but to cause it immediately to be deposited in the waste food garbage bin, but this paragraph does not apply to—
 - (a) any of the following substances—sugar, pepper, salt, mustard, vinegar, sauces, spices or condiments which are contained in receptacles so that the contents cannot be handled;
 - (b) bread which is placed in a receptacle or container of a design which ensures that the contents are handled only when required.
- (24) Not gut, clean or scale any fish on any portion of the premises unless such portion of the premises shall have been constructed for such purpose and approved in writing by the Principal Environmental Health Officer and shall not store any fish in any kitchen or food store on the premises unless such fish has already been gutted, cleaned, scaled and washed.
- (25) Not allow, permit or suffer any live animal or bird to be kept in or upon any portion of the premises or allow or permit or suffer any animals or bird to be slaughtered and dressed or any poultry, pigeons or game to be plucked in any part of the premises.
- (26) Not allow, permit or suffer the preparation, manufacture, processing, cooking, storage, packing or service of any food in an eating house in which any work is carried on that may or is likely to contaminate such food or affect its wholesomeness or cleanliness.
- (27) Provide and maintain a suitable change room for employees if all of one sex, or suitable separate change rooms for each sex with each change room being at least 3 metres squared in area with an additional 0.7 metres squared of area for each male or female persons above four usually employed on the premises.
- (28) Not permit or suffer any hat or clothing to be placed or kept in any room open to the public or in any kitchen, scullery or food store provided that the patrons may be permitted to hang their hats and coats in any room open to the public.
- (29) Not cause, suffer or permit any food contained in a package, tin or container or any cooking, eating or drinking utensil to be stored in any place other than a cabinet, cupboard or shelf.
- (30) Not use, keep or store or permit to be used, kept or stored any petrol, bottles or containers of liquid petroleum gas, kerosene, benzine, naphtha, alcohol, mineralised or methylated spirit or any volatile liquid (not being an article of food) in any kitchen or room where food is prepared, manufactured, processed, cooked or stored.
- (31) Not permit, suffer or cause to be made or done to or on the registered premises any alteration, addition or other work for any purpose affecting or likely to affect the suitability of the premises for the use specified in the licence granted under this by-law in respect of such premises without the previous consent in writing of the Principal Environmental Health Officer.

- (32) Not permit, suffer or cause any structural alteration to be made to the premises or any portion thereof without first having obtained permission in writing from the Local Authority.
 - (33) Not permit or suffer a greater number of persons to be accommodated at any one time in any public room on the premises than will allow of a ratio of one person to every 1 metre squared of the available floor area of such room.
 - (34) Not permit to be used for any other purpose any cloth used for drying utensils or other articles used for the consumption of food.
 - (35) Not allow any person to be engaged in the preparation, processing, cooking or serving of meals unless that person is wearing clean, washable or disposable clothing and has a cap which adequately covers the hair.
 - (36) Not suffer or permit any food to be prepared, manufactured, processed, cooked or thawed in any room wherein any water closet or urinal or any wash hand basin for use in connection with the same is situated.
 - (37) Cause all drinking straws to be protected from contamination by flies, dust or other sources.
 - (38) Not cause, suffer or permit any spittoon or any article or thing for like use to be kept on the premises.
 - (39) Cause all food to be kept at all times protected from the direct rays of the sun, and immediately upon delivery place any perishable food stuffs into a refrigerated cabinet.
7. By deleting by-laws 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 34, 35, 36, 37, 38, 39 and 40 together with any headings thereto and inserting in lieu thereof the following—

Exemptions

- 25. (i) The proprietor of an eating house which was registered as a dining room or tea room under these by-laws prior to the prescribed date may apply in writing to the Council for an exemption from complying from one or more of the following by-laws 15 (2), 16, 17, 18, 21, 22, 23, 24 (11) and 24 (27);
- (ii) The Council may in its discretion grant or refuse an exemption under these by-laws.

LOCAL GOVERNMENT**LG301****LOCAL GOVERNMENT ACT 1960****City of Rockingham Extractive Industries By-law**

Under the powers conferred upon it by the *Local Government Act 1960*, the Council of the City of Rockingham resolved on 23 March 1993 to make and submit for confirmation by the Governor the following By-law.

Repeal of Previous By-Law

The By-law of the City of Rockingham relating to Extractive Industries published in the *Government Gazette* on 7 February 1963, as amended, is repealed.

Citation

2. This By-law may be cited as the *City of Rockingham Extractive Industries By-law*.

Definitions

3. In this By-law, unless the context otherwise requires—

“Act” means the *Local Government Act 1960* as amended;

“carrying on an extractive industry” has the meaning given to it in section 235 of the Act;

[Note—s.235 of the Act defines “carrying on an extractive industry” to mean quarrying and excavating for stone, gravel and other material.]

“City” means the municipality of the City of Rockingham;

“Council” means the Council of the City;

“district” means the municipal district of the City;

“excavation” includes quarry;

“licence” means a licence issued under this By-law;

“licensee” means the person named in the licence as the licensee;

“secured sum” means the sum required to be paid or the amount of a bond, guarantee or other security under clause 13;

“site” means the land specified by the Council in a licence; and

“Town Clerk” means the Town Clerk of the City and includes an Acting Town Clerk.

Application

4. This By-law—

(a) subject to paragraph (b)—

- (i) applies and has force and effect throughout the whole of the district; and
- (ii) applies to every excavation whether commenced prior to or following the coming into operation of this By-law; and

(b) does not apply to the carrying on of an extractive industry on Crown land or the extraction of minerals under the *Mining Act 1978*.

Extractive Industries Prohibited Without Licence

5. A person must not carry on an extractive industry—

- (a) unless the person is the holder of a valid and current licence; and
- (b) otherwise than in accordance with any terms and conditions set out in, or applying in respect of, the licence.

Applicant to Advertise Proposal

6. (1) Unless the Council approves otherwise, a person seeking the issue of a licence must, before applying to the Council for a licence—

(a) forward by certified mail a notice in the form set out in Schedule 1 to—

- (i) the owners and occupiers of all land adjoining the land upon which it is proposed to excavate; and
- (ii) every authority or person having control or jurisdiction over any of the things referred to in clause 7 (1) (a) (vii) and (viii) within 500 metres from the boundaries of the land or within an area determined by the Council as likely to be affected by the granting of a licence; and

(b) as soon as practicable after complying with the requirements of paragraph (a)—

- (i) forward a copy of the notice to the Town Clerk; and
- (ii) publish the notice in a newspaper circulating in the area in which the proposed excavation is located.

(2) The Council may, within 14 days after receiving a copy of a notice referred to in subclause (1), cause to be displayed, or require the proposed applicant to display, in a prominent position on the land one or more notices—

- (a) in the form set out in Schedule 2;
- (b) the content, size and construction of which have been approved by the Town Clerk;
- (c) specifying particulars of the proposed excavation; and
- (d) inviting objections or comments within 21 days from the placement of the notice.

Application for Licence

7. (1) A person seeking the issue of a licence in respect of any land must apply in the form set out in Schedule 3 and must forward the application duly completed and signed by both the applicant and the owner of the land to the Town Clerk together with—

- (a) 4 copies of a plan of the excavation site to a scale of between 1:500 and 1:2 000 showing—
 - (i) the existing and proposed land contours based on the Australian Height Datum and plotted at 1 metre contour intervals;
 - (ii) the land on which the excavation site is to be located;
 - (iii) the external surface dimensions of the land;
 - (iv) the location and depth of the existing and proposed excavation of the land;
 - (v) the location of existing and proposed roads or other means of vehicle access to and egress from the land and to public roads in the vicinity of the land;
 - (vi) the location of buildings, treatment plant, tanks and other improvements and developments existing on, approved for or proposed in respect of the land;
 - (vii) the location of existing power lines, telephone cables and any associated poles or pylons, sewers, pipelines, reserves, bridges, railway lines and registered grants of easement or other encumbrances over, on, under or adjacent to or in the vicinity of the land;
 - (viii) the location of all existing dams, watercourses, drains or sumps on or adjacent to the land;
 - (ix) the location and description of existing and proposed fences, gates and warning signs around the land; and
 - (x) the location of the areas proposed to be used for stockpiling excavated material, treated material, overburden and soil storage on the land and elsewhere;
- (b) 4 copies of a works and excavation programme containing—
 - (i) the nature and estimated duration of the proposed excavation for which the licence is applied;
 - (ii) the stages and the timing of the stages in which it is proposed to carry out the excavation;
 - (iii) details of the methods to be employed in the proposed excavation, and a description of any on-site processing works;
 - (iv) details of the depth and extent of the existing and proposed excavation of the site;
 - (v) an estimate of the depth of and description of the nature and quantity of the overburden to be removed;
 - (vi) a description of the methods by which existing vegetation is to be cleared and topsoil and overburden removed or stockpiled;
 - (vii) a description of the means of access to the excavation site and the types of roads to be constructed;
 - (viii) details of the proposed number and size of trucks entering and leaving the site each day and the route or routes to be taken by those vehicles;
 - (ix) a description of any proposed buildings, treatment plant, tanks and other improvements;
 - (x) details of drainage conditions applicable to the land and methods by which the excavation site is to be kept drained;
 - (xi) a description of the measures to be taken to minimise noise and dust nuisance, erosion, watercourse siltation and dangers to the general public;
 - (xii) a description of the existing site environment and a report on the anticipated effect that the proposed excavation will have on the environment in the vicinity of the land;
 - (xiii) details of the nature of existing vegetation, shrubs and trees and a description of measures to be taken to minimise the destruction of existing vegetation; and

- (xiv) a description of the measures to be taken in screening the excavation site, or otherwise minimising adverse visual impacts, from nearby roads or other areas;
 - (c) 4 copies of a rehabilitation and decommissioning programme indicating—
 - (i) the objectives of the programme, having due regard to the nature of the surrounding area and the proposed end-use of the excavation site;
 - (ii) whether restoration and reinstatement of the excavation site is to be undertaken progressively or upon completion of excavation operations;
 - (iii) the method by which topsoil is to be replaced and revegetated;
 - (iv) the numbers and types of trees and shrubs to be planted and other landscaping features to be developed;
 - (v) how rehabilitated areas are to be maintained and irrigated; and
 - (vi) the programme for the removal of buildings, plant, waste and final site clean up;
 - (d) evidence that a datum peg has been established on the land related to a point approved by the Council on the surface of a constructed public road or such other land in the vicinity;
 - (e) a certificate from a licensed surveyor certifying the correctness of—
 - (i) the plan referred to in paragraph (a); and
 - (ii) the datum peg and the related point referred to in paragraph (d);
 - (f) evidence that the requirements of clause 6(1) and (2) have been carried out;
 - (g) copies of all land use planning approvals required under any planning legislation;
 - (h) the consent in writing to the application from the owner of the excavation site;
 - (i) any other information that the Council may require; and
 - (j) the licence application fee specified in Schedule 5.
- (2) All survey data supplied by an applicant for the purposes of subclause (1) must comply with Australian Height Datum and Australian Map Grid standards.

Determination of Application

8. (1) The Council may refuse to consider an application for a licence that does not comply with the requirements of clause 7.

- (2) The Council may, in respect of an application for a licence—
- (a) refuse the application; or
 - (b) approve the application—
 - (i) over the whole or part of the land in respect of which the application is made; and
 - (ii) on such terms and conditions, if any, as it sees fit.
- (3) Where the Council approves an application for a licence, it must—
- (a) determine the licence period, not exceeding 21 years from the date of issue; and
 - (b) approve the issue of a licence in the form set out in Schedule 4.
- (4) Where the Council approves the issue of a licence, the Town Clerk upon receipt by the City of—
- (a) payment of the annual licence fee, or the relevant proportion of the annual licence fee to 30 June next, calculated in accordance with Schedule 5; and
 - (b) payment of the secured sum, if any, imposed under clause 13; and
 - (c) the documents, if any, executed to the satisfaction of the Town Clerk, under clause 13,

must issue the licence to the applicant.

(5) Without limiting subclause (2), the Council may impose conditions in respect of the following matters—

- (a) the orientation of the excavation to reduce visibility from other land;
- (b) the appropriate siting of access roads, buildings and plant;
- (c) the stockpiling of material;
- (d) the hours during which excavation work may be carried out;
- (e) the hours during which any processing plant associated with, or located on, the site may be operated;
- (f) the depths below which a person shall not excavate;
- (g) distances from adjoining land or streets within which a person shall not excavate;
- (h) the safety of persons employed at or visiting the excavation site;
- (i) the control of dust and wind-blown material;

- (j) the planting, care and maintenance of trees, shrubs and other landscaping features during the time in which the extractive industry is carried out in order to effectively screen the area to be excavated and to provide for progressive rehabilitation;
- (k) the prevention of the spread of dieback disease;
- (l) the drainage of the excavation site and the disposal of water;
- (m) the restoration and reinstatement of the excavation site, the staging of such works, and the minimising of the destruction of vegetation;
- (n) the provision of retaining walls to prevent subsidence of any portion of the excavation or of land abutting the excavation;
- (o) requiring the licensee to furnish to the Council a surveyor's certificate each year, prior to the renewal fee being payable, to certify the quantity of material extracted and that material has not been excavated below the final contour levels outlined within the approved excavation programme;
- (p) requiring the licensee to enter into an agreement with the Council in respect of any condition or conditions imposed under this By-law; and
- (q) any other matter for properly regulating the carrying on of an extractive industry.

Payment of Annual Licence Fee

9. On or before 30 June in each year, a licensee shall pay to the City the annual licence fee calculated in accordance with Schedule 5.

Transfer of Licence

10. (1) An application for the transfer of a licence must—
- (a) be made in writing;
 - (b) be signed by the licensee and the proposed transferee of the licence;
 - (c) be accompanied by the current licence;
 - (d) include any information that the Council may reasonably require; and
 - (e) be forwarded to the Town Clerk together with the fee set out in Schedule 5.
- (2) Upon receipt of any application for the transfer of a licence, the Council may—
- (a) refuse the application; or
 - (b) approve the application on such terms and conditions, if any, as it sees fit.
- (3) Where the Council approves an application for transfer of a licence, the Council shall transfer the licence by an endorsement on the licence to that effect signed by the Town Clerk.
- (4) Where the Council approves the transfer of a licence it shall not be required to refund any part of the fees paid by the former licensee in respect of the transferred licence.

Cancellation of Licence

11. (1) The Council may cancel a licence where the licensee has—
- (a) been convicted of an offence against—
 - (i) this By-law; or
 - (ii) any other law relating to carrying on an extractive industry; or
 - (b) transferred or assigned or attempted to transfer or assign the licence without the consent of the Council;
 - (c) permitted another person to carry on an extractive industry otherwise than in accordance with the terms and conditions of the licence and of the provisions of this By-law; or
 - (d) failed to pay the annual licence fee under clause 9.
- (2) Where the Council cancels a licence under this clause—
- (a) the Council shall advise the licensee in writing of the cancellation;
 - (b) the cancellation takes effect on and from the day on which the licensee is served with the cancellation advice; and
 - (c) the Council shall not be required to refund any part of the fees paid by the licensee in respect of the cancelled licence.

Renewal of Licence

12. (1) A licensee who wishes to renew a licence must apply in writing to the Council at least 45 days before the date of expiry of the licence and must submit with the application for renewal—
- (a) the fee prescribed in Schedule 5;
 - (b) a copy of the current licence;
 - (c) a plan showing the contours of the excavation carried out to the date of that application;

- (d) details of the works, excavation and rehabilitation stages reached and of any changes or proposed changes with respect to any of the things referred to in clauses 7(1)(b) and (c); and
 - (e) any other things referred to in clauses 7 and 8.
- (2) The Council may waive any of the requirements specified in clause 12(1)(d) or (e).
- (3) If—
- (a) an application to renew a licence is in relation to land in respect of which the current licence was issued less than 12 months prior to the date from which the new licence if granted would apply; and
 - (b) the methods to be employed in the proposed land excavation are identical to those being employed at the date of the application,
- then the applicant shall not be obliged, unless otherwise required by Council to submit details of any of the things referred to in clauses 7 and 8.
- (4) Upon receipt of an application for the renewal of a licence, the Council may—
- (a) refuse the application; or
 - (b) approve the application on such terms and conditions, if any, as it sees fit.

Security for Restoration and Reinstatement

13. (1) For the purpose of ensuring that an excavation site is properly restored or reinstated, the Council may require that—

- (a) as a condition of a licence; or
- (b) before the issue of a licence,

the licensee must give to the City a bond, bank guarantee or other security, of a kind and in a form acceptable to the Council, in or for a sum determined by the Council in accordance with Schedule 5.

(2) A bond required under subclause (1) is to be paid into a fund established by the City for the purposes of this clause.

Use by the Council of Secured Sum

14. (1) If a licensee fails to carry out or complete the restoration and reinstatement works required by the licence conditions either—

- (a) within the time specified in those conditions; or
- (b) where no such time has been specified, within 60 days of the completion of the excavation or portion of the excavation specified in the licence conditions,

then—

- (c) the City may carry out the required restoration and reinstatement work or so much of that work as remains undone; and
- (d) the licensee shall pay to the City on demand all costs incurred by the City or which the City may be required to pay under this clause.

(2) The City may apply the proceeds of any bond, bank guarantee or other security provided by the licensee under clause 13 towards its costs under this clause.

(3) The liability of a licensee to pay the City's costs under this clause is not limited to the amount, if any, secured under clause 13.

Limits on Excavation Near Boundary

15. Subject to any licence conditions imposed by the Council, a person shall not, without the written approval of the Council, excavate within—

- (a) 20 metres of the boundary of any land on which the excavation site is located;
- (b) 20 metres of any land affected by a registered grant of easement;
- (c) 40 metres of any road; or
- (d) 40 metres of any watercourse.

Prohibitions

16. A licensee must—

- (a) not remove any trees or shrubs within 40 metres (or such lesser distance as may be allowed, in writing, by the Council) of the boundary of any road reserve on land in respect of which a licence has been granted, except for the purpose of constructing access roads, erecting buildings or installing plant for use in connection with the excavation and then only with the express approval of the Council and subject to any conditions which the Council may impose in accordance with clause 8;
- (b) where the Council so requires, securely fence the excavation to a standard determined by Council and keep the gateways locked when not actually in use in order to prevent unauthorised entry;

- (c) erect and maintain warning signs along each of the boundaries of the site to which the licence applies so that each sign—
 - (i) is not more than 200 metres apart;
 - (ii) is not less than 1.8 metres high and not less than 1 metre wide; and
 - (iii) bears the words "DANGER EXCAVATIONS KEEP OUT";
- (d) except where the Council approves otherwise, drain and keep drained to the Council's satisfaction any excavation to which the licence applies so as to prevent the accumulation of water;
- (e) not store, or permit to be stored, any explosives or explosive device on the site to which the licence applies;
- (f) not fill or excavate, other than in accordance with the terms and conditions of the licence, the site plans and the works and excavation programme approved by the Council;
- (g) restore and reinstate the excavation site in accordance with the terms and conditions of the licence, the site plans and the works and excavation programme approved by the Council;
- (h) take all reasonable steps to prevent the emission of dust, noise, vibration and other forms of nuisance from the excavation site; and
- (i) otherwise comply with the conditions imposed by the Council in accordance with clause 8.

Blasting

17. (1) A person must not carry out or permit to be carried out any blasting in the course of excavating unless—

- (a) the Council has otherwise given approval in respect of blasting generally or in the case of each blast;
- (b) subject to subclause (2), the blasting takes place only between the hours of 8.00am and 5.00pm, or as determined by the Council, on Mondays to Fridays inclusive;
- (c) the blasting is carried out in strict accordance with the AS2187 SAA Explosives Code, the *Mines Regulation Act 1946* and all relevant By-laws of the Council; and
- (d) in compliance with any other conditions imposed by the Council concerning—
 - (i) the time and duration of blasting;
 - (ii) the purposes for which the blasting may be used;
 - (iii) the methods of detonation and blasting;
 - (iv) the types of explosives to be used; and
 - (v) such other matters as the Council may reasonably require in the interests of the safety and protection of members of the public and of property within the district.

(2) A person must not carry out or permit to be carried out any blasting on a Saturday, Sunday or Public Holiday except with the prior approval of the Council.

Public Liability

18. A licensee must have at all times a current public liability insurance policy taken out in the joint names of the licensee and the City indemnifying the licensee and the City for a sum of not less than \$5,000,000 in respect of any one claim relating to any of the excavation operations.

Mines Regulation Act

19. (1) In any case where the *Mines Regulation Act 1946* applies to any excavation carried on or proposed to be carried on at a site, the licensee in respect of that site must—

- (a) comply with all applicable provisions of that Act; and
- (b) provide to the Council within 14 days full particulars, of any inspection or report made under that Act.

(2) In this clause, the *Mines Regulation Act 1946* includes all subsidiary legislation made under that Act.

Notice of Cessation of Operations

20. (1) Where a licensee intends to cease carrying on an extractive industry—

- (a) temporarily for a period in excess of 12 months; or
- (b) permanently,

the licensee must, as well as complying with clause 21, give the Council written notice of the cessation not later than 1 week after those operations have ceased.

(2) Where a licensee has given written notice to the Council of the intention to permanently cease carrying on an extractive industry on the site to which the licence applies the licence is deemed to have expired on the date such cessation is so notified.

(3) The temporary or permanent cessation of the carrying on of an extractive industry on a site or the deemed expiration or cancellation of a licence does not entitle the licensee to any refund of any licence fee.

Works to be Carried out on Cessation of Operations

21. Where the carrying on of an extractive industry on the site permanently ceases or on the expiration or cancellation of the licence applicable to the site, whichever first occurs, the licensee must, as well as complying with the provisions of clause 20—

- (a) restore and reinstate the excavated site in accordance with the proposals approved by the Council or in such other manner as the Council may subsequently agree in writing with the licensee;
- (b) ensure that any face permitted to remain upon the excavation site is left safe with all loose materials removed and where the excavation site is—
 - (i) sand, the sides are sloped to a batter of not more than 1:3 (vertical : horizontal); and
 - (ii) limestone or material other than sand, the sides are sloped to a batter which, in the opinion of the Council, would enable the site to be left in a stable condition;
- (c) ensure that the agreed floor level of the excavation site is graded to an even surface or is otherwise in accordance with the rehabilitation and decommissioning programme approved by the Council;
- (d) ensure that all stockpiles or dumps of stone, sand or other material are left so that no portion of that material can escape onto land not owned or occupied by the licensee nor into any stream, watercourse or drain that is not wholly situated within the land owned or occupied by the licensee;
- (e) erect retaining walls where necessary to prevent subsidence of land in the vicinity of any excavation;
- (f) remove from the site all buildings, plant and equipment erected, installed or used for or in relation to the carrying on of an extractive industry on the site and fill all holes remaining after such removal to the level of the surrounding ground and compact such filled holes sufficiently to prevent settling; and
- (g) break up, scarify, cover with topsoil and plant with grass, trees and shrubs all parts of the site where buildings, plant and equipment were erected or installed and all areas which were used for stockpiling unless otherwise specified under this By-law.

Appeal to Minister

22. Where a person applies to the Council for a licence and the Council does not grant the licence within 28 days of service of the application, the person may appeal to the Minister in accordance with section 235 of the Act.

Penalties

23. A person who contravenes or fails to comply with any of the provisions of this By-law commits an offence and upon conviction is liable to—

- (a) a penalty not exceeding \$500; and
- (b) a daily penalty not exceeding \$50 for every day or part of a day during which the offence continues.

LG502**BUSH FIRES ACT 1954***Shire of Gingin***(Section 33)****Notice to Owners and Occupiers of Land in the Shire of Gingin**

Pursuant to the powers contained in Section 33 of the above Act, you are hereby required on or before the second day of November, 1993, and thereafter up to and including the fourth day of April, 1994 to have firebreaks clear of inflammable material as set out hereunder on all land owned and occupied by you.

1. Rural Land—in respect of land owned or occupied by you other than within a townsite; or the Rural Residential Zones, being Ocean Farm, Woodridge and Redfield Park; or the Frogmore Rural Industry Zone, you shall:—

- (a) Clear firebreaks not less than 3.5 metres wide.
 - (i) immediately inside all external boundaries of the land.
 - (ii) completely surround and not more than 100 metres from the perimeter of all buildings situated on the land.
- (b) Clear firebreaks not less than 20 metres wide immediately surrounding the land on which bush has been bulldozed, chained or prepared in any similar manner for clearing by burning (whether you intend to burn the bush or not).
- (c) Pine Plantations
 - (i) Clear firebreaks not less than 10 metres wide immediately inside all external boundaries of the land.
 - (ii) Internal firebreaks 10 metres wide surrounding compartments of 100 hectares maximum.

- (d) Rural Residential Zones—Woodridge, Ocean Farm and Redfield Park; and Rural Industry Zone—Frogmore.

Landowners or occupiers shall each year clear firebreaks not less than 2.5 metres wide immediately inside all external boundaries of the land, or, subject to Council's approval in writing, on an alternative alignment.

2. Fuel Depots

You shall clear firebreaks not less than 3.5 metres wide so as to completely surround the perimeter of land occupied by drums used for the storage of inflammable liquids, whether the drums contain inflammable liquid or not, including any land on which ramps for holding the drums are constructed. You shall also clear of all inflammable material all the land within the firebreak required by this paragraph.

3. Urban Land—(All land within the townsites of Gingin, Guilderton, Seabird, Ledge Point and Lancelin). You shall:—

- (a) Where the area of land is less than two hectares, clear firebreaks at least one metre wide immediately inside all external boundaries of the land.
- (b) Where the area of land exceeds two hectares, clear firebreaks at least two metres wide immediately inside all external boundaries of the land.

If it is considered to be impracticable for any reason to clear firebreaks as required by this Notice, you may apply to the Council or its duly authorised officer by no later than 8 October, 1993, for permission to provide firebreaks in alternative positions on the land. If permission is not granted by the Council or its duly appointed Officer, you shall comply with the requirements of this Notice.

Dated this Fifteenth day of April 1993.

By Order of the Council,

A. W. HORTIN, Shire Clerk.

BUSHFIRE CONTROL

Restricted Burning Periods—The Restricted Burning Periods within the Shire of Gingin are:—

12th October to 24th November 1993.
